### **Inspiring Confidence**

We revolutionized the market for out-of-home (“OOH”) hair removal services by creating the first professionalized model exclusively focused on providing high-quality waxing experiences for guests. We take wax-based hair removal seriously because waxing is an integral part of our guests’ recurring personal-care and beauty regimens, and our guests trust us to give them an unparalleled experience. Our waxing services provide an efficient and relatively painless means of removing unwanted hair from our guests’ bodies and faces. Our mission is to ensure that every guest who walks through our doors leaves feeling unapologetically confident. A 15-minute appointment at one of our centers can transform someone’s mood, someone’s day—even their perception of themselves.

Our culture is built on four core values, creating an environment that unleashes the power of our associates to be their authentic selves and builds trust amongst our guests:

- *We care about each other*
- *We delight our guests*
- *We do the right thing*
- *We have fun while being awesome*

Our operating philosophy focuses on the 360-degree guest experience, ensuring that every time a guest visits one of our European Wax Centers, they “**walk in and strut out**”.

Our guest obsession combined with the simplicity and scale of our asset-light franchise platform enables us to deliver millions of trusted, efficacious, and accessible waxing services each year.

### **European Wax Center: “Experts in Wax and Champions of Confidence”**

We are the largest and fastest-growing franchisor and operator of OOH waxing services in the United States by number of centers and system-wide sales. We delivered over 21 million waxing services in 2019 and over 13 million waxing services in 2020 generating more than \$687 million and \$469 million of system-wide sales, respectively, across our highly-franchised network. We have a leading portfolio of centers operating in 808 locations across 44 states as of March 27, 2021. Of these locations, 803 are franchised centers operated by franchisees and five are corporate-owned centers.

The European Wax Center brand is trusted, efficacious and accessible. Our culture is obsessed with our guest experience and we deliver a superior guest experience relative to smaller chains and independent salons. We offer guests high-quality, hygienic waxing services administered by our licensed, EWC-trained estheticians (our “wax specialists”), at our accessible and welcoming locations (our “centers”). Our technology-enabled guest interface simplifies and streamlines the guest experience with automated appointment scheduling and remote check-in capabilities, ensuring guest visits are convenient, hassle-free, and consistent across our

network of centers. Our well-known, pre-paid Wax Pass program makes payment easy and convenient, fostering loyalty and return visits. Guests view us as a non-discretionary part of their personal-care and beauty regimens, providing us with a highly predictable and growing recurring revenue model.

Our asset-light franchise platform delivers capital-efficient growth, significant cash flow generation, and resilience through economic cycles. Our centers are 99% owned and operated by our franchisees who benefit from superior unit-level economics, with mature centers generating annual cash-on-cash returns in excess of 60%. The highly consistent and recurring demand for our services and the competitive advantages provided by our scale have resulted in ten consecutive years of same-store sales and system-wide sales growth through 2019 as illustrated by the following graphs. We believe we can nearly quadruple our center count within the next 15 years to over 3,000 locations in the United States.

#### ANNUAL SAME-STORE SALES GROWTH

#### ANNUAL SYSTEM-WIDE SALES GROWTH

(\$ in millions)

In partnership with our franchisees, we fiercely protect our points of differentiation that attract new guests, build meaningful relationships and promote lasting retention. Our net promoter score (“NPS”) of 85 demonstrates our guests’ devotion to our brand. We are so confident in our ability to delight that we have always offered all of our guests their first wax free.

Hair removal solutions are consistently in demand, given the recurring nature of hair growth. The OOH waxing market is the fastest-growing hair removal solution in the United States, defined by a total addressable domestic market of \$18 billion with annualized growth that is approximately twice as high as other hair removal alternatives. European Wax Center is the category-defining brand within this rapidly growing market and became so by professionalizing a highly fragmented sector where service consistency, hygiene, and customer trust were not historically offered. We are approximately six times larger than the next largest waxing-focused competitor by center count and approximately ten times larger by system-wide sales. Our unmatched scale enables us to drive broader brand awareness, ensures our licensed wax specialists are universally trained at the highest standards, and drives consistent financial performance across each center.

Under the stewardship of our CEO, David Berg, and the other management team members, we have prioritized building a culture of performance, success, and inclusivity. Additionally, we have intensified our focus on enhancing the guest experience and have invested significantly in our corporate infrastructure and

marketing capabilities to continue our track record of sustainable growth. The foundation for our next chapter of growth is firmly in place.

### **Our Long-Term Financial Track Record of Consistent Growth**

Our unique value proposition has contributed to our strong historical financial performance and ongoing success with both guests and franchisees. Our centers have a long track record of sustained growth with resilient performance through economic cycles. Our centers experience a highly predictable maturation curve that is consistent across cohorts and geographies, providing us and our franchisees with a high degree of visibility into future performance and driving strong interest on the part of our existing franchisees to open more centers.

#### **Performance from 2016 to 2019**

- Increased the number of services administered annually from approximately 16 million to more than 21 million;
- Increased center count from 593 to 750, representing a compound annual growth rate (“CAGR”) of 8%;
- Grew our system-wide sales from \$445 million to \$687 million, representing a CAGR of 16%;
- Increased net revenue from \$107 million to \$154 million, representing a CAGR of 13%;
- Decreased net income from \$19 million to a net loss of \$24 million; and
- Increased Adjusted EBITDA from \$26 million to \$34 million, representing a CAGR of 9%.

#### **Performance in 2020 and During the COVID-19 Pandemic**

In January and February 2020, our performance continued with the same momentum experienced in 2019, with same-store sales growth of 11.1% and 10.8%, compared to the prior year periods. At the onset of the pandemic in March 2020, however, all of our centers temporarily closed due to the implementation of certain mandated closure requirements across the United States. In response to the pandemic, our management team developed and executed a detailed response plan focused on raising our already industry-leading hygiene standards and ensuring the safety of our guests, franchisees and associates.

By May 2020, our centers began to re-open as local health and safety guidance allowed and we saw an immediate rebound in performance. While the trajectory of our same-store sales performance fluctuated during the second half of 2020 in conjunction with state-specific loosening or tightening of COVID-19 restrictions in response to subsequent waves of COVID-19, our overall recovery demonstrates our guests consistently wanted to get back to their regular waxing routines at European Wax Center. By March 2021, nearly all of our nationwide network had re-opened and we were generating system-wide sales of approximately 101% of what they had been in March 2019 suggesting a nearly complete rebound from COVID-19 impacted performance in 2020. Of our 750 centers in 2019, none were forced to close as a result of the COVID-19 pandemic. Further, of our 52 new gross center openings in 2020, 87% of the openings came from our existing franchise base, reinforcing our network’s belief in the stability and future success of our brand. During 2020, despite the challenges from COVID-19, our platform delivered strong growth in new centers as well as resilience in revenues and profit margins. All corporate-owned centers had re-opened as of December 26, 2020.

- Center count increased from 750 in 2019 to 796 in 2020;
- System-wide sales decreased from \$687 million in 2019 to \$469 million in 2020;
- Net revenue decreased from \$154 million in 2019 to \$103 million in 2020;
- Net loss decreased from \$24 million in 2019 to \$21 million in 2020; and
- Adjusted EBITDA decreased from \$34 million in 2019 to \$20 million in 2020.

The following graph illustrates system-wide sales for the periods presented relative to the same period in 2019.

(1) Excludes sales from centers opened during and following 2019.

#### ***Performance during the 13 weeks ended March 27, 2021***

As conditions resulting from the COVID-19 pandemic continued to improve, our platform delivered growth in revenue and profitability, as well as an increase in new centers during the first 13 weeks of 2021. As of March 27, 2021 nearly all of our centers had reopened, and we expect that our financial results will continue to strengthen as COVID-related capacity restrictions were lifted subsequent to March 27, 2021 and guests are able to return to our centers at full capacity levels.

- Center count increased from 796 as of December 26, 2020 to 808 as of March 27, 2021;
- System-wide sales remained flat from \$158.0 million in the first 13 weeks of 2020 to \$157.0 million in the first 13 weeks of 2021;
- The Company's total revenue increased from \$32.8 million for the 13 weeks ended March 28, 2020 to \$36.7 million for the 13 weeks ended March 27, 2021;
- Net income improved from \$1.0 million in the first 13 weeks of 2020 to \$1.1 million in the first 13 weeks of 2021; and
- Adjusted EBITDA increased from \$11.7 million for the 13 weeks ended March 28, 2020 to \$12.5 million for the 13 weeks ended March 27, 2021.

#### **Our Growing Market Opportunity**

Hair removal is an integral and recurring part of the personal-care and beauty regimens for most women and many men in the United States, and hair removal solutions are consistently in demand, given the recurring nature of hair growth. Consumers employ both at-home treatments as well as various OOH services for their hair removal needs, and consumers frequently find that at-home solutions are less effective, messier, more painful, and more time-consuming than OOH services administered by highly-trained specialists. OOH services include waxing, laser hair removal, sugaring, and threading. OOH laser hair removal is a semi-permanent solution that is significantly more expensive than OOH waxing and presents potential safety risks.

Based on customer surveys, we believe that approximately 40% of consumers in the hair removal market would not consider laser hair removal services and 50% of consumers who have tried laser hair removal have stopped because it is too expensive. Sugaring and threading are both less effective options than OOH waxing and have not been widely adopted among consumers.

We estimate that our \$18 billion total addressable domestic market includes approximately 69 million U.S. adults who are currently waxing or are interested in waxing. The OOH waxing market, in which European Wax Center competes, is the fastest growing hair removal alternative and grew at an estimated CAGR of 8% between 2015 and 2019, compared to 3% for the total hair removal market. Growth in OOH waxing is fueled by secular trends including:

- Increasing consumer interest in personal-care and self-expression;
- Customer awareness of OOH waxing efficiency and efficacy relative to at-home solutions, and affordability relative to other OOH solutions;
- OOH waxing services becoming an increasingly non-discretionary and routine part of personal-care and beauty regimens; and
- Growing geographic reach across and interest from diverse age groups and genders.

Although European Wax Center currently represents only 4% of our addressable market, we estimate we are approximately six times larger than our closest waxing-focused competitor within OOH waxing by center count and approximately ten times larger by system-wide sales. Our market remains highly fragmented, with more than 10,000 independent waxing-focused operators that lack scale and almost 100,000 beauty salons that only provide waxing as a small part of their broader service offering. For many beauty salons and other similar operators, waxing is not their core competency, with services frequently provided in “backrooms” and without significant investment in the overall experience. This fragmentation results in a marketplace characterized by inconsistent quality, lack of technological accessibility and scheduling, and one-time transactional services that fail to instill customer trust and engagement. European Wax Center’s singular focus on waxing services and unmatched scale allow us to capitalize on this opportunity.

#### **Our Differentiated Brand Experience**

We believe our approach to OOH waxing has revolutionized the category. Our brand experience is differentiated because we are:

1. **Experts in Wax:** Our service model is focused exclusively on wax-based hair removal. We obsess over every element of the waxing services we deliver for our guests:
  - **Expert Line-up of Waxing Services & Products:** We provide a comprehensive assortment of body and facial waxing services using our Comfort Wax formulation, which features a proprietary blend of the highest quality natural beeswax combined with other skin-soothing ingredients for the most comfortable waxing experience. We provide a line of proprietary pre- and post-service products which ensure the full benefits of the waxing experience are realized by our guests.
  - **Expert Training of our Licensed Wax Specialists:** Our franchisees employ over 7,000 licensed, highly-trained and knowledgeable wax specialists committed to delivering an exceptional guest experience. In addition to being licensed, every EWC wax specialist must successfully complete our proprietary training program to ensure consistency and quality of service for every guest. Our wax-focused education modules provide time-intensive training that substantially builds upon cosmetology licensing programs.
  - **Expert Hygiene and Safety Standards:** We adhere to the highest safety and hygiene standards in the industry. We engage third-party safety experts to review and enhance our hygiene protocols. During each guest appointment, our wax specialists wear appropriate personal protective equipment, including face masks and gloves. After each guest visit, our wax suites are sanitized and disinfected. In addition, our centers are equipped with socially-distanced seating arrangements and multiple sanitary stations, and our mobile app facilitates a contactless experience with self-check-in.

2. **Champions of Confidence and Guest Experience:** According to consumer surveys, our guests feel better and more confident after a service visit at one of our centers. We have focused on enhancing the guest experience across all touchpoints within our brand:
- **Champions of Accessibility:** Our growing network of 808 centers across 44 states is significantly larger than any other provider of OOH waxing services. Our Wax Pass program is portable across our network, with guests often redeeming services across multiple European Wax Center locations, and our mobile app technology enables guests to easily book appointments on-line.
  - **Champions of the In-Center Experience:** Our in-center atmosphere is designed to be refined, clean and easy to use, with mobile app self-check-in available at all centers. Our iPad-equipped suites provide our wax specialists with detailed insights on each of their guests, empowering them to personalize product recommendations, for example.
  - **Champions of Guest Retention and Repeat Visits:** We encourage guests to schedule future visits on a regular basis and reward them for their use of our pre-paid Wax Pass program. More than 59% and 60% of our services in 2020 and 2019, respectively, were redeemed via a Wax Pass. We believe Wax Pass holders visit us more frequently, have meaningfully higher retention rates and represent our most valuable guests. Additionally, we expect to further amplify our guest experience and drive retention with the expected launch of our EWC Rewards Loyalty Program in fall 2021.

### **Our Competitive Strengths**

We attribute our success to the following strengths that we believe provide us with a competitive advantage in our industry:

#### ***Trusted National Brand that Inspires Confidence***

We believe revealing beautiful skin is the first step to revealing one's best self, and our brand stands for delivering unapologetic confidence to our guests. Waxing is an intimate experience, and our guests seek a dependable, safe, and clean setting with a professional wax specialist they trust. Our unmatched scale provides us with a nationwide footprint to serve our loyal guest base wherever they may be. Our singular commitment to delivering best-in-class service is reinforced by our marketing efforts driving national brand awareness and consideration. We are so confident in our ability to delight that we have always offered all our guests their first wax free. Our NPS score of 85 demonstrates our guests' devotion to our brand.

#### ***Committed Franchisees Achieving Attractive and Predictable Unit-Level Economics***

Our simple, yet difficult to replicate, operating model translates into an attractive return on our franchisees' invested capital. Our high-quality franchisee base consists of more than 260 franchisees as of March 27, 2021, with more than 167 franchisees operating multiple European Wax Center locations. Our centers require a modest upfront investment cost, then rapidly achieve profitability and generate superior unit-level economics. A European Wax Center location typically reaches maturity in year five of operation, at which point a center generates on average \$1.0 million in revenue and annual cash-on-cash returns in excess of 60%. We generate revenue from our franchisees through the sale of branded products as well as the payment of ongoing fees, including royalty and marketing fund contributions, which are determined by the service sales of each center. For the year ended December 26, 2020, we received revenue from our franchisees as follows: \$57.0 million, or 58%, of our revenue came from product sales, \$25.7 million, or 26%, of our revenue through franchisee royalty payments, \$13.5 million, or 14%, of our revenue through marketing fund contributions, and \$2.9 million, or 3%, of our revenue came from other sources. Our remaining revenue for the year ended December 26, 2020 was generated from corporate-owned centers.

Our centers experience a highly predictable maturation curve that is consistent across cohorts and geographies, providing our franchisees with a high degree of confidence in realizing attractive returns. We believe our value proposition has created a franchisee base that is committed to growing with our brand, with more than 79% of new centers opened in 2019 and 87% of new centers opened in 2020 coming from existing franchisees. The following graph shows the average unit volume ("AUV") of our centers for the cohorts presented. AUV

consists of the average annual sales of all centers that have been open for a trailing 52-week period or longer. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations” for additional information.

***Recurring Nature of Services Combined with Scaled Footprint and Consistent Demand Drives Revenue Predictability***

Hair removal is an integral part of the personal-care and beauty regimens for most women and many men in the United States. Given the recurring nature of hair growth, hair removal solutions are regularly in demand and our guests trust European Wax Center to meet their routine hair removal needs. Our national scale and exclusive focus on wax-based hair removal enables us to provide a highly consistent waxing experience across each of our centers. The reliability of our guest experience ensures consistent demand for our services, which drives uniform unit-level economics for our franchisees which in turn drives revenue predictability for European Wax Center. We further facilitate repeat visits through the use of our pre-paid Wax Pass program, which we believe promotes meaningfully higher guest retention rates.

***Asset-Light Franchise Platform with Resilient Free Cash Flow Generation***

Our asset-light franchise platform delivers capital-efficient growth, significant cash flow, and resilience through economic cycles. Our franchisees have benefited from strong organic tailwinds with our network delivering ten consecutive years of positive same-store sales growth through 2019. Due to the impacts of COVID-19, including the temporary closure of all of our centers, our networks experienced the first year of negative same-store sales growth in 2020, but we do not expect this to continue into 2021. In addition, given our low capital expenditures and working capital needs, we are able to drive strong free cash flow generation throughout economic cycles. In 2020, for example, through disciplined cost management, our business remained profitable on an EBITDA basis and sustained strong EBITDA margins despite the decline in system-wide sales driven by the COVID-19 pandemic. Our ability to drive robust financial performance through 2020 is a testament to the resilience of our platform, which enables us to invest in technology and digital enablement, training programs, and marketing initiatives. This is a key differentiator of our scaled platform relative to independent operators in our market, and a significant reason why we believe we are the franchisor of choice in OOH waxing.

***Experienced and Passionate Management Team Investing in the Next Phase of Our Growth***

We are led by a best-in-class management team and our culture of performance, success and inclusivity is established by our CEO David Berg, who previously served as the CEO of Carlson Hospitality and has

extensive retail, hospitality and franchising experience. Since joining us in 2018, Mr. Berg has led the acceleration of our center growth, the expansion of our franchisee network and our heightened cultural obsession with guest satisfaction.

The other members of our leadership team, including COO David Willis and CFO Jennifer Vanderveldt, have been assembled at European Wax Center from senior positions at leading organizations including Dunkin' Brands, Michael's, Sally Beauty, Luxottica, Jamba Juice, Petco, and American Eagle Outfitters. Our team has encouraged investment in tech-forward systems and corporate infrastructure to support the anticipated continued growth of our network. We believe our guests and franchisees are better connected with one another as a result of our scale advantages and we are only in the early innings of truly unlocking the potential of our unique platform.

### **Our Growth Strategies**

We intend to deliver sustainable growth in revenue and profitability by executing on the following basic strategies:

#### ***Grow Our National Footprint Across New and Existing Markets***

We believe our franchisees' track record of successfully opening new centers and consistently generating attractive unit-level economics validates our strategy to expand our footprint and grow our capacity to serve more guests. We currently anticipate opening 50 to 60 centers in 2021, which is supported by existing commitments to open new centers and our development pipeline, which includes more than 200 open licenses as of May 31, 2021, as well as our aspiration to grow between 7% to 10% of our center count each year. Our center count grew 6% and 5% during fiscal year 2020 and fiscal year 2019, respectively, and has grown every year since 2010, as shown in the graph below. Our thoughtful approach to growth ensures each center is appropriately staffed with the high-quality team and licensed, highly trained wax specialists that our brand has been known for since our initial opening.

**HISTORICAL CENTER COUNT**

We believe up to 10% of local independent salons will permanently close due to the impact of COVID-19, thereby allowing us to pick up additional market share in key markets where we are focused on growth. None of our existing markets are fully penetrated, and we believe we have a significant whitespace opportunity of approximately 3,000 locations for our standard center format across the United States. Moreover, approximately 75% of our whitespace opportunity is in markets where we already have a presence today, which provides us with a high degree of confidence for the likely receptivity and success of new openings. Beyond our immediate whitespace, we believe we have incremental opportunity to expand center growth and product distribution into alternative center formats, non-traditional locations, and international markets.

By employing insights gathered from our guest database, combined with internal analysis and external research, we can target the best markets and locations for footprint expansion. Our new centers require a modest upfront investment and follow a highly predictable maturation curve across cohorts and geographies, providing us and our franchisees with a high degree of visibility into the embedded earnings potential of newly opened centers. Historically, our centers reach maturity after five years, and as of December 26, 2020,

62% of our centers were mature. On a system-wide basis, our average mature center generates \$1.0 million in AUV and \$0.2 million in EBITDA in its fifth year.

#### ***Continue to Grow Our Brand Awareness and Accelerate Our Guest Acquisition***

We believe that influential consumer trends will continue to expand the market for OOH waxing and that the OOH market will continue to take share from alternative hair removal solutions. Although our brand is nationally recognized, there are still significant opportunities to further drive brand awareness to attract new guests while increasing engagement of existing guests through increased visit frequency and spend. According to BrandIndex, our national unaided brand recognition is only 8%, providing us with significant opportunity to drive top-of-mind consideration and purchase behavior.

To drive brand awareness with all consumers, we employ several strategies, including:

- **Performance marketing:** We deploy data-driven marketing dollars across multiple forms of media with an attractive return on advertising spend;
- **Digital content:** We partner with select digital media content creators and social media influencers, thereby encouraging positive testimonials from our guests; and
- **Market densification:** We are strategically densifying existing target markets with new centers thus increasing regional brand awareness and word-of-mouth referrals.

Additionally, we believe there is a specific opportunity to drive brand awareness amongst males, representing 5% of our total guests today compared to approximately 20% of the total addressable market. We believe there has been a significant increase in male interest in OOH waxing over the past five years. We intend to increase our share of male guests, with specific male-focused marketing collateral and service offerings.

#### ***Employ Strategies to Continue Driving Same-Store Sales Growth***

We are continuously employing strategies to increase guest visit frequency and drive higher guest spend with the aim of accelerating our same-store sales growth, including:

- ***Increase Wax Pass Adoption Rates:*** Our Wax Pass program provides guests with preferential pricing through either pre-paid or unlimited wax passes and provides us with a recurring and predictable revenue stream. We continue to expand and refine the program to drive increased adoption from non-member guests and we have grown the share of transactions conducted using Wax Passes to more than 59% in 2020 and 60% in 2019.
- ***Expand our Share of our Guests' Personal-Care Expenditures:*** The trusted relationships between guests and wax specialists results in an authentic channel through which we can increase our share of our guests' spend on personal-care. We believe that more than 70% of guests trust their wax specialists to suggest new services or service frequency as well as products during a service visit. Over time, we believe the relationship between guest and wax specialist provides us a strong foundation to broaden our offerings across the personal-care category.
- ***Increase our Transaction Attachment Rate:*** Approximately 15% and 11% of transactions in 2020 and 2019, respectively, resulted in purchases of retail products. In April 2021, we launched a refreshed portfolio of retail products complementing our core waxing services across all centers. We expect to drive greater attachment rates from this new product line-up through the right product innovation, attractive pricing, and expert consultative selling by our trained wax specialists. We define the term "attachment rate" as the percentage of transactions that include the purchase of a retail product to the total number of transactions. We are encouraged by initial results following the launch of our refreshed portfolio of retail products.
- ***Drive Greater Guest Engagement Using Data Analytics:*** We are continuously developing new use cases from our guest database. As our data capabilities mature, we believe we will learn more about our guests' preferences and behaviors, unlocking more high-quality interaction opportunities. We are in the process of expanding our advanced data analysis capabilities to improve guest visit frequency and loyalty by deploying timely and hyper-personalized communications and relevant reminders to our guests.

### ***Expand Our Profit Margins and Generate Robust Free Cash Flow***

We believe our straightforward asset-light franchise platform and our proven track record of increasing profitability will continue to drive EBITDA margin accretion and free cash flow generation as we expand our national footprint. We have invested in building our scalable support infrastructure, and we currently have the capabilities and systems in place to drive revenue growth and profitability across our existing and planned franchise centers. Given our unmatched scale within the OOH waxing market, we can procure the highest quality products and supplies used to administer our services at lower prices than smaller independent providers of the same services. We expect to generate operating leverage given our fixed corporate cost structure, and we expect that incremental leverage, combined with our low capital expenditure and working capital needs, will allow us to generate improved operating margins and robust free cash flow.

#### ***Preliminary Estimated Financial Results for the 13 Weeks Ended June 26, 2021***

Accordingly, set forth below are certain preliminary estimated financial results based upon our estimates and currently available information, which is subject to revision as a result of, among other things, the completion of our financial closing procedures, the completion of our financial statements for such period, and the completion of other operational procedures. ### Risk Factors Summary

Participating in this offering involves substantial risk. Our ability to execute our strategy also is subject to certain risks. The risks described under the heading “Risk Factors” immediately following this summary may cause us not to realize the full benefits of our competitive strengths or may cause us to be unable to successfully execute all or part of our strategy. Some of the more significant challenges and risks we face include the following:

- our business is affected by the financial results of our franchisees;
- if our franchisees are unable to successfully enter new markets, select appropriate sites for new centers or open new centers, our growth strategy may not succeed;
- our success depends on the effectiveness of our marketing and advertising programs and the active participation of franchisees in those programs;
- nearly all of our centers are owned and operated by franchisees and, as a result, we are highly dependent upon our franchisees and subject to risks that franchisees face as operating entities, franchisees’ noncompliance with our agreements and franchisees’ actions that may harm our brand;
- the high level of competition we face could materially and adversely affect our business;
- our financial performance depends on our ability to anticipate and respond to market trends and changes in consumer preferences;
- our planned growth could place strains on our management, employees, information systems and internal controls;

- we are heavily dependent on computer systems and information technology and any material failure, interruption or security breach of our computer systems or technology could impair our ability to efficiently operate our business;
- it is important for us and our franchisees to attract, train, and retain talented wax specialists and managers;
- our and our franchisees' centers may be unable to attract and retain guests, which would materially and adversely affect our business, results of operations and financial condition;
- we may not be able to retain franchisees or maintain the quality of existing franchisees;
- we depend on two key suppliers, including international suppliers, to provide our proprietary wax and one key international supplier to provide branded retail products to our franchisees;
- changes in supply costs or decreases in our product sourcing revenue could adversely affect our results of operations;
- we depend on our intellectual property to protect our brands; litigation to enforce or defend our intellectual property rights may be costly;
- we are a holding company, and our principal asset after completion of this offering will be our % equity interest in EWC Ventures, and we are accordingly dependent upon distributions from EWC Ventures;
- we are controlled by the General Atlantic Equityholders, whose interests in our business may be different than yours, and certain statutory provisions afforded to stockholders are not applicable to us;
- we are a "controlled company" within the meaning of the Exchange rules, and we will be permitted to rely on exemptions from certain corporate governance requirements; and
- we will be required to pay our existing owners for certain tax benefits we may claim, and the amounts we may pay could be significant.

#### **Implications of being an Emerging Growth Company**

We are an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012, as amended, or "JOBS Act". As an "emerging growth company," we may take advantage of specified reduced reporting and other requirements that are otherwise applicable to public companies. These provisions include, among other things:

- being permitted to provide only two years of audited financial statements, in addition to any required unaudited interim financial statements, with correspondingly reduced "Management's Discussion and Analysis of Financial Condition and Results of Operations" disclosure;
- exemption from the auditor attestation requirement in the assessment on the effectiveness of our internal control over financial reporting;
- exemption from new or revised financial accounting standards applicable to public companies until such standards are also applicable to private companies;
- an exemption from the requirement to seek non-binding advisory votes on executive compensation and golden parachute arrangements; and
- reduced disclosure about executive compensation arrangements.

We may take advantage of these provisions until the end of the fiscal year following the fifth anniversary of our initial public offering or such earlier time that we are no longer an "emerging growth company." We will cease to be an "emerging growth company" at the earliest of (i) when we have \$1.07 billion or more in "total annual gross revenues" during our most recently completed fiscal year, (ii) when we become a "large accelerated filer" with a market capitalization of \$700 million or more or (iii) as of any date on which we have issued more than \$1.0 billion in non-convertible debt over the three-year period prior to such date. We have elected to use the extended transition period for complying with new or revised accounting standards that have different effective dates for public and private companies until the earlier of the date we (i) are no longer an "emerging

growth company” or (ii) affirmatively and irrevocably opt out of the extended transition period provided in the JOBS Act. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates. For risks related to our status as an emerging growth company, see “Risk Factors—Risks Relating to this Offering and Our Class A Common Stock—We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our Class A common stock less attractive to investors.”

In addition, upon the closing of this offering, we will be a “controlled company” within the meaning of the Exchange corporate governance standards because more than 50% of our voting common stock will be owned by the General Atlantic Equityholders. For further information on the implications of this distinction, see “Risk Factors—Risks Relating to this Offering and Our Class A Common Stock,” “Management—Controlled Company” and “Principal and Selling Stockholders.”

### **Our Sponsor**

General Atlantic is a leading global growth equity firm providing capital and strategic support for growth companies. Drawing from more than 40 years of experience investing in over 400 global growth companies, General Atlantic partners with entrepreneurs and management teams who are building leading, high-growth businesses. As of March 31, 2021, the firm had approximately \$65.8 billion in assets under management and focuses on investments across five sectors, including consumer, financial services, healthcare, life sciences and technology.

Following the consummation of the Reorganization Transactions described below and this offering, the General Atlantic Equityholders, which are comprised of affiliates and managed accounts of General Atlantic, will control approximately % of the combined voting power of our outstanding common stock (or % if the underwriters exercise their option to purchase additional shares in full) based on an assumed initial public offering price of \$ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus). As a result, the General Atlantic Equityholders will control any action requiring the general approval of our stockholders, including the election of our board of directors, the adoption of amendments to our certificate of incorporation and by-laws and the approval of any merger or sale of substantially all of our assets.

Because the General Atlantic Equityholders will control more than 50% of the combined voting power of our outstanding common stock, we will be a “controlled company” under the corporate governance rules for Exchange-listed companies. Therefore, we will be permitted to elect not to comply with certain corporate governance requirements. See “Risk Factors—Risks Relating to Our Organization and Structure,” “Management—Controlled Company” and “Principal and Selling Stockholders.”

In addition, we will enter into a stockholders agreement (the “Stockholders Agreement”) that will provide the General Atlantic Equityholders with the right to nominate a specified number of our directors and certain consent rights, in each case subject to certain ownership thresholds. See “Principal and Selling Stockholders” and “Certain Relationships and Related Party Transactions—Stockholders Agreement” for additional information.

### **The Reorganization Transactions**

#### ***Existing Structure***

Prior to the consummation of the Reorganization Transactions described below and this offering, all of EWC Ventures’ outstanding equity interests, consisting of its Class A Units, Class B Units, Class C Units and Class D Units, were owned by the following persons, to whom we refer collectively as the “EWC Ventures Pre-IPO Members”:

- an affiliate of General Atlantic, to whom we refer as the “General Atlantic Pre-IPO Member”;
- EWC Holdings, Inc., an entity controlled by one of our founders, David Coba, which we refer to as “EWC Founder Holdco”;

- EWC Management Holdco, LLC, an entity managed by affiliates of General Atlantic, whose equityholders consist of certain current and former members of management of EWC Ventures. We refer to this entity as “EWC Management Holdco.” Certain of the equity interests held by EWC Management Holdco are subject to vesting restrictions; and
- certain other pre-IPO investors.

### *New Structure*

After the pricing of this offering and prior to the closing of this offering, we will complete an internal reorganization, which we refer to as the “Reorganization Transactions.” In connection with the Reorganization Transactions and the pricing of this offering, the following transactions will occur:

- EWC Ventures will make a distribution to the EWC Ventures Pre-IPO Members for the purpose of funding their tax obligations for periods prior to the closing of this offering;
- we will become the sole managing member of EWC Ventures;
- we will form subsidiaries that will merge with and into affiliates of General Atlantic (the “Blocker Companies”), and the surviving entities will then merge with and into us. We refer to these transactions as the “Mergers.” As consideration for the Mergers, we will issue to the equity owners of the Blocker Companies (the “General Atlantic Post-IPO Stockholders”) shares of our Class A common stock with rights to receive payments under a Tax Receivable Agreement (as defined below). The number of shares of Class A common stock to be issued to the General Atlantic Post-IPO Stockholders will be based on the value of the EWC Ventures equity interests that we acquire, which will be determined based on a hypothetical liquidation of EWC Ventures and the initial public offering price per share of our Class A common stock in this offering;
- we will amend and restate the EWC Ventures limited liability company agreement and provide that, among other things, all of EWC Ventures’ outstanding equity interests, consisting of its Class A Units, Class B Units, Class C Units and Class D Units, will be reclassified into EWC Ventures’ non-voting common units, which we refer to as “EWC Ventures Units.” The number of EWC Ventures Units to be issued to each member of EWC Ventures will be determined based on a hypothetical liquidation of EWC Ventures and the initial public offering price per share of our Class A common stock in this offering. The EWC Ventures Units received by EWC Management Holdco in respect of reclassified equity interests with vesting restrictions will either be vested or have amended vesting restrictions. See “Executive Compensation—Outstanding Equity Awards at Year-End.” Vested EWC Ventures Units will be entitled to receive distributions, if any, from EWC Ventures. Unvested EWC Ventures Units will not be entitled to receive distributions (other than tax distributions) unless and until they vest. If any unvested EWC Ventures Units are forfeited, they will be cancelled by EWC Ventures for no consideration (and we will cancel the corresponding shares of Class B common stock for no consideration);
- we will amend and restate our certificate of incorporation and will be authorized to issue two classes of common stock: Class A common stock and Class B common stock, which we refer to collectively as our “common stock.” The Class A common stock and Class B common stock will each provide holders with one vote on all matters submitted to a vote of stockholders. The holders of Class B common stock will not have any of the economic rights (including rights to dividends and distributions upon liquidation) provided to holders of Class A common stock;
- the following members of EWC Ventures after giving effect to the Reorganization Transactions, to whom we refer collectively as the “EWC Ventures Post-IPO Members,” will subscribe for and purchase shares of our Class B common stock at a purchase price of \$0.00001 per share and in an amount equal to the number of EWC Ventures Units held by each such EWC Ventures Post-IPO Member:
  - affiliates of General Atlantic, to whom we refer collectively as the “General Atlantic Post-IPO Members” and which together with the General Atlantic Post-IPO Stockholders comprise the General Atlantic Equityholders;
  - EWC Founder Holdco which we refer to as the “Founder Post-IPO Member”;

- EWC Management Holdco; and
- certain other pre-IPO investors who held an interest in EWC Ventures.
- subject to certain restrictions, the EWC Ventures Post-IPO Members will be granted the right to exchange their EWC Ventures Units, together with a corresponding number of shares of our Class B common stock for, at our option, (i) shares of our Class A common stock on a one-for-one basis (the “Share Exchange”) or (ii) cash (based on the market price of our Class A common stock) (the “Cash Exchange”). See “Certain Relationships and Related Party Transactions—Exchange Agreement”; and
- we will enter into the Stockholders Agreement, the Registration Rights Agreement and the Tax Receivable Agreement. See “Certain Relationships and Related Party Transactions.”

We will issue \_\_\_\_\_ shares of our Class A common stock to the purchasers in this offering (or \_\_\_\_\_ shares if the underwriters exercise in full their option to purchase additional shares of Class A common stock) in exchange for net proceeds of approximately \$ \_\_\_\_\_ million (or approximately \$ \_\_\_\_\_ million if the underwriters exercise in full their option to purchase additional shares of Class A common stock), less the underwriting discount and estimated offering expenses payable by us. After the completion of this offering, based on an assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), we intend (i) to contribute a portion of the net proceeds from this offering to EWC Ventures in exchange for EWC Ventures Units and cause such contributed amounts, together with cash on hand, to be used by EWC Ventures to repay a portion of our outstanding indebtedness, and (ii) to use the remaining proceeds to purchase EWC Ventures Units and corresponding shares of our Class B common stock from certain of the EWC Ventures Post-IPO Members, including the General Atlantic Post-IPO Members.

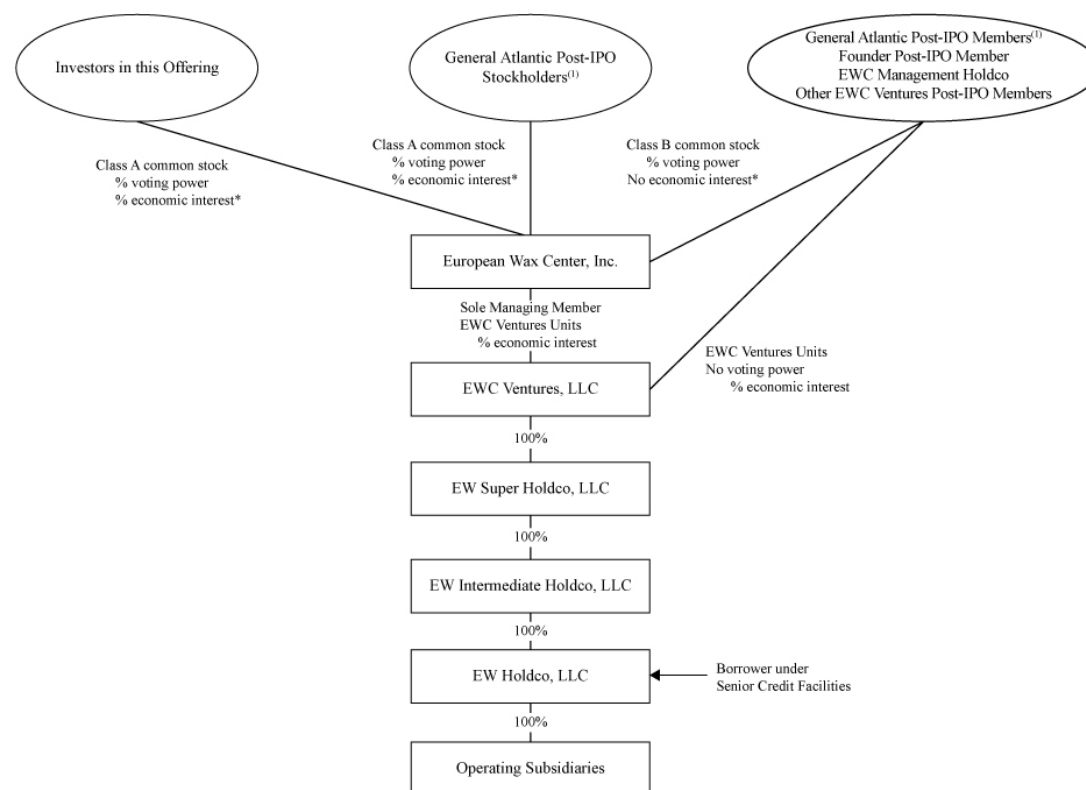

We will not receive any proceeds from the sale of shares of Class A common stock by the selling stockholders.

We estimate that the offering expenses (other than the underwriting discounts) will be approximately \$ \_\_\_\_\_ million. All such offering expenses will be paid for or otherwise borne by EWC Ventures.

See “Use of Proceeds” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”.

The following diagram depicts our organizational structure following the Reorganization Transactions, this offering and the application of the net proceeds from this offering, including all of the transactions described above (assuming an initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus) and no exercise of

the underwriters' option to purchase additional shares of Class A common stock). This chart is provided for illustrative purposes only and does not purport to represent all legal entities within our organizational structure:

\* Represents economic interest in European Wax Center, Inc. and not EWC Ventures, LLC.

(1) The General Atlantic Post-IPO Stockholders and the General Atlantic Post-IPO Members will control % of the voting power of our common stock and hold % of the economic interest of the Company on a combined basis and together comprise the General Atlantic Equityholders.

In connection with the Reorganization Transactions, we will be appointed as the sole managing member of EWC Ventures pursuant to EWC Ventures' limited liability company agreement. Because we will manage and operate the business and control the strategic decisions and day-to-day operations of EWC Ventures and will also have a substantial financial interest in EWC Ventures, we will consolidate the financial results of EWC Ventures, and a portion of our net income (loss) will be allocated to the noncontrolling interest to reflect the entitlement of the EWC Ventures Post-IPO Members to a portion of EWC Ventures' net income (loss). As described in "Our Organizational Structure—The Reorganization Transactions," EWC Ventures will be under the control of the General Atlantic Equityholders before and after the Reorganization Transactions. As a result, we will account for the Reorganization Transactions as a reorganization of entities under common control and measure the interests of the EWC Ventures Pre-IPO Members in the assets and liabilities of EWC Ventures at their carrying amounts at the completion of the Reorganization Transactions.

Prior to the completion of this offering, we will enter into a tax receivable agreement (the "Tax Receivable Agreement") with the EWC Ventures Pre-IPO Members that provides for the payment by us to the EWC Ventures Pre-IPO Members of 85% of the benefits, if any, that we realize, or are deemed to realize (calculated using certain assumptions), as a result of (i) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and

Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies' allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. There is significant existing tax basis in the assets of EWC Ventures as a result of the prior acquisition of interests in EWC Ventures by the General Atlantic Equityholders, and subsequent redemptions, exchanges or purchases of EWC Ventures Units in connection with or after this offering) are expected to result in increases in the tax basis of the assets of EWC Ventures. The existing tax basis, increases in existing tax basis and tax basis adjustments generated over time may increase (for tax purposes) the depreciation and amortization deductions available to us and, therefore, may reduce the amount of U.S. federal, state and local tax that we would otherwise be required to pay in the future. Actual tax benefits realized by us may differ from tax benefits calculated under the Tax Receivable Agreement as a result of the use of certain assumptions in the Tax Receivable Agreement, including the use of an assumed weighted-average state and local income tax rate to calculate tax benefits. This payment obligation is an obligation of European Wax Center and not of EWC Ventures. See "Certain Relationships and Related Party Transactions—Tax Receivable Agreement."

See "Our Organizational Structure" for further details.

### Summary Historical and Pro Forma Condensed Consolidated Financial and Other Data

The following table sets forth certain summary historical consolidated financial and other data of EWC Ventures for the periods beginning on and after December 30, 2018 (the first day of Fiscal 2019) and the thirteen weeks ended March 27, 2021 and March 28, 2020 and the summary unaudited pro forma consolidated financial and other data for European Wax Center, Inc. as of and for the year ended December 26, 2020.

The summary historical consolidated financial and other data presented below as of and for the years ended December 26, 2020 and December 28, 2019 have been derived from EWC Ventures' audited financial statements included elsewhere in this prospectus. The summary historical consolidated financial and other data as of March 27, 2021 and for the thirteen weeks ended March 27, 2021 and March 28, 2020 have been derived from EWC Ventures' unaudited financial statements included elsewhere in this prospectus and which, in the opinion of management, include all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the results for the unaudited interim periods. The summary unaudited pro forma consolidated statements of operations data for the year ended December 26, 2020 give effect to the Reorganization Transactions and this offering as if each had occurred on December 29, 2019 (the first day of Fiscal 2020) for pro forma statement of operations purposes, and December 26, 2020 for pro forma balance sheet purposes.

The unaudited pro forma condensed consolidated financial information includes various estimates that are subject to material change and may not be indicative of what our operations or financial position would have been had this offering and Reorganization Transactions taken place on the dates indicated, or that may be expected to occur in the future. See "Unaudited Pro Forma Consolidated Financial Information" for more information.

We are a newly formed corporation, have no material assets and have not engaged in any business or other activities except in connection with the Reorganization Transactions described in "Our Organizational Structure—The Reorganization Transactions." Upon the consummation of the Reorganization Transactions, we will become the sole managing member of EWC Ventures. Because we will manage and operate the business and control the strategic decisions and day to day operations of EWC Ventures and will also have a substantial financial interest in EWC Ventures, we will consolidate the financial results of EWC Ventures.

The summary historical and pro forma consolidated financial and other data presented below do not purport to be indicative of the results that can be expected for any future period and should be read together with "Capitalization," "Unaudited Pro Forma Consolidated Financial Information," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and EWC Ventures' audited consolidated financial statements and related notes thereto included elsewhere in this prospectus.

(1) Please read “—Non-GAAP Financial Measures” below for a further discussion of EBITDA and Adjusted EBITDA.					
<b>Non-GAAP Financial Measures</b>					
We report our financial results in accordance with generally accepted accounting principles in the United States (“GAAP”). In addition to our GAAP financial results, we believe the non-GAAP financial measures EBITDA and Adjusted EBITDA are useful in evaluating our performance. Our non-GAAP financial measures should not be considered in isolation from, or as substitutes for, financial information prepared in accordance with GAAP.					
<b>EBITDA</b>					
We define EBITDA as net income before interest, taxes depreciation and amortization. We believe that EBITDA, which eliminates the impact of certain expenses that we do not believe reflect our underlying business performance, provides useful information to investors to assess the performance of our business.					
<b>Adjusted EBITDA</b>					
We define Adjusted EBITDA as net income before interest, taxes, depreciation and amortization, adjusted for the impact of certain additional non-cash and other items that we do not consider in our evaluation of ongoing performance of our core operations. These items include exit costs related to leases of abandoned space, IPO-related costs, non-cash equity-based compensation expense, corporate headquarters office relocation, and other one-time expenses.					
Adjusted EBITDA is used as a supplemental financial measure by our management and external users of our financial statements, such as research analysts, investors, lenders and others, to assess, among other things:					

- the financial performance of our assets without regard to the impact of financing methods, capital structure or historical cost basis of our assets;
- the viability of capital expenditure projects and the overall rates of return on alternative investment opportunities; and
- our operating performance as compared to those of other companies in our industry without regard to the impact of financing methods and capital structure.

We believe that EBITDA and Adjusted EBITDA provide useful information to investors because, when viewed with our GAAP results and the accompanying reconciliations, it provides a comprehensive understanding of our performance than GAAP results alone. We also believe that external users of our financial statements benefit from having access to the same financial measures that management uses in evaluating the results of our business. EBITDA and Adjusted EBITDA should not be considered an alternative to, or more meaningful than, net income, operating income, cash flows from operating activities or any other measure of financial performance presented in accordance with GAAP. Moreover, our EBITDA and Adjusted EBITDA as presented may not be comparable to similarly titled measures of other companies.

The following tables present a reconciliation of net income (loss) to EBITDA and Adjusted EBITDA for each of the periods indicated:

### **Risks Relating to Our Business**

#### ***Our business is affected by the financial results of our franchisees.***

A substantial portion of our revenue comes from royalties generated by, and sales of wax and retail products to, our franchised centers. Accordingly, our business is impacted by the operational and financial success of our franchisees, including the franchisees’ implementation of our strategic plans and their ability to secure adequate financing. The employees of franchisees are not our employees. We provide training and support to franchisees, but the quality of franchised center operations may be diminished by a number of factors beyond our control. Consequently, franchisees may not successfully operate centers in a manner consistent with our standards and requirements or may not hire and train qualified managers and other center personnel. If they do not, our image and reputation may suffer, and revenues could decline.

Additionally, if our franchisees are impacted by weak economic conditions and are unable to secure adequate sources of financing, their financial health may worsen, our revenues may decline, and we may need to offer extended payment terms or make other concessions. Additionally, refusal on the part of franchisees to renew their franchise agreements may result in decreased payments from franchisees. Furthermore, if our franchisees are not able to obtain the financing necessary to complete planned remodel and construction projects, they may be forced to postpone or cancel such projects.

Furthermore, a bankruptcy of any multi-unit franchisee could negatively impact our ability to collect payments due under such franchisee’s agreements. In a franchisee bankruptcy, the bankruptcy trustee may reject its franchise agreements under the applicable bankruptcy code, in which case there would be no further royalty payments from such franchisee. The amount of the proceeds, if any, that may ultimately be recovered in a bankruptcy proceeding of such franchisee may not be sufficient to satisfy a damage claim resulting from such rejection. See “—Nearly all of our centers are owned and operated by franchisees and, as a result, we are highly dependent upon our franchisees.”

#### ***If our franchisees are unable to successfully enter new markets, select appropriate sites for new centers or open new centers, our growth strategy may not succeed.***

Our growth strategy includes entering into franchise agreements and development agreements with franchisees who will open additional centers in markets where there are either an insufficient number or relatively few or no existing centers. We rely heavily on these franchisees and developers to grow our franchise systems, and there can be no assurance that we will be able to successfully expand or acquire critical market presence for our brands in new geographical markets in the United States. Consumer characteristics and competition in new markets may differ substantially from those in the markets where we currently operate. Additionally, we may be unable to identify qualified franchisees, develop brand recognition, successfully market our products or attract new guests in such markets and our franchisees may be unable to identify appropriate locations in such markets. See “—Our center development plans under development agreements may not be implemented effectively by franchisees” herein.

Our franchisees face many other challenges in opening additional centers, including:

- availability of financing on acceptable terms;
- selection and availability of and competition for suitable center locations;

- negotiation of acceptable lease terms;
- securing required applicable governmental permits and approvals;
- impact of natural disasters and other acts of nature and terrorist acts or political instability;
- availability of franchise territories not prohibited by the territorial exclusivity provisions of existing franchisees;
- employment, training and retention of qualified personnel;
- exposure to liabilities arising out of sellers' prior operations of acquired centers;
- incurrence or assumption of debt to finance acquisitions or improvements and/or the assumption of long-term, non-cancelable leases; and
- general economic and business conditions.

Should our franchisees not succeed in opening additional centers or improving existing centers, there may be adverse impacts to our growth strategy and to our ability to generate additional profits, which in turn could materially and adversely affect our business and results of operations.

A component of our business strategy includes the construction of additional centers and the renovation and build-out of existing centers by our franchisees, and a significant portion of the growth in our franchisees' sales and profit margins will depend on growth in comparable sales for our centers. Our franchisees face competition from other operators, retail chains, companies, and developers for desirable center locations, which may adversely affect the cost, implementation, and timing of our franchisees' expansion plans. If our franchisees experience delays in the construction or remodeling processes, they may be unable to complete such activities at the planned cost, which could adversely affect our franchisees' business and results of operations. Additionally, our franchisees cannot guarantee that such remodeling will increase the revenues generated by these centers or that any such increases will be sustainable. Likewise, our franchisees cannot be sure that the sites they select for additional centers will result in centers that meet sales expectations. Our franchisees' failure to add a significant number of additional centers or grow comparable sales for our centers could materially and adversely affect our business and results of operations.

In particular, because nearly all of the development of additional centers is likely to be funded by franchisee investment, our growth strategy is dependent on our existing and prospective franchisees' ability to access funds to finance such development. We do not generally provide our franchisees with direct financing and therefore their ability to access borrowed funds generally depends on their independent relationships with various financial institutions. In addition, labor and material costs expended will vary by geographical location and are subject to general price increases. The timing of these improvements can affect the performance of a center, particularly if the improvements require the relevant center to be closed. If our existing and prospective franchisees are not able to obtain financing at commercially reasonable rates, or at all, they may be unwilling or unable to invest in the development of additional centers. In addition, our growth strategy may take longer to implement and may not be as successful as expected. Both of these factors could reduce our competitiveness and future sales and profit margins, which in turn could materially and adversely affect our business and results of operations.

Furthermore, the ability of our franchisees to enter new markets and grow our business may not be indicative of future growth. Our various business strategies and initiatives, including our growth of franchisees, are subject to business, economic and competitive uncertainties and contingencies, many of which are beyond our control. The historic conversion rate of signed commitments to new franchised centers may not be indicative of the conversion rates we will experience in the future.

***Our success depends on the effectiveness of our marketing and advertising programs and the active participation of franchisees in such marketing and promotional activities.***

Brand marketing and advertising significantly affect sales at our centers. Our marketing and advertising programs may not be successful, which may prevent us from attracting new guests and retaining existing guests. We rely heavily on the active participation of our franchisees for the implementation of marketing initiatives to be successful. Our inability to mandate franchisees to participate in marketing and promotional

activities or our franchisees' inability to successfully implement these initiatives could adversely affect our business results. Also, because many of the franchisees are contractually obligated to pay advertising fees based on a percentage of their service revenues, our advertising budget depends on sales volumes at these centers. While we and certain of our franchisees have sometimes voluntarily provided additional funds for advertising in the past, we are not legally obligated to make such voluntary contributions or loan money to pay for advertising. If sales decline, we will have fewer funds available for marketing and advertising, which could materially and adversely affect our revenues, business and results of operations.

As part of our marketing efforts, we rely on traditional, social and digital advertising, as well as search engine marketing, web advertisements, social media platforms and other digital marketing to attract and retain guests. These efforts may not be successful, resulting in expenses incurred without the benefit of higher revenues or increased employee or guest engagement. Guests are increasingly using internet sites and social media to inform their purchasing decisions and to compare prices, product assortment, and feedback from other guests about quality, responsiveness and guest service before purchasing our services and products. If we are unable to continue to develop successful marketing and advertising strategies, especially for online and social media platforms, or if our competitors develop more effective strategies, we could lose guests and sales could decline. In addition, a variety of risks are associated with the use of social media and digital marketing, including the improper disclosure of proprietary information, negative comments about or negative incidents regarding us, exposure of personally identifiable information, fraud or out-of-date information. The inappropriate use of social media and digital marketing vehicles by us, our franchisees, our guests, employees or others could increase our costs, lead to litigation or result in negative publicity that could damage our reputation. Many social media platforms immediately publish the content, videos and/or photographs created or uploaded by their subscribers and participants, often without filters or checks on accuracy of the content posted. Information posted on such platforms at any time may be adverse to our interests and/or may be inaccurate. The dissemination of negative information related to our brands could harm our business, prospects, financial condition, and results of operations, regardless of the information's accuracy. The harm may be immediate without affording us an opportunity for redress or correction. The occurrence of any such developments could have an adverse effect on our business results and on our profits.

***Franchisees could take actions that could harm our brand, including failing to comply with their franchise agreements and policies, and adversely affect our business.***

Franchisees are contractually obligated to operate their centers for the contractual terms and in accordance with the standards set forth in the franchise agreements, including specified service and product quality standards and other requirements, in order to protect our brand and to optimize its performance.

However, franchisees are independent third parties that we do not control, and the franchisees own, operate and oversee the daily operations of their centers. As a result, the ultimate success and quality of any franchised center rests with the franchisee. If franchisees provide substandard services, receive through the supply chain defective products or do not successfully operate centers for the contractual terms and in a manner consistent with required standards, franchise royalty payments to us will be adversely affected and our image and reputation could be harmed, which in turn could hurt our revenues, results of operations, business and financial condition.

In addition, we may be unable to successfully implement our business model, company policies, or brand development strategies that we believe are necessary for further growth if franchisees do not participate in that implementation. Our revenues, results of operations, business and financial condition could be adversely affected if a significant number of franchisees do not participate in brand strategies.

***Our and our franchisees' centers may be unable to attract and retain guests, which would materially and adversely affect our business, results of operations and financial condition.***

Our target market is people seeking regular out-of-home waxing services who consider waxing services a meaningful component of their personal-care and beauty regimens. Our and our franchisees' marketing efforts may not be successful in developing repeat guests and guest levels may materially decline over time. In addition, we experience attrition and must continually engage existing guests and attract new guests in order to maintain profitability. Some of the factors that could lead to a decline in guest retention include changing desires and behaviors of consumers or their perception of our brand, changes in discretionary spending trends and general

economic conditions, market maturity or saturation, a decline in our ability to deliver quality service at a competitive price, direct and indirect competition in our industry, and a decline in the public's interest in waxing services or personal-care, among other factors.

Furthermore, the success of our business depends in part on our and our franchisees' ability to grow the number of our Wax Pass holders. Our Wax Pass program drives guest loyalty and provides valuable data and insights on our core guests, without which it may be difficult for us to adapt to changing guest preferences or predict market trends. If we and our franchisees are not successful in optimizing prices or in adding new Wax Pass holders in new and existing centers, growth in program fees may suffer. Any decrease in our guest attraction or retention levels or average program fees, or increase in program costs, may adversely impact our results of operations and financial condition.

***Use of social media may adversely impact our reputation.***

There has been a substantial increase in the use of social media platforms, including blogs, social media websites and other forms of digital communications, and the influence of social media influencers in the personal-care and beauty products industry, that allow individuals access to a broad audience of consumers and other persons, including to our guests. Negative commentary regarding us or the products we sell may be posted on social media platforms or other electronic means at any time and may be adverse to our reputation or business. Guests value readily available information and often act on such information without further investigation and without regard to its accuracy. Any harm to us or the products we sell may be immediate without allowing us an opportunity for redress or correction.

We also use social media platforms as marketing tools. For example, we maintain Facebook, Twitter, Instagram, Pinterest, YouTube and TikTok accounts. In addition, we have agreements with a variety of industry influencers, and we feature industry influencers in our advertising and marketing efforts and may include them in some of our branding and we may be unable to fully control such influencers' efforts. Further, many industry influencers use our products and feature our products through their own platforms. Actions taken by these individuals could harm our brand image, net revenues, profitability and may subject us to fines or other penalties. Our marketing efforts through social media platforms and influencers may not be successful and the availability of these platforms may make it easier for smaller competitors to compete with us.

In addition, a failure of us, our employees, our franchisees or third parties acting at our direction to abide by applicable laws and regulations in the use of social media could adversely impact our brand, reputation, marketing partners, financial condition, and results of operations or subject us or our franchisees to fines or other penalties. Other risks associated with the use of social media include improper disclosure of proprietary information, exposure of personally identifiable information, fraud, hoaxes or malicious dissemination of false information.

***The high level of competition we face could materially and adversely affect our business.***

We compete with more than 10,000 independent waxing operators and almost 100,000 beauty salons that provide waxing as a small part of their broader service offerings. Within OOH waxing, we compete with independent waxing operators, beauty salons, beauty parlors, health clubs, spas, beauty supply stores and other independently owned companies. We also compete with other types of hair removal alternatives, including laser hair removal, sugaring, threading, as well as in-home solutions, such as shaving, chemical-based creams, epilators, at-home laser hair removal and at-home waxing. We may not be able to compete effectively in the markets in which we operate. Competitors may attempt to copy our business model, or portions thereof, which could erode our market share and brand recognition and impair our growth rate and profitability. Competitors, including companies that are larger and have greater resources than us, may compete with us to attract guests in our markets. Luxury personal-care companies may attempt to enter our market by lowering prices or creating lower price brand alternatives. Furthermore, due to the increased number of low-cost and independently owned waxing alternatives, we may face increased competition if we increase our price or if discretionary spending declines. This competition may limit our ability to attract and retain existing guests and Wax Pass holders and our ability to attract new guests and Wax Pass holders. Such increase in competition, in each case, could materially and adversely affect our results of operations and financial condition.

In addition, we compete with other franchisors to attract and retain qualified franchisees. The inability to attract and retain qualified franchisees could impact payments under the franchise documents and could have a material adverse effect on our business and results of operations. See “—We may not be able to retain franchisees or maintain the quality of existing franchisees.”

***Our ability to improve our financial performance depends on our ability to anticipate and respond to market trends and changes in consumer preferences.***

Our ability to improve our financial performance depends on our ability to anticipate, gauge and react in a timely and effective manner to changes in consumer spending patterns and preferences for waxing and related personal-care services and products. We must continually work to develop, produce and market new services and products, maintain and enhance the recognition of our brand, achieve a favorable mix of services and products, and refine our approach as to how and where we market and sell our services and products. Consumer spending patterns and preferences cannot be predicted with certainty and can change rapidly depending on factors outside our control, including general economic conditions, unemployment rates, wage levels and disposable income levels. It is also possible that competitors could introduce new products and services that negatively impact consumer preference for our business model, or that consumers could prefer hair removal services, such as less costly laser hair removal options or more effective at-home hair removal options than are currently available, that do not align with our business model or compete with us. In addition, certain market trends may be short-lived. There can be no assurance that we will be able to anticipate and respond to trends timely and effectively in the market for waxing and related personal-care services and products and changing consumer demands and improve our financial results.

Furthermore, material shifts or decreases in market demand for our services and products, including as a result of changes in consumer spending patterns and preferences or incorrect forecasting of market demand, could result in us carrying inventory that cannot be used by our wax specialists or sold at anticipated prices or increased product returns by our guests. Failure to maintain proper inventory levels or increased product returns by our franchisees could result in a material adverse effect on our business, prospects, financial condition, liquidity, results of operations and cash flows.

***Our planned growth could place strains on our management, employees, information systems and internal controls, which may adversely impact our business.***

Over the past several years, we have experienced growth in our business activities and operations, including a significant increase in the number of system-wide centers. Our past expansion has placed, and our planned future expansion may place, significant demands on our administrative, operational, financial and other resources. Any failure to manage growth effectively could seriously harm our business. To be successful, we will need to continue to implement management information systems and improve our operating, administrative, financial and accounting systems and controls. Our inability to implement and maintain such systems and controls, including to accurately report our data, could harm consumer confidence in our reporting and adversely affect our business. We will also need to train new employees and maintain close coordination among our executive, accounting, finance, legal, human resources, risk management, marketing, technology, sales and operations functions. These processes are time-consuming and expensive, increase management responsibilities and divert management attention, and we may not realize a return on our investment in these processes. In addition, we believe the culture we foster at our and our franchisees' centers is an important contributor to our success. However, as we expand we may have difficulty maintaining our culture or adapting it sufficiently to meet the needs of our operations. These risks may be heightened as our growth accelerates. In 2020, our franchisees opened 52 centers, compared to 47 centers in 2019 and 70 centers in 2018. Our failure to successfully execute on our planned expansion of centers could materially and adversely affect our results of operations and financial condition.

***Our financial performance could be materially adversely affected if we fail to retain, or effectively respond to a loss of, key executives.***

The success of our business depends on the contributions of key executives and senior management, including our Chief Executive Officer, David Berg, and our Chief Financial Officer, Jennifer Vanderveldt. The departure of key executives or senior management could have a material adverse effect on our business and long-term

strategic plan. We have a succession plan that includes short-term and long-term planning elements intended to allow us to successfully continue operations should any of our key executives or senior management become unavailable to serve in their respective roles. However, there is a risk that we may not be able to implement the succession plan successfully or in a timely manner or that the succession plan will not result in the same financial performance we currently achieve under the guidance of our existing executive team. Any lack of management continuity could adversely affect our ability to successfully manage our business and execute our growth strategy, as well as result in operational and administrative inefficiencies and added costs, and may make recruiting for future management positions more difficult.

***If our technology-based guest services systems do not function effectively, our operating results could be materially adversely affected.***

Our guests are increasingly using tablets and smart phones to interact with us before, during, and after their visits as a means to enhance their experience. Our mobile app allows our guests to schedule their visits and facilitates a contactless experience with self-check-in. Any failure on our part to provide an attractive, effective, reliable, and user-friendly digital platform that continually meets the changing expectations of our guests could place us at a competitive disadvantage, result in the loss of sales, harm our reputation with our guests and could have a material adverse impact on our business and results of operations. If we fail to implement changes to our mobile app in response to rapidly developing technology, fail to maintain a relevant consumer experience in understanding and interacting with our mobile app or fail to effectively respond to telecommunications disruptions, including disruptions to the operations of third-party software providers upon whom we rely, our operating results could be materially and adversely affected.

***We are heavily dependent on computer systems and information technology and any material failure, interruption or security breach of our computer systems or technology could impair our ability to efficiently operate our business.***

We and our franchised centers are dependent upon our computer systems and other information technology to properly conduct our business, including, but not limited to, point-of-sale processing in our centers, management of our supply chain, collection of cash, payment of obligations and various other processes and procedures. See “—We do not own certain software that is used in operating our business” herein. Our ability to efficiently manage our business depends significantly on the reliability and capacity of these information technology systems. The failure of these systems to operate effectively, an interruption, problems with maintenance, upgrading or transitioning to replacement systems, fraudulent manipulation of sales reporting from our centers or a breach in security of any of these systems could result in loss of sales and franchise royalty payments, cause delays in guest service, result in the loss of data, create exposure to litigation, reduce efficiency, cause delays in operations or otherwise harm our business. Significant capital investments might be required to remediate any problems. Any security breach involving any of our point-of-sale or other systems could result in a loss of consumer confidence and potential costs associated with fraud or breaches of data security laws. Also, despite our considerable efforts to secure our computer systems and information technology, security breaches, such as unauthorized access and computer viruses, may occur, resulting in system disruptions, shutdowns or unauthorized disclosure of confidential information.

A future security breach of our computer systems or information technology could require us to notify our guests, employees or other groups, result in adverse publicity, loss of sales and profits, could materially affect our operations, financial condition and performance and could result in penalties or other costs that could adversely affect the operation of our business and results of operations.

***The occurrence of cyber-incidents, or a deficiency in cybersecurity, could negatively impact our business by causing a disruption to our operations, a compromise or corruption of confidential information, and/or damage to our employee and business relationships, all of which could lead to loss and harm our business.***

A cyber-incident is considered to be any adverse event that threatens the confidentiality, integrity or availability of information resources. More specifically, a cyber-incident is an intentional attack or an unintentional event that can include an unauthorized party gaining unauthorized access to systems to disrupt operations, corrupt data or steal confidential information about our guests, franchisees, our company, vendors or employees. As our reliance on technology has increased, especially in light of an increase in work-from-home arrangements

due to the COVID-19 pandemic, so have the risks posed to our systems, both internal and those we have outsourced. The company has been subject to attempted cyber-attacks in the past and may continue to be subject to such attacks in the future. A successful cyber-attack or other cyber-incident experienced by us or our service providers could cause an interruption of our operations, could damage our relationship with franchisees, and could result in the exposure of private or confidential data, potentially resulting in litigation. In addition to maintaining insurance coverage to address cyber-incidents, we have also implemented processes, procedures and controls to help mitigate these risks. However, these measures, as well as our increased awareness of a risk of a cyber-incident, do not guarantee that our reputation and financial results will not be adversely affected by any incident or event that occurs.

Because our centers accept electronic forms of payment from our guests, our business requires the collection of guest data, including credit and debit card numbers and other personally-identifiable information in various information systems that we and our franchisees then transfer to third parties with whom we contract to provide credit card processing services. We also maintain important internal company data, such as personally-identifiable information about our employees, franchisees and guests and information relating to our operations. Our use of personally-identifiable information is regulated by federal and state laws, as well as by certain third-party agreements. As privacy and information security laws and regulations change, we may incur additional costs to ensure that we remain in compliance with those laws and regulations. If our security and information systems are compromised or if our employees or franchisees fail to comply with these laws, regulations, or contract terms, and this information is obtained by unauthorized persons or used inappropriately, it could adversely affect our reputation and could disrupt our operations and result in costly litigation, judgments, or penalties resulting from violation of federal and state laws and payment card industry regulations. A cyber-incident could also require us to notify law enforcement agencies, our guests, employees or other groups, result in fines or require us to incur expenditures in connection with remediation, require us to pay increased fees to third parties, result in adverse publicity, loss of sales and profits, or require us to incur other costs, any of which could adversely affect the operation of our business and results of our operations.

***Changing regulations relating to privacy, information security and data protection could increase our costs, affect or limit how we collect and use personal information and harm our brands in a manner that adversely affects our business.***

The jurisdictions in which we operate are increasingly adopting or revising privacy, information security and data protection laws and regulations (“Privacy and Data Protection Laws”) that could have a significant impact on our current and planned privacy, data protection and information security related practices, including our collection, use, sharing, retention and safeguarding of consumer and/or employee information, and some of our current or planned business activities. This includes increased privacy related legislative and enforcement activity at both the federal level and the state level, including the implementation of the California Consumer Protection Act (the “CCPA”), which came into effect in January 2020, the California Privacy Rights Act (the “CPRA”) which will take effect on January 1, 2023, as well as other state laws. We, our affiliated entities and our service providers may need to take measures to ensure compliance with new, evolving and existing requirements contained in the CCPA, the CPRA, and other Privacy and Data Protection Laws and to address customer concerns related to their rights under any such Privacy and Data Protection Laws. We also may need to continue to make adjustments to our compliance efforts as more clarification and guidance on the requirements of the CCPA, the CPRA and other Privacy and Data Protection Laws becomes available.

We are also subject to the Payment Card Industry (“PCI”) Data Security Standard, which is a security standard designed to protect payment card data as mandated by payment card industry entities. We rely on vendors to handle PCI matters and to ensure PCI compliance. Despite our compliance efforts, we may become subject to claims that we have violated the PCI Data Security Standard, which could subject us to substantial fines and penalties.

Our ongoing efforts to ensure our and our affiliated entities’ compliance with the CCPA, the CPRA and other existing or future Privacy and Data Protection Laws affecting customer or employee data to which we are subject could result in additional costs and operational disruptions. Our and our affiliated entities or services providers’ failure to comply with such laws could result in potentially significant regulatory investigations or government actions, litigation, operational disruptions, penalties or remediation and other costs, as well as adverse publicity, loss of sales and profits and an increase in fees payable to third parties. All of these implications could adversely affect our revenues, results of operations or business and financial condition.

***Our level of indebtedness could have a material adverse effect on our ability to generate sufficient cash to fulfil our obligations under such indebtedness, to react to changes in our business and to incur additional indebtedness to fund future needs.***

As of March 27, 2021, after giving pro forma effect to this offering and the use of proceeds therefrom, we would have had outstanding \$181.2 million aggregate principal amount of borrowings under our term loan and revolving credit facility (together, the “Senior Secured Credit Facility”), and for the year ended December 26, 2020, we had debt service payment obligations of approximately \$18.9 million. If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures or to sell assets, seek additional capital or restructure or refinance our indebtedness. Our ability to restructure or refinance our current or future debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. We cannot assure you that our business will be able to generate sufficient levels of cash or that future borrowings or other financings will be available to us in an amount sufficient to enable us to service our indebtedness and fund our other liquidity needs. In addition, our indebtedness under the Senior Secured Credit Facility bears interest at variable rates. Because we have variable rate debt, fluctuations in interest rates may affect our business, financial condition and results of operations.

***Our Senior Secured Credit Facility contains financial covenants and other restrictions on our actions that may limit our operational flexibility or otherwise adversely affect our business, financial condition and results of operations.***

The terms of our Senior Secured Credit Facility include a number of covenants that limit our ability to (subject to negotiated exceptions), among other things, incur additional indebtedness or issue preferred stock, incur liens on assets, enter into agreements related to mergers and acquisitions, dispose of assets or pay dividends and make distributions. The terms of our Senior Secured Credit Facility also require us to maintain a net leverage ratio that is at or below the one specified in the agreement governing the facility. The terms of our Senior Secured Credit Facility may restrict our current and future operations and could adversely affect our ability to finance our future operations or capital needs. In addition, complying with these covenants may make it more difficult for us to successfully execute our business strategy and compete against companies that are not subject to such restrictions.

A failure by us to comply with the covenants specified in the Senior Secured Credit Facility could result in an event of default under the agreement, which would give the lenders the right to terminate their commitments to provide additional loans under our Senior Secured Credit Facility and to declare all borrowings outstanding, together with accrued and unpaid interest and fees, to be immediately due and payable. If the debt under the Senior Secured Credit Facility were to be accelerated, we may not have sufficient cash or be able to borrow sufficient funds to refinance the debt or sell sufficient assets to repay the debt, which could adversely affect our business, financial condition and results of operations.

***Our ability to raise capital in the future may be limited.***

Our business and operations may consume resources faster than we anticipate. In the future, we may need to raise additional funds through the issuance of new equity securities, debt or a combination of both. Additional financing may not be available on favorable terms or at all. If adequate funds are not available on acceptable terms, we may be unable to fund our capital requirements. If we issue new debt securities, the debt holders would have rights senior to holders of our common stock to make claims on our assets and the terms of any debt could restrict our operations, including our ability to pay dividends on our common stock. If we issue additional equity securities or securities convertible into equity securities, existing stockholders will experience dilution and the new equity securities could have rights senior to those of our common stock. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Thus, you bear the risk of our future securities offerings reducing the market price of our common stock and diluting their interest.

***Our failure or our franchisees' failure to comply with health, employment and other federal, state, local and provincial laws, rules and regulations may lead to losses and harm our brands.***

We and our franchisees are subject to various federal, state, local, provincial and foreign laws and are subject to a variety of litigation risks, including, but not limited to, guest claims, product liability claims, personal-injury claims, environmental claims, employee allegations of improper termination, harassment and discrimination, wage and hour claims and claims related to violations of the Americans with Disabilities Act of 1990 (“ADA”), the Family and Medical Leave Act (“FMLA”) and similar state, local and municipal laws, religious freedom, the Fair Labor Standards Act (“FLSA”), the Dodd-Frank Act, the Health Care Reform Act, the Electronic Funds Transfer Act, the Payment Card Industry Data Security Standards, franchise laws, ERISA and intellectual property claims. The successful development and operation of our centers depends to a significant extent on the selection and acquisition of suitable sites, which are subject to zoning, land use, environmental, traffic and other regulations. Our centers’ operations are also subject to licensing and regulation by state, local and municipal departments relating to safety standards, federal, state and municipal labor and immigration law (including applicable equal pay and minimum wage requirements, overtime pay practices, reimbursement for necessary business expense practices, classification of employees, working and safety conditions and work authorization requirements), federal, state, local and municipal laws prohibiting discrimination and other laws regulating the design and operation of facilities, such as the ADA, the Health Care Reform Act and applicable human rights and accessibility legislation, and subsequent amendments.

The operation of our franchise system is also subject to franchise laws and regulations enacted by a number of states and rules promulgated by the U.S. Federal Trade Commission. Any future legislation regulating franchise relationships may negatively affect our operations, particularly our relationships with our franchisees.

Failure to comply with new or existing franchise laws and regulations in any jurisdiction or to obtain required government approvals could result in a ban or temporary suspension on selling franchised centers, which could reduce the franchise fees we collect and corresponding profits, which in turn could materially and adversely affect our business and results of operations.

In addition to the risk of adverse legislation or regulations being enacted in the future, we cannot predict how existing or future laws or regulations will be administered or interpreted. Further, we cannot predict the amount of future expenditures that may be required in order to comply with any such laws or regulations.

We and our franchisees are subject to the FLSA and similar state laws, which govern such matters as time keeping and payroll requirements, minimum wage, overtime, employee and worker classifications and other working conditions, along with the ADA, FMLA and the Immigration Reform and Control Act of 1986, various family leave, sick leave or other paid time off mandates and a variety of other laws enacted, or rules, regulations and decisions promulgated or rendered, by federal, state, local and municipal governmental authorities that govern these and other employment matters, including labor scheduling, meal and rest periods, working conditions and safety standards. We have experienced and expect further increases in payroll expenses as a result of federal, state and municipal mandated increases in the minimum wage. In addition, our vendors may be affected by higher minimum wage standards, which may increase the price of goods and services they supply to our brands.

Companies that operate franchise systems may also be subject to claims for allegedly being a joint employer with a franchisee. In August 2015, the National Labor Relations Board (the “NLRB”) adopted a new and broader standard for determining when two or more otherwise unrelated employers may be found to be a joint employer of the same employees under the National Labor Relations Act. Under that standard, there was an increased risk that franchisors could be held liable or responsible for unfair labor practices and other violations at franchised centers under the National Labor Relations Act and subject them to other liabilities and obligations. However, on February 25, 2020 the NLRB adopted a rule that reinstated the standard that existed prior to August 2015 thereby reducing the risk that franchisors might be held liable as a joint employer under the National Labor Relations Act as well for other violations and claims referenced above. Further, on January 12, 2020, the U.S. Department of Labor (the “DOL”) announced a final rule to revise and update the definition of joint employer under the FLSA. Under the final rule, the test for assessing whether a party can be deemed a joint employer would be based upon whether that party (i) hires or fires the employee; (ii) supervises and controls the employee’s work schedule or conditions of employment to a substantial degree; (iii) determines the employee’s rate and method of payment; and (iv) maintains the employee’s employment

records. The final rule also clarifies when additional factors may be relevant in determining whether a person is a joint employer, and identifies certain other factors that do not make joint employer status more or less likely under the FLSA, including the relationships that exist under the typical franchise business model. The final rule is effective as of March 16, 2020, and is likely to reduce a franchisor's risk of liability that existed under the joint employer standard in effect under the FLSA prior to that date. However, a New York federal court rejected certain provisions of the DOL's final rules in September 2020 relating to the joint employer test. The new rules promulgated by the NLRB and the DOL do not affect potential liability as a joint employer under other federal or state laws that are interpreted to require application of the standards existing prior to the adoption of the new rules in 2020 or other similar standards.

Additionally, depending upon the outcome of certain legal proceedings currently pending before a federal court in California involving the application of the wage and hour laws of California in another franchise system, franchisors may be subject to claims that their franchisees should be treated as employees and not as independent contractors under the wage and hour laws of that state and, potentially, certain other states with similar wage and hour laws. Further, the California legislature recently enacted a statute known as Assembly Bill 5 ("AB-5"), which in its current form would require "gig economy" workers to be reclassified as employees instead of independent contractors. Depending upon the application of AB-5, franchisors in certain industries could be deemed to be covered by the statute, in which event their franchisees would be deemed to be employees of the franchisors. If such misclassification claims are successful against a franchisor, the franchisor could be liable to its franchisees (and potentially their employees) based upon the rights and remedies available to employees under such laws and, thereafter, have to treat its franchisees (and their employees) as the franchisor's employees under these laws.

We expect increases in payroll expenses as a result of federal, state and municipal mandated increases in the minimum wage, and although such increases are not expected to be material, there can be no assurance that there will not be material increases in the future. Enactment and enforcement of various federal, state, local and municipal laws, rules and regulations on immigration and labor organizations may adversely impact the availability and costs of labor in any of the countries in which we operate. Other labor shortages or increased employee turnover could also increase labor costs. In addition, vendors may be affected by higher minimum wage standards or availability of labor, which may increase the price of goods and services they supply to us. Evolving labor and employment laws, rules and regulations could also result in increased exposure on our part for labor and employment related liabilities that have historically been borne by franchisees.

Increased health care costs could have a material adverse effect on our business and results of operations. These various laws and regulations could lead and have led to enforcement actions, fines, civil or criminal penalties or the assertion of litigation claims and damages. In addition, improper conduct by our franchisees, employees or agents could damage our reputation and lead to litigation claims, enforcement actions and regulatory actions and investigations, including, but not limited to, those arising from personal injury, loss or damage to personal property or business interruption losses, which could result in significant awards or settlements to plaintiffs and civil or criminal penalties, including substantial monetary fines. Such events could lead to an adverse impact on our financial condition, even if the monetary damage is mitigated by insurance coverage.

Noncompliance by us or our franchisees with any of the foregoing laws and regulations could lead to various claims and reduced profits as set forth in more detail below under "—Complaints or litigation may adversely affect our business and reputation."

***If products sold by us or our franchisees are found to be defective in labeling or content, our credibility and that of the brands we sell may be harmed, marketplace acceptance of our products may decrease, and we may be exposed to liability in excess of our products liability insurance coverage and manufacturer indemnities.***

We do not control the production process for the products we sell. We may not be able to identify a defect in a product we purchase from a manufacturer before we offer such product to our franchisees or for resale. In many cases, we rely on representations of manufacturers and fillers about the products we purchase for resale regarding the composition, manufacture and safety of the products, as well as the compliance of our product labels with government regulations. Our and our franchisees sale of certain products exposes us and our franchisees to potential product liability claims, recalls or other regulatory or enforcement actions initiated by federal, state or foreign regulatory authorities or through private causes of action. Such claims, recalls or

actions could be based on allegations that, among other things, the products sold by us or our franchisees are misbranded, contain contaminants or impermissible ingredients, provide inadequate instructions regarding their use or misuse, or include inadequate warnings concerning flammability or interactions with other substances. Claims against us or our franchisees could also arise as a result of the misuse by purchasers of such products or as a result of their use in a manner different than the intended use. We and our franchisees may be required to pay for losses or injuries actually or allegedly caused by the products we sell and to recall any product we sell that is alleged to be or is found to be defective. Furthermore, such claims could have an adverse impact on our and franchisees reputation.

Any actual defects or allegations of defects in products sold by us or our franchisees could result in adverse publicity and harm our credibility or the credibility of the manufacturer, which could adversely affect our business, financial condition and results of operations. Although we may have indemnification rights against the manufacturers of many of the products we distribute and rights as an “additional insured” under the manufacturers’ insurance policies, it is not certain that any manufacturer or insurer will be financially solvent and capable of making payment to any party suffering loss or injury caused by products sold by us or our franchisees or if all losses would be covered by such indemnification rights or insurance policies. If we are forced to expend significant resources and time to resolve such claims or to pay material amounts to satisfy such claims, it could have an adverse effect on our business, financial condition and results of operations.

***Our operations and financial performance has been affected by, and is expected to continue to be affected by, the COVID-19 pandemic.***

The global crisis resulting from the spread of COVID-19 has disrupted, and continues to significantly disrupt, local, regional, and global economies and businesses in the locations in which we operate, as well as adversely affected workforces, guests, consumer sentiment, economies and financial markets, and has impacted our financial results. Because personal-care services were generally not deemed “essential” by federal, state and local governmental authorities in the United States, all of our centers temporarily closed during the ongoing COVID-19 pandemic. In accordance with applicable guidelines from governmental authorities and the Center for Disease Control, our centers reopened as stay-at-home orders lifted on a state-by-state and county-by-county basis with capacity limitations. As a result of the ongoing COVID-19 pandemic, our centers also experienced reduced guest traffic and sales volume due to changes in consumer behavior as individuals decreased spending on discretionary spending and practiced social distancing and other behavioral changes mandated by governmental authorities or independently undertaken out of an abundance of caution resulting in same-store sales in 2020 decreasing to -36%. In many of the locations in which we operate, the COVID-19 pandemic has resulted in an acute economic downturn and significantly increased unemployment. A sustained decline in the sales and operating results of centers as a result of the ongoing COVID-19 pandemic, the acute economic downturn resulting therefrom or continued weak economic conditions could, in turn, materially and adversely affect the ability of franchisees to pay, or disrupt the timely payment of, amounts owed to us or decrease the profitability of our centers.

The COVID-19 pandemic has the potential to cause a disruption in our supply chain and may adversely impact economic conditions in the United States. These and other disruptions, as well as poor economic conditions generally, may lead to a decline in the sales and operating results of our centers. In addition, the continuation of the COVID-19 pandemic may adversely affect the economies and financial markets of United States and could result in a sustained reduction in the demand for our services and products, longer payment cycles, slower adoption of new products and services and/or increased price competition, as well as a reduction of workforce at our centers. A decline in the sales and operating results of our centers could in turn materially and adversely affect our ability to pursue our growth strategy. Each of these results would reduce our future sales and profit margins, which in turn could materially and adversely affect our business and results of operations.

While COVID-19 negatively impacted our business and results of operations during fiscal year 2020, we cannot determine what portion of our financial performance during fiscal year 2020 was the result of the COVID-19 pandemic. See “Business — Our Long-Term Financial Track Record of Consistent Growth—Performance in 2020 and During the COVID-19 Pandemic.” The full extent to which COVID-19 impacts us will depend on future developments, including the duration, spread and severity of the pandemic, the extent of additional outbreaks, the effectiveness or duration of measures intended to contain or mitigate the spread of COVID-19

or prevent future outbreaks, and the effect of these developments on overall demand in the waxing service and personal-care industries in the geographic regions in which we operate, all of which are highly uncertain and difficult to accurately predict. These uncertainties may increase variability in our future results of operations and adversely impact our ability to accurately forecast changes in our business performance and financial condition in future periods. If we are not able to respond to and manage the impact of such events effectively, our business and results of operations could be adversely affected.

***Adverse economic conditions or a global debt crisis could adversely affect our business.***

Our financial condition and results of operations are impacted by global markets and economic conditions over which neither we nor our franchisees have control. An economic downturn may result in a reduction in the demand for our services and products, longer payment cycles, slower adoption of new products and services and/or increased price competition. Declining economic conditions may cause our guests to defer seeking waxing services or other personal-care services. As a result, poor economic conditions may lead to a decline in the sales and operating results of our centers, which could in turn materially and adversely affect the ability of franchisees to pay franchise royalties or amounts owed to us, or have a material adverse impact on our ability to pursue our growth strategy. Each of these results would reduce our profits, which could materially and adversely affect our business and results of operations.

***Changes in tax laws may adversely affect us, and the Internal Revenue Service (the “IRS”) or a court may disagree with tax positions taken by EWC Ventures or us, which may result in adverse effects on our financial condition or the value of our common stock.***

The Tax Cuts and Jobs Act (the “TCJA”), enacted on December 22, 2017, significantly affected U.S. tax law, including by changing how the U.S. imposes tax on certain types of income of corporations and by reducing the U.S. federal corporate income tax rate to 21%. It also imposed new limitations on a number of tax benefits, including deductions for business interest, use of net operating loss carry forwards, taxation of foreign income, and the foreign tax credit, among others. The CARES Act, enacted on March 27, 2020, in response to the COVID-19 pandemic, further amended the U.S. federal tax code, including in respect of certain changes that were made by the TCJA, generally on a temporary basis. There can be no assurance that future tax law changes will not increase the rate of the corporate income tax significantly, impose new limitations on deductions, credits or other tax benefits, or make other changes that may adversely affect our business, cash flows or financial performance. In addition, the IRS has yet to issue guidance on a number of important issues regarding the changes made by the TCJA and the CARES Act. In the absence of such guidance, we will take positions with respect to a number of unsettled issues. There is no assurance that the IRS, any other taxing authority or a court will agree with the positions taken by us, in which case tax penalties and interest may be imposed that could adversely affect our business, cash flows or financial performance.

Our future effective tax rates could be subject to volatility or adversely affected by a number of factors, including: (i) changes in the valuation of our deferred tax assets and liabilities, (ii) expected timing and amount of the release of any tax valuation allowance, (iii) expiration of or detrimental changes in research and development tax credit laws, (iv) tax effects of stock-based compensation, and (v) costs related to intercompany restructurings. We may be subject to audits of our income, sales and other transaction taxes by U.S. federal and state tax authorities. Outcomes from these audits could have an adverse effect on our operating results and financial condition.

***Complaints or litigation may adversely affect our business and reputation.***

We may be subject to claims, including class action lawsuits, filed by our guests, franchisees, employees, suppliers, landlords, governmental authorities and others in the ordinary course of business, including as a result of violations of the laws set forth above under “—Our failure or our franchisees’ failure to comply with health, employment, and other federal, state, and local laws, rules and regulations may lead to losses and harm our brands”. Significant claims may be expensive to defend and may divert time and resources away from our operations, causing adverse impacts to our operating results. In addition, adverse publicity related to litigation could negatively impact the reputation of our brands, even if such litigation is not valid, or a substantial judgment against us could negatively impact the reputation of our brands, resulting in further adverse impacts to results of operations. Franchisees are subject to similar litigation risks.

In the ordinary course of business, we will be, from time to time, the subject of complaints or litigation from franchisees, which could relate to alleged breaches of contract or wrongful termination under the franchise documents. These claims may also reduce the ability of franchisees to enter into new franchise agreements with us. In addition, litigation against a franchisee or their affiliates or against a corporate-owned center by third parties, whether in the ordinary course of business or otherwise, may include claims against us by virtue of our relationship with the franchisee or corporate-owned center, including, without limitation, for allegedly being a joint employer with a franchisee, resulting in vicarious liability for acts and omissions at centers over which we have little or no control over day-to-day operations. Litigation may lead to a decline in the sales and operating results of our centers and divert our management resources regardless of whether the allegations in such litigation are valid or whether we are liable.

Further, we may be subject to employee, franchisee and other claims in the future based on, among other things, discrimination, harassment, wrongful termination and wage, rest break and meal break issues, including those relating to overtime compensation. We have been subject to these types of claims in the past, and if one or more of these claims were to be successful or if there is a significant increase in the number of these claims, our business, financial condition and operating results could be harmed.

Certain governmental authorities and private litigants have recently asserted claims against franchisors for provisions in their franchise agreements which restrict franchisees from soliciting and/or hiring the employees of other franchisees or the applicable franchisor. Claims against franchisors for such “no-poaching” clauses include allegations that these clauses violate state and federal antitrust and unfair practices laws by restricting the free movement of employees of franchisees or franchisors (including both corporate employees and the employees of corporate-owned centers), thereby depressing the wages of those employees. We have historically had no-poaching clauses in our franchise agreements. In 2018, the Attorney General of the State of Washington issued civil investigative demands to a number of franchisors seeking information concerning no-poaching clauses in their franchise agreements. In September 2018, we received a civil investigative demand requesting information concerning our use of no-poaching clauses. To resolve objections to these clauses raised by the Washington Attorney General, we entered into an Assurance of Discontinuance (“AOD”) with the state agreeing to no longer include such provision in any U.S. franchise agreement or renewal franchise agreement signed after the date of the AOD, to not enforce any such provisions in any of our existing franchise agreements and to notify our franchisees of these changes. In the case of Washington-based franchisees, we agreed to seek amendments to their franchise agreements removing the no-poaching clauses. No fines or other monetary penalties were assessed against us. Any adverse results in any cases or proceedings that may be brought against us by any governmental authorities or private litigants may materially and adversely affect our business and results of operations.

***We are subject to payment-related risks.***

For our and our franchisees’ sales to our guests, we and our franchisees accept a variety of payment methods, including credit cards, debit cards, electronic funds transfers and electronic payment systems. Accordingly, we are, and will continue to be, subject to significant and evolving regulations and compliance requirements, including obligations to implement enhanced authentication processes that could result in increased costs and liability, and reduce the ease of use of certain payment methods. For certain payment methods, including credit and debit cards, as well as electronic payment systems, we pay interchange and other fees, which may increase over time. We rely on independent service providers for payment processing, including credit and debit cards. If these independent service providers become unwilling or unable to provide these services to us or if the cost of using these providers increases, our business could be harmed. We are also subject to payment card association operating rules and agreements, including data security rules and agreements, certification requirements and rules governing electronic funds transfers, which could change or be reinterpreted to make it difficult or impossible for us to comply. If we fail to comply with these rules or requirements, or if our data security systems are breached or compromised, we may be liable for losses incurred by card issuing banks or our guests, subject to fines and higher transaction fees, lose our ability to accept credit or debit card payments from our guests, or process electronic fund transfers or facilitate other types of payments. Any failure to comply with the foregoing rules or requirements could harm our brand, reputation, business and results of operations.

***Our business is subject to seasonality.***

Our results are subject to seasonality fluctuations in that services are typically in higher demand in periods leading up to holidays and the summer season. The resulting demand trend yields higher results in the second and fourth quarter of our fiscal year. In addition, our quarterly results may fluctuate significantly, because of several factors, including the timing of center openings, price increases and promotions, and general economic conditions. Seasonal changes may continue to impact the demand for our waxing services and products, leading to continued fluctuations in quarterly results as a result of many factors. Timing of consumer purchases will vary each year and sales can be expected to shift from one quarter to another. In addition, unusual fluctuations in demand for our services and products could reduce our and our franchisees' sales and profit margins, which in turn may materially and adversely affect our business and results of operations.

***Higher health care costs could adversely affect our results of operations.***

Franchisees may, and in certain cases are required to, offer access to health care benefits to certain of their employees and we may offer access to health care benefits to certain of our employees at corporate-operated centers. Changes in legislation, including government-mandated health care benefits under the Patient Protection and Affordable Care Act ("Health Care Reform Act") and changes in market practice may cause us and our franchisees to provide health insurance to employees on terms that differ significantly from those of existing programs, and may increase the cost of health care benefits. Additionally, some states and localities have passed state and local laws mandating the provision of certain levels of health benefits by some employers. We and our franchisees may also be subject to increased health care costs as a result of litigation requiring the payment of additional health care costs.

We continue to review any potential amendments to the Health Care Reform Act to evaluate the potential impact of any amendment on our business, and to accommodate various parts of the laws. Although we cannot currently determine with certainty what long-term impact any such potential amendment will have on us, it is expected that costs will increase over the long term, as well as for franchisees and/or third-party suppliers and service providers. There are no assurances that a combination of cost management and price increases can accommodate all of the costs associated with compliance with the Health Care Reform Act or any potential amendment to such legislation. Increased health care costs could have a material adverse effect on our results of operations, business, and financial condition.

***Insurance coverage may not be adequate, and increased self-insurance and other insurance costs could adversely affect our results of operations.***

We and our franchisees maintain insurance, and these insurance policies may not be adequate to protect us from liabilities that we incur in our business. Certain extraordinary hazards, for example, may not be covered, and insurance may not be available (or may be available only at prohibitively expensive rates) with respect to many other risks. Moreover, any loss incurred could exceed policy limits, and policy payments made to us or our franchisees may not be made on a timely basis. Any such loss or delay in payment could lead to a decline in the sales and operating results of our centers, which could in turn have a material and adverse effect on our revenues, results of operations, business, and financial condition.

In addition, in the future, insurance premiums may increase and we and our franchisees may not be able to obtain similar levels of insurance on reasonable terms, or at all. Although we seek to manage our claims to prevent increases, such increases can occur unexpectedly and without regard to our efforts to limit them. If such increases occur, our centers may be unable to pass them along to our guests through product or service price increases, resulting in decreased profitability, which could have a material adverse effect on our business and results of operations.

In the event that liability to third parties arises, to the extent losses experienced by such third parties are either not covered by the franchisee's or our insurance or exceed the policy limits of the franchisee's or our insurance, such parties could seek to recover their losses from us, whether or not they are legally or contractually entitled to do so, which could increase litigation costs or result in liability for us. Additionally, a substantial unsatisfied judgment could result in the bankruptcy of one or more of our operating entities, which could have a material adverse effect on our results of operations, business, and financial condition.

## **Risks Relating to the Franchisees**

***Nearly all of our centers are owned and operated by franchisees and, as a result, we are highly dependent upon our franchisees.***

While the franchise agreements are designed to maintain brand consistency, the high percentage of our centers owned by franchisees may expose us to risks not otherwise encountered if we had owned and controlled the centers. In particular, we are exposed to the risk of defaults or late payments by franchisees of franchisee payments. Other risks include limitations on enforcement of franchise obligations due to bankruptcy or insolvency proceedings; unwillingness of franchisees to support marketing programs and strategic initiatives; inability to participate in business strategy changes due to financial constraints; inability to meet rent obligations on subleases; failure to operate the centers in accordance with required standards; failure to report sales information accurately; efforts by one or more large franchisees or an organized franchise association to cause poor franchise relations; and failure to comply with quality and safety requirements that result in potential losses even when we are not legally liable for a franchisee's actions or failure to act. Although we believe that our current relationships with franchisees are generally good, there can be no assurance that we will maintain strong franchise relationships. Our dependence on franchisees could adversely affect our business and financial condition, our reputation, and our brands.

***It is important for us and our franchisees to attract, train, and retain talented wax specialists and managers.***

In addition to the guest experience in our centers, guest loyalty is also dependent upon the wax specialists who serve our guests. We have developed a specialized and brand specific training program for our wax specialists. Our ability to hire, train and retain qualified, licensed wax specialists is key to a supportive guest experience that creates repeat visits. In order for our franchisees to profitably grow our business and our brand, it is important to adequately staff our centers. Because the OOH waxing industry is highly fragmented and comprised of many independent operators, the market for wax specialists is typically highly competitive. In addition, increases in minimum wage requirements may impact the number of wax specialists considering careers outside the waxing industry. In some markets, we and our franchisees have experienced a shortage of qualified wax specialists. Offering competitive wages, benefits, education and training programs are important elements to attracting and retaining qualified wax specialists. In addition, we have observed that some wax specialists are not comfortable coming back to the center environment during COVID-19. If our corporate-owned centers or franchisees are not successful in attracting, training and retaining wax specialists or in staffing our centers, our same-store sales or the performance of our franchise business could experience periods of variability or sales could decline and our results of operations could be adversely affected.

***Franchisees are operating entities exposed to risk.***

Franchisees, as operating entities, may be natural persons or legal entities. Under certain of the franchise documents, franchisee entities are not required to be limited-purpose entities, making them potentially subject to business, credit, financial and other risks, which may be unrelated to the operations of our centers. These unrelated risks could materially and adversely affect a franchisee and its ability to make its franchisee payments in full or on a timely basis. A decrease in franchisee payments could have a material adverse effect on our business and results of operations.

***Changes in labor costs, other operating costs, such as commodity costs, interest rates and inflation could adversely affect our results of operations.***

Increases in employee wages, benefits, and insurance and other operating costs such as commodity costs, legal claims, insurance costs and costs of borrowing could adversely affect operations and administrative expenses at our centers. A significant number of the employees at our franchisee and corporate-owned centers are paid at rates impacted by the applicable minimum wage. To the extent implemented, federal, state and local proposals that increase minimum wage requirements or mandate other employee matters could materially increase labor and other costs for our franchisees. Several states in which we operate have approved minimum wage increases that are above the federal minimum wage. As more jurisdictions implement minimum wage increases, we expect our franchisees' labor costs will continue to increase. Operating costs are susceptible to

increases as a result of factors beyond our control, such as weather conditions, natural disasters, disease outbreaks, global demand, product recalls, inflation, civil unrest, tariffs and government regulations.

Any increase in such costs for our centers could reduce our and our franchisees' sales and profit margins if we choose not, or are unable, to pass the increased costs to our guests. In addition, increases in interest rates may impact land and construction costs and the cost and availability of borrowed funds and leased centers, and thereby adversely affect our and our franchisees' ability to finance the development of additional centers and maintenance of existing centers. Inflation can also cause increased commodity, labor and benefits costs which could reduce the profitability of our centers. Increases in labor costs could make it difficult to find new franchisees. Any of the foregoing increases could adversely affect our and our franchisees' business and results of operations.

***We may not be able to retain franchisees or maintain the quality of existing franchisees.***

Many of our franchised centers are heavily reliant on its franchisee, many of whom are individuals who have numerous years of experience addressing a broad range of concerns and issues relevant to its business. We attempt to retain such franchisees by providing them with competitive franchising opportunities. However, we cannot guarantee the retention of any, including the top-performing, franchisees in the future, or that we will maintain the ability to attract, retain, and motivate sufficient numbers of franchisees of the same caliber, and the failure to do so could materially and adversely affect our business and results of operations. In the event a franchisee leaves our franchise and a successor franchisee is not found, or a successor franchisee that is approved is not as successful in operating the center as the former franchisee or franchisee principal, the sales of the center may be impacted and the corresponding royalty and other fees we collect.

The quality of existing franchisee operations may be diminished by factors beyond our control, including franchisees' failure or inability to hire or retain qualified managers, wax specialists, and other personnel or franchisees experiencing financial difficulty, including those franchisees that become over-leveraged. Training of managers, wax specialists, and other personnel may be inadequate. These and other such negative factors could reduce the franchisees' revenues, could impact payments under the franchise documents and could delay a new center's ability to reach profitability in line with our maturation curve, any of which could have a material adverse effect on our business and results of operations.

***Our center development plans under development agreements may not be implemented effectively by franchisees.***

We rely heavily on franchisees to develop our centers. Development involves substantial risks, including the following:

- the availability of suitable locations and terms for potential development sites;
- the availability of prospective franchisees who meet our recruiting criteria;
- the ability of franchisees to fulfill their commitments to build new centers in the numbers and the time frames specified in their development agreements;
- the availability of financing, at acceptable rates and terms, to both franchisees and third-party landlords, for center development;
- delays in obtaining construction permits and in completion of construction;
- developed properties not achieving desired revenue or cash flow levels once opened;
- competition for suitable development sites;
- changes in governmental rules, regulations, and interpretations (including interpretations of the requirements of the ADA); and
- general economic and business conditions.

There is no assurance that franchisees' development and construction of centers will be completed, or that any such development will be completed in a timely manner. There is no assurance that present or future development plans will perform in accordance with expectations.

The opening and success of our centers depend on various factors, including the demand for our centers and the selection of appropriate franchisee candidates, the availability of suitable sites, the negotiation of acceptable lease or purchase terms for new centers, costs of construction, permit issuance and regulatory compliance, the ability to meet construction schedules, the availability of financing and other capabilities of franchisees. There is no assurance that we will be able to identify, recruit or contract with suitable franchisees in our target markets on a timely basis or at all or that selected franchisees planning the opening of centers will have the ability or sufficient access to financial resources necessary to open and operate the centers required by their agreements. It cannot be assured that franchisees will successfully participate in our strategic initiatives or operate centers in a manner consistent with our concepts and standards. If we are unable to recruit suitable franchisees or if franchisees are unable or unwilling to open new centers as planned, our growth may be slower than anticipated, which could materially adversely affect our ability to increase our revenue and our business, financial condition and results of operations.

***Franchisee changes in control may cause complications.***

The franchise documents prohibit “changes in control” of a franchisee without our consent. In the event we provide such consent, there is no assurance that a successor franchisee would be able to perform the former franchisee’s obligations under such franchise documents or successfully operate its franchise. In the event of the death or disability of a franchisee or the principal of a franchisee entity, the personal representative of the franchisee or principal of a franchisee entity may not find an acceptable transferee. In the event that an acceptable successor franchisee is not located, the franchisee would be in default under its franchise documents or otherwise not be able to comply with its obligations under the franchise documents and, among other things, the franchisee’s right to operate its franchise could be terminated. If a successor franchisee is not found, or a successor franchisee that is approved is not as successful in operating the center as the former franchisee or franchisee principal, the sales of the center would be impacted and could adversely impact our business and results of operations.

***We may be liable for certain obligations of our franchisees.***

We and our franchisees offer guests the option to purchase services in pre-paid packages, which may or may not be redeemed later and may be redeemed at a center different from the center of purchase. Our franchise system includes a clearing house process that we control, where amounts received for pre-paid services are applied to the center where the services are redeemed as opposed to where they may have been purchased. If a franchisee that has sold a pre-paid package ceases to operate, we may decide to pay amounts to franchisees at other centers where the package is redeemed to minimize any associated reputational damage. As a result, if multiple franchisees cease to operate, we may face significant payment obligations, which could materially and adversely affect our business and results of operations.

***Franchise documents are subject to termination and non-renewal.***

The franchise documents are subject to termination by us in the event of a default generally after expiration of applicable cure periods. Under certain circumstances, including unauthorized transfer or assignment of the franchise, breach of the confidentiality provisions or health and safety violations, a franchise document may be terminated by the franchisor under the franchise document upon notice without an opportunity to cure. Generally, the default provisions under the franchise documents are drafted broadly and include, among other things, any failure to meet operating standards and actions that may threaten our intellectual property.

In addition, as of December 26, 2020, 153 franchised centers have terms that will expire over the next 12 months. In such cases, the franchisees may renew the franchise term and receive a “successor” franchise agreement for one additional successive term of ten years. Such option, however, is contingent on the franchisee’s execution of our then-current form of franchise agreement (which may include increased franchise royalty rates, marketing fees and other costs or requirements), the satisfaction of certain conditions (including, among other things, compliance with the terms of the existing agreement, the payment of capital expenditures as necessary to maintain uniformity with our then-current standards, and others), compliance with any training requirements and the payment of a renewal fee. If a franchisee is unable or unwilling to satisfy any of the foregoing conditions, such franchisee’s expiring franchise agreement and the related franchisee payments

will terminate upon expiration of the term of the franchise agreement unless we decide to restructure the franchise documents in order to induce such franchisee to renew the franchise agreement.

Terminations or restructurings of franchise documents could reduce franchise payments or require us to incur expenses to solicit and qualify new franchises, which in turn may materially and adversely affect our business and results of operations.

***Our same-store sales and quarterly financial performance may fluctuate for a variety of reasons.***

Our same-store sales and quarterly results of operations have fluctuated in the past and we expect them to continue to fluctuate in the future. A variety of factors affect our same-store sales and quarterly financial performance, including:

- a portion of a typical new center's sales (or sales we make over our e-commerce channels) coming from guests who previously visited our other existing centers;
- the ability of new centers to reach profitability and maturity in line with our and our franchisees' expectations;
- the timing and effectiveness of our marketing and promotional activities and those of our competitors;
- the effects of severe weather events or other natural disasters;
- fluctuations in the cost to us of products and services we sell;
- changes in our merchandising strategy or mix;
- center closures in response to state or local regulations due to the COVID-19 pandemic or other health concerns; and
- worldwide economic conditions and, in particular, the retail sales environment in the United States.

Accordingly, our results for any one fiscal quarter are not necessarily indicative of the results to be expected for any other quarter, and may even decrease, which could have a material adverse effect on our business, financial condition and results of operations.

***Our current centers may become unattractive, and attractive new centers may not be available for a reasonable price, if at all, which could adversely affect our business.***

The success of any of our centers depends in substantial part on its location. There can be no assurance that our current centers will continue to be attractive as demographic patterns and trade areas change. For example, neighborhood or economic conditions where our centers are located could decline in the future, thus resulting in potentially reduced sales. In addition, rising real estate prices in some areas may restrict our ability or our franchisees' ability to purchase or lease new desirable locations. If desirable locations cannot be obtained at reasonable prices, our ability to execute our growth strategies could be adversely affected, and we may be affected by declines in sales as a result of the deterioration of certain locations, each of which could materially and adversely affect our business and results of operations.

***Opening new centers in close proximity may negatively impact our existing centers' revenues and profitability.***

As of March 27, 2021, we and our franchisees operated 808 centers in 44 states and the District of Columbia. We and our franchisees plan to open many new centers in the future, some of which will be in existing markets and may be located in close proximity to centers already in those markets. Although the franchise agreements provide franchisees with varying degrees of exclusive areas and territory exclusivity, these territories may be relatively small, and overall there is a geographic concentration of our centers in certain states, regions and cities. Opening new centers in close proximity to existing centers may attract some guests away from those existing centers, which may lead to diminished revenues and profitability for us and our franchisees rather than increased market share. In addition, as a result of new centers opening in existing markets and because older centers will represent an increasing proportion of our center base over time, our same-store sales increases may be lower in future periods than they have been historically.

Furthermore, economic conditions in particular areas may have a disproportionate impact on our business. Our centers are most concentrated in California, Texas, New York, New Jersey and Florida. No single state accounted for more than 12% of system-wide sales and the top three states represented less than 35% of system-wide sales for the year ended December 26, 2020; however, adverse economic conditions in states, regions or cities that contain a high concentration of our centers could have a material adverse impact on our sales and profit margins in the future, which in turn could materially and adversely affect our business and results of operations.

#### **Risks Relating to our Suppliers and Distributors**

##### ***We depend on a limited number of key suppliers, including international suppliers, to deliver high-quality products at prices similar to historical levels.***

We depend on two key suppliers, Perron Rigot, SAS and Grupo DRV—Phytolab S.L., to provide our proprietary wax to our franchisees and one key supplier, Batallure Beauty LLC, to provide branded retail products to our franchisees. Our success is dependent on, among other things, our continuing ability to offer our services and products at prices similar to historical levels. We currently have a long-term contract with only one of the wax suppliers. Our suppliers may be adversely impacted by economic weakness and uncertainty, such as increased commodity prices, increased fuel costs, tight credit markets and various other factors. In such an environment, our suppliers may seek to change the terms on which they do business with us in order to lessen the impact of any current and future economic challenges on their businesses or may cease or suspend operations. If we are forced to renegotiate the terms upon which we conduct business with our suppliers or find alternative suppliers to provide key products or services, it could adversely impact the profit margins at our and our franchised centers, which in turn could materially and adversely affect our business and results of operations.

Economic weakness and uncertainty may force suppliers to seek financing in order to stabilize their businesses, restructure or cease operations completely. In addition, some of our key suppliers have significant operations overseas outside of the markets in which we operate, which could expose us to events in the countries of those suppliers' operations, including government intervention, increased tariffs and shipping costs and foreign currency fluctuation. For instance, if products from suppliers with overseas operations become subject to tariffs, we may be unable or unwilling to offset the financial impact of these tariffs through price increases to our guests. Moreover, if a key supplier suspends or ceases operations, our remaining suppliers may not be able to cover a potential supply shortfall and meet our supply demands, and we and our franchisees may have difficulty keeping our respective centers fully supplied as a result. If we and our franchisees were forced to suspend one or more services offered to our guests, that could have a significant adverse impact on our sales and profit margins and the royalty revenue we collect from franchisees, which in turn could materially and adversely affect our business and results of operations.

##### ***Changes in supply costs could adversely affect our results of operations.***

The operation of our franchisees and corporate-owned centers requires large quantities of supplies for waxing and the other personal-care services we provide. Our success depends in part on our ability to anticipate and react to changes in supply costs, and we are susceptible to increases in primary and secondary supply costs as a result of factors beyond our control. These factors include general economic conditions, significant variations in supply and demand, seasonal fluctuations, pandemics, weather conditions, fluctuations in the value of currencies in the markets in which we operate, commodity market speculation, changes in raw materials costs and government regulations. Higher supply costs could reduce our profits, which in turn may materially and adversely affect our business and results of operations. This volatility could also cause us and our franchisees to consider changes to our product delivery strategy and result in adverse adjustments to pricing of our services.

##### ***Decreases in our product sourcing revenue could adversely affect our results of operations.***

We supply our franchisees and corporate-owned centers certain products required to operate applicable centers. Our franchisees are required to purchase waxing and other European Wax Center branded products from us. While it is our expectation that we will benefit from product sourcing income and pricing

arrangements, there can be no assurance that such income and arrangements will continue, be renewed or replaced. Our failure to maintain our current product sourcing income could have a material adverse effect on our sales and profit margins, which in turn could materially and adversely affect our business and results of operations. We currently purchase our proprietary wax that is used on-site for services at our centers from two large wax suppliers at negotiated prices based on our scale. Our failure to negotiate beneficial terms in the future could have a material adverse effect on our sales and profit margins. Decreases in the volume of our purchases by or increases in costs of products, labor or shipping could have a material adverse effect on our sales and profit margins.

***Supply chain shortages and interruptions could adversely affect our business.***

We and our franchisees are dependent upon frequent deliveries of wax and other personal-care supplies that meet our quality specifications. Shortages or interruptions in the supply of wax and other personal-care supplies caused by unanticipated demand, problems in production or distribution, acts of terrorism, financial or other difficulties of suppliers, labor actions, inclement weather, natural disasters such as floods, drought and hurricanes, outbreak of disease, including coronavirus and pandemics, or other conditions could adversely affect the availability, quality and cost of supplies for such products, which could lower our revenues, increase operating costs, damage brand reputation and otherwise harm our business and the businesses of our franchisees. Such shortages or interruptions could reduce our sales and profit margins and the royalty revenues we collect from franchisees which in turn may materially and adversely affect our business and results of operations.

***Operational failure at one of the distribution centers that supply our centers would impact our ability to distribute products.***

We rely on three distribution centers to supply our franchisees and corporate-owned centers with retail products to sell and products used during waxing services and pre- and post-treatment services. If there were a technology failure, natural disaster or other catastrophic event that caused one of the distribution centers to be inoperable, it would cause a disruption in our business and could negatively impact our revenues. Furthermore, increases in the cost of storing our products at these distribution centers or delivering products to and from these distribution centers, either as a result of operational changes or otherwise, could materially and adversely affect our profit margins.

**Risks Relating to Intellectual Property**

***We depend on our intellectual property to protect our brands; litigation to enforce or defend our intellectual property rights may be costly.***

Our intellectual property is material to the conduct of our business. Our success depends on our and our franchisees' continued ability to use our intellectual property and on the adequate protection and enforcement of such intellectual property. We rely on a combination of trademarks, service marks, copyrights, patents, trade secrets and similar intellectual property rights to protect our brands. The success of our business strategy depends, in part, on our continued ability to use our existing trademarks and service marks in order to increase brand awareness and further develop our branded services and products in both existing and new markets. There can be no assurance that the steps we take to protect and maintain our rights in our intellectual property will be adequate, or that third parties will not infringe, misappropriate or violate our intellectual property. If any of our efforts to protect our intellectual property is not adequate, or if any third party infringes, misappropriates or violates our intellectual property, the value of our brands may be harmed. As a result, if we are unable to successfully protect, maintain, or enforce our rights in our intellectual property, there could be a material adverse effect on our business and results of operations. Such a material adverse effect could result from, among other things, consumer confusion, dilution of the distinctiveness of our brands, or increased competition from unauthorized users of our brands, each of which may result in decreased revenues and a corresponding decline in profits. In addition, to the extent that we do, from time to time, institute litigation to enforce our intellectual property rights, such litigation could result in substantial costs and diversion of resources and could negatively affect profits, regardless of whether we are able to successfully enforce such rights.

***If franchisees and other licensees do not observe the required quality and trademark usage standards, our brands may suffer reputational damage, which could in turn adversely affect our business.***

We license certain intellectual property to franchisees, advertisers and other third parties. The franchise agreements and other license agreements require that each franchisee or other licensee use our trademarks in accordance with established or approved quality control guidelines and, in addition to supply agreements, subject the franchisees, other licensees and suppliers that provide products to our brands, as applicable, to specified product quality standards and other requirements in order to protect the reputation of our brands and to optimize the performance of our centers. We contractually require that our franchisees and licensees maintain the quality of our brand, however, there can be no assurance that the permitted licensees, including franchisees, advertisers and other third parties, will follow such standards and guidelines, and accordingly their acts or omissions may negatively impact the value of our intellectual property or the reputation of our brands. Noncompliance by these entities with the terms and conditions of the applicable governing franchise or other agreement that pertains to health and safety standards, quality control, product consistency, timeliness or proper marketing or other business practices, may adversely impact the goodwill of our brands. For example, franchisees and other licensees may use our trademarks improperly in communications, resulting in the weakening of the distinctiveness of our brands. Although we monitor and restrict franchisee activities through our franchise agreements, franchisees or third parties may refer to or make statements about our brands that do not make proper use of trademarks or required designations, that improperly alter trademarks or branding, or that are critical of our brands or place our brands in a context that may tarnish their reputation. Franchisees or corporate-owned centers may also produce or receive through the supply chain defective products, which may adversely impact the goodwill of our brands. There can be no assurance that the franchisees or other licensees will not take actions that could have a material adverse effect on our intellectual property.

***We may fail to establish trademark rights in the United States or other foreign jurisdictions.***

Our success depends on our and our franchisees' continued ability to use our trademarks in order to capitalize on our name-recognition, increase awareness of our brands and further develop our brands in the countries in which we operate. We have registered certain trademarks and have other trademark applications pending in the United States and certain foreign jurisdictions. Not all of the trademarks that we use have been registered in all of the countries in which we do business or may do business in the future, and some trademarks may never be registered in all of these countries. Rights in trademarks are generally national in character, and are obtained on a country-by-country basis by the first person to obtain protection through use or registration in that country in connection with specified products and services. Some countries' laws do not protect unregistered trademarks at all, or make them more difficult to enforce, and third parties may have filed for trademarks that are the same, such as for "European Wax Center," "EWC," "Wax Pass" and "STRUT," or similar to our brands in countries where we have not registered our brands as trademarks. Accordingly, we may not be able to adequately protect our brands everywhere in the world and use of our brands may result in liability for trademark infringement, trademark dilution or unfair competition. In addition, the laws of some foreign countries do not protect intellectual property to the same extent as the laws of the United States. All of the steps we have taken to protect our intellectual property in the United States and in foreign countries may not be adequate.

***We may become subject to third-party infringement claims or challenges to IP validity.***

We may in the future become the subject of claims asserted by third parties for infringement, misappropriation or other violation of their intellectual property rights in areas where we or our franchisees operate or where we intend to conduct operations, including in foreign jurisdictions. Such claims, whether or not they have merit, could be time-consuming, cause delays in introducing new products or services, harm our image, our brands, our competitive position or our ability to expand our operations into other jurisdictions and lead to significant costs related to defense or settlement. As a result, any such claim could harm our business and cause a decline in our results of operations and financial condition, which in turn may materially and adversely affect our business and results of operations.

If such claims were decided against us, then we could be required to pay damages, cease offering infringing products or services on short notice, develop or adopt non-infringing products or services, rebrand our

products, services or even our businesses, and we could be required to make costly modifications to advertising and promotional materials or acquire a license to the intellectual property that is the subject of the asserted claim, which license may not be available on acceptable terms or at all. The attendant expenses that we bear could require the expenditure of additional capital, and there would be expenses associated with the defense of any infringement, misappropriation, or other third-party claims, and there could be attendant negative publicity, even if ultimately decided in our favor. In addition, third parties may assert that our intellectual property is invalid or unenforceable. If our rights in any of our intellectual property were invalidated or deemed unenforceable, then third parties could be permitted to engage in competing uses of such intellectual property which, in turn, could lead to a decline in center revenues and sales, and thereby negatively affect our business and results of operations.

***We do not own certain software that is used in operating our business.***

We utilize commercially available third-party software to run point-of-sale, information security and various other key functions. While such software can be replaced, the delay, additional costs, and possible business interruptions associated with obtaining, renewing or extending software licenses or integrating a large number of substitute software programs contemporaneously could adversely impact the operation of our centers, thereby reducing profits and materially and adversely impacting our business and results of operations.

**Risks Relating to Our Organization and Structure**

***We are a holding company and our principal asset after completion of this offering will be our % equity interest in EWC Ventures, and we are accordingly dependent upon distributions from EWC Ventures to pay dividends, if any, and taxes, make payments under the Tax Receivable Agreement and cover other expenses, including our corporate and other overhead expenses.***

We are a holding company and, upon completion of the Reorganization Transactions and this offering, our principal asset will be our ownership of % of the outstanding EWC Ventures Units. See “Our Organizational Structure.” We have no independent means of generating revenue. As the sole managing member of EWC Ventures, we intend to cause EWC Ventures to make distributions to its equityholders, including the General Atlantic Post-IPO Members, the Founder Post-IPO Member, certain other EWC Ventures Post-IPO Members and us, in amounts sufficient to cover all applicable taxes payable by us and any payments we are obligated to make under the Tax Receivable Agreement we intend to enter into as part of the Reorganization Transactions, but we are limited in our ability to cause EWC Ventures to make these and other distributions to us (including for purposes of paying corporate and other overhead expenses) due to potential restrictions in our credit agreement and cash requirements and financial conditions of EWC Ventures.

To the extent that we need funds and EWC Ventures is restricted from making such distributions to us, under applicable law or regulation, as a result of covenants in our debt instruments or otherwise, we may not be able to obtain such funds on terms acceptable to us or at all and as a result could suffer a material adverse effect on our liquidity and financial condition.

Under the Amended and Restated Limited Liability Company Agreement of EWC Ventures, we expect EWC Ventures from time to time to make pro rata distributions in cash to its equityholders, including the General Atlantic Post-IPO Members, the Founder Post-IPO Member, certain other EWC Ventures Post-IPO Members and us, in amounts sufficient to cover taxes on our allocable share of the taxable income of EWC Ventures and payments we are obligated to make under the Tax Receivable Agreement. As a result of (i) potential differences in the amount of net taxable income allocable to us and to EWC Ventures’ other equityholders, (ii) the lower tax rate applicable to corporations than individuals and (iii) the favorable tax benefits that we anticipate from (a) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (b) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies’ allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (c) certain other

tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement, we expect that these cash distributions will be in amounts that exceed our tax liabilities. Our board of directors will determine the appropriate uses for any excess cash so accumulated, which may include, among other uses, the payment of obligations under the Tax Receivable Agreement and the payment of other expenses. We will have no obligation to distribute such cash (or other available cash) to our stockholders. No adjustments to the exchange ratio for EWC Ventures Units and corresponding shares of common stock will be made as a result of any cash distribution by us or any retention of cash by us, and in any event the ratio will remain one-to-one. To the extent we do not distribute such excess cash as dividends on our Class A common stock or otherwise take ameliorative actions between EWC Ventures Units and shares of Class A common stock and instead, for example, hold such cash balances, or lend them to EWC Ventures, this may result in shares of our Class A common stock increasing in value relative to the value of EWC Ventures Units. The holders of EWC Ventures Units may benefit from any value attributable to such cash balances if they acquire shares of Class A common stock in exchange for their EWC Ventures Units, notwithstanding that such holders may previously have participated as holders of EWC Ventures Units in distributions that resulted in such excess cash balances.

***Our organizational structure, including the Tax Receivable Agreement, confers certain benefits upon the EWC Ventures Pre-IPO Members that will not benefit holders of our Class A common stock (other than the EWC Ventures Pre-IPO Members) to the same extent that it will benefit the EWC Ventures Pre-IPO Members.***

Our organizational structure, including the Tax Receivable Agreement, confers certain benefits upon the EWC Ventures Pre-IPO Members that will not benefit the holders of our Class A common stock (other than the EWC Ventures Pre-IPO Members) to the same extent that it will benefit the EWC Ventures Pre-IPO Members. We will enter into the Tax Receivable Agreement with EWC Ventures and the EWC Ventures Pre-IPO Members in connection with the completion of this offering and the Reorganization Transactions, which will provide for the payment by us to the EWC Ventures Pre-IPO Members of 85% of the amount of tax benefits, if any, that we actually realize, or in some circumstances are deemed to realize, in each case, computed using simplifying assumptions to address the impact of state and local taxes, as a result of (i) increases in our allocable share of certain existing tax basis and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies' allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. See "Certain Relationships and Related Party Transactions—Tax Receivable Agreement." Although we will retain 15% of the amount of such tax benefits, this and other aspects of our organizational structure may adversely impact the future trading market for the Class A common stock.

***We are controlled by the General Atlantic Equityholders, whose interests in our business may be different than yours, and certain statutory provisions afforded to stockholders are not applicable to us.***

Based on an assumed initial public offering price of \$ \_\_\_\_\_ per share (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), the General Atlantic Equityholders will control approximately \_\_\_\_\_ % of the combined voting power of our common stock (or \_\_\_\_\_ % if the underwriters exercise their option to purchase additional shares in full) based on an assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus).

The General Atlantic Equityholders will have the ability to substantially control our Company, including the ability to control any action requiring the general approval of our stockholders, including the election of our board of directors, the adoption of amendments to our certificate of incorporation and by-laws and the approval of any merger or sale of substantially all of our assets. This concentration of ownership and voting power may also delay, defer or even prevent an acquisition by a third party or other change of control of our Company and may make some transactions more difficult or impossible without the support of the General

Atlantic Equityholders, even if such events are in the best interests of minority stockholders. This concentration of voting power with the General Atlantic Equityholders may have a negative impact on the price of our Class A common stock.

The General Atlantic Equityholders' interests may not be fully aligned with yours, which could lead to actions that are not in your best interest. Because the General Atlantic Equityholders hold part of their economic interest in our business through EWC Ventures, rather than through the public company, they may have conflicting interests with holders of shares of our Class A common stock. For example, the General Atlantic Equityholders may have different tax positions from us, which could influence their decisions regarding whether and when we should dispose of assets or incur new or refinance existing indebtedness, especially in light of the existence of the Tax Receivable Agreement that we will enter into in connection with this offering, and whether and when we should undergo certain changes of control within the meaning of the Tax Receivable Agreement or terminate the Tax Receivable Agreement. In addition, the structuring of future transactions may take into consideration these tax or other considerations even where no similar benefit would accrue to us. See "Certain Relationships and Related Party Transactions—Tax Receivable Agreement." In addition, the General Atlantic Equityholders' significant ownership in us and resulting ability to effectively control us may discourage someone from making a significant equity investment in us, or could discourage transactions involving a change in control, including transactions in which you as a holder of shares of our Class A common stock might otherwise receive a premium for your shares over the then-current market price.

We have opted out of Section 203 of the General Corporation Law of the State of Delaware (the "Delaware General Corporation Law"); however, our amended and restated certificate of incorporation prohibits us from engaging in a business combination transaction with an interested stockholder for a period of three years after the interested stockholder became such unless the transaction fits within an applicable exemption, such as board approval of the business combination or the transaction which resulted in such stockholder becoming an interested stockholder. Such restrictions shall not apply to any business combination between General Atlantic and any affiliate thereof or their direct and indirect transferees, on the one hand, and us, on the other. Therefore, after the 180-day lock-up period expires, the General Atlantic Equityholders will be able to transfer control of us to a third party by transferring their shares of our common stock (subject to certain restrictions and limitations), which would not require the approval of our board of directors or our other stockholders.

For additional information regarding the share ownership of, and our relationship with, the General Atlantic Equityholders, you should read the information under the headings "Principal and Selling Stockholders" and "Certain Relationships and Related Party Transactions."

***Our amended and restated certificate of incorporation will contain a provision renouncing our interest and expectancy in certain corporate opportunities, which could adversely affect our business or prospects.***

Our amended and restated certificate of incorporation will provide that, to the fullest extent permitted by law, the doctrine of "corporate opportunity" will not apply against the General Atlantic Equityholders, any of our non-employee directors or any of their respective affiliates in a manner that would prohibit them from investing in competing businesses, even if the opportunity is one that we might reasonably have pursued or had the ability or desire to pursue if granted the opportunity to do so. To the extent that the General Atlantic Equityholders, our non-employee directors or any of their respective affiliates invests in other businesses, they may have differing interests than our other stockholders. See "Certain Relationships and Related Party Transactions."

As a result, the General Atlantic Equityholders, any of our non-employee directors or any of their respective affiliates may become aware, from time to time, of certain business opportunities, such as acquisition opportunities, and may direct such opportunities to other businesses in which they have invested, in which case we may not become aware of or otherwise have the ability to pursue such opportunity. Further, such businesses may choose to compete with us for these opportunities. As a result, by renouncing our interest and expectancy in any business opportunity that may be from time to time presented to any member of the General Atlantic Equityholders, any of our non-employee directors or any of their respective affiliates, our business or prospects could be adversely affected if attractive business opportunities are procured by such parties for their own benefit rather than for ours.

***We will be exempt from certain corporate governance requirements since we will be a “controlled company” within the meaning of the Exchange rules, and as a result our stockholders will not have the protections afforded by these corporate governance requirements.***

The General Atlantic Equityholders will collectively continue to control more than 50% of our combined voting power upon the completion of this offering. As a result, we will be considered a “controlled company” for the purposes of Exchange rules and corporate governance standards, and therefore we will be permitted to elect not to comply with certain Exchange corporate governance requirements, including those that would otherwise require our board of directors to have a majority of independent directors and require that we either establish a Compensation and Nominating and Governance Committees, each comprised entirely of independent directors, or otherwise ensure that the compensation of our executive officers and nominees for directors are determined or recommended to the board of directors by the independent members of the board of directors. Accordingly, holders of our Class A common stock will not have the same protections afforded to stockholders of companies that are subject to all of the Exchange rules and corporate governance standards, and the ability of our independent directors to influence our business policies and affairs may be reduced. See “Management—Controlled Company.”

***We will be required to pay the EWC Ventures Pre-IPO Members for certain tax benefits we may claim, and the amounts we may pay could be significant.***

In connection with the Reorganization Transactions, we will acquire existing equity interests in EWC Ventures from an affiliate of General Atlantic in the Mergers. The Mergers will result in our succeeding to certain valuable tax attributes held by the General Atlantic affiliate. In addition, as described under “Use of Proceeds,” we intend to use a portion of the net proceeds from this offering to purchase EWC Ventures Units and corresponding shares of Class B common stock from certain EWC Ventures Post-IPO Members, including the General Atlantic Post-IPO Members. These acquisitions of interests in EWC Ventures will result in tax basis adjustments to the assets of EWC Ventures that will be allocated to us and our subsidiaries. In addition, future exchanges by the EWC Ventures Post-IPO Members of EWC Ventures Units and corresponding shares of Class B common stock for shares of our Class A common stock are expected to produce favorable tax attributes. These tax attributes would not be available to us in the absence of those transactions. Both the existing and anticipated tax basis adjustments are expected to reduce the amount of tax that we would otherwise be required to pay in the future.

Prior to the completion of this offering, we will enter into the Tax Receivable Agreement that provides for the payment by us to the EWC Ventures Pre-IPO Members of 85% of the benefits, if any, that we realize, or are deemed to realize (calculated using certain assumptions), as a result of (i) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies’ allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. There is significant existing tax basis in the assets of EWC Ventures as a result of the prior acquisition of interests in EWC Ventures by the General Atlantic Equityholders, and subsequent redemptions, exchanges or purchases of EWC Ventures Units (in connection with or after this offering) are expected to result in increases in the tax basis of the assets of EWC Ventures. The existing tax basis, increases in existing tax basis and tax basis adjustments generated over time may increase (for tax purposes) the depreciation and amortization deductions available to us and, therefore, may reduce the amount of U.S. federal, state and local tax that we would otherwise be required to pay in the future. Actual tax benefits realized by us may differ from tax benefits calculated under the Tax Receivable Agreement as a result of the use of certain assumptions in the Tax Receivable Agreement, including the use of an assumed weighted-average state and local income tax rate to calculate tax benefits. This payment obligation is an obligation of European Wax Center and not of EWC Ventures.

With respect to future redemptions, exchanges and purchases, the ability to achieve benefits from any existing tax basis, the actual increase in tax basis or other tax attributes, as well as the amount and timing of any payments under the agreement, will vary depending upon a number of factors, including the timing of redemptions, exchanges or purchases by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) and purchases or redemptions of EWC Ventures Units and corresponding shares of Class B common stock from EWC Ventures Pre-IPO Members (or their transferees or other assignees), the price of our Class A common stock at the time of the redemption, exchange or purchase, the extent to which such redemptions, exchanges or purchases are taxable, the amount and timing of the taxable income we generate in the future and the tax rate then applicable and the portion of our payments under the Tax Receivable Agreement constituting imputed interest.

The payments we will be required to make under the Tax Receivable Agreement could be substantial. Although estimating the amount and timing of payments that may become due under the Tax Receivable Agreement is by its nature imprecise, we expect that, as a result of (i) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures, and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies' allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. Assuming no material changes in the relevant tax law and that we earn sufficient taxable income to realize in full the potential tax benefit described above, we estimate that payments under the Tax Receivable Agreement would aggregate to approximately \$            million over 15 years from the date of the completion of this offering, based on an assumed initial public offering price of \$            per share of Class A common stock, the midpoint of the estimated price range set forth on the cover page of this prospectus and assuming all future Share Exchanges and Cash Exchanges would occur on the date of this offering. The payments under the Tax Receivable Agreement are not conditioned upon the EWC Ventures Pre-IPO Members' continued ownership of us. The actual amounts we will be required to pay may materially differ from these hypothetical amounts, because potential future tax savings that we will be deemed to realize, and the Tax Receivable Agreement payments made by us, will be calculated based in part on the market value of our Class A common stock at the time of each Share Exchange or Cash Exchange and the prevailing applicable federal tax rate (plus the assumed combined state and local tax rate) applicable to us over the life of the Tax Receivable Agreement and will depend on our generating sufficient taxable income to realize the tax benefits that are subject to the Tax Receivable Agreement.

Finally, because we are a holding company with no operations of our own, our ability to make payments under the Tax Receivable Agreement is dependent on the ability of our subsidiaries to make distributions to us. We expect the Senior Secured Credit Facility may restrict the ability of our subsidiaries to make distributions to us, which could affect our ability to make payments under the Tax Receivable Agreement. We currently expect to fund these payments from cash flow from operations generated by our subsidiaries as well as from excess tax distributions that we receive from our subsidiaries. To the extent we are unable to make payments under the agreement for any reason (including because our credit agreement restricts the ability of our subsidiaries to make distributions to us), under the terms of the Tax Receivable Agreement such payments will be deferred and accrue interest until paid. If we are unable to make payments due to insufficient funds, such payments may be deferred indefinitely while accruing interest until paid, which could negatively impact our results of operations and could also affect our liquidity in future periods in which such deferred payments are made.

***We will not be reimbursed for any payments made to EWC Ventures Pre-IPO Members (or their transferees or assignees) under the Tax Receivable Agreement in the event that any tax benefits are disallowed.***

Payments under the Tax Receivable Agreement will be based on the tax reporting positions that we determine, and the IRS, or another tax authority may challenge all or part of the tax basis increases or other tax benefits we claim, as well as other related tax positions we take, and a court could sustain such challenge. Although we

are not aware of any issue that would cause the IRS to challenge the tax basis increases or other benefits arising under the Tax Receivable Agreement, if the outcome of any such challenge would reasonably be expected to materially affect a recipient's payments under the Tax Receivable Agreement, then we will not be permitted to settle such challenge without the consent (not to be unreasonably withheld or delayed) of the EWC Ventures Pre-IPO Members. The interests of the EWC Ventures Pre-IPO Members in any such challenge may differ from or conflict with our interests and your interests, and the EWC Ventures Pre-IPO Members may exercise their consent rights relating to any such challenge in a manner adverse to our interests and your interests. We will not be reimbursed for any cash payments previously made to the EWC Ventures Pre-IPO Members (or their transferees or assignees) under the Tax Receivable Agreement in the event that any tax benefits initially claimed by us and for which payment has been made to the EWC Ventures Pre-IPO Members (or their transferees or assignees) are subsequently challenged by a taxing authority and are ultimately disallowed. Instead, any excess cash payments made by us to the EWC Ventures Pre-IPO Members (or their transferees or assignees) will be netted against any future cash payments that we might otherwise be required to make to the EWC Ventures Pre-IPO Members (or their transferees or assignees) under the terms of the Tax Receivable Agreement. However, we might not determine that we have effectively made an excess cash payment to the EWC Ventures Pre-IPO Members (or its transferee or assignee) for a number of years following the initial time of such payment and, if any of our tax reporting positions are challenged by a taxing authority, we will not be permitted to reduce any future cash payments under the Tax Receivable Agreement until any such challenge is finally settled or determined. Moreover, the excess cash payments we previously made under the Tax Receivable Agreement could be greater than the amount of future cash payments against which we would otherwise be permitted to net such excess. The applicable U.S. federal income tax rules for determining applicable tax benefits we may claim are complex and factual in nature, and there can be no assurance that the IRS, any other taxing authority or a court will not disagree with our tax reporting positions. As a result, payments could be made under the Tax Receivable Agreement significantly in excess of any tax savings that we realize in respect of the tax attributes with respect to the EWC Ventures Pre-IPO Members (or their transferees or assignees) that are the subject of the Tax Receivable Agreement.

***In certain cases, payments under the Tax Receivable Agreement to the EWC Ventures Pre-IPO Members may be accelerated or significantly exceed any actual benefits we realize in respect of the tax attributes subject to the Tax Receivable Agreement.***

The Tax Receivable Agreement will provide that in the case of a change in control of EWC Ventures or the material breach of our obligations under the Tax Receivable Agreement, we are required to make a payment to the EWC Ventures Pre-IPO Members in an amount equal to the present value of future payments (calculated using a discount rate equal to the lesser of (i) 6.5% per annum and (ii) one year LIBOR (or its successor rate) plus 100 basis points, which may differ from our, or a potential acquirer's, then-current cost of capital) under the Tax Receivable Agreement, which payment would be based on certain assumptions, including those relating to our future taxable income. In these situations, our obligations under the Tax Receivable Agreement could have a substantial negative impact on our, or a potential acquirer's, liquidity and could have the effect of delaying, deferring, modifying or preventing certain mergers, asset sales, other forms of business combinations or other changes of control. These provisions of the Tax Receivable Agreement may result in situations where the EWC Ventures Pre-IPO Members (or their transferees and assignees) have interests that differ from or are in addition to those of our other stockholders. In addition, we could be required to make payments under the Tax Receivable Agreement that are substantial and in excess of our, or a potential acquirer's, actual cash savings in income tax. There can be no assurance that we will be able to fund or finance our obligations under the Tax Receivable Agreement. We may need to incur debt to finance payments under the Tax Receivable Agreement to the extent our cash resources are insufficient to meet our obligations under the Tax Receivable Agreement as a result of timing discrepancies or otherwise.

Decisions we make in the course of running our business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments made under the Tax Receivable Agreement. For example, the earlier disposition of assets following a redemption of EWC Ventures Units may accelerate payments under the Tax Receivable Agreement and increase the present value of such payments, and the disposition of assets before a redemption of EWC Ventures Units may increase the tax liability of EWC Ventures Pre-IPO Members (or their transferees or assignees) without giving rise to any rights to receive payments under the Tax Receivable Agreement. Such

effects may result in differences or conflicts of interest between the interests of EWC Ventures Pre-IPO Members (or their transferees or assignees) and the interests of other stockholders.

### **Risks Relating to this Offering and Our Class A Common Stock**

#### ***Our stock price may be volatile, and the value of our Class A common stock may decline.***

The market price of our Class A common stock may be highly volatile and may fluctuate or decline substantially as a result of a variety of factors, some of which are beyond our control, including:

- actual or anticipated fluctuations in our financial condition or results of operations;
- variance in our financial performance from expectations of securities analysts;
- changes in the pricing of our products and platform;
- changes in our projected operating and financial results;
- changes in laws or regulations applicable to our platform and products;
- announcements by us or our competitors of significant business developments, acquisitions, or new offerings;
- significant data breaches, disruptions to or other incidents involving our software;
- our involvement in litigation
- future sales of our Class A common stock by us or our stockholders, as well as the anticipation of lock-up releases;
- changes in senior management or key personnel;
- the trading volume of our common stock;
- changes in the anticipated future size and growth rate of our market; and
- general economic and market conditions.

Broad market and industry fluctuations, as well as general economic, political, regulatory, and market conditions including those related to the recent COVID-19 pandemic, may also negatively impact the market price of our Class A common stock. The continued spread of COVID-19, including new variants of the virus and spikes in cases in the areas where we operate, could result in material adverse changes in our results of operations for an unknown period of time.

Furthermore, recently, the stock market has experienced significant price and volume fluctuations. This volatility has had a significant impact on the market price of securities issued by many companies, including companies in our industry. The changes frequently appear to occur without regard to the operating performance of the affected companies. As such, the price of our Class A common stock could fluctuate based upon factors that have little or nothing to do with us, and these fluctuations could materially reduce the price of our Class A common stock and materially affect the value of your investment.

#### ***We cannot predict the effect our dual-class structure may have on the market price of our Class A common stock.***

We cannot predict whether our dual-class structure will result in a lower or more volatile market price of our Class A common stock, in adverse publicity or other adverse consequences. For example, certain index providers have announced restrictions on including companies with dual-class share structures in certain of their indexes. S&P, Dow Jones and FTSE Russell have each announced changes to their eligibility criteria for inclusion of shares of public companies on certain indices, including the S&P 500. These changes exclude companies with multiple classes of shares of common stock from being added to these indices. In addition, several stockholder advisory firms have announced their opposition to the use of multiple class structures. As a result, the dual-class structure of our capital stock may prevent the inclusion of our Class A common stock in these indices and may cause stockholder advisory firms to publish negative commentary about our corporate governance practices or otherwise seek to cause us to change our capital structure. Any such exclusion from indices could result in a less active trading market for our Class A common stock. Any actions

or publications by stockholder advisory firms critical of our corporate governance practices or capital structure could also adversely affect the trading price of our Class A common stock.

***Substantial future sales of shares of our Class A common stock in the public market could cause our stock price to fall.***

Upon the consummation of this offering, we will have \_\_\_\_\_ shares of Class A common stock outstanding, or \_\_\_\_\_ shares of Class A common stock if the underwriters exercise their option to purchase additional shares of Class A common stock in full, excluding \_\_\_\_\_ shares of Class A common stock underlying the IPO Equity Grants and, based on an assumed initial public offering price of \$ \_\_\_\_\_ per share (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), \_\_\_\_\_ shares of Class A common stock issuable upon potential exchanges and/or conversions. Of these shares of Class A common stock, the \_\_\_\_\_ shares of Class A common stock sold in this offering, or \_\_\_\_\_ shares of Class A common stock if the underwriters exercise their option to purchase additional shares of Class A common stock in full, will be freely tradable without further restriction under the Securities Act. Upon the completion of this offering, the remaining outstanding shares of Class A common stock, including \_\_\_\_\_ shares of Class A common stock issuable upon exchange and/or conversion, or \_\_\_\_\_ shares of Class A common stock if the underwriters exercise their option to purchase additional shares of Class A common stock in full, will be deemed “restricted securities,” as that term is defined under Rule 144 of the Securities Act. Immediately following the consummation of this offering, the holders of these remaining shares of our Class A common stock, including shares of Class A common stock issuable upon exchange or conversion as described above, or \_\_\_\_\_ shares of Class A common stock if the underwriters exercise their option to purchase additional shares of Class A common stock in full, will be entitled to dispose of their shares following the expiration of an initial 180-day underwriter “lock-up” period pursuant to (i) the applicable holding period, volume and other restrictions of Rule 144 or (ii) another exemption from registration under the Securities Act. See “Shares Available for Future Sale.”

As restrictions on resale pursuant to the lock-up agreements end, the market price of our Class A common stock could decline if holders of restricted shares sell them or are perceived by the market as intending to sell them. The representatives of the underwriters may, at any time and without notice, release all or any portion of the Class A common stock subject to the foregoing lock-up agreements. If the restrictions under the lock-up agreements are waived, our Class A common stock will be available for sale into the market, which could reduce the market value for our Class A common stock.

We intend to file a registration statement under the Securities Act registering shares of our Class A common stock reserved for issuance under the 2021 Omnibus Incentive Plan, and we will enter into the Registration Rights Agreement pursuant to which we will grant demand and piggyback registration rights to the General Atlantic Equityholders and the Founder Post-IPO Member and piggyback registration rights to certain of the other EWC Ventures Post-IPO Members. See “Shares Available for Future Sale” for a more detailed description of the shares that will be available for future sale upon completion of this offering.

***Failure to establish and maintain effective internal control over financial reporting could have a material adverse effect on our business, financial condition, results of operations and stock price.***

Neither our management nor an independent registered public accounting firm has ever performed an evaluation of our internal controls over financial reporting in accordance with the provisions of the Sarbanes-Oxley Act of 2002 because no such evaluation has been required. We will be required, pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 (“Section 404”) to furnish a report by management on, among other things, the effectiveness of our internal controls over financial reporting for the fiscal year ending December 31, 2022. In addition, our independent registered public accounting firm will be required to attest to the effectiveness of our internal controls over financial reporting in our first annual report required to be filed with the SEC following the date we are no longer an “emerging growth company.” We have recently commenced the costly and challenging process of compiling the system and processing documentation necessary to perform the evaluation needed to comply with Section 404, but we may not be able to complete our evaluation, testing and any required remediation in a timely fashion once initiated. Our compliance with Section 404 will require that we incur substantial expenses and expend significant management efforts. We will need to hire additional accounting and financial staff with appropriate public company experience and

technical accounting knowledge and compile the system and process documentation necessary to perform the evaluation needed to comply with Section 404.

During the evaluation and testing process of our internal controls, if we identify one or more material weaknesses in our internal controls over financial reporting, we will be unable to certify that our internal controls over financial reporting is effective. A material weakness is a deficiency, or combination of deficiencies, in internal controls over financial reporting, such that there is a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis.

We cannot assure you that the measures we have taken to date, and actions we may take in the future, will prevent or avoid potential future material weaknesses in our internal controls over financial reporting in the future. Any failure to maintain internal controls over financial reporting could severely inhibit our ability to accurately report our financial condition or results of operations. If we are unable to conclude that our internal controls over financial reporting is effective, or if our independent registered public accounting firm determines we have a material weakness or significant deficiency in our internal controls over financial reporting, we could lose investor confidence in the accuracy and completeness of our financial reports, the market price of our common stock could decline, and we could be subject to sanctions or investigations by the SEC or other regulatory authorities. Failure to remedy any material weakness in our internal controls over financial reporting, or to implement or maintain other effective control systems required of public companies, could also restrict our future access to the capital markets.

In addition, we do not currently have an internal audit function. In order to implement any such function, we will need to hire additional personnel. If we are unable to hire additional personnel to support our internal accounting and audit functions, our ability to report our results of operations on a timely and accurate basis could be impaired and we could suffer adverse regulatory consequences or violate listing standards. There could also be a negative reaction in the financial markets due to a loss of investor confidence in us and the reliability of our financial statements, which could have an adverse effect on our business, financial condition and results of operations.

***Certain of our key operating metrics are subject to inherent challenges in measurement, and any real or perceived inaccuracies in our metrics or the underlying data may cause a loss of investor confidence in such metrics and the market price of our Class A common stock may decline.***

We track certain key operating metrics using internal data analytics tools, which have certain limitations. In addition, we rely on data received from third parties, including third-party platforms, to track certain performance indicators, and we may be limited in our ability to verify such data. In addition, our methodologies for tracking metrics may change over time, which could result in changes to the metrics we report. If we undercount or overcount performance due to the internal data analytics tools we use or issues with the data received from third parties, or if our internal data analytics tools contain algorithmic or other technical errors, the data we report may not be accurate or comparable with prior periods. In addition, limitations, changes or errors with respect to how we measure data may affect our understanding of certain details of our business, which could affect our longer-term strategies. If our performance metrics are not, or are not perceived to be, accurate representations of our business, if we discover material inaccuracies in our metrics or the data on which such metrics are based, or if we can no longer calculate any of our key performance metrics with a sufficient degree of accuracy, investors could lose confidence in the accuracy and completeness of such metrics, which could cause the price of our Class A common stock to decline.

***We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our Class A common stock less attractive to investors.***

We expect to qualify as an “emerging growth company” under the JOBS Act. As a result, we are permitted to, and intend to, rely on exemptions from certain disclosure requirements. As a result, our consolidated financial statements may not be comparable to the financial statements of issuers who are required to comply with the effective dates for new or revised accounting standards that are applicable to public companies, which may make our Class A common stock less attractive to investors. For so long as we are an emerging growth company, we will not be required to:

- provide an auditor attestation and report with respect to management’s assessment of the effectiveness of our internal controls over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002;
- comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (i.e., an auditor discussion and analysis); and
- submit certain executive compensation matters to stockholder advisory votes, such as “say-on-pay” and “say-on-frequency,” and disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the Chief Executive Officer’s compensation to median employee compensation.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have elected to take advantage of this extended transition period and therefore will not be subject to the same new or revised accounting standards as other public companies that are not emerging growth companies.

We will remain an “emerging growth company” for up to five years, or until the earliest of (i) the last day of the first fiscal year in which our total annual gross revenues exceed \$1.07 billion, (ii) the date that we become a “large accelerated filer” as defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which would occur if the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the last business day of our most recently completed second fiscal quarter or (iii) the date on which we have issued more than \$1 billion in non-convertible debt during the preceding three-year period.

Until such time, however, we cannot predict if investors will find our Class A common stock less attractive because we may rely on these exemptions. If some investors find our Class A common stock less attractive, there may be a less active trading market for our Class A common stock and our stock price may be more volatile.

***We do not expect to pay any cash dividends in the foreseeable future.***

The terms of existing or future debt agreements may preclude us from paying dividends. In addition, we intend to retain our future earnings, if any, to fund the development and growth of our business and repay outstanding debt. Our Senior Secured Credit Facility contains, and any future indebtedness likely will contain, restrictive covenants that impose significant operating and financial restrictions on us, including restrictions on our ability to pay dividends and make other restricted payments. Any determination to pay dividends in the future will be at the discretion of our board of directors. As a result, capital appreciation, if any, of our Class A common stock may be your sole source of gain for the foreseeable future. Therefore, you may not be able to realize any return on your investment in our Class A common stock for an extended period of time, if at all. For more information, see “Dividend Policy.”

***Provisions in our charter documents may delay or prevent our acquisition by a third party.***

Certain provisions of Delaware law and our amended and restated certificate of incorporation and amended and restated by-laws will contain several provisions that may make it more difficult or expensive for a third party to acquire control of us without the approval of our board of directors. These provisions, which may delay, prevent or deter a merger, acquisition, tender offer, proxy contest or other transaction that stockholders may consider favorable, include the following, some of which may only become effective when the General Atlantic Equityholders or any of their affiliates or permitted transferees no longer collectively beneficially own shares representing 50% of our issued and outstanding common stock (the “50% Triggering Event”), and some of which may only become effective when the General Atlantic Equityholders or any of their affiliates or permitted transferees no longer collectively beneficially own shares representing 40% of our issued and outstanding common stock (the “40% Triggering Event”):

- the division of our board of directors into three classes and the election of each class for three-year terms;
- the sole ability of the board of directors to fill a vacancy created by the expansion of the board of directors;
- advance notice requirements for stockholder proposals and director nominations;
- after the 40% Triggering Event, provisions limiting stockholders' ability to call special meetings of stockholders, to require special meetings of stockholders to be called and to take action by written consent;
- after the 40% Triggering Event, in certain cases, the approval of holders of at least 66 2/3% of the shares entitled to vote generally on the making, alteration, amendment or repeal of our amended and restated certificate of incorporation or amended and restated by-laws will be required to adopt, amend or repeal our amended and restated by-laws, or amend or repeal certain provisions of our amended and restated certificate of incorporation;
- after the 50% Triggering Event, the required approval of holders of at least 66 2/3% of the shares entitled to vote at an election of the directors to remove directors, which removal may only be for cause; and
- the ability of our board of directors to designate the terms of and issue new series of preferred stock without stockholder approval, which could be used, among other things, to institute a rights plan that would have the effect of significantly diluting the stock ownership of a potential hostile acquirer, likely preventing acquisitions that have not been approved by our board of directors.

These provisions of our amended and restated certificate of incorporation and amended and restated by-laws could discourage potential takeover attempts and reduce the price that investors might be willing to pay for shares of our Class A common stock in the future, which could reduce the market price of our Class A common stock.

In addition, we have opted out of Section 203 of the Delaware General Corporation Law, but our amended and restated certificate of incorporation provides that engaging in any of a broad range of business combinations with any "interested" stockholder (any stockholder with 15% or more of our voting stock) for a period of three years following the date on which the stockholder became an "interested" stockholder is prohibited, subject to certain exceptions. For example, such restrictions shall not apply to any business combination between General Atlantic and any affiliate thereof or their direct and indirect transferees, on the one hand, and us, on the other. For more information, see "Description of Capital Stock."

***We may issue preferred stock whose terms could adversely affect the voting power or value of our Class A common stock.***

Our amended and restated certificate of incorporation will authorize us to issue, without the approval of our stockholders, one or more classes or series of preferred stock having such designations, preferences, limitations and relative rights, including preferences over our Class A common stock respecting dividends and distributions, as our board of directors may determine. The terms of one or more classes or series of preferred stock could adversely impact the voting power or value of our Class A common stock. For example, we might grant holders of preferred stock the right to elect some number of our directors in all events or on the happening of specified events or the right to veto specified transactions. Similarly, the repurchase or redemption rights or liquidation preferences we might assign to holders of preferred stock could affect the residual value of the Class A common stock.

***No public market for our common stock currently exists, and an active public trading market may not develop or be sustained following this offering.***

Prior to this offering, there has been no public market for our Class A common stock, and an active trading market may not develop or be sustained upon the completion of this offering. If an active market does not develop or is not maintained, the market price of our Class A common stock may decline and you may not be able to sell your shares. The initial public offering price of the Class A common stock offered hereby was

determined through our negotiations among us, the selling stockholders, and the underwriters and may not be indicative of the market price of the Class A common stock after this offering. The market price of our Class A common stock after this offering will be subject to significant fluctuations in response to, among other factors, variations in our operating results and market conditions specific to our business.

***Because the initial public offering price per share of Class A common stock is substantially higher than our book value per share, purchasers in this offering will immediately experience a substantial dilution in net tangible book value.***

Purchasers of our Class A common stock will experience immediate and substantial dilution in net tangible book value per share from the initial public offering price per share. After giving effect to the Reorganization Transactions, our entry into the Tax Receivable Agreement, the sale of the shares of Class A common stock we have offered hereby (after deducting underwriting discounts and commissions and estimated offering expenses payable by us) and the application of the net proceeds therefrom, our pro forma net tangible book value as of December 26, 2020, would have been a deficit of \$        million, or \$(        ) per share of Class A common stock (assuming that the EWC Ventures Post-IPO Members complete Share Exchanges for all of their EWC Ventures Units and corresponding shares of Class B common stock). This value represents an immediate dilution in net tangible book value of \$        per share to new investors purchasing shares of our Class A common stock in this offering. A calculation of the dilution purchasers will incur is provided below under “Dilution.”

***We will incur increased costs as a result of operating as a public company, and our management will be required to devote substantial time to compliance with our public company responsibilities and corporate governance practices.***

As a public company, we will incur significant levels of legal, accounting and other expenses that we did not incur as a privately owned corporation, which we expect to further increase after we are no longer an “emerging growth company”. Sarbanes-Oxley Act of 2002, the Dodd-Frank Wall Street Reform and Consumer Protection Act and related rules of the SEC, together with the listing requirements of the Exchange, impose significant requirements relating to disclosure controls and procedures and internal control over financial reporting for public companies. We expect that compliance with these public company requirements will increase our costs, require additional resources and make some activities more time consuming than they have been in the past when we were privately owned. We will be required to expend considerable time and resources complying with public company regulations. In addition, these laws and regulations could make it more difficult or costly for us to obtain certain types of insurance, including director and officer liability insurance, and we may be forced to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. In addition, these laws and regulations could make it more difficult for us to attract and retain qualified persons to serve on our board of directors or as executive officers and may divert management’s attention. Furthermore, if we are unable to satisfy our obligations as a public company, we could be subject to delisting of our Class A common stock, fines, sanctions and other regulatory actions.

***If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about us or our business, or publish projections for our business that exceed our actual results, our stock price and trading volume could decline.***

The trading market for our Class A common stock may be affected by the research and reports that securities or industry analysts publish about us or our business. We do not currently have, and may never obtain, research coverage by securities and industry analysts. If no securities or industry analysts commence coverage of our Company, the trading price for our Class A common stock and the trading volume could decline. In the event we obtain securities or industry analyst coverage, if one or more of the analysts who covers us downgrades our Class A common stock or publishes inaccurate or unfavorable research about our business, our stock price could decline. In addition, if we obtain analyst coverage, the analysts’ projections may have little or no relationship to the results we actually achieve and could cause our stock price to decline if we fail to meet their projections. If one or more of these analysts ceases coverage of us or fails to publish reports on us regularly, our stock price or trading volume could decline.

***Our amended and restated certificate of incorporation will provide that certain courts in the State of Delaware or the federal district courts of the United States for certain types of lawsuits will be the sole and exclusive forum for substantially all disputes between us and our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or employees.***

Our amended and restated certificate of incorporation, as will be in effect upon the completion of this offering, will provide that, unless we consent in writing to the selection of an alternative forum and subject to certain exceptions, to the fullest extent permitted by law, the Court of Chancery of the State of Delaware is the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, employees or stockholders to us or our stockholders, creditors, or other constituents, (iii) any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law or of our amended and restated certificate of incorporation or our amended and restated by-laws (as either may be amended and/or restated from time to time), or (iv) any action asserting a claim against us or any of our directors or officers that is governed by the internal affairs doctrine. The exclusive forum provision provides that it will not apply to claims arising under the Securities Act, the Exchange Act or other federal securities laws for which there is exclusive federal or concurrent federal and state jurisdiction. Unless we consent in writing to the selection of an alternative forum, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act, the Exchange Act or such other federal securities laws.

Although we believe this exclusive forum provision benefits us by providing increased consistency in the application of Delaware law and federal securities laws in the types of lawsuits to which each applies, the choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers, other employees or stockholders, which may discourage such lawsuits against us and our directors, officers, other employees or stockholders. However, the enforceability of similar forum provisions in other companies' certificates of incorporation has been challenged in legal proceedings. If a court were to find the exclusive choice of forum provision contained in our amended and restated certificate of incorporation to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could materially adversely affect our business, financial condition and results of operations.

## OUR ORGANIZATIONAL STRUCTURE

### Structure Prior to the Reorganization Transactions

We and our predecessors have been in the OOH waxing service business for approximately 17 years. We currently conduct our business through EWC Ventures and its subsidiaries.

Prior to the commencement of the Reorganization Transactions, EWC Ventures had limited liability company interests outstanding in the form of Class A Units, Class B Units, Class C and Class D Units.

The following diagram depicts EWC Ventures' organizational structure prior to the Reorganization Transactions. This chart is provided for illustrative purposes only and does not purport to represent all legal entities within EWC Ventures' organizational structure.

### Class A Units, Class B Units, Class C and Class D Units

Prior to the consummation of the Reorganization Transactions described below and this offering, all of EWC Ventures' outstanding equity interests, consisting of its Class A Units, Class B Units, Class C Units and Class D Units, were owned by the following persons, to whom we refer collectively as the "EWC Ventures Pre-IPO Members":

- the General Atlantic Pre-IPO Member, which is an affiliate of General Atlantic;
- EWC Founder Holdco, which is an entity controlled by one of our founders, David Coba;
- EWC Management Holdco, an entity managed by affiliates of General Atlantic, whose equityholders consist of certain current and former members of management of EWC Ventures. Certain of the equity interests held by EWC Management Holdco are subject to vesting restrictions; and
- certain other pre-IPO investors.

### **The Reorganization Transactions**

After the pricing of this offering and prior to the closing of this offering, we will complete the Reorganization Transactions. In connection with the Reorganization Transactions and the pricing of this offering, the following transactions will occur:

- EWC Ventures will make a distribution to the EWC Ventures Pre-IPO Members for the purpose of funding their tax obligations for periods prior to the closing of this offering;
- we will become the sole managing member of EWC Ventures;
- we will consummate the Mergers. As consideration for the Mergers, we will issue to the General Atlantic Post-IPO Stockholders shares of our Class A common stock with rights to receive payments under a Tax Receivable Agreement described below. The number of shares of Class A common stock to be issued to the General Atlantic Post-IPO Stockholders will be based on the value of the EWC Ventures equity interests that we acquire, which will be determined based on a hypothetical liquidation of EWC Ventures and the initial public offering price per share of our Class A common stock in this offering;
- we will amend and restate the EWC Ventures limited liability company agreement and provide that, among other things, all of EWC Ventures' outstanding equity interests, consisting of its Class A Units, Class B Units, Class C Units and Class D Units, will be reclassified into EWC Ventures Units, all of which will be non-voting. The number of EWC Ventures Units to be issued to each member of EWC Ventures will be determined based on a hypothetical liquidation of EWC Ventures and the initial public offering price per share of our Class A common stock in this offering. The EWC Ventures Units received by EWC Management Holdco in respect of reclassified equity interests with vesting restrictions will either be vested or have amended vesting restrictions. See "Executive Compensation—Outstanding Equity Awards at Year-End." Vested EWC Ventures Units will be entitled to receive distributions, if any, from EWC Ventures. Unvested EWC Ventures Units will not be entitled to receive distributions (other than tax distributions) unless and until they vest. If any unvested EWC Ventures Units are forfeited, they will be cancelled by EWC Ventures for no consideration (and we will cancel the corresponding shares of Class B common stock for no consideration);
- we will amend and restate our certificate of incorporation and will be authorized to issue our two classes of common stock: Class A common stock and Class B common stock. The Class A common stock and Class B common stock will each provide holders with one vote on all matters submitted to a vote of stockholders. The holders of Class B common stock will not have any of the economic rights (including rights to dividends and distributions upon liquidation) provided to holders of Class A common stock;
- the following members of the EWC Ventures Post-IPO Members after giving effect to the Reorganization Transactions, will subscribe for and purchase shares of our Class B common stock at a purchase price of \$0.00001 per share and in an amount equal to the number of EWC Ventures Units held by each such EWC Ventures Post-IPO Member:
  - the General Atlantic Post-IPO Members, which are comprised of affiliates of General Atlantic;
  - the Founder Post-IPO Member, which is an entity controlled by one of our founders, David Coba;
  - EWC Management Holdco; and
  - certain other pre-IPO investors who held an interest in EWC Ventures.
- subject to certain restrictions, the EWC Ventures Post-IPO Members will be granted the right to complete either a Share Exchange or a Cash Exchange, at our option. See "Certain Relationships and Related Party Transactions—Exchange Agreement"; and
- we will enter into the Stockholders Agreement, the Registration Rights Agreement and the Tax Receivable Agreement. See "Certain Relationships and Related Party Transactions."

### **Effect of the Reorganization Transactions and this Offering**

The Reorganization Transactions are intended to create a holding company that will facilitate public ownership of, and investment in, our Company and are structured in a tax-efficient manner for our investors.

Because we will manage and operate the business and control the strategic decisions and day-to-day operations of EWC Ventures, as its sole managing member, and will also have a substantial financial interest in EWC Ventures, we will consolidate the financial results of EWC Ventures, and a portion of our net income (loss) will be allocated to the noncontrolling interest to reflect the entitlement of the EWC Ventures Post-IPO Members to a portion of EWC Ventures' net income (loss). As described in "Our Organizational Structure—The Reorganization Transactions," EWC Ventures will be under the control of the General Atlantic Equityholders before and after the Reorganization Transactions. As a result, we will account for the Reorganization Transactions as a reorganization of entities under common control and measure the interests of the EWC Ventures Pre-IPO Members in the assets and liabilities of EWC Ventures at their carrying amounts at the completion of the Reorganization Transactions.

Certain EWC Ventures Pre-IPO Members desire that their investment in us maintain its existing tax treatment as a partnership for U.S. federal income tax purposes and, therefore, will continue to hold their ownership interests in EWC Ventures until such time in the future as they may elect to complete a Share Exchange for their EWC Ventures Units and corresponding shares of our Class B common stock.

In connection with this offering, we will issue \_\_\_\_\_ shares of our Class A common stock to the purchasers in this offering (or \_\_\_\_\_ shares if the underwriters exercise in full their option to purchase additional shares of Class A common stock) in exchange for net proceeds of approximately \$ \_\_\_\_\_ million (or approximately \$ \_\_\_\_\_ million if the underwriters exercise in full their option to purchase additional shares of Class A common stock), less the underwriting discount and estimated offering expenses payable by us. After the completion of this offering, based on an assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), we intend (i) to contribute a portion of the net proceeds from this offering to EWC Ventures in exchange for EWC Ventures Units and cause such contributed amounts, together with cash on hand, to be used by EWC Ventures to repay a portion of our outstanding indebtedness, and (ii) to use the remaining proceeds to purchase EWC Ventures Units and corresponding shares of our Class B common stock from certain of the EWC Ventures Post-IPO Members, including the General Atlantic Post-IPO Members.

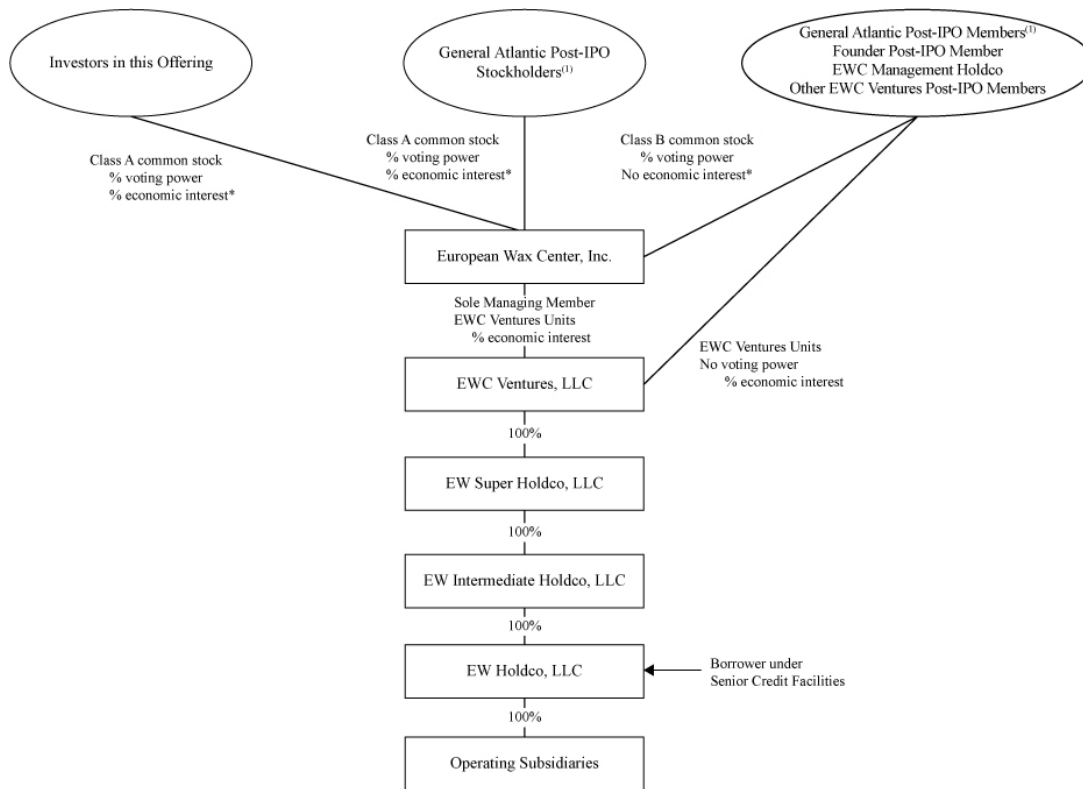

We will not receive any proceeds from the sale of shares of Class A common stock by the selling stockholders.

We estimate that the offering expenses (other than the underwriting discounts) will be approximately \$ \_\_\_\_\_ million. All such offering expenses will be paid for or otherwise borne by EWC Ventures.

See "Use of Proceeds" and "Management's Discussion and Analysis of Financial Condition and Results of Operations".

The following diagram depicts our organizational structure following the Reorganization Transactions, this offering and the application of the net proceeds from this offering, including all of the transactions described above (assuming an initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus) and no exercise of the underwriters' option to purchase additional shares of Class A common stock). This chart is provided for illustrative purposes only and does not purport to represent all legal entities within our organizational structure:

\* Represents economic interest in European Wax Center, Inc. and not EWC Ventures, LLC.

(1) The General Atlantic Post-IPO Stockholders and the General Atlantic Post-IPO Members will control % of the voting power of our common stock and hold % of the economic interest of the Company on a combined basis and together comprise the General Atlantic Equityholders.

Based on an assumed initial public offering price of \$ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), upon completion of the transactions described above, this offering and the application of the net proceeds from this offering:

- we will be appointed as the sole managing member of EWC Ventures and will directly or indirectly hold EWC Ventures Units, constituting % of the outstanding equity interests in EWC Ventures (or EWC Ventures Units, constituting % of the outstanding equity interests in EWC Ventures if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom);
- the General Atlantic Post-IPO Members will hold (1) EWC Ventures Units, representing % of the outstanding equity interests in EWC Ventures (or representing % of the outstanding equity interests in EWC Ventures, if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom) and (2) an aggregate of shares of our Class B common stock, representing % of the combined voting power in us (or % if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom);
- the Founder Post-IPO Member will hold (1) EWC Ventures Units, representing % of the outstanding equity interests in EWC Ventures (or representing % of the outstanding equity interests in EWC Ventures, if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom) and (2) an aggregate of shares of our Class B common stock, representing % of the combined voting power in us (or % if the underwriters exercise their

- option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom);
- EWC Management Holdco and other EWC Ventures Post-IPO Members will hold (1) EWC Ventures Units, representing % of the outstanding equity interests in EWC Ventures (or representing % of the outstanding equity interests in EWC Ventures, if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom) and (2) an aggregate of shares of our Class B common stock, representing % of the combined voting power in us (or % if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom);
  - the General Atlantic Post-IPO Stockholders will hold an aggregate of shares of our Class A common stock, representing % of the combined voting power in us (or % if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom);
  - the General Atlantic Equityholders, which are comprised of the General Atlantic Post-IPO Members and the General Atlantic Post-IPO Stockholders, will control % of the combined voting power in us (or % if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom); and
  - our public stockholders will collectively hold shares of our Class A common stock, representing % of the combined voting power in us (or shares of Class A common stock and %, respectively, if the underwriters exercise their option to purchase additional shares of Class A common stock in full and giving effect to the use of the net proceeds therefrom).

#### **Holding Company Structure and Tax Receivable Agreement**

We are a holding company, and immediately after the consummation of the Reorganization Transactions and this offering, our principal asset will be our ownership interests in EWC Ventures. The number of EWC Ventures Units we will own at any time will equal the aggregate number of outstanding shares of our Class A common stock. The economic interest represented by each EWC Ventures Unit that we own will correspond to one share of our Class A common stock, and the total number of EWC Ventures Units owned by us and the holders of our Class B common stock at any given time will equal the sum of the outstanding shares of all classes of our common stock. Shares of our Class B common stock cannot be transferred except in connection with a transfer or exchange of EWC Ventures Units. We do not intend to list our Class B common stock on any stock exchange.

In connection with the Reorganization Transactions, we will acquire existing equity interests in EWC Ventures from an affiliate of General Atlantic in the Mergers in exchange for the issuance of shares of our Class A common stock and rights to receive payments under the Tax Receivable Agreement to certain General Atlantic Equityholders. In addition, we intend to use a portion of the net proceeds from this offering to purchase EWC Ventures Units and corresponding shares of our Class B common stock from certain EWC Ventures Post-IPO Members, including the General Atlantic Post-IPO Members. These acquisitions of interests in EWC Ventures will result in favorable adjustments to our allocable share of the tax basis of the assets of EWC Ventures. In addition, future exchanges by the EWC Ventures Post-IPO Members of EWC Ventures Units and corresponding shares of our Class B common stock for shares of our Class A common stock are expected to produce favorable tax attributes. Finally, we will become entitled to certain other tax attributes as a result of contributing the proceeds of this offering to EWC Ventures. These tax attributes would not be available to us in the absence of those transactions.

Prior to the completion of this offering, we will enter into a Tax Receivable Agreement with the EWC Ventures Pre-IPO Members that provides for the payment by us to the EWC Ventures Pre-IPO Members of 85% of the benefits, if any, that we realize, or are deemed to realize (calculated using certain assumptions), as a result of (i) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures, and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B

common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies' allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. There is significant existing tax basis in the assets of EWC Ventures as a result of the prior acquisition of interests in EWC Ventures by the General Atlantic Equityholders, and subsequent redemptions, exchanges, or purchases of EWC Ventures Units (in connection with or after this offering) are expected to result in increases in the tax basis of the assets of EWC Ventures. The existing tax basis, increases in existing tax basis and tax basis adjustments generated over time may increase (for tax purposes) the depreciation and amortization deductions available to us and, therefore, may reduce the amount of U.S. federal, state and local tax that we would otherwise be required to pay in the future. Actual tax benefits realized by us may differ from tax benefits calculated under the Tax Receivable Agreement as a result of the use of certain assumptions in the Tax Receivable Agreement, including the use of an assumed weighted-average state and local income tax rate to calculate tax benefits. Although we are not aware of any issue that would cause the IRS to challenge the tax basis increases or other tax benefits arising under the Tax Receivable Agreement, the EWC Ventures Pre-IPO Members (or their transferees or assignees) will not reimburse us for any payments previously made if such tax basis increases or other tax benefits are subsequently disallowed, except that excess payments made to the EWC Ventures Pre-IPO Members will be netted against future payments otherwise to be made under the Tax Receivable Agreement, if any, after our determination of such excess. As a result, in such circumstances we could make future payments to the EWC Ventures Pre-IPO Members under the Tax Receivable Agreement that are greater than our actual cash tax savings and may not be able to recoup those payments, which could negatively impact our liquidity. See "Risk Factors—We will be required to pay the EWC Ventures Pre-IPO Members for certain tax benefits we may claim, and the amounts we may pay could be significant" and "Certain Relationships and Related Party Transactions—Tax Receivable Agreement."

## USE OF PROCEEDS

We expect to receive approximately \$ \_\_\_\_\_ million of net proceeds (based upon the assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock, the midpoint of the range set forth on the cover page of this prospectus and assuming no exercise of the underwriters' option to purchase additional shares of Class A common stock) from the sale of the Class A common stock offered by us, after deducting underwriting discounts and commissions and estimated offering expenses payable by us. We estimate that the net proceeds to us, if the underwriters exercise their option to purchase the maximum number of additional shares of Class A common stock from us, will be approximately \$ \_\_\_\_\_ million, after deducting underwriting discounts and commissions and estimated expenses payable by us in connection with this offering (based upon the assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock, the midpoint of the range set forth on the cover page of this prospectus).

Based on an assumed initial public offering price of \$ \_\_\_\_\_ per share (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), we intend to contribute \$ \_\_\_\_\_ million to EWC Ventures (or \$ \_\_\_\_\_ million if the underwriters exercise their option to purchase additional shares in full (see "Certain Relationships and Related Party Transactions—Purchases from Equityholders")) in exchange for a number of EWC Ventures Units equal to the contribution amount divided by the price paid by the underwriters for shares of our Class A common stock in this offering ( \_\_\_\_\_ EWC Ventures Units at the midpoint of the estimated public offering price range set forth on the cover page of this prospectus or, if the underwriters exercise their option to purchase additional shares of our Class A common stock in full, \_\_\_\_\_ EWC Ventures Units). We intend to use a portion of the net proceeds of this offering contributed to EWC Ventures, together with cash on hand, to repay \$88.7 million aggregate principal amount of the outstanding loans under our Senior Secured Credit Facility, consisting of \$58.7 million of term loans and \$30.0 million of revolving loans. As of March 27, 2021, term loan borrowings under the Senior Secured Credit Facility accrued interest at 6.50% per annum and revolving loan borrowings under the Senior Secured Credit Facility accrued interest at 4.25% per annum. The loans outstanding under the Senior Secured Credit Facility will mature on September 25, 2024. Our management team will retain broad discretion to allocate the net proceeds of this offering. The precise amounts and timing of our use of such proceeds will depend upon market conditions, among other factors.

We intend to use the remaining approximately \$ \_\_\_\_\_ million of the net proceeds from this offering (or approximately \$ \_\_\_\_\_ million if the underwriters exercise in full their option to purchase additional shares of Class A common stock) to purchase \_\_\_\_\_ EWC Ventures Units and corresponding shares of Class B common stock from certain of the EWC Ventures Post-IPO Members, including \_\_\_\_\_ EWC Ventures Units and corresponding shares of Class B common stock from the General Atlantic Post-IPO Members (or, if the underwriters exercise in full their option to purchase additional shares of Class A common stock, \_\_\_\_\_ EWC Ventures Units and corresponding shares of Class B common stock from certain of the EWC Ventures Post-IPO Members, including \_\_\_\_\_ EWC Ventures Units and corresponding shares of Class B common stock from the General Atlantic Post-IPO Members). Immediately upon receipt of the corresponding shares of Class B common stock, such shares will automatically be retired and cease to exist. Certain of our 5% equityholders and executive officers will receive a portion of the proceeds pursuant to these purchases. See "Certain Relationships and Related Party Transactions—Purchases from Equityholders."

As a result of the purchases of EWC Ventures Units (together with a corresponding number of shares of Class B common stock) as described above, the number of outstanding shares of Class B common stock will be reduced. Because we will hold the EWC Ventures Units that we acquire (and increase our ownership position in EWC Ventures), the number of outstanding EWC Ventures Units will remain the same.

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ \_\_\_\_\_ per share would increase (decrease) the amount of proceeds to us from this offering available to purchase EWC Ventures Units and corresponding shares of Class B common stock by \$ \_\_\_\_\_ million and for repaying a portion of our outstanding indebtedness and general corporate purposes by \$ \_\_\_\_\_ million, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us.

The selling stockholders will receive approximately \$ \_\_\_\_\_ million of net proceeds from their sale of shares of Class A common stock in this offering, based on an assumed initial public offering price of \$ \_\_\_\_\_ per share

(the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), after deducting the estimated underwriting discounts and commissions. If the underwriters exercise in full their option to purchase additional shares of Class A common stock, based on an assumed initial public offering price of \$            per share (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), the selling stockholders will receive approximately \$            million of net proceeds, after deducting estimated underwriting discounts and commissions. We will not receive any proceeds from the sale of shares of Class A common stock by the selling stockholders.

We estimate that the offering expenses (other than the underwriting discounts) will be approximately \$            million. All such offering expenses will be paid for or otherwise borne by EWC Ventures.

## DIVIDEND POLICY

EWC Ventures has previously declared and paid cash dividends to its members; however, we currently anticipate that we will retain all available funds for use in the operation and expansion of our business, and do not anticipate paying any cash dividends in the foreseeable future. Furthermore, because we are a holding company, our ability to pay cash dividends on our Class A common stock depends on our receipt of cash distributions from EWC Ventures and, through EWC Ventures, cash distributions and dividends from our other direct and indirect subsidiaries.

Subject to having available cash and subject to limitations imposed by applicable law and contractual restrictions (including pursuant to the Senior Secured Credit Facility), the Amended and Restated EWC Ventures Limited Liability Company Agreement requires EWC Ventures to make certain distributions to us, the General Atlantic Post-IPO Members and the Founder Post-IPO Member, pro rata, to facilitate the payment of taxes with respect to the income of EWC Ventures that is allocated to us, the General Atlantic Post-IPO Members and the Founder Post-IPO Member. See “Certain Relationships and Related Party Transactions—Amended and Restated EWC Ventures Limited Liability Company Agreement.” To the extent that the tax distributions we receive exceed the amounts we are actually required to pay taxes, Tax Receivable Agreement payments, and other expenses, we will not be required to distribute such excess cash. Our board of directors may, in its sole discretion, choose to use such excess cash for any purpose depending upon the facts and circumstances at the time of determination.

Any future determination as to our dividend policy will be made at the discretion of the board and will depend upon many factors, including our financial condition, earnings, legal and contractual requirements and other factors the board deems relevant. Our Senior Secured Credit Facility limits our ability to pay cash dividends to stockholders, and our ability to pay dividends may also be restricted by the terms of any future credit agreement or any future debt or preferred equity securities of us or our subsidiaries. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources—Senior Secured Credit Facility” and “Risk Factors—Risks Relating to Ownership of Our Common Stock—We do not currently expect to pay any cash dividends.”

## CAPITALIZATION

The following table sets forth our cash and capitalization as of March 27, 2021:

- on an actual basis reflecting the financial position of EWC Ventures,
- on a pro forma basis to reflect the Reorganization Transactions described under “Our Organizational Structure,” excluding this offering, and the estimated impact of the Tax Receivable Agreement, and
- on a pro forma as adjusted basis, giving effect to (1) the pro forma adjustments set forth above and (2) this offering and the receipt of the estimated net proceeds from our sale of shares of our Class A common stock in this offering at an assumed public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated offering price range set forth on the cover page of this prospectus), after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, and the application of proceeds therefrom as described under “Use of Proceeds.”

This table should be read in conjunction with “Use of Proceeds,” “Unaudited Pro Forma Consolidated Financial Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the consolidated financial statements and related notes appearing elsewhere in this prospectus.

## DILUTION

If you invest in our Class A common stock in this offering, you will experience dilution to the extent of the difference between the initial public offering price per share of our Class A common stock and the pro forma net tangible book value per share of our Class A common stock. Dilution results from the fact that the per share offering price of the Class A common stock is substantially in excess of the book value per share attributable to the Class A common stock held by existing equityholders (including all shares issuable upon exchange and/or conversion).

Our pro forma net tangible book value as of March 27, 2021 after giving effect to the Reorganization Transactions would have been a deficit of approximately \$ \_\_\_\_\_ million, or \$( \_\_\_\_\_ ) per share of our Class A common stock. Pro forma net tangible book value represents the amount of total tangible assets less total liabilities, and pro forma net tangible book value per share represents pro forma net tangible book value divided by the number of shares of common stock outstanding as of March 27, 2021, after giving effect to (1) the Reorganization Transactions (based on an assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus)); and (2) the estimated impact of the Tax Receivable Agreement, assuming that the EWC Ventures Post-IPO Members exchange all of their EWC Ventures Units and corresponding shares of our Class B common stock in Share Exchanges.

After giving effect to the Reorganization Transactions, the estimated impact of the Tax Receivable Agreement, assuming that the EWC Ventures Post-IPO Members exchange all of their EWC Ventures Units and corresponding shares of our Class B common stock in Share Exchanges and after giving further effect to the receipt of the estimated net proceeds from our sale of shares of our Class A common stock in this offering at an assumed public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated offering price range set forth on the cover page of this prospectus), after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, and the application of proceeds therefrom (including the contribution of \$ \_\_\_\_\_ million of the net proceeds from this offering to EWC Ventures in exchange for \_\_\_\_\_ EWC Ventures Units and the use of the remaining approximately \$ \_\_\_\_\_ million of the net proceeds from this offering to purchase \_\_\_\_\_ EWC Ventures Units and corresponding shares of our Class B common stock from certain of the EWC Ventures Post-IPO Members), our pro forma as adjusted net tangible book value would have been a deficit of approximately \$ \_\_\_\_\_ million, or \$( \_\_\_\_\_ ) per share of Class A common stock, representing an immediate increase in net tangible book value of \$ \_\_\_\_\_ per share to existing equityholders and an immediate dilution in net tangible book value of \$ \_\_\_\_\_ per share of Class A common stock to new investors. Dilution is determined by subtracting pro forma as adjusted net tangible book value per share after this offering from the initial public offering price per share of Class A common stock.

The following table illustrates the per share dilution to new investors purchasing shares in this offering:

Assumed initial public offering price per share	\$ _____
Pro forma net tangible book value per share as of March 27, 2021 <sup>(1)</sup>	\$ _____
Increase in pro forma net tangible book value per share attributable to new investors	\$ _____
Pro forma as adjusted net tangible book value per share after this offering <sup>(2)</sup>	\$ _____
Dilution in pro forma as adjusted net tangible book value per share to new investors	\$ _____

(1) Reflects outstanding shares of Class A common stock, including (i) shares of Class A common stock to be held by certain General Atlantic Equityholders and certain other investors immediately prior to this offering and (ii) shares of Class A common stock issuable from Share Exchanges by the EWC Ventures Post-IPO Members immediately prior to this offering.

(2) Reflects outstanding shares, consisting of (i) shares of Class A common stock to be issued in this offering and (ii) the outstanding shares of Class A common stock described in note (1) above less the \_\_\_\_\_ shares of Class A common stock issuable upon exchange of the EWC Ventures Units and corresponding shares of our Class B common stock to be purchased from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering.

The dilution information discussed above is illustrative only and may change based on the actual initial public offering price and other terms of this offering. A \$1.00 increase (decrease) in the assumed initial public offering

price of \$ \_\_\_\_\_ per share of Class A common stock would increase (decrease) our pro forma as adjusted net tangible book value after this offering by \$ \_\_\_\_\_ million and the dilution per share to new investors by \$ \_\_\_\_\_, in each case assuming the number of shares of Class A common stock offered, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us. Similarly, each increase or decrease of 1,000,000 shares in the number of shares of Class A common stock offered by us would increase (decrease) our pro forma as adjusted net tangible book value by approximately \$ \_\_\_\_\_ per share and decrease (increase) the dilution to new investors by approximately \$ \_\_\_\_\_ per share, in each case assuming the assumed initial public offering price of \$ \_\_\_\_\_ per share of common stock remains the same, and after deducting the underwriting discounts and commissions and estimated offering expenses payable by us.

The following table sets forth, on a pro forma as adjusted basis as of March 27, 2021, the number of shares of Class A common stock purchased from us, the total consideration paid to us and the average price per share of Class A common stock paid by the existing equityholders and by new investors purchasing shares in this offering, at the assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated price range on the cover page of this prospectus), after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us and after giving effect to the Reorganization Transactions and the estimated impact of the Tax Receivable Agreement, assuming that the EWC Ventures Post-IPO Members exchange all of their EWC Ventures Units and corresponding shares of our Class B common stock in Share Exchanges, and after giving further effect to this offering and the application of the net proceeds from this offering:

	Shares of Class A Common Stock Purchased		Total Consideration	Average Price Per Share
	Number	Percent	Amount	Percent
Existing stockholders		%	\$	%
New investors <sup>(1)</sup>		%	\$	%
<b>Total</b>		%	\$	%

(1) Includes shares of Class A common stock to be sold in this offering.

The total number of shares reflected in the discussion and tables above is based on \_\_\_\_\_ Class A common stock outstanding as of the date of this prospectus on an as adjusted pro forma basis and does not reflect the Class A common stock purchased by new investors from the selling stockholders.

Sales by the selling stockholders in this offering will reduce the number of Class A common stock held by existing stockholders to \_\_\_\_\_, or approximately \_\_\_\_\_% of the total number of Class A common stock outstanding after this offering.

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus) would increase (decrease) total consideration paid by new investors in this offering by \$ \_\_\_\_\_ million and would increase (decrease) the average price per share of Class A common stock paid by new investors by \$1.00, assuming the number of shares of Class A common stock offered, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us.

If the underwriters exercise their option to purchase an additional \_\_\_\_\_ shares of Class A common stock in full, our existing stockholders would own \_\_\_\_\_% and investors in this offering would own \_\_\_\_\_% of the total number of shares of Class A common stock outstanding upon the closing of this offering.

We may choose to raise additional capital due to market conditions or strategic considerations even if we believe we have sufficient funds for our current or future operating plans. To the extent additional capital is raised through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to our stockholders.

## UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL INFORMATION

The following unaudited pro forma consolidated financial statements reflect the historical consolidated results of EWC Ventures, which is our predecessor for financial reporting purposes, as adjusted to give effect to (i) the Reorganization Transactions, which includes the Mergers, the reclassification of all of EWC Ventures' outstanding equity interests, entry into the Tax Receivable Agreement and the other transactions as more fully described in "Our Organizational Structure—The Reorganization Transactions" and (ii) this offering, as if each had occurred on December 29, 2019 (the first day of Fiscal 2020) for pro forma statement of operations purposes for the year ended December 26, 2020 and the 13 weeks ended March 27, 2021 and as of March 27, 2021 for pro forma balance sheet purposes. The unaudited pro forma financial information has been prepared by our management and is based on EWC Ventures' historical financial statements, which are included elsewhere in this prospectus, and the assumptions and adjustments described in the notes to the unaudited pro forma financial information. The presentation of the unaudited pro forma financial information is prepared in conformity with Article 11 of Regulation S-X.

For purposes of the unaudited pro forma financial information, we have assumed that we will issue shares of Class A common stock at a price per share equal to the midpoint of the estimated offering price range set forth on the cover of this prospectus and that we will use the proceeds from this offering to purchase up to

EWC Ventures Units and corresponding shares of our Class B common stock from certain of the EWC Ventures Post-IPO Members, including the General Atlantic Post-IPO Members, at a net price equal to the price paid by the underwriters for shares of our Class A common stock in this offering, and as a result, immediately following the completion of this offering, the ownership percentage represented by EWC Ventures Units not held by us will be %, and the net income attributable to EWC Ventures Units not held by us will accordingly represent % of our net income. The higher percentage of net income attributable to EWC Ventures Units not held by us over the ownership percentage of EWC Ventures Units not held by us is due to the recognition of additional current income tax expense after giving effect to the adjustments for the Reorganization Transactions and this offering that is entirely attributable to our interest.

We based the pro forma adjustments on available information and on assumptions that we believe are reasonable under the circumstances in order to reflect, on a pro forma basis, the impact of the relevant transactions on the historical financial information of EWC Ventures. See "Notes to Unaudited Pro Forma Consolidated Financial Information" for a discussion of assumptions made. The unaudited pro forma financial information does not purport to be indicative of our results of operations or financial position had the relevant transactions occurred on the dates assumed and does not project our results of operations or financial position for any future period or date.

The unaudited pro forma consolidated financial information includes various estimates that are subject to material change and may not be indicative of what our operations or financial position would have been had this offering and Reorganization Transactions taken place on the dates indicated, or that may be expected to occur in the future. We have not given pro forma effect to incremental general and administrative expenses of approximately \$ million to \$ million that we expect to incur annually as a result of operating as a publicly traded corporation, such as expenses associated with annual and quarterly reporting; expenses associated with listing on the Exchange; independent auditor fees; legal fees; investor relations expenses; registrar and transfer agent fees; director and officer insurance expenses; and director and officer compensation expenses.

We are a newly formed corporation, have no material assets and have not engaged in any business or other activities except in connection with the Reorganization Transactions described in "Our Organizational Structure—The Reorganization Transactions." Upon the consummation of the Reorganization Transactions, we will become the sole managing member of EWC Ventures. Because we will manage and operate the business and control the strategic decisions and day-to-day operations of EWC Ventures and will also have a substantial financial interest in EWC Ventures, we will consolidate the financial results of EWC Ventures.

The unaudited pro forma financial information should be read together with "Capitalization," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and EWC Ventures' audited consolidated financial statements and related notes thereto included elsewhere in this prospectus.

**Notes to Unaudited Pro Forma Consolidated Statements of Operations**

- (1) Reflects the reduction in interest expense of \$       million and \$       million for the thirteen weeks ended March 27, 2021 and for the year ended December 26, 2020, respectively, as a result of the repayment of a portion of the outstanding indebtedness under the Senior Secured Credit Facility, as described in “Use of Proceeds,” as if such repayment occurred on December 29, 2019.
- (2) Following the Reorganization Transactions, European Wax Center will be subject to U.S. federal income taxes, in addition to state and local taxes, with respect to our allocable share of any net taxable income of EWC Ventures. As a result, the unaudited pro forma consolidated statement of operations reflects an adjustment to our provision for income taxes to reflect an effective rate of       % and       % for the thirteen weeks ended March 27, 2021 and for the year ended December 26, 2020, respectively, which was calculated using the current U.S. federal income tax rate and the highest statutory rates apportioned to each state and local jurisdiction. EWC Ventures is, and will continue to be, taxed as a partnership for federal income tax purposes and, as a result, its members, including European Wax Center, will pay income taxes with respect to their allocable share of its net taxable income.
- (3) The EWC Ventures Units owned by the EWC Ventures Post-IPO Members will be considered noncontrolling interests in the consolidated financial statements of European Wax Center. The pro forma adjustment reflects the allocation of EWC Ventures net income to the noncontrolling interests. Immediately following the Reorganization Transactions and prior to the completion of this offering, the non-controlling interests held by the EWC Ventures Post-IPO Members will have       % economic ownership of EWC Ventures, and as such,       % of EWC Ventures’ net income will be attributable to the non-controlling interests. The remaining economic ownership of EWC Ventures will be held by European Wax Center following the Reorganization Transactions.
- (4) Pro forma basic net income (loss) per share of Class A common stock is computed by dividing the pro forma net income (loss) available to Class A common stockholders by the pro forma weighted-average shares of Class A common stock outstanding during the period. Pro forma diluted net income (loss) per share of Class A common stock is computed by adjusting the pro forma net income (loss) available to Class A common stockholders and the pro forma weighted-average shares of Class A common stock outstanding to give effect to potentially dilutive securities.

**Notes to Unaudited Pro Forma Consolidated Balance Sheet**

- (1) We estimate that the proceeds to us from this offering will be approximately \$        million (or \$        million if the underwriters exercise in full their option to purchase additional shares of Class A common stock), based on an assumed initial public offering price of \$        per share (which is the midpoint of the estimated offering price range set forth on the cover page of this prospectus) after deducting \$        of assumed underwriting discounts and commissions and estimated offering expenses.
- (2) European Wax Center is subject to U.S. federal and state income taxes and will file consolidated income tax returns for U.S. federal and certain state jurisdictions. These adjustments reflect the recognition of deferred taxes resulting from our status as a C corporation. Temporary differences in the book basis as compared to the tax basis of our investment in EWC Ventures resulted in an unaudited pro forma deferred tax asset of \$        million as of March 27, 2021. We will establish a valuation allowance, when necessary, to reduce the deferred tax asset to the amount expected to be realized based on analysis of taxable income and expected future earnings.
- (3) Reflects adjustments to give effect to the Tax Receivable Agreement described in “Certain Relationships and Related Party Transactions—Tax Receivable Agreement” and “Organizational Structure” under the provisions of ASC 450.
- (4) We are deferring certain costs associated with this offering. These costs primarily represent legal, accounting and other direct costs and are recorded in prepaid expenses and other current assets in our consolidated balance sheet. Upon completion of this offering, these deferred costs will be charged against the proceeds from this offering with a corresponding reduction to additional paid-in capital.
- (5) Reflects the reduction in long term debt of \$        million as a result of the repayment of a portion of the outstanding indebtedness under the Senior Secured Credit Facility, as described in “Use of Proceeds.”
- (6) In connection with the Reorganization Transactions, we will be appointed as the sole managing member of EWC Ventures pursuant to the EWC Ventures LLC Agreement. Because we will manage and operate the business and control the strategic decisions and day-to-day operations of EWC Ventures and will also have a substantial financial interest in EWC Ventures, we will consolidate the financial results of EWC Ventures, and a portion of our net income (loss) will be allocated to the non-controlling interest to reflect the entitlement of the EWC Ventures Post-IPO Members to a portion of EWC Ventures’ net income (loss). We will hold approximately        % of the outstanding EWC Ventures Units (or approximately        % of the outstanding EWC Ventures Units if the underwriters exercise their option to purchase additional shares of our Class A common stock in full), and the remaining EWC Ventures Units will be held by the EWC Ventures Post-IPO Members.
- (7) Represents the reclassification of mezzanine equity and members’ equity into stockholders’ equity as a result of the Reorganization Transactions. The adjustments to stockholders’ equity include (i) the par value of \$        for Class A common stock and \$        for Class B common stock to be outstanding following the Reorganization Transactions, (ii) \$        million recorded in additional paid-in capital, and (iii) \$        million allocated to the noncontrolling interest.
- (8) Represents the reclassification of \$        million of equity related to the Reorganization Transactions into noncontrolling interest.
- (9) Represents the reclassification of \$        million of equity related to the net proceeds of this offering into noncontrolling interest.

### Overview

We are the largest and fastest-growing franchisor and operator of OOH waxing services in the United States by number of centers and system-wide sales. We delivered over 21 million waxing services in 2019 and over 13 million waxing services in 2020 generating more than \$687 million and \$469 million of system-wide sales, respectively, across our highly-franchised network. We have a leading portfolio of centers operating in 808 locations across 44 states as of March 27, 2021. Of these locations, 803 are franchised centers operated by franchisees and five are corporate-owned centers.

The European Wax Center brand is trusted, efficacious and accessible. Our culture is obsessed with our guest experience and we deliver a superior guest experience relative to smaller chains and independent salons. We offer guests high-quality, hygienic waxing services administered by our licensed, EWC-trained estheticians (our "wax specialists"), at our accessible and welcoming locations (our "centers"). Our technology-enabled guest interface simplifies and streamlines the guest experience with automated appointment scheduling and remote check-in capabilities, ensuring guest visits are convenient, hassle-free, and consistent across our network of centers. Our well-known, pre-paid Wax Pass program makes payment easy and convenient, fostering loyalty and return visits. Guests view us as a non-discretionary part of their personal-care and beauty regimens, providing us with a highly predictable and growing recurring revenue model.

Our asset-light franchise platform delivers capital-efficient growth, significant cash flow generation and resilience through economic cycles. Our centers are 99% owned and operated by our franchisees who benefit from superior unit-level economics, with mature centers generating annual cash-on-cash returns in excess of 60%. The highly consistent and recurring demand for our services and the competitive advantages provided by our scale have resulted in ten consecutive years of same-store sales and system-wide sales growth through 2019. We believe we can nearly quadruple our center count within the next 15 years to over 3,000 locations in the United States.

In partnership with our franchisees, we fiercely protect our points of differentiation that attract new guests, build meaningful relationships and promote lasting retention. Our NPS of 85 demonstrates our guests' devotion to our brand. We are so confident in our ability to delight that we have always offered all of our guests their first wax free.

Hair removal solutions are consistently in demand, given the recurring nature of hair growth. The OOH waxing market is the fastest-growing hair removal solution in the United States, defined by a total addressable market of \$18 billion with annualized growth that is approximately twice as high as other hair removal alternatives. European Wax Center has become the category-defining brand within this rapidly growing market and became so by professionalizing a highly fragmented sector where service consistency, hygiene, and customer trust were not historically offered. We are approximately six times larger than the next largest waxing-focused competitor by center count and approximately ten times larger by system-wide sales. Our unmatched

scale enables us to drive broader brand awareness, ensures our licensed wax specialists are universally trained at the highest standards and drive consistent financial performance across each center.

Under the stewardship of our CEO, David Berg, and the other management team members, we have prioritized building a culture of performance, success, and inclusivity. Additionally, we have intensified our focus on enhancing the guest experience and have invested significantly in our corporate infrastructure and marketing capabilities to continue our track record of sustainable growth. The foundation for our next chapter of growth is firmly in place.

### **Growth Strategy and Outlook**

We plan to grow our business primarily by opening new franchised centers and then additionally increasing our same-store sales and leveraging our corporate infrastructure to expand our profit margins and generate robust free cash flow.

We believe our franchisees' track record of successfully opening new centers and consistently generating attractive unit-level economics validates our strategy to expand our footprint and grow our capacity to serve more guests. We aspire to grow between 7% to 10% of our center count each year. Our center count grew 6% and 5% during fiscal year 2020 and fiscal year 2019, respectively, and has grown each year since 2010. Our thoughtful approach to growth ensures each center is appropriately staffed with the high-quality team and licensed, highly-trained wax specialists that our brand has been known for since our initial opening. None of our existing markets are fully penetrated, and we believe we have a significant whitespace opportunity of approximately 3,000 locations for our standard center format across the United States. Our centers have a long track record of sustained growth delivering ten consecutive years of positive same-store sales growth through 2019 with resilient performance through economic cycles. We intend to continue increasing our same-store sales growth by, among other things:

- driving brand awareness to accelerate guest acquisition;
- increasing our Wax Pass adoption rates;
- expanding our share of our guests' personal-care expenditures;
- increasing our transaction attachment rate, which we define as the percentage of transactions that include the purchase of a retail product to the total number of transactions; and
- driving greater guest engagement using data analytics.

Our straightforward, asset-light franchise platform and our proven track record of increasing profitability will continue to drive EBITDA margin accretion and free cash flow generation as we expand our national footprint. We have invested in building our scalable support infrastructure, and we currently have the capabilities and systems in place to drive revenue growth and profitability across our existing and planned franchise centers.

### **Key Business Metrics**

We track the following key business metrics to evaluate our performance, identify trends, formulate financial projections, and make strategic decisions. Accordingly, we believe that these key business metrics provide useful information to investors and others in understanding and evaluating our results of operations in the same manner as our management team. These key business metrics are presented for supplemental information purposes only, should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from similarly titled metrics or measures presented by other companies.

*Number of Centers.* Number of centers reflects the number of franchised and corporate-owned centers open at the end of the reporting period. We review the number of new center openings, the number of closed centers and the number of relocations of centers to assess net new center growth, and drivers of trends in system-wide sales, royalty and franchise fee revenue and corporate-owned center sales.

*System-Wide Sales.* System-wide sales represent sales from same day services, retail sales and cash collected from wax passes for all centers in our network, including both franchisee-owned and corporate-owned centers. While we do not record franchised center sales as revenue, our royalty revenue is calculated based on a percentage of franchised center sales, which are 6.0% of sales, net of retail product sales, as defined in the

franchise agreement. This measure allows us to better assess changes in our royalty revenue, our overall center performance, the health of our brand and the strength of our market position relative to competitors. Our system-wide sales growth is driven by net new center openings as well as increases in same-store sales.

**Same-Store Sales.** Same-store sales reflect the change in year-over-year sales from services performed and retail sales for the same-store base. We define the same-store base to include those centers open for at least 52 full weeks. This measure highlights the performance of existing centers, while excluding the impact of new center openings and closures. We review same-store sales for corporate-owned centers as well as franchisee-owned centers. Same-store sales growth is driven by increases in the number of transactions and average transaction size.

**New Center Openings.** The number of new center openings reflects centers opened during a particular reporting period for both franchisee-owned and corporate-owned centers, less centers closed during the same period. Opening new centers is an integral part of our growth strategy, and we expect the majority of our future new centers to be franchisee-owned. Before we obtain the certificate of occupancy or report any revenue from new corporate-owned centers, we incur pre-opening costs, such as rent expense, labor expense and other operating expenses. Some of our centers open with an initial start-up period of higher-than-normal marketing and operating expenses, particularly as a percentage of monthly revenue.

**Average Unit Volume (“AUV”).** AUV consists of the average annual system-wide sales of all centers that have been open for a trailing 52-week period or longer. This measure is calculated by dividing system-wide sales during the applicable period for all centers being measured by the number of centers being measured. AUV allows management to assess our franchisee-owned and corporate-owned center economics. Our AUV growth is primarily driven by increases in services and retail product sales as centers fill their books of reservations, which we refer to as maturation of centers.

**Wax Pass Utilization.** We define Wax Pass utilization as the adoption of our Wax Pass program by guests, measured as a percentage of total transactions conducted using a Wax Pass. Wax Pass utilization allows management to better assess the recurring nature of our business model because it is an indication of the magnitude of transactions by guests who have made a longer-term commitment to our brand by purchasing a Wax Pass.

## Recent Developments

### COVID-19 Impact

On March 11, 2020, the World Health Organization declared a global pandemic related to the COVID-19 outbreak. In the United States, federal, state and local governments implemented various restrictions, including travel restrictions, border closings, shelter-in-place orders, restrictions on public gatherings, quarantining of people who may have been exposed to the virus and limitations on business operations. The pandemic has caused unprecedented economic volatility and uncertainty, which has negatively impacted our recent operating results.

In response to the COVID-19 pandemic, in March 2020, we recommended to all of our franchisees that they temporarily close their centers as state governors began issuing shelter-in-place orders. Most franchisees temporarily closed their centers in March 2020, and by April 2020 the entire franchise network was temporarily closed. Beginning in May 2020, certain governors announced steps to restart non-essential business operations in their respective states, and centers in these states began to re-open. However, as COVID-19 continued to

impact areas in which our centers operate, some of our centers were required to temporarily re-close pursuant to local guidelines. As of the end of fiscal 2020, most centers had re-opened either fully or partially. By March 2021, nearly all of our nationwide network had re-opened. All corporate-owned centers had re-opened as of December 26, 2020.

Management deployed several critical strategies to strengthen guest safety, protect franchisees and our brand, as well as increase liquidity and financial flexibility to mitigate COVID-19 related impacts on our business. Some of these strategies have better positioned us to optimally serve guests in the post COVID-19 pandemic environment. The following important actions were taken:

- *Digitization of Guest Experience:* To strengthen the physical safety of our guests, our centers have been digitally enabled such that guests can schedule appointments electronically through our mobile app, experience a contactless check-in process upon arrival and receive personalized, concierge-like product recommendations from our wax specialists by providing relevant guest details through our in-suite tablets. These measures reduce the amount of unnecessary contact during the transaction processes without sacrificing the quality hands-on experience that our guests seek.
- *Relief Programs for Franchisee Network:* To protect the financial stability of our franchise network during the pandemic, we offered a number of relief programs to our franchisees, including: (1) deferring of collections on royalties, marketing fees and product purchases made prior to centers closing until 30 to 60 days after centers re-opened, (2) waiving monthly marketing and technology fees while centers were temporarily closed, (3) granting 30-day payment terms on royalty fees (normally due and payable on a weekly basis) for a three month period post re-opening and (4) running promotional programs for the first two months after re-opening to drive cash flow for franchisees. As of April 2021, substantially all franchisees had resumed payment of royalties and other deferred fees.
- *Optimize Liquidity:* We increased liquidity by issuing an aggregate of 2,500,000 Class D Units for gross proceeds of \$25.0 million and obtaining \$10.0 million of additional borrowing capacity under our revolving credit facility, which has been fully drawn and bears interest at the index rate defined in the credit agreement plus an applicable margin of 3.5% (4.25% as of March 27, 2021). In exchange for the increased capacity, the applicable margin on the term loan increased by 1.0% to 5.5%. For the twelve months beginning with the period ended June 27, 2020, we are required to maintain \$6.0 million of minimum liquidity, as defined by the credit agreement. Additionally, during this twelve-month period, the financial covenant requiring the maintenance of a maximum leverage ratio, as defined by the credit agreement, is not in effect.
- *Reduce Corporate Costs:* At our corporate headquarters, we reduced headcount and temporarily furloughed a meaningful proportion of our corporate employee base; further, at our five corporate-owned centers, we temporarily furloughed substantially all employees while those centers were closed. During this furlough period, employees continued receiving benefits from the Company. All temporarily furloughed employees were brought back and all corporate-owned centers had reopened as of December 26, 2020.

There is a significant amount of uncertainty about the duration and severity of the consequences caused by the COVID-19 pandemic. While governmental and non-governmental organizations are engaging in efforts to combat the spread and severity of the COVID-19 pandemic and related public health issues, the full extent to which the outbreak of COVID-19 could impact our business, results of operations and financial condition is still unknown and will depend on future developments, including new variants of the virus and spikes in cases in the areas where we operate, which are highly uncertain and cannot be predicted. However, such effects may be material. Our financial statements reflect judgments and estimates that could change in the future as a result of the COVID-19 pandemic.

### **Significant Factors Impacting Our Financial Results**

We believe there are several important factors that have impacted, and that we expect will continue to impact, our business and results of operations. These factors include:

*New Center Openings.* We expect that new centers will be a key driver of growth in our future revenue and operating profit results. Opening new centers is an important part of our growth strategy, and we expect the majority of our future new centers will be franchisee-owned. Our results of operations have been and will

continue to be materially affected by the timing and number of new center openings each period. As centers mature, center revenue and profitability increase significantly. The performance of new centers may vary depending on various factors such as the effective management and cooperation of our franchisee partners, whether the franchise is part of a multi-unit development agreement, the center opening date, the time of year of a particular opening, the number of licensed wax specialists recruited, and the location of the new center, including whether it is located in a new or existing market. Our planned center expansion will place increased demands on our operational, managerial, administrative, financial, and other resources. Managing our growth effectively will require us to continually attract strong and well capitalized franchisee partners into our development pipeline and to enhance our center management system controls and information systems.

*Same-Store Sales Growth.* Same-store sales growth is a key driver of our business. Various factors affect same-store sales, including:

- consumer preferences and overall economic trends;
- the recurring, non-discretionary nature of personal-care services and purchases;
- our ability to identify and respond effectively to guest preferences and trends;
- our ability to provide a variety of service offerings that generate new and repeat visits to our centers;
- the guest experience we provide in our centers;
- the availability of experienced wax specialists;
- our ability to source and deliver products accurately and timely;
- changes in service or product pricing, including promotional activities;
- the number of services or items purchased per center visit;
- center closures in response to state or local regulations due to the COVID-19 pandemic or other health concerns; and
- the number of centers that have been in operation for more than 52 full weeks.

A new center is included in the same-store sales calculation beginning 52 full weeks after the center's opening. If a center is closed for greater than six consecutive days, the center is deemed a closed center and is excluded from the calculation of same-store sales until it has been reopened for a continuous 52 full weeks.

*Overall Economic Trends.* Macroeconomic factors that may affect guest spending patterns, and thereby our results of operations, include employment rates, business conditions, changes in the housing market, the availability of credit, interest rates, tax rates and fuel and energy costs. However, we believe that our guests see our services as non-discretionary in nature, given the rebound in performance in the second half of fiscal year 2020 despite the COVID-19 pandemic. Therefore, we believe that overall economic trends and related changes in consumer behavior have less of an impact on our business than they may have for other industries subject to fluctuations in discretionary consumer spending.

*Guest Preferences and Demands.* Our ability to maintain our appeal to existing guests and attract new guests depends on our ability to develop and offer a compelling assortment of services responsive to guest preferences and trends. We estimate that more than two-thirds of OOH waxing consumers start waxing by age 29 or earlier. We also believe that OOH waxing is a recurring need that brings guests back for services on a highly recurring basis which is reflected in the predictability of our financial performance over time. Our guests' routine personal-care need for OOH waxing is further demonstrated by the top 20% of guests who visit us, on average, nearly every four weeks.

*Our Ability to Source and Distribute Products Effectively.* Our revenue and operating income are affected by our ability to purchase our products and supplies in sufficient quantities at competitive prices. While we believe our vendors have adequate capacity to meet our current and anticipated demand, our level of revenue could be adversely affected in the event we face constraints in our supply chain, including the inability of our vendors to produce sufficient quantities of some products or supplies in a manner that matches market demand from our guests, leading to lost revenue. We depend on two key suppliers to source our proprietary wax and one key supplier to source our branded retail products and we are thus exposed to concentration of supplier risk.

During fiscal year 2019, our top vendors supplied us with 95% of the wholesale wax product we and our franchisees used to deliver more than 20 million services.

*Our Ability to Recruit and Retain Qualified Licensed Wax Specialists for our Centers.* Our ability to operate our centers is largely dependent upon our ability to attract and retain qualified, licensed wax specialists. Our unmatched scale enables us to ensure that we universally train our wax specialists at the highest standards, ensuring that our guests experience consistent level of quality, regardless of the specific center they visit. The combination of consistent service delivery, across our trained base of wax specialists, along with the payment ease and convenience of our well-known, pre-paid Wax Pass program fosters loyalty and return visits across our guest base. Over time, our ability to build and maintain a strong pipeline of licensed wax specialists is important to preserving our current brand position.

*Seasonality.* Our results are subject to seasonality fluctuations in that services are typically in higher demand in periods leading up to holidays and the summer season. The resulting demand trend yields higher system-wide sales in the second and fourth quarter of our fiscal year. In addition, our quarterly results may fluctuate significantly, because of several factors, including the timing of center openings, price increases and promotions, and general economic conditions.

## **Components of Results of Operations**

### **Revenue**

*Product Sales:* Product sales consist of revenue earned from sales of proprietary wax, other products consumed in administering our wax services and retail merchandise to franchisees, as well as retail merchandise sold in corporate-owned centers. Revenue on product sales is recognized upon transfer of control. Our product sales revenue comprised 56.2% and 55.9% of our total revenue for the 13 weeks ended March 27, 2021 and March 28, 2020, respectively, and 55.1% and 54.2% of our total revenue for fiscal years 2020 and 2019, respectively.

*Royalty Fees:* Royalty fees are earned based on a percentage of the franchisees' gross sales, net of retail product sales, as defined in the applicable franchise agreement, and recognized in the period the franchisees' sales occur. The royalty fee is 6.0% of the franchisees' gross sales for such period and is paid weekly. Our royalty fees revenue comprised 24.1% and 27.1% of our total revenue for the 13 weeks ended March 27, 2021 and March 28, 2020, respectively, and 24.8% and 23.8% of our total revenue for fiscal years 2020 and 2019, respectively.

*Marketing Fees:* Marketing fees are earned based on 3.0% of the franchisees' gross sales, net of retail product sales, as defined in the applicable franchise agreement, and recognized in the period the franchisees' sales occur. Additionally, the Company charges a fixed monthly fee to franchisees for search engine optimization and search engine marketing services, which is due on a monthly basis and recognized in the period when services are provided. Our marketing fees revenue comprised 13.5% and 10.8% of our total revenue for the 13 weeks ended March 27, 2021 and March 28, 2020, respectively and 13.0% and 14.2% of our total revenue for fiscal years 2020 and 2019, respectively.

*Other Revenue:* Other revenue primarily consists of service revenues from our corporate-owned centers and franchise fees, as well as technology fees, annual brand conference revenues and training, which together represent 6.2% and 6.2% of our total revenue for the 13 weeks ended March 27, 2021 and March 28, 2020, respectively, and 7.1% and 7.7% of our total revenue for fiscal years 2020 and 2019, respectively. Service revenues from our corporate-owned centers are recognized at the time services are provided. Amounts collected in advance of the period in which service is rendered are recorded as deferred revenue. Franchise fees are paid upon commencement of the franchise agreement and are deferred and recognized on a straight-line basis commencing at contract inception through the end of the franchise license term. Franchise agreements generally have terms of ten years beginning on the date the center is opened, which is an average of two years from the date the franchise agreement is signed. Therefore, the franchise fees are typically amortized over a 12-year period. Deferred franchise fees expected to be recognized in periods greater than 12 months from the reporting date are classified as long-term on the Consolidated Balance Sheets. Technology fees, annual brand conference revenues and training are recognized as the related services are delivered and are not material to the overall business.

**Costs and Expenses**

**Cost of Revenue:** Cost of revenue primarily consists of the direct costs associated with wholesale product and retail merchandise sold, including distribution and outbound freight costs and inventory obsolescence charges, as well as the cost of materials and labor for services rendered in our corporate-owned centers.

**Selling, General and Administrative Expenses:** Selling, general and administrative expenses primarily consist of wages, benefits and other compensation-related costs, rent, software, and other administrative expenses incurred to support our existing franchise and corporate-owned centers, as well as expenses attributable to growth and development activities. Also included in selling, general and administrative expenses are accounting, legal, marketing operations, and other professional fees.

**Advertising Expenses:** Advertising expenses consist of advertising, public relations, and administrative expenses incurred to increase sales and further enhance the public reputation of the European Wax Center brand.

**Depreciation and Amortization:** Depreciation and amortization includes depreciation of property and equipment and capitalized leasehold improvements, as well as amortization of intangible assets, including franchisee relationships and reacquired area representative rights. Area representative rights represent an agreement with area representatives to sell franchise licenses and provide support to franchisees in a geographic region. From time to time, the Company enters into agreements to reacquire certain area representative rights.

**Loss on Non-Cancellable Contracts:** During fiscal years 2020 and 2019, we recorded losses on non-cancellable contracts of \$1.1 million and \$2.5 million, respectively, as a result of the early discontinuation of use of technology licensed under multi-year contracts.

**Loss on Disposal of Assets:** During fiscal year 2019, we recorded a \$1.9 million loss on disposal of assets used in our previous corporate offices, in connection with the relocation of our corporate headquarters to Texas.

**Impairment of Internally Developed Software:** During fiscal year 2019, we identified a third-party point-of-sale software solution that provided specific functionality that were previously thought to be unavailable in a third-party solution. Partnering with this third-party provider was assessed to be more capital efficient over time than continuing to develop similar capabilities internally. As a result, we abandoned our in-process, internally developed point-of-sale solution and recorded an impairment charge of \$18.2 million.

**Gain on Sale of Centers:** During fiscal year 2019, we recorded a \$2.1 million gain on the sale of seven corporate-owned centers to one of our larger multi-unit franchisee operators, representing proceeds in excess of the carrying value of the related assets. We will opportunistically evaluate the purchase, sale, and disposition of corporate-owned centers as part of our ongoing market optimization strategy.

**Interest Expense:** Interest expense consists of interest on our long-term debt, including amounts outstanding under our revolving credit facility, as well as the amortization of deferred financing costs.

**Post-Offering Non-Controlling Interest and Expenses**

In connection with the Reorganization Transactions, we will be appointed as the sole managing member of EWC Ventures. Because we will manage and operate the business and control the strategic decisions and day-to-day operations of EWC Ventures and will also have a substantial financial interest in EWC Ventures, we will consolidate the financial results of EWC Ventures, and a portion of our net income (loss) will be allocated to the non-controlling interest to reflect the entitlement of the EWC Ventures Post-IPO Members to a portion of EWC Ventures' net income (loss).

After consummation of this offering, we will become subject to U.S. federal, state and local income taxes with respect to our allocable share of any taxable income of EWC Ventures and will be taxed at the prevailing corporate tax rates. In addition to tax expenses, we also will incur new expenses related to our operations as a public company, plus payments under the Tax Receivable Agreement.

See "Unaudited Pro Forma Consolidated Financial Information" for more information regarding the post-offering non-controlling interest and expenses.

#### Comparison of the 13 Weeks Ended March 27, 2021 and March 28, 2020

##### Revenue

Total revenue increased \$3.8 million, or 11.7%, to \$36.7 million during the 13 weeks ended March 27, 2021, compared to \$32.8 million for the 13 weeks ended March 28, 2020. The increase in revenue was largely due to increased product sales and marketing fees. The increase in product sales was primarily attributable to shipments of a new product line launched during the first 13 weeks of 2021 to franchisees. The increase in marketing fees in the current year period was primarily the result of our decision to waive marketing fees in 2020 to provide relief to our franchisees from the adverse impact of the COVID-19 pandemic.

##### Product Sales

Product sales increased \$2.3 million, or 12.4%, to \$20.6 million during the 13 weeks ended March 27, 2021, compared to \$18.3 million for the 13 weeks ended March 28, 2020. The increase in product sales was primarily attributable to shipments of a new product line launched during the first 13 weeks of 2021 to franchisees.

##### Royalty Fees

Royalty fees for the 13 weeks ended March 27, 2021 decreased 0.6% compared to the 13 weeks ended March 28, 2020. The slight decrease in royalty fees was primarily due to lower network revenues in the first 13 weeks of 2021 as centers continued to reopen and ramp back up to pre-COVID revenue levels. This decrease was mostly offset by the opening of 50 new centers during the period from March 28, 2020 to March 27, 2021.

##### Marketing Fees

Marketing fees increased \$1.4 million, or 38.6%, to \$4.9 million during the 13 weeks ended March 27, 2021, compared to \$3.5 million for the 13 weeks ended March 28, 2020. The increase in marketing fees in the current

year period was primarily the result of our decision to waive marketing fees in 2020 to provide relief to our franchisees from the adverse impact of the COVID-19 pandemic.

#### *Other Revenue*

Other revenue increased \$0.2 million, or 11.8%, to \$2.2 million during the 13 weeks ended March 27, 2021, compared to \$2.0 million for the 13 weeks ended March 28, 2020. The increase in other revenue in the current year period was primarily the result of our decision to waive technology fees in 2020 to provide relief to our franchisees from the adverse impact of the COVID-19 pandemic.

#### **Costs and Expenses**

##### *Cost of Revenue*

Cost of revenue increased \$1.3 million, or 14.4%, to \$9.9 million during the 13 weeks ended March 27, 2021, compared to \$8.6 million for the 13 weeks ended March 28, 2020. The increase in cost of revenue was largely the result of shipments of the new product line launched during the first 13 weeks of 2021 to franchisees.

##### *Selling, General and Administrative*

Selling, general and administrative expenses increased \$0.7 million, or 6.6%, to \$11.1 million during the 13 weeks ended March 27, 2021, compared to \$10.4 million for the 13 weeks ended March 28, 2020. The increase in selling, general and administrative expenses was primarily due to increased professional fees and corporate reorganization costs incurred in preparation for our initial public offering. These increases were partially offset by a decrease in commissions resulting from the reacquisition of rights from certain area representatives and a decrease in relocation costs in the first 13 weeks of 2021 compared to the first 13 weeks of 2020.

##### *Advertising*

Advertising expenses increased \$1.2 million, or 32.4%, to \$4.9 million during the 13 weeks ended March 27, 2021, compared to \$3.7 million for the 13 weeks ended March 28, 2020. The increase in advertising expense resulted from efforts to expand our marketing activities following the reopening of our centers as COVID-related restrictions were lifted.

##### *Depreciation and Amortization*

Depreciation and amortization increased \$0.2 million, or 4.9%, to \$5.1 million during the 13 weeks ended March 27, 2021, compared to \$4.9 million for the 13 weeks ended March 28, 2020. The increase in depreciation and amortization expense was primarily driven by an increase in amortization expense for the additional reacquired rights from area representatives completed during fiscal years 2020 and 2021.

##### *Interest Expense*

Interest expense increased \$0.3 million, or 7.4%, to \$4.5 million during the 13 weeks ended March 27, 2021, compared to \$4.2 million for the 13 weeks ended March 28, 2020. The increase in interest expense was primarily due to the additional \$10.0 million outstanding under our revolving credit facility in the first 13 weeks of 2021 compared to the same period in 2020.

#### **Comparison of Fiscal Year 2020 and Fiscal Year 2019**

##### **Revenue**

Total revenue decreased \$50.8 million, or 32.9%, to \$103.4 million in fiscal year 2020, compared to \$154.2 million in fiscal year 2019. The decrease in revenue was a direct result of the negative impact of the COVID-19 pandemic, which resulted in temporary center closures and fewer customer visits during fiscal year 2020, as well as the impact of the sale of seven corporate-owned centers in May 2019 on service revenues, year over year. These decreases were slightly offset by the opening of new centers.

### *Product Sales*

Product sales decreased \$26.6 million, or 31.9%, to \$57.0 million in fiscal year 2020, compared to \$83.6 million in fiscal year 2019. The decrease in product sales was a direct result of the temporary center closures and fewer customer visits during fiscal year 2020 due to the COVID-19 pandemic. This decrease was modestly offset by the opening of new centers.

### *Royalty Fees*

Royalty fees decreased \$11.0 million, or 30.1%, to \$25.7 million in fiscal year 2020, compared to \$36.7 million in fiscal year 2019. The decrease in royalty fees was a direct result of the negative impact of the COVID-19 pandemic on network revenues, attributable to temporary center closures and fewer customer visits during fiscal year 2020. This decrease was modestly offset by the opening of new centers.

### *Marketing Fees*

Marketing fees decreased \$8.5 million, or 38.7%, to \$13.5 million in fiscal year 2020, compared to \$22.0 million in fiscal year 2019. In line with the product sales and royalty fees, the decrease in marketing fee revenues was a direct result of the negative impact of the COVID-19 pandemic on network revenues.

### *Other Revenue*

Other revenue decreased \$4.6 million, or 38.6%, to \$7.3 million in fiscal year 2020, compared to \$11.9 million in fiscal year 2019. The decrease in other revenue was driven by the negative impact of the COVID-19 pandemic on network revenues, as well as the impact of the sale of seven corporate owned centers to franchisees in May 2019 on service revenues, year over year.

### *Costs and Expenses*

#### *Cost of Revenue*

Cost of revenue decreased \$5.4 million, or 13.2%, to \$35.5 million in fiscal year 2020, compared to \$40.9 million in fiscal year 2019. The decrease in cost of revenue was primarily driven by the negative impact of the COVID-19 pandemic on revenues. This decrease was partially offset by an increase in the inventory obsolescence reserve during fiscal year 2020 related to a pilot program for certain retail products with a limited shelf-life that did not have a chance to scale, due to COVID-19, as well as a planned product restaging effort approved by management during fiscal year 2020.

#### *Selling, General and Administrative*

Selling, general and administrative expenses decreased \$26.0 million, or 40.0%, to \$39.0 million in fiscal year 2020, compared to \$65.0 million in fiscal year 2019. The decrease in selling, general and administrative expenses was due to a \$9.2 million decrease in commissions resulting from the reacquisition of rights from certain area representatives during fiscal year 2020, as described in our notes to the consolidated financial statements (Note 8—*Goodwill and intangible assets, net*) contained elsewhere in this prospectus, as well as \$6.9 million of costs incurred during fiscal year 2019 related to the relocation of our corporate headquarters from Florida to Texas (with no comparable costs in fiscal year 2020). The relocation costs are primarily comprised of employee relocation costs, severance, retention and exit costs for abandoned leases. In addition, payroll and payroll-related costs decreased \$5.3 million, largely due to a reduction and temporary furlough of certain corporate employees in response to the COVID-19 pandemic as well as a reduction in wages for employees of the corporate-owned centers due to temporary center closures.

#### *Advertising*

Advertising expenses decreased \$9.6 million, or 45.6%, to \$11.5 million in fiscal year 2020, compared to \$21.1 million in fiscal year 2019. The decrease in advertising expenses was primarily driven by the COVID-19 pandemic as these efforts were suspended in line with the temporary center closures.

*Depreciation and Amortization*

Depreciation and amortization increased \$4.0 million, or 26.1%, to \$19.5 million in fiscal year 2020, compared to \$15.5 million in fiscal year 2019. The increase in depreciation and amortization expense was primarily driven by an increase in amortization expense for the additional reacquired rights from area representatives completed during fiscal years 2019 and 2020, partially offset by the impact of assets written off related to our corporate headquarter relocation to Texas.

*Loss on Disposal of Assets and Non-Cancellable Contracts*

Loss on disposal of assets and non-cancellable contracts decreased \$3.4 million, or 76.5%, to \$1.1 million in fiscal year 2020, compared to \$4.5 million in fiscal year 2019. During fiscal year 2020, we recorded a \$1.1 million loss on non-cancellable contracts related to the early termination of a multi-year software contract. During fiscal year 2019, we recorded a \$2.5 million loss on non-cancellable contracts as a result of the cancellation of a multi-year contract related to the abandonment of the in-process, internally developed point of sale system, as well as a \$1.9 million loss on disposal of assets used in our previous corporate offices, in connection with the relocation of corporate headquarters to Texas.

*Impairment of Internally Developed Software*

During fiscal year 2019, we recorded an impairment charge of \$18.2 million resulting from the abandonment of software development in process for an internally developed point of sale system. There were no comparable impairment charges incurred in fiscal year 2020.

*Gain on Sale of Centers*

During fiscal year 2019, we recorded a gain on the sale of seven corporate-owned centers of \$2.1 million, representing proceeds in excess of the carrying value of the related assets. There were no comparable gains recorded in fiscal year 2020.

*Interest Expense*

Interest expense increased \$2.7 million, or 17.5%, to \$18.3 million in fiscal year 2020, compared to \$15.6 million in fiscal year 2019. The increase in interest expense was driven by: (1) incremental borrowings on our term loan of \$40.0 million in April 2019 and \$15.0 million in January 2020, which were primarily utilized to fund the reacquisition of area representative rights, and (2) the additional \$10.0 million in capacity from our revolving credit facility, which we requested from our lenders in response to the COVID-19 pandemic, to increase liquidity and financial flexibility during uncertain times. Upon obtaining the increased capacity on the revolver, we drew down the additional \$10.0 million, which bears interest at the index rate defined in the credit agreement, plus the applicable margin of 3.5%. In exchange for the increased capacity, interest on our term loan increased to the index rate defined in the agreement, plus an applicable margin of 5.5%.

**Non-GAAP Financial Measures**

In addition to our GAAP financial results, we believe the non-GAAP financial measures EBITDA and Adjusted EBITDA are useful in evaluating our performance. Our non-GAAP financial measures should not be considered in isolation from, or as substitutes for, financial information prepared in accordance with GAAP. These non-GAAP financial measures are presented for supplemental information purposes only and may be different from similarly titled metrics or measures presented by other companies. A reconciliation of the non-GAAP financial measures to the most directly comparable financial measure stated in accordance with GAAP and a further discussion of how we use non-GAAP financial measures is provided below.

**EBITDA and Adjusted EBITDA.** We define EBITDA as net income before interest, taxes, depreciation and amortization. We believe that EBITDA, which eliminates the impact of certain expenses that we do not believe reflect our underlying business performance, provides useful information to investors to assess the performance of our business. We define Adjusted EBITDA as net income before interest, taxes, depreciation and amortization, adjusted for the impact of certain additional non-cash and other items that we do not consider in our evaluation of ongoing performance of our core operations. These items include exit costs related to leases of abandoned space, IPO-related costs, non-cash equity-based compensation expense, corporate

headquarters office relocation, and other one-time expenses. We believe that Adjusted EBITDA is an appropriate measure of operating performance in addition to EBITDA because it eliminates the impact of other items that we believe reduce the comparability of our underlying core business performance from period to period and is therefore useful to our investors in comparing the core performance of our business from period to period. EBITDA and Adjusted EBITDA may not be comparable to other similarly titled captions of other companies due to differences in methods of calculation.

A reconciliation of net income (loss) to EBITDA and Adjusted EBITDA is set forth below for the periods indicated:

### Liquidity and Capital Resources

We measure liquidity in terms of our ability to fund the cash requirements of our business operations, including working capital needs, capital expenditures, contractual obligations and debt service with cash flows from operations and other sources of funding. Our primary sources of liquidity and capital resources are cash provided from operating activities, cash and cash equivalents on hand, proceeds from our secured term loan and revolving credit facility and proceeds from the issuance of equity to our members. We had cash and cash equivalents of \$28.7 million as of March 27, 2021.

We believe that our sources of liquidity and capital will be sufficient to finance our continued operations and growth strategy for at least the next twelve months. Our primary requirements for liquidity and capital are working capital, capital expenditures to grow our network of centers, debt servicing costs, and general corporate needs. We have in the past, and may in the future, refinance our existing indebtedness with new debt arrangements and utilize a portion of borrowings to return capital to our stockholders. We anticipate additional cash obligations as a result of the Tax Receivable Agreements described in “Certain Relationships and Related Party Transactions—Tax Receivable Agreements”.

We expect capital expenditures for the year ending December 25, 2021 (“fiscal year 2021”) to be approximately \$2.0 million. The majority of these capital expenditures will be to support investments in technology, including enhancements to data infrastructure and our e-commerce platform, as well as general investments in our

corporate-owned centers. We anticipate our cash on hand and future cash flows from operations will provide the funds needed to meet our anticipated capital expenditure needs in fiscal year 2021.

We also have contractual obligations, including non-cancellable operating leases for office space and various retail locations, with terms expiring through February 2028. Rent expense from our operating leases was \$3.1 million and \$2.8 million for fiscal years 2020 and 2019, respectively, included in selling, general and administrative expense on the Consolidated Statements of Operations and Comprehensive Loss. Future minimum annual rental payments required under these operating lease agreements as of December 26, 2020 is presented within the notes to our audited consolidated financial statements (Note 12—*Commitments and contingencies*), included elsewhere in this prospectus. Additionally, we have various contractual commitments with third parties whereby we expect to pay \$6.4 million in fiscal year 2021, through cash on hand and operating cash flows.

As described in the notes to our consolidated financial statements (Note 19—*Subsequent events*), included elsewhere in this prospectus, on December 31, 2020, we entered an agreement to reacquire certain area representative rights totaling approximately \$7.25 million, which is to be paid through cash on hand. This agreement provided for the Company to pay approximately \$4.0 million upon execution of the agreement (on December 31, 2020), and the remaining \$3.25 million was paid in May 2021.

Our assessment of the period of time through which our financial resources will be adequate to support our operations is a forward-looking statement and involves risks and uncertainties. Our actual results and our future capital requirements could vary because of many factors, including our growth rate, the timing and extent of spending to acquire new centers and expand into new markets, and the expansion of sales and marketing activities. We may, in the future, enter into arrangements to acquire or invest in complementary businesses, services and technologies. We have based this estimate on assumptions that may prove to be wrong, and we could use our available capital resources sooner than we currently expect. We may be required to seek additional equity or debt financing. In the event that additional financing is required from outside sources, we may not be able to raise it on terms acceptable to us or at all. If we are unable to raise additional capital when desired, or if we cannot expand our operations or otherwise capitalize on our business opportunities because we lack sufficient capital, our business, results of operations and financial condition would be adversely affected.

#### **Senior Secured Credit Facility**

Our Senior Secured Credit Facility consists of a \$245.0 million term loan and a revolving credit facility. Borrowings under the term loan bear interest at an index rate as defined in the credit agreement plus an applicable margin of 5.5% (6.5% at March 27, 2021), payable quarterly through December 28, 2019 and monthly thereafter. The term loan requires principal payments equal to approximately \$2.4 million per fiscal year, payable in quarterly installments with the final scheduled principal payment on the outstanding term loan borrowings due on September 25, 2024. Beginning in fiscal year 2020, additional principal payments could become due in May of each year, which are based upon a calculation of Excess Cash Flow, as defined by the credit agreement. No such additional principal payments were required in May 2021 or 2020.

In May 2020, we amended the Senior Secured Credit Facility to increase the borrowing capacity under the revolving credit facility by \$10.0 million, to an aggregate amount of up to \$30.0 million. Borrowings under the revolving credit facility bear interest at an index rate defined in the credit agreement plus an applicable margin of 3.5% (4.25% at March 27, 2021), payable monthly. The revolving credit facility was fully drawn as of March 27, 2021 and expires on September 25, 2024.

In consideration of the increased capacity on the revolving credit facility, the applicable margin on the term loan increased by 1.0%, to 5.5%. Additionally, beginning with the month ended June 27, 2020 and for the 12 months thereafter, we are required to maintain \$6.0 million of minimum liquidity, as defined by the credit agreement. During such period, the financial covenant requiring us to maintain a maximum net leverage ratio (as described below) is not in effect.

The credit agreement governing our Senior Secured Credit Facility requires us to comply with a number of affirmative and negative covenants, including certain restrictions on additional indebtedness, liens against our assets, sales of our assets and other restrictions on payments. The credit agreement also contains a quarterly maintenance covenant that requires us to maintain a net leverage ratio (as defined in the credit agreement)

that does not exceed 8.75 to 1.00. As described above and in accordance with the terms of the May 2020 amendment to the credit agreement, this maintenance covenant is not in effect beginning with the month ended June 27, 2020 and for the 12 months thereafter. The requirement to be in compliance with the maintenance covenant will resume beginning with the fiscal period beginning June 27, 2021. Failure to comply with our covenants would result in an event of default under our Senior Secured Credit Facility unless waived by our Senior Secured Credit Facility lenders. An event of default under our Senior Secured Credit Facility can result in the acceleration of our indebtedness under the facility. As of March 27, 2021, the minimum net leverage ratio covenant was not in effect as a result of the amendment to the credit agreement described above. For additional information regarding our long-term debt activity, see the notes to the audited consolidated financial statements (Note 10—Long-term debt, net) and the unaudited condensed consolidated financial statements (Note 7—Long-term debt, net) contained elsewhere in this prospectus.

#### ***Derivative Instruments and Hedging Activities***

In December 2018, we entered an interest rate cap derivative instrument which was designated as a cash flow hedge at inception. Our objective is to mitigate the impact of interest expense fluctuations on our profitability resulting from interest rate changes by capping the LIBOR component of the interest rate at 4.5% on \$175.0 million of our long-term debt, as the interest rate cap provides for payments from the counterparty when LIBOR rises above 4.5%. The interest rate cap has a \$175.0 million notional amount and is effective December 31, 2018, for the monthly periods from and including January 31, 2019 through September 25, 2024. The interest rate cap has a deferred premium; accordingly, the Company will pay a monthly premium for the interest rate cap over the term of the agreement. The annual premium is equal to 0.11486% on the notional amount.

Changes in the cash flows of interest rate cap derivatives designated as hedges are expected to be highly effective in offsetting the changes in interest payments on a principal balance equal to the designated derivative's notional amount, attributable to the hedged risk.

We recognize as assets or liabilities at fair value the estimated amounts we would receive or pay upon a termination of the interest rate cap prior to the scheduled maturity date. As of March 27, 2021, the fair value of the interest rate cap derivative instrument was estimated to be a liability of \$0.4 million, with \$0.2 million classified within Other current liabilities and \$0.2 million within Other long-term liabilities on the Condensed Consolidated Balance Sheet. The fair value is based on information that is model-driven and whose inputs were observable.

#### ***Tax Receivable Agreement***

Generally, we are required under the Tax Receivable Agreement described in "Certain Relationships and Related Party Transactions—Tax Receivable Agreement" to make payments to the EWC Ventures Pre-IPO Members that are generally equal to 85% of the applicable cash tax savings, if any, that we actually realize (or are deemed to realize, calculated using certain assumptions) as a result of (i) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies' allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. Assuming no material changes in the relevant tax law and that we earn sufficient taxable income to realize in full the potential tax benefit described above, we estimate that payments under the Tax Receivable Agreement would aggregate to approximately \$ million over 15 years from the date of the completion of this offering, based on an assumed initial public offering price of \$ per share of Class A common stock, the midpoint of the estimated price range set forth on the cover page of this prospectus and assuming all future Share Exchanges and Cash Exchanges would occur on the date of this offering. The actual amounts we will be required to pay may materially differ from these hypothetical amounts, because potential future tax savings that we will be deemed to realize, and the Tax Receivable Agreement payments made by us, will be calculated based in part on the market value of our Class A common stock at the time of each Share Exchange

or Cash Exchange and the prevailing applicable federal tax rate (plus the assumed combined state and local tax rate) applicable to us over the life of the Tax Receivable Agreement and will depend on our generating sufficient taxable income to realize the tax benefits that are subject to the Tax Receivable Agreement. Subject to the discussion in the following paragraph below, such payments will occur only after we have filed our U.S. federal and state income tax returns and realized the cash tax savings from the favorable tax attributes. The first payment would be due after the filing of our tax return for the year ended December 31, 2021, which is due March 15, 2022, but the due date can be extended until September 15, 2022. Future payments under the Tax Receivable Agreement in respect of future Share Exchanges and Cash Exchanges would be in addition to these amounts. We currently expect to fund these payments from cash flow from operations generated by our subsidiaries as well as from excess tax distributions that we receive from our subsidiaries. To the extent we are unable to make payments under the Tax Receivable Agreement for any reason (including because our credit agreement restricts the ability of our subsidiaries to make distributions to us), under the terms of the Tax Receivable Agreement such payments will be deferred and accrue interest until paid. If we are unable to make payments due to insufficient funds, such payments may be deferred indefinitely while accruing interest until paid, which could negatively impact our results of operations and could also affect our liquidity in future periods in which such deferred payments are made.

Under the Tax Receivable Agreement, as a result of certain types of transactions and other factors, including a transaction resulting in a change of control, we may also be required to make payments to the EWC Ventures Pre-IPO Members in amounts equal to the present value of future payments we are obligated to make under the Tax Receivable Agreement. If the payments under the Tax Receivable Agreement are accelerated, we may be required to raise additional debt or equity to fund such payments. To the extent that we are unable to make payments under the Tax Receivable Agreement for any reason (including because our credit agreement restricts the ability of our subsidiaries to make distributions to us), under the terms of the Tax Receivable Agreement such payments will be deferred and will accrue interest until paid. If we are unable to make payments due to insufficient funds to make such payments, such payments may be deferred indefinitely while accruing interest until paid, which could negatively impact our results of operations and could also affect our liquidity in future periods in which such deferred payments are made. For a full description of the Tax Receivable Agreement, see “Risk Factors—Risks Related to Our Organization and Structure—We will be required to pay the EWC Ventures Pre-IPO Members for certain tax benefits we may claim, and the amounts we may pay could be significant” and “Certain Relationships and Related Party Transactions—Tax Receivable Agreement.”

### **Summary Statements of Cash Flows**

The following table sets forth the major components of our consolidated statements of cash flows for the periods presented:

(in thousands)	For the Thirteen Weeks Ended		For the Years Ended	
	March 27, 2021	March 28, 2020	December 26, 2020	December 28, 2019
Net cash (used in) provided by:				
Operating activities	\$(1,987)	\$ 1,450	\$ 1,397	\$ 14,701
Investing activities	(4,499)	(29,512)	(36,843)	(40,694)
Financing activities	(1,547)	29,706	61,902	27,807
Net (decrease) increase in cash	\$(8,033)	\$ 1,644	\$ 26,456	\$ 1,814

### **Operating Activities**

During the 13 weeks ended March 27, 2021, net cash used in operating activities was \$2.0 million, compared to net cash provided by operating activities of \$1.5 million for the 13 weeks ended March 28, 2020, a decrease of \$3.5 million. This decrease was primarily the result of the increase in working capital requirements during the first 13 weeks of 2021 exceeding the working capital increase for the first 13 weeks of 2020. The increase in working capital requirements in 2021 was primarily attributable to increases of \$8.2 million and \$4.4 million in accounts receivable and inventory, respectively, resulting from shipments of a new product line launched during the first 13 weeks of 2021. In addition, prepaid expenses and other assets increased \$3.5 million largely due to deferred charges relating to our initial public offering and increased prepaid marketing expenditures

resulting from efforts to expand our marketing activities following the reopening of our centers as COVID-related restrictions were lifted. These increases in working capital requirements were partially offset by a \$7.0 million increase in accounts payable and accrued expenses largely driven by increased inventory purchases, holdbacks on payments for reacquired area representative rights and accrued professional fees.

For fiscal year 2020, net cash provided by operating activities was \$1.4 million, compared to net cash provided by operating activities of \$14.7 million in fiscal year 2019, a decrease of \$13.3 million. The decrease was primarily driven by the overall negative impact of COVID-19 on our fiscal year 2020 operating results, and a \$10.5 million decrease in accounts payable and accrued liabilities. The decrease in accounts payable and accrued liabilities was due to decreases of approximately \$3.2 million of accounts payable, driven by timing of check runs and timing of vendor invoices, approximately \$2.1 million of accrued bonus, approximately \$2.1 million related to an insurance settlement that was accrued during 2019 and relieved during 2020, approximately \$1.7 million of accrued severance, primarily related to the corporate headquarter relocation in fiscal year 2019, and approximately \$0.7 million of other accruals related to corporate headquarter relocation costs.

#### *Investing Activities*

During the 13 weeks ended March 27, 2021 and March 28, 2020, we used \$4.3 million and \$28.2 million of cash, respectively, for the reacquisition of area representative rights. Investing activities related to capital expenditures were \$0.2 million in the first 13 weeks of 2021 and \$1.3 million in the first 13 weeks of 2020, respectively.

In fiscal years 2020 and 2019, we used \$34.7 million and \$33.2 million, respectively, for the reacquisition of area representative rights. Investing activities related to capital expenditures, including investments in new, remodeled, relocated and refreshed centers, were \$2.2 million in fiscal year 2020 and \$9.3 million in fiscal year 2019, respectively. Capital expenditures in fiscal year 2019 included investments in an internally developed point of sale solution which was subsequently abandoned and written off in fiscal 2019, and property and equipment related to the relocation of our corporate headquarters from Florida to Texas during the year.

#### *Financing Activities*

Financing activities during the 13 weeks ended March 27, 2021 primarily consisted of \$0.9 million in repurchases of Class A Units and a \$0.6 million principal payment on our term loan. Financing activities during the 13 weeks ended March 28, 2020 primarily consisted of additional funding obtained to optimize our cash position in preparation for a potential, prolonged impact of the COVID-19 pandemic on our business, and to support our investments in the reacquisition of area representative rights. In the first 13 weeks of 2020 we drew down \$17.0 million on our revolving credit facility and increased our term loan by \$15.0 million.

Financing activities during fiscal year 2020 primarily consisted of additional funding obtained to optimize our cash position in preparation for a potential, prolonged impact of the COVID-19 pandemic on our business, and to support our investments in the reacquisition of area representative rights. In fiscal year 2020 we drew down \$27.0 million on our revolving credit facility and increased our term loan by \$15.0 million. In fiscal year 2020 we also received \$24.9 million in contributions from members. Financing activities during fiscal year 2019 primarily consisted of additional funding obtained to support our investments in the reacquisition of area representative rights. We distributed \$1.8 million and \$5.2 million to our members in fiscal year 2020 and 2019 for estimated taxes, respectively.

#### **Critical Accounting Policies and Estimates**

Our financial statements are prepared in accordance with GAAP. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, expenses, and related disclosures. We evaluate our estimates and assumptions on an ongoing basis. Our estimates are based on historical experience and various other assumptions that we believe to be reasonable under the circumstances. Our actual results could differ from these estimates.

The critical accounting policies requiring estimates, assumptions and judgements that we believe have the most significant impact on our financial statements are described below.

**Revenue Recognition:** Revenue from contracts with customers consists primarily of product sales, royalties, marketing fees and other fees resulting from our franchise agreements.

Product sales primarily include the sale of proprietary wax and other products used in the provision of wax services to franchisees, as well as retail merchandise sold in corporate-owned centers. Revenue on product sales is recognized when control transfers. Generally, customers take control when the risk of loss, title and insurable risks have transferred to the customer.

Royalty fees are earned based on a percentage of franchisees' gross sales, net of retail product sales, as defined in the applicable franchise agreement. Our franchise agreement royalties represent sales-based royalties that are related entirely to our performance obligation under the applicable franchise agreement and are recognized as franchise sales occur.

Marketing fees are primarily earned based on a percentage of franchisees' gross sales, net of retail product sales and a fixed fee for search engine optimization and marketing services.

Franchise fees consist primarily of revenues earned from the delivery of services to franchisees over the franchise license term. The Company's primary performance obligations under the franchise license center are granting the use of the European Wax Center trademarks, system, training, preopening assistance and operating assistance in exchange for franchise fees. The rights to use the Company's intellectual property and all other services the Company provides under the applicable franchise agreement are highly interrelated, not distinct within the contract, and therefore accounted for under ASC 606 as a single performance obligation, which is satisfied by granting certain rights to use our intellectual property over the term of each franchise agreement.

Initial franchise fees are payable by the franchisee upon signing a new franchise agreement and are recognized as revenue on a straight-line basis commencing at contract inception through the end of the franchise license term. Franchise agreements generally have terms of ten years. These agreements also convey one extension term up to ten years, depending on contract terms and if certain conditions are met. Amounts collected in advance for franchise fees are recorded as deferred franchise fees on the Consolidated Balance Sheets.

**Inventory Valuation:** Our inventories are substantially comprised of wax, wholesale products consumed in the application of wax services and European Wax Center branded products including in-grown hair serums, exfoliates, body washes, lotions, and creams. Inventory is recorded at the lower of cost or net realizable value using the FIFO method. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. We record adjustments to our inventory reserves if the cost of a specific product on hand exceeds the amount we expect to realize from the ultimate sale or disposal of the inventory. These estimates are based on management's judgment regarding future demand, age of inventory, and analysis of historical experience. If actual demand or market conditions are different than those projected by management, future results may be unfavorably or favorably affected by adjustments to these estimates. We do not believe that there is a reasonable likelihood that there will be a material change in the future estimates or assumptions we use to calculate our inventory reserves.

**Goodwill:** Goodwill is recognized for the excess of the fair value of an acquired entity over the amounts assigned to identifiable assets acquired and liabilities assumed in a business combination and is not subject to amortization. Goodwill and intangible assets with indefinite useful lives are not amortized, but instead are tested for impairment annually on October 1 of the fiscal year, or more frequently if impairment indicators arise. Factors that could trigger an impairment test include, but are not limited to, underperformance relative to historical or projected future operating results, significant changes in the manner of use of the acquired assets or the overall business and significant negative industry or economic trends.

Goodwill is tested for impairment annually at a reporting unit level. We have determined that we have one reporting unit which is the same as our sole operating segment. We first perform a qualitative assessment of goodwill, a Step 0 analysis, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If we determine that is more likely than not that the fair value of a reporting unit is less than its carrying value we perform a quantitative impairment test. This test identifies both the existence of and the amount of goodwill impairment by comparing the fair value of a reporting unit to its carrying amount, including goodwill. If the fair value of a reporting unit exceeds its carrying amount goodwill is not impaired. If the carrying amount of a reporting unit exceeds its fair value an impairment loss is recognized in amount equal to that excess, limited to the amount of goodwill allocated to that reporting

unit. It is possible that changes in circumstances or changes in management's judgments, assumptions and estimates could result in an impairment charge of a portion or all of its goodwill. No impairment charge was recognized for goodwill for fiscal years 2020 or 2019.

We make various estimates and assumptions in determining the estimated fair value of our reporting unit using a combination of discounted cash flow models and valuations based on earnings multiples for guideline public companies and transactions in each reporting unit's industry peer group, when externally quoted market prices are not readily available. Discounted cash flow models are highly reliant on various assumptions, including projected business results, long-term growth factors and discount rate. Management judgement is involved in estimating these variables, and they include inherent uncertainties since they are forecasting future events. We perform sensitivity analyses by using a range of inputs to confirm the reasonableness of the long-term growth rate and discount rate estimates.

We performed our annual goodwill impairment using the quantitative approach as of October 1, 2020 and concluded there was no impairment as of that date. The impairment test concluded that the reporting unit had a fair value in excess of its respective carrying amount. We believe our use of significant assumptions within our valuation models are reasonable estimates of likely future events. Subsequent to this annual impairment test, no additional indications of an impairment were identified.

Significant assumptions inherent in the valuation methodologies include estimates of future projected business results (principally revenue and EBITDA), long-term growth rates, and the discount rate. We performed sensitivity analyses by using a range of inputs to confirm the reasonableness of long-term growth rate and discount rate estimates. Significant assumptions utilized in the impairment analysis performed during the fourth quarter of 2020 included the weighted-average cost of capital of 14.5%, and a terminal growth rate of 4%. Based on the sensitivity analysis performed on these two key assumptions in the discounted cash flow model, a 100 basis point decrease in the long-term growth factor assumption or a 100 basis point increase in the discount rate assumption would not have resulted in a fair value below the reporting unit's carrying value. For additional information related to our goodwill, see the notes to the audited consolidated financial statements (Note 8—*Goodwill and Intangible Assets, net*) contained elsewhere in this prospectus.

**Intangible Assets:** Intangible assets primarily consist of franchisee relationships, trade names and reacquired area representative rights. Franchisee relationships are amortized on a straight-line basis over their estimated useful life of ten years. Reacquired rights are amortized on a straight-line basis over the remaining expected term of the agreement with the area representative. The initial term of the area representative agreements is ten years with an additional ten-year renewal at the option of the area representative. Trade names were deemed to have an indefinite life. Intangible assets with indefinite useful lives are not amortized, but instead are tested for impairment annually as of October 1 of the fiscal year, or more frequently if impairment indicators arise. Factors that could trigger an impairment test include, but are not limited to, underperformance relative to historical or projected future operating results, significant changes in the manner of use of the acquired assets or the overall business and significant negative industry or economic trends.

Indefinite-lived intangible assets, including our trade names, are tested for impairment at the unit of account. We first perform a qualitative assessment to determine whether it is more likely than not that the fair value of the asset is less than its carrying amount. When necessary, a quantitative impairment test is performed by determining the fair value of the intangible asset. If the fair value of the intangible asset is less than its carrying value, an impairment loss is recognized in an amount equal to the difference. If an intangible asset that is not being amortized is subsequently determined to have a finite useful life, that asset is tested for impairment. After recognition of the impairment, if any, the asset is amortized prospectively over its estimated remaining useful life and accounted for in the same manner as other intangible assets that are subject to amortization.

When a quantitative analysis is performed, we test these assets using a "relief-from-royalty" valuation method to determine the fair value. Significant assumptions inherent in the valuation methodologies include, but are not limited to, future projected business results, growth rates, the discount rate for a market participant, and royalty rates. No impairment charge was recognized for our intangible assets for fiscal years 2020 or 2019.

## Quantitative and Qualitative Disclosures About Market Risk

### Interest Rate Risk

We are exposed to market risk related to changes in interest rates. Our primary exposure to market risk is interest rate sensitivity, which is affected by changes in the general level of U.S. interest rates, particularly because our term loan and revolving credit facility bear interest at a variable rate.

Our term loan and revolving credit facility bear interest at a variable index rate plus an applicable margin, as defined in the credit agreement. Accordingly, increases in the variable index rate could increase our interest payments under the term loan and revolving credit facility. An increase of 100 basis points in the variable index rate would not have a material impact on our financial position or results of operations.

To mitigate our exposure to rising interest rates, we entered into an interest rate cap agreement in December 2018 to limit the variable index rate (1-month LIBOR) to 4.5% on \$175.0 million of principal outstanding on our term loan. The agreement was effective on December 31, 2018 and applies to interest payments from and including January 31, 2019 through September 25, 2024.

#### ***Foreign Currency Risk***

We are not currently exposed to significant market risk related to changes in foreign currency exchange rates; however, we have contracted with and may continue to contract with foreign vendors. Our operations may be subject to fluctuations in foreign currency exchange rates in the future.

#### ***Commodity Price Risk***

We are exposed to market risk related to changes in commodity prices. Our primary exposure to commodity price risk is the pricing of our proprietary wax purchased from our significant suppliers, which may be adjusted upwards or downwards based on changes in prices of certain raw materials used in the production process. To date, there have been no price adjustments due to changes in raw material prices.

#### **JOBS Act**

The Company is an emerging growth company as defined in the Jumpstart Our Business Startups Act of 2012 (“JOBS Act”) and may take advantage of reduced reporting requirements that are otherwise applicable to public companies. Section 107 of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies are required to comply with those standards. We have elected to use the extended transition period for complying with new or revised accounting standards. This may make it difficult to compare our financial results with the financial results of another public company that is either not an emerging growth company or is an emerging growth company that has chosen not to take advantage of the extended transition period exemptions because of the potential differences in accounting standards used. See “Prospectus Summary—Implications of being an Emerging Growth Company”.

#### **Recent Accounting Pronouncements**

See Note 2 to the audited consolidated financial statements and Note 2 to the unaudited condensed consolidated financial statements included elsewhere in this prospectus for more information about recent accounting pronouncements, the timing of their adoption and our assessment, to the extent we have made one, of the potential impact of the pronouncements on our financial condition and results of operations and cash flows.

## BUSINESS

### Inspiring Confidence

We revolutionized the market for out-of-home hair removal services by creating the first professionalized model exclusively focused on providing high-quality waxing experiences for guests. We take wax-based hair removal seriously because waxing is an integral part of our guests' recurring personal-care and beauty regimens, and our guests trust us to give them an unparalleled experience. Our waxing services provide an efficient and relatively painless means of removing unwanted hair from our guests' bodies and faces. Our mission is to ensure that every guest who walks through our doors leaves feeling unapologetically confident. A 15-minute appointment at one of our centers can transform someone's mood, someone's day — even their perception of themselves.

Our culture is built on four core values, creating an environment that unleashes the power of our associates to be their authentic selves and builds trust amongst our guests:

- *We care about each other*
- *We delight our guests*
- *We do the right thing*
- *We have fun while being awesome*

Our operating philosophy focuses on the 360-degree guest experience, ensuring that every time a guest visits one of our European Wax Centers, they “*walk in and strut out*”.

Our guest obsession combined with the simplicity and scale of our asset-light franchise platform enables us to deliver millions of trusted, efficacious, and accessible waxing services each year.

### European Wax Center: “*Experts in Wax and Champions of Confidence*”

We are the largest and fastest-growing franchisor and operator of OOH waxing services in the United States by number of centers and system-wide sales. We delivered over 21 million waxing services in 2019 and over 13 million waxing services in 2020 generating more than \$687 million and \$469 million of system-wide sales, respectively, across our highly-franchised network. We have a leading portfolio of centers operating in 808 locations across 44 states as of March 27, 2021. Of these locations, 803 are franchised centers operated by franchisees and five are corporate-owned centers.

The European Wax Center brand is trusted, efficacious and accessible. Our culture is obsessed with our guest experience and we deliver a superior guest experience relative to smaller chains and independent salons. We offer guests high-quality, hygienic waxing services administered by our licensed, EWC-trained estheticians (our “wax specialists”), at our accessible and welcoming locations (our “centers”). Our technology-enabled guest interface simplifies and streamlines the guest experience with automated appointment scheduling and remote check-in capabilities, ensuring guest visits are convenient, hassle-free, and consistent across our network of centers. Our well-known, pre-paid Wax Pass program makes payment easy and convenient, fostering loyalty and return visits. Guests view us as a non-discretionary part of their personal-care and beauty regimens, providing us with a highly predictable and growing recurring revenue model.

Our asset-light franchise platform delivers capital-efficient growth, significant cash flow generation, and resilience through economic cycles. Our centers are 99% owned and operated by our franchisees who benefit from superior unit-level economics, with mature centers generating annual cash-on-cash returns in excess of 60%. The highly consistent and recurring demand for our services and the competitive advantages provided by our scale have resulted in ten consecutive years of same-store sales and system-wide sales growth through 2019 as illustrated by the following graphs. We believe we can nearly quadruple our center count within the next 15 years to over 3,000 locations in the United States.

**ANNUAL SAME-STORE SALES GROWTH****ANNUAL SYSTEM-WIDE SALES GROWTH  
(\$ in millions)**

In partnership with our franchisees, we fiercely protect our points of differentiation that attract new guests, build meaningful relationships and promote lasting retention. Our NPS of 85 demonstrates our guests' devotion to our brand. We are so confident in our ability to delight that we have always offered all of our guests their first wax free.

Hair removal solutions are consistently in demand, given the recurring nature of hair growth. The OOH waxing market is the fastest-growing hair removal solution in the United States, defined by a total addressable domestic market of \$18 billion with annualized growth that is approximately twice as high as other hair removal alternatives. European Wax Center is the category-defining brand within this rapidly growing market and became so by professionalizing a highly fragmented sector where service consistency, hygiene, and customer trust were not historically offered. We are approximately six times larger than the next largest waxing-focused competitor by center count and approximately ten times larger by system-wide sales. Our unmatched scale enables us to drive broader brand awareness, ensures our licensed wax specialists are universally trained at the highest standards, and drives consistent financial performance across each center.

Under the stewardship of our CEO, David Berg, and the other management team members, we have prioritized building a culture of performance, success, and inclusivity. Additionally, we have intensified our focus on enhancing the guest experience and have invested significantly in our corporate infrastructure and marketing capabilities to continue our track record of sustainable growth. The foundation for our next chapter of growth is firmly in place.

**Our Long-Term Financial Track Record of Consistent Growth**

Our unique value proposition has contributed to our strong historical financial performance and ongoing success with both guests and franchisees. Our centers have a long track record of sustained growth with resilient performance through economic cycles. Our centers experience a highly predictable maturation curve that is consistent across cohorts and geographies, providing us and our franchisees with a high degree of visibility into future performance and driving strong interest on the part of our existing franchisees to open more centers.

**Performance from 2016 to 2019**

- Increased the number of services administered annually from approximately 16 million to more than 21 million;
- Increased center count from 593 to 750, representing a CAGR of 8%;
- Grew our system-wide sales from \$445 million to \$687 million, representing a CAGR of 16%;
- Increased net revenue from \$107 million to \$154 million, representing a CAGR of 13%;
- Decreased net income from \$19 million to a net loss of \$24 million; and
- Increased Adjusted EBITDA from \$26 million to \$34 million, representing a CAGR of 9%.

**Performance in 2020 and During the COVID-19 Pandemic**

In January and February 2020, our performance continued with the same momentum experienced in 2019, with same-store sales growth of 11.1% and 10.8%, compared to the prior year periods. At the onset of the pandemic in March 2020, however, all of our centers temporarily closed due to the implementation of certain mandated closure requirements across the United States. In response to the pandemic, our management team developed and executed a detailed response plan focused on raising our already industry-leading hygiene standards and ensuring the safety of our guests, franchisees and associates.

By May 2020, our centers began to re-open as local health and safety guidance allowed and we saw an immediate rebound in performance. While the trajectory of our same-store sales performance fluctuated during the second half of 2020 in conjunction with state-specific loosening or tightening of COVID-19 restrictions in response to subsequent waves of COVID-19, our overall recovery demonstrates our guests consistently wanted to get back to their regular waxing routines at European Wax Center. By March 2021, nearly all of our nationwide network had re-opened and we were generating system-wide sales of approximately 101% of what they had been in March 2019 suggesting a nearly complete rebound from COVID-19 impacted performance in 2020. Of our 750 centers in 2019, none were forced to close as a result of the COVID-19 pandemic. Further, of our 52 new gross center openings in 2020, 87% of the openings came from our existing franchise base, reinforcing our network's belief in the stability and future success of our brand. During 2020, despite the challenges from COVID-19, our platform delivered strong growth in new centers as well as resilience in revenues and profit margins. All corporate-owned centers had re-opened as of December 26, 2020.

- Center count increased from 750 in 2019 to 796 in 2020;
- System-wide sales decreased from \$687 million in 2019 to \$469 million in 2020;
- Net revenue decreased from \$154 million in 2019 to \$103 million in 2020;
- Net loss decreased from \$24 million in 2019 to \$21 million in 2020; and
- Adjusted EBITDA decreased from \$34 million in 2019 to \$20 million in 2020.

The following graph illustrates system-wide sales for the periods presented relative to the same period in 2019.

### **Performance during the 13 weeks ended March 27, 2021**

As conditions resulting from the COVID-19 pandemic continued to improve, our platform delivered growth in revenue and profitability, as well as an increase in new centers during the first 13 weeks of 2021. As of March 27, 2021 nearly all of our centers had reopened, and we expect that our financial results will continue to strengthen as COVID-related capacity restrictions were lifted subsequent to March 27, 2021 and guests are able to return to our centers at full capacity levels.

- Center count increased from 796 as of December 26, 2020 to 808 as of March 27, 2021;
- System-wide sales remained flat from \$158.0 million in the first 13 weeks of 2020 to \$157.0 million in the first 13 weeks of 2021;
- The Company's total revenue increased from \$32.8 million for the 13 weeks ended March 28, 2020 to \$36.7 million for the 13 weeks ended March 27, 2021;
- Net income improved from \$1.0 million in the first 13 weeks of 2020 to \$1.1 million in the first 13 weeks of 2021; and
- Adjusted EBITDA increased from \$11.7 million for the 13 weeks ended March 28, 2020 to \$12.5 million for the 13 weeks ended March 27, 2021.

### **Our Growing Market Opportunity**

Hair removal is an integral and recurring part of the personal-care and beauty regimens for most women and many men in the United States, and hair removal solutions are consistently in demand, given the recurring nature of hair growth. Consumers employ both at-home treatments as well as various OOH services for their hair removal needs, and consumers frequently find that at-home solutions are less effective, messier, more painful, and more time-consuming than OOH services administered by highly-trained specialists. OOH services include waxing, laser hair removal, sugaring, and threading. OOH laser hair removal is a semi-permanent solution that is significantly more expensive than OOH waxing and presents potential safety risks. Based on customer surveys, we believe that approximately 40% of consumers in the hair removal market would not consider laser hair removal services and 50% of consumers who have tried laser hair removal have stopped because it is too expensive. Sugaring and threading are both less effective options than OOH waxing and have not been widely adopted among consumers.

We estimate that our \$18 billion total addressable domestic market includes approximately 69 million U.S. adults who are currently waxing or are interested in waxing. The OOH waxing market, in which European Wax Center competes, is the fastest growing hair removal alternative and grew at an estimated CAGR of 8% between 2015 and 2019, compared to 3% for the total hair removal market. Growth in OOH waxing is fueled by secular trends including:

- Increasing consumer interest in personal-care and self-expression;
- Customer awareness of OOH waxing efficiency and efficacy relative to at-home solutions, and affordability relative to other OOH solutions;
- OOH waxing services becoming an increasingly non-discretionary and routine part of personal-care and beauty regimens; and
- Growing geographic reach across and interest from diverse age groups and genders.

### OUR TOTAL ADDRESSABLE MARKET

Although European Wax Center currently represents only 4% of our addressable market, we estimate we are approximately six times larger than our closest waxing-focused competitor within OOH waxing by center count and approximately ten times larger by system-wide sales. Our market remains highly fragmented, with more than 10,000 independent waxing-focused operators that lack scale and almost 100,000 beauty salons that only provide waxing as a small part of their broader service offering. For many beauty salons and other similar operators, waxing is not their core competency, with services frequently provided in “backrooms” and without significant investment in the overall experience. This fragmentation results in a marketplace characterized by inconsistent quality, lack of technological accessibility and scheduling, and one-time transactional services that fail to instill customer trust and engagement. European Wax Center’s singular focus on waxing services and unmatched scale allow us to capitalize on this opportunity.

#### Our Differentiated Brand Experience

We believe our approach to OOH waxing has revolutionized the category. Our brand experience is differentiated because we are:

1. **Experts in Wax:** Our service model is focused exclusively on wax-based hair removal. We obsess over every element of the waxing services we deliver for our guests:
  - **Expert Line-up of Waxing Services & Products:** We provide a comprehensive assortment of body and facial waxing services using our Comfort Wax formulation, which features a proprietary blend of the highest quality natural beeswax combined with other skin-soothing ingredients for the most comfortable waxing experience. We provide a line of proprietary pre- and post-service products, including ingrown hair serums, exfoliating gels, brow shapers and skin treatments, which ensure the full benefits of the waxing experience are realized by our guests.
  - **Expert Training of our Licensed Wax Specialists:** Our franchisees employ over 7,000 licensed, highly-trained and knowledgeable wax specialists committed to delivering an exceptional guest experience. In addition to being licensed, every EWC wax specialist must successfully complete our proprietary training program to ensure consistency and quality of service for every guest. Our wax-focused education modules provide time-intensive training that substantially builds upon cosmetology licensing programs. We view our training as a key competitive differentiator enabling guests to receive a consistent service delivery regardless of the wax specialist with whom they are scheduled. Through the delivery of personalized services and education about the benefits of regular waxing, our wax specialists help strengthen guest loyalty to our brand.
  - **Expert Hygiene and Safety Standards:** We adhere to the highest safety and hygiene standards in the industry. We engage third-party safety experts to review and enhance our hygiene protocols. Wax Specialists utilize disposable gloves and masks to administer services and we strictly adhere to single use wax applicator protocols (we never double dip the applicator blades in wax pots). Our wax suites are sanitized and disinfected after each guest visit. In addition, our centers are equipped with socially-distanced seating arrangements and multiple sanitary stations, and our mobile app facilitates a contactless experience with self-check-in.

2. **Champions of Confidence and Guest Experience:** According to consumer surveys, our guests feel better and more confident after a service visit at one of our centers. We have focused on enhancing the guest experience across all touchpoints within our brand:
- **Champions of Accessibility:** Our growing network of 808 centers across 44 states enables convenience and accessibility for our customers. Whether our guests move across town or across the country, our brand can serve their ongoing waxing needs with more access points than any other provider of OOH waxing services in the United States. Our Wax Pass program is portable across our network and guests often redeem services through a Wax Pass across multiple European Wax Center locations. Our mobile app technology further enhances accessibility by enabling guests to easily book appointments on-line at a time and location most convenient to them.
  - **Champions of the In-Center Experience:** Our in-center atmosphere is designed to be refined, clean and easy to use, with mobile app self-check-in available at all centers. Our lobby features an inviting product wall with take-home sampling. Our guests can choose to wait for their appointment in their car until a text alerts them to walk directly to their designated suite where their wax specialist awaits. Our iPad-equipped suites provide our wax specialists with detailed insights on each of their guests, empowering them to personalize product recommendations, for example.
  - **Champions of Guest Retention and Repeat Visits:** We encourage guests to schedule future visits on a regular basis and reward them for their use of our pre-paid Wax Pass program. More than 59% and 60% of our services in 2020 and 2019, respectively, were redeemed via a Wax Pass. We believe Wax Pass holders visit us more frequently, have meaningfully higher retention rates and represent our most valuable guests. Additionally, we expect to further amplify our guest experience and drive retention with the expected launch of our EWC Rewards Loyalty Program in fall 2021.

### **Our Competitive Strengths**

We attribute our success to the following strengths that we believe provide us with a competitive advantage in our industry:

#### ***Trusted National Brand that Inspires Confidence***

We believe revealing beautiful skin is the first step to revealing one's best self, and our brand stands for delivering unapologetic confidence to our guests. Waxing is an intimate experience, and our guests seek a dependable, safe, and clean setting with a professional wax specialist they trust. Our unmatched scale provides us with a nationwide footprint to serve our loyal guest base wherever they may be. Our singular commitment to delivering best-in-class service is reinforced by our marketing efforts driving national brand awareness and consideration. We are so confident in our ability to delight that we have always offered all our guests their first wax free. Our NPS score of 85 demonstrates our guests' devotion to our brand.

#### ***Committed Franchisees Achieving Attractive and Predictable Unit-Level Economics***

Our simple, yet difficult to replicate, operating model translates into an attractive return on our franchisees' invested capital. Our high-quality franchisee base consists of more than 260 franchisees as of March 27, 2021, with more than 167 franchisees operating multiple European Wax Center locations. Our centers require a modest upfront investment cost, then rapidly achieve profitability and generate superior unit-level economics. A European Wax Center location typically reaches maturity in year five of operation, at which point a center generates on average \$1.0 million in revenue and annual cash-on-cash returns in excess of 60%. We generate revenue from our franchisees through the sale of branded products as well as the payment of ongoing fees, including royalty and marketing fund contributions, which are determined by the service sales of each center. For the year ended December 26, 2020, we received revenue from our franchisees as follows: \$57.0 million, or 58%, of our revenue came from product sales, \$25.7 million, or 26%, of our revenue through franchisee royalty payments, \$13.5 million, or 14%, of our revenue through marketing fund contributions, and \$2.9 million, or 3%, of our revenue came from other sources. Our remaining revenue for the year ended December 26, 2020 was generated from corporate-owned centers.

Our centers experience a highly predictable maturation curve that is consistent across cohorts and geographies, providing our franchisees with a high degree of confidence in realizing attractive returns. We believe our value

proposition has created a franchisee base that is committed to growing with our brand, with more than 79% of new centers opened in 2019 and 87% of new centers opened in 2020 coming from existing franchisees. The following graph shows the average unit volume (“AUV”) of our centers for the cohorts presented. AUV consists of the average annual sales of all centers that have been open for a trailing 52-week period or longer. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations” for additional information.

#### ***Recurring Nature of Services Combined with Scaled Footprint and Consistent Demand Drives Revenue Predictability***

Hair removal is an integral part of the personal-care and beauty regimens for most women and many men in the United States. Given the recurring nature of hair growth, hair removal solutions are regularly in demand and our guests trust European Wax Center to meet their routine hair removal needs. Our national scale and exclusive focus on wax-based hair removal enables us to provide a highly consistent waxing experience across each of our centers. The reliability of our guest experience ensures consistent demand for our services, which drives uniform unit-level economics for our franchisees which in turn drives revenue predictability for European Wax Center. We further facilitate repeat visits through the use of our pre-paid Wax Pass program, which we believe promotes meaningfully higher guest retention rates.

#### ***Asset-Light Franchise Platform with Resilient Free Cash Flow Generation***

Our asset-light franchise platform delivers capital-efficient growth, significant cash flow, and resilience through economic cycles. Our franchisees have benefited from strong organic tailwinds with our network delivering ten consecutive years of positive same-store sales growth through 2019. Due to the impacts of COVID-19, including the temporary closure of all of our centers, our networks experienced the first year of negative same-store sales growth in 2020, but we do not expect this to continue into 2021. In addition, given our low capital expenditures and working capital needs, we are able to drive strong free cash flow generation throughout economic cycles. In 2020, for example, through disciplined cost management, our business remained profitable on an EBITDA basis and sustained strong EBITDA margins despite the decline in system-wide sales driven by the COVID-19 pandemic. Our ability to drive robust financial performance through 2020 is a testament to the resilience of our platform, which enables us to invest in technology and digital enablement,

training programs, and marketing initiatives. This is a key differentiator of our scaled platform relative to independent operators in our market, and a significant reason why we believe we are the franchisor of choice in OOH waxing.

#### ***Experienced and Passionate Management Team Investing in the Next Phase of Our Growth***

We are led by a best-in-class management team and our culture of performance, success and inclusivity is established by our CEO David Berg, who previously served as the CEO of Carlson Hospitality and has extensive retail, hospitality and franchising experience. Since joining us in 2018, Mr. Berg has led the acceleration of our center growth, the expansion of our franchisee network and our heightened cultural obsession with guest satisfaction.

The other members of our leadership team, including COO David Willis and CFO Jennifer Vanderveldt, have been assembled at European Wax Center from senior positions at leading organizations including Dunkin' Brands, Michael's, Sally Beauty, Luxottica, Jamba Juice, Petco, and American Eagle Outfitters. Our team has encouraged investment in tech-forward systems and corporate infrastructure to support the anticipated continued growth of our network. We believe our guests and franchisees are better connected with one another as a result of our scale advantages and we are only in the early innings of truly unlocking the potential of our unique platform.

#### **Our Growth Strategies**

We intend to deliver sustainable growth in revenue and profitability by executing on the following basic strategies:

##### ***Grow Our National Footprint Across New and Existing Markets***

We believe our franchisees' track record of successfully opening new centers and consistently generating attractive unit-level economics validates our strategy to expand our footprint and grow our capacity to serve more guests. We currently anticipate opening 50 to 60 centers in 2021, which is supported by existing commitments to open new centers and our development pipeline, which includes more than 200 open licenses as of May 31, 2021, as well as our aspiration to grow between 7% to 10% of our center count each year. Our center count grew 6% and 5% during fiscal year 2020 and fiscal year 2019, respectively, and has grown every year since 2010, as shown in the graph below. Our thoughtful approach to growth ensures each center is appropriately staffed with the high-quality team and licensed, highly-trained wax specialists that our brand has been known for since our initial opening.

We believe up to 10% of local independent salons will permanently close due to the impact of COVID-19, thereby allowing us to pick up additional market share in key markets where we are focused on growth. None of our existing markets are fully penetrated, and we believe we have a significant whitespace opportunity of approximately 3,000 locations for our standard center format across the United States. Moreover, approximately 75% of our whitespace opportunity is in markets where we already have a presence today, which provides us with a high degree of confidence for the likely receptivity and success of new openings.

Beyond our immediate whitespace, we believe we have incremental opportunity to expand center growth and product distribution into alternative center formats, non-traditional locations, and international markets.

By employing insights gathered from our guest database, combined with internal analysis and external research, we can target the best markets and locations for footprint expansion. Our new centers require a modest upfront investment and follow a highly predictable maturation curve across cohorts and geographies, providing us and our franchisees with a high degree of visibility into the embedded earnings potential of newly opened centers. Historically, our centers reach maturity after five years, and as of December 26, 2020, 62% of our centers were mature. On a system-wide basis, our average mature center generates \$1.0 million in AUV and \$0.2 million in EBITDA in its fifth year.

#### ***Continue to Grow Our Brand Awareness and Accelerate Our Guest Acquisition***

We believe that influential consumer trends will continue to expand the market for OOH waxing and that the OOH market will continue to take share from alternative hair removal solutions. Although our brand is nationally recognized, there are still significant opportunities to further drive brand awareness to attract new guests while increasing engagement of existing guests through increased visit frequency and spend. According to BrandIndex, our national unaided brand recognition is only 8%, providing us with significant opportunity to drive top-of-mind consideration and purchase behavior.

To drive brand awareness with all consumers, we employ several strategies, including:

- **Performance marketing:** We deploy data-driven marketing dollars across multiple forms of media with an attractive return on advertising spend;
- **Digital content:** We partner with select digital media content creators and social media influencers, thereby encouraging positive testimonials from our guests; and
- **Market densification:** We are strategically densifying existing target markets with new centers thus increasing regional brand awareness and word-of-mouth referrals.

Additionally, we believe there is a specific opportunity to drive brand awareness amongst males, representing 5% of our total guests today compared to approximately 20% of the total addressable market. We believe there has been a significant increase in male interest in OOH waxing over the past five years. We intend to increase our share of male guests, with specific male-focused marketing collateral and service offerings.

#### ***Employ Strategies to Continue Driving Same-Store Sales Growth***

We are continuously employing strategies to increase guest visit frequency and drive higher guest spend with the aim of accelerating our same-store sales growth, including:

- ***Increase Wax Pass Adoption Rates:*** Our Wax Pass program provides guests with preferential pricing through either pre-paid or unlimited wax passes and provides us with a recurring and predictable revenue stream. We continue to expand and refine the program to drive increased adoption from non-member guests and we have grown the share of transactions conducted using Wax Passes to more than 59% in 2020 and 60% in 2019.
- ***Expand our Share of our Guests' Personal-Care Expenditures:*** The trusted relationships between guests and wax specialists results in an authentic channel through which we can increase our share of our guests' spend on personal-care. We believe that more than 70% of guests trust their wax specialists to suggest new services or service frequency as well as products during a service visit. Over time, we believe the relationship between guest and wax specialist provides us a strong foundation to broaden our offerings across the personal-care category.
- ***Increase our Transaction Attachment Rate:*** Approximately 15% and 11% of transactions in 2020 and 2019, respectively, resulted in purchases of retail products. In April 2021, we launched a refreshed portfolio of retail products complementing our core waxing services across all centers. We expect to drive greater attachment rates from this new product line-up through the right product innovation, attractive pricing, and expert consultative selling by our trained wax specialists. We define the term

“attachment rate” as the percentage of transactions that include the purchase of a retail product to the total number of transactions. We are encouraged by initial results following the launch of our refreshed portfolio of retail products.

- **Drive Greater Guest Engagement Using Data Analytics:** We are continuously developing new use cases from our guest database. As our data capabilities mature, we believe we will learn more about our guests’ preferences and behaviors, unlocking more high-quality interaction opportunities. We are in the process of expanding our advanced data analysis capabilities to improve guest visit frequency and loyalty by deploying timely and hyper-personalized communications and relevant reminders to our guests.

### ***Expand Our Profit Margins and Generate Robust Free Cash Flow***

We believe our straightforward asset-light franchise platform and our proven track record of increasing profitability will continue to drive EBITDA margin accretion and free cash flow generation as we expand our national footprint. We have invested in building our scalable support infrastructure, and we currently have the capabilities and systems in place to drive revenue growth and profitability across our existing and planned franchise centers. Given our unmatched scale within the OOH waxing market, we can procure the highest quality products and supplies used to administer our services at lower prices than smaller independent providers of the same services. We expect to generate operating leverage given our fixed corporate cost structure, and we expect that incremental leverage, combined with our low capital expenditure and working capital needs, will allow us to generate improved operating margins and robust free cash flow.

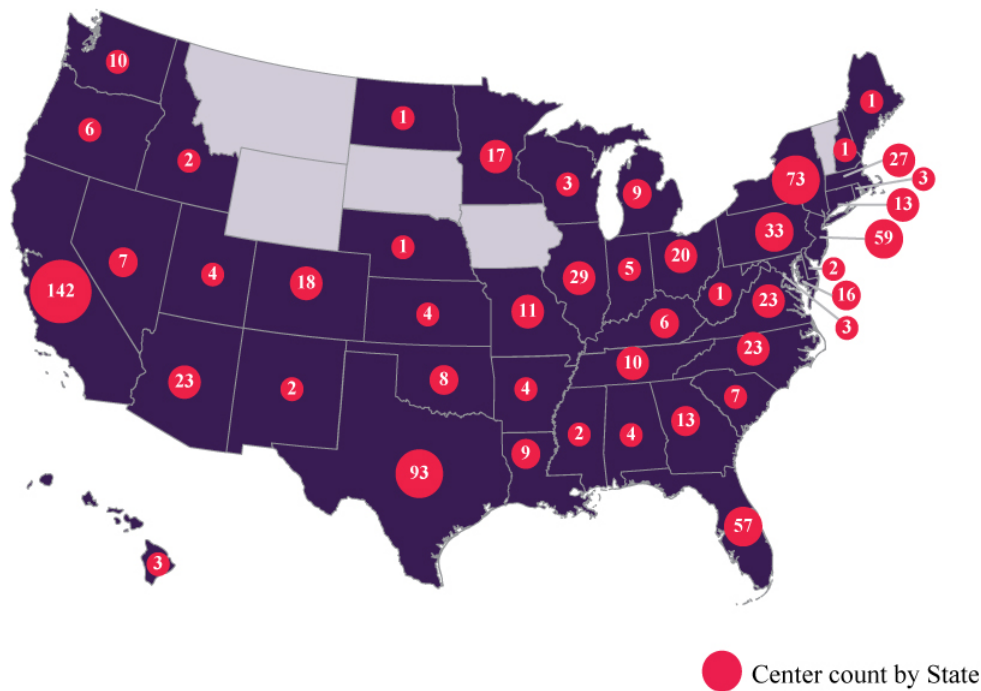

### **Our Guests**

Approximately 95% of our guests are women, with our brand appealing to female guests across age groups, ethnicities and income brackets. At every touchpoint, we embody our mission by concentrating key media communications on passion points that bolster guest affinity for European Wax Center and deliver personalized messaging to inspire action. While we estimate that male waxing constitutes approximately 20% of our total addressable market, our current guest base is only 5% male, representing an attractive growth opportunity. We segment the purchasing and frequency habits of our guests into five super segments:

- **Gen X Singles** are our most valuable, devoted guests. Primarily single, early middle-aged females, these guests value self-improvement and have the disposable income to invest in it. They see waxing as an integral part of their personal-care and beauty regimens. This group more heavily utilizes our Wax Pass program relative to other segments and slightly prefer face services over body services.
- **Affluent Families** have the disposable income to enjoy luxuries — they prefer services over product and are willing to pay more for a great experience. This group skews older and has a higher mix of males. They are often Wax Pass users and typically utilize face services.
- **Middle Income Families** are our most common guests. They are a mix of Gen X males and females with children. This group values a wide range of services and products, though they slightly favor face services to body services. They are reliable, consistent guests who value looking their best and convenience. They plan ahead, making regular reservations and are likely to be Wax Pass users.
- **Cash Strapped Singles** is a diverse group who are early in their life journey and are extrinsically motivated. While they are more cost-conscious since their income is modest, they value services which enhance their body image and view waxing as a must-have in their beauty routine. Along with body services, these guests are also more likely than other segments to purchase products.
- **Diverse Singles and Couples** are modern Gen Y and Millennials who embrace technology and are often living with others of the same age. They are more likely to make reservations by mobile or web. As a younger demographic, this group predominately enjoys body services and are less likely to take advantage of Wax Pass. They view waxing as a “nice to have” service.

### **Our Centers**

We have a leading portfolio of centers operating in 808 locations across 44 states as of March 27, 2021. Of these locations, 803 are franchised centers operated by franchisees and five are corporate-owned centers.

### ***Our Center Format***

On average, our centers are approximately 1,300 square feet with six to seven wax suites and are typically staffed with one wax specialist per suite in addition to one or two guest service associates. Our centers are designed to provide a seamless guest experience from the moment our guests walk in, to the moment they strut out of our centers. Upon entry, guests are greeted by a friendly service associate in a clean and modern lobby. The lobby offers refined colors and textures that align with the European Wax Center brand ethos. Our guests can self-check-in through our mobile app which increases the swiftness of guest intake while allowing our team members to focus on servicing guests.

We ensure our centers offer socially distant seating and sanitation stations, underscoring our commitment to industry-leading hygiene and safety standards. Once checked-in, our guests enter a private, sanitized waxing suite where wax specialists offer a personalized experience. In-suite iPads provide our wax specialists with detailed insights on each of their guests, empowering them to provide “concierge-like” services such as personalized add-on services and product recommendations, driving increased guest spend. After each service, our guests are encouraged to test our retail products with samples from our touch-free sample bar, promoting our transaction attachment rate.

We continuously evaluate and enhance our center layout, imagery and cost build-out to ensure we have the best experience for our guests which drives continued robust financial performance for our franchisees.

Our centers have an inviting, clean and modern aesthetic, encouraging guests to visit. The following is an example of our well-lit lobby and interior:

The following is an example of our center layout:

### ***Center Selection Criteria***

We have a scaled and diverse footprint with ample whitespace for center growth in new markets, as well as densification within our existing markets. Site selection for new centers are typically proposed by our franchisees and reviewed and approved by European Wax Center as the franchisor. We determine whether a site is appropriate for a European Wax Center location based on the condition of the premises, ease of access, visibility, proximity to other centers, proximity to other competitive businesses, lease requirements, co-tenants, traffic patterns, demographics and population density, among other factors. Our concept has proven to be successful in both urban and suburban locations and over the last ten years, our franchisees have only closed 22 centers due to performance.

### **Our Services and Retail Products**

We offer our guests a variety of elevated body and facial waxing services focused on the most critical areas of their bodies needing hair removal. We also offer skincare retail products to ensure that the full benefits of the waxing experience are realized by our guests.

### ***Services***

Our waxing services are administered by licensed wax specialists who are employed by our franchisees. In addition, prior to performing our services, our wax specialists go through a rigorous, proprietary EWC training

regime. Continuous training education is also a part of our ongoing operating plan to ensure the highest quality service can constantly be delivered across our network of centers. Our wax specialists utilize our proprietary Comfort Wax formulation during the waxing service. This wax product features a blend of the highest quality natural beeswax combined with other skin-soothing ingredients and is co-manufactured exclusively for us by suppliers in Europe. Unlike other wax formulations, our wax is designed to specifically attach only to hair, not skin, providing a differentiated and more comfortable waxing experience. Wax specialists follow our signature “4-Steps to Smooth” process which ensures that our guests benefit from our extensive experience:

- Cleanse: pre-wax cleanser to remove makeup, oil, or lotion from the skin
- Protect: pre-wax oil to ensure our wax adheres to hair, not skin
- Wax: unique Comfort Wax to remove hair for a virtually painless experience
- Rejuvenate: proprietary post-treatment products

Our menu of services is focused on a small number of body and facial waxing services to ensure a high degree of quality and consistency across our network. Our three most popular services by quantity across our network are Bikini Brazilian, Eyebrow and Lip. We are so confident in our ability to delight that we have always offered all our guests their first wax free.

We exclusively distribute these retail products to our franchisees for sale in-center and sell them direct-to-consumer through our website. We have approximately 31 full-sized SKUs in our branded product portfolio, which are organized into four product categories and priced between \$12.00 and \$39.50.

While our suppliers support us in formulation, sourcing, manufacturing, package development, safety testing and quality assurance, we own all of our product formulas and lead the new product development processes to align our innovation capabilities with our strategic priorities. With a comprehensive assortment of personal-care and beauty product offerings, we benefited from a transaction attachment rate of approximately 15% and 11% in 2020 and 2019, respectively, within our centers.

### **Marketing Support**

Based on our deep guest understanding and longevity in the OOH waxing market, we believe we have developed a highly effective marketing strategy that is designed to promote awareness and consideration of our brand by new guests and encourage retention by existing guests.

We employ a variety of marketing techniques to build awareness of, and create demand for, our brand, and the services and products we offer. Our marketing framework is built on top-of-funnel approaches including “Affinity” and “Assurance” to build awareness and trial of European Wax Center. We also deploy bottom-of-funnel approaches of “Action” and “Advocacy” which are designed to enhance guest loyalty and frequency. We have implemented sophisticated data-driven marketing practices in support of this framework and we deploy the dedicated marketing funds contributed by our franchisees across each of these funnel stages. In 2019, we collected and spent approximately \$20 million for marketing through our centralized marketing fund, of which 61% was deployed through digital channels. Due to center closures in 2020 driven by the COVID-19 pandemic, we paused our marketing fund collections from April 2020 to June 2020. As a result, we do not believe that the amounts collected and spent through our centralized marketing fund in 2020 are representative of our historical or expected future marketing collections and spend. Our marketing budget is typically allocated across our marketing framework, where we deploy different forms of working media as follows:

- Affinity: digital TV, print, podcast (40%)
- Assurance: Snapchat, Pinterest, content partners, streaming audio (28%)

- Action: Facebook, Instagram, Twitter, programmatic display and video (29%)
- Advocacy: macro- and micro-influencers (3%)

In addition to our corporate marketing strategy, 53% of franchisees choose to make additional investments in local marketing. We provide support to ensure that their marketing aligns with our overall image and strategy.

## **Our Franchise Platform**

### ***Franchising Strategy***

Our asset-light franchise platform delivers capital-efficient growth and our footprint expansion is supported by robust unit-level economics. Our simple, yet difficult to replicate, operating model and the recurring nature of our services translates into an attractive return on invested capital for our franchisees. Our centers require a modest upfront investment cost and follow a highly predictable maturation curve that is consistent across cohorts and geographies.

We have an excellent track record of opening centers with existing and new franchisees, and we employ strict qualification and selection criteria for each of our franchisees, including, but not limited to, an extensive interview processes, background checks, validation of financial resources and a thorough review of development capabilities and expected operational and management performance. We are intentionally shifting toward a larger mix of multi-unit development agreements as we grow our footprint, which will allow for consistent and efficient growth as we continue to scale.

### ***Franchise Agreements***

For each of our franchisees, we enter into a franchise agreement stipulating a standard set of terms and conditions. The initial term of a franchise agreement is generally ten years, with the option to renew their agreements at expiration (ten-year renewal option). All proposed new center sites require formal approval from us. Franchisees pay us an initial franchise license fee and franchise royalties typically based on a percentage of gross sales less the sale of retail products. Franchisees also make contributions to our centralized marketing fund based on a percentage of gross sales less the sale of retail products.

Our franchise agreements set forth the requirements franchisees must comply with, including, but not limited to, our standard operational policies and procedures that govern the provision of services and use of suppliers and require franchisees to purchase specified products from us and/or designated suppliers. Franchisees are required to conform to our established operational policies and procedures relating to, among other things, quality of service, training, center design and décor and trademark usage. Outside of these operational policies and procedures, we do not control the day-to-day operations of franchised centers, including, but not limited to, employment, benefits and wage determination, establishing prices to charge for products and services, business hours, personnel management and capital expenditure decisions. However, the franchise agreements afford us, as franchisor, certain rights, including, but not limited to, the right to approve locations, suppliers and the sale of a franchise. Additionally, our field personnel make periodic visits to franchised centers to ensure that they are operating in conformity with the operational policies and procedures for our franchising program. All of the rights afforded to us with regard to franchised operations allow us to protect our brand, but do not allow us to control the day-to-day operations of franchised centers or make decisions that have a significant impact on the success of franchised centers.

### ***Franchise Support Services***

We enjoy a strong partnership with our franchisees. To support their collective and individual success, we provide our franchisees with meaningful support services including pre-opening support, guest experience support, and ongoing back-end support.

Pre-opening support:

- Site selection and approval: we work in partnership with our franchisees to ensure prospective new center locations are adequately vetted ahead of any initial investment. Each franchisee is responsible for selecting a location but must ultimately obtain approval from us.

- Other pre-opening support: we conduct business reviews with each franchisee eight weeks prior to new center openings to ensure construction activities are in sync with recruitment plans, training programs and all other pre-opening marketing activities to ensure each center is best positioned to open successfully and build momentum. In addition to operational support, our team conducts a detailed guest segmentation and market intelligence analysis to further compliment the national media plan with hyper-local tactics, including the deployment of field and street teams.

#### Guest experience support:

- Wax training: we require an intensive six-day training program for all new wax specialists as well as continued learning requirements to keep all wax specialists performing at the consistent, high-quality standards for which we are known. Training is conducted by a corporate or peer trainer both in-person as well as virtually. Franchisees also appoint in-house trainers who are expected to maintain an ongoing training system for wax specialists within each center.
- Hygiene protocols: our health and safety standards were industry-leading even before the COVID-19 pandemic and continue to be industry-leading. We engage with independent safety experts to ensure our continued leadership and to ensure our centers remain best-in-class from a hygiene standard.

#### Ongoing support:

- Marketing and consumer insights: our centralized marketing strategy, funded by contributions from our franchisees based on a percentage of gross sales, net of retail product sales, as defined in the franchise agreement, allows us to leverage our scale in media buying and utilize our proprietary guest insights to maximize brand awareness and consideration.
- Uniform Point of Sales System: we leverage a consistent Point of Sales system across our entire network which is easy to adopt and results in a streamlined approach to ongoing technical support for our franchisees.
- Procurement and supply chain: our operating leverage and our scale allows us to procure the highest quality products at lower prices than smaller independent waxing-focused operators benefiting our franchisees.
- Performance management: our team of Franchise Business Consultants works closely with our franchisees across regional territories with ongoing managerial support including: monthly business reviews, per-center brand health and voice-of-customer measurement and additional one-on-one support as needed.

These support services allow our franchisees to focus on the day-to-day operations of their centers and to provide high-quality services that our guests have come to associate with our brand. We also participate in a Brand Advisory council, through which we collect continuous feedback from our franchisees to enhance our offering, business model and support services, and to ensure that our franchisees have an open channel of communication with us.

#### ***Franchise Unit-Level Economics***

Our simple, yet difficult to replicate, business model and the recurring nature of our services translates into an attractive return on invested capital for our franchisees. A European Wax Center location typically reaches maturity in year five of operations, at which point a center generates on average \$1.0 million in revenue and annual cash-on-cash returns in excess of 60%. A typical franchisee initially invests approximately \$356,000 when opening a new center (excluding real estate purchase or lease costs, pre-opening expenses and initial working capital investment), with ongoing fees that are determined by the service sales of each center. These ongoing fees include royalty and marketing fund contributions, which are 6% and 3% of service sales, respectively. Our centers follow a highly predictable maturation curve once open that is consistent across cohorts and geographies, with average AUV of \$0.7 million and double-digit EBITDA margins already in year two of operations.

**AVERAGE FRANCHISE RETURNS**  
(dollars in thousands)

	All Centers
<b>System-Wide Average at Maturity (Year 5)</b>	
Revenue	\$1,028

Cash-on-Cash Returns <sup>(1)</sup>	60%+

(1) Cash-on-Cash Returns is defined as the ratio of EBITDA to the amount of new center opening initial capital investment.

### Competition

The OOH waxing industry is highly fragmented with more than 10,000 independent waxing operators and almost 100,000 beauty salons that provide waxing as a small part of their broader service offerings. Within OOH waxing, we compete with independent waxing operators, beauty salons, beauty parlors, health clubs, spas, beauty supply stores and other independently owned companies. We believe that we compete favorably on the basis of a number of factors, including the quality of our services, the trustworthiness of our brand, our best-in-class hygiene standards, convenience, accessibility, guest experience and the depth of our experience as experts within OOH waxing.

We also compete with other types of hair removal alternatives, including laser hair removal, sugaring, threading, as well as in-home solutions, such as shaving, chemical-based creams, epilators, at-home laser hair removal and at-home waxing. OOH laser hair removal is a semi-permanent solution that is significantly more expensive than OOH waxing and presents potential safety risks. Sugaring and threading are both less effective options than OOH waxing and have not been widely adopted among consumers. At-home shaving lasts for a significantly shorter time than waxing, and other at-home solutions are frequently viewed as less effective, messier, more painful and more time-consuming than OOH services administered by highly-trained specialists.

We also compete with other franchisors on the basis of the expected return on investment for franchisees and the value proposition that we offer them. We compete to sell franchises to potential franchisees who may choose to purchase franchises from other service providers in other markets.

### Suppliers and Distributors

To preserve brand integrity and consistency, we require our franchisees to purchase products related to the operation of their franchised centers, including our wax and branded skin care products, either from us, our affiliates or approved suppliers. We maintain strong, longstanding relationships with our suppliers to ensure market competitiveness and reliability in our supply chain. We leverage our sizeable spend to obtain favorable terms from our suppliers and to provide competitive prices to our franchisees, thus improving profitability and providing a considerable advantage over competitors that lack our scale. We believe that as our business continues to grow, our scale will continue to drive increased procurement benefits across our business.

Our products are manufactured by market leaders, and we partner with two overseas suppliers with multiple facilities in Spain and France to source our wax and one supplier to source our branded retail products. We currently have a long-term contract with only one of our wax suppliers. Our manufacturing partners arrange for delivery of products either to one of the three third party distribution centers that supply our centers or directly to our franchised and corporate-owned centers.

We typically keep three to six months of wax inventories at three third party distribution centers to sustain system-wide supply and protect against shortfalls that could arise from unforeseen market unavailability. These three key distribution centers are located in Pennsylvania, Tennessee, and Nevada to provide optimal distribution capability for us to meet the demands from centers throughout the United States. We believe that the existing supply chain we have in place is sufficient to support our future growth.

### Information & Technology Systems

We utilize our information technology infrastructure to facilitate data-driven management decisions. Across our franchise system, we use a fully integrated platform that helps franchisees with reporting, marketing,

operations, guest service and center management. Our technology platform gives management access to key reporting metrics across our network, providing comprehensive insight into system health. In addition, we recently rolled out a new point of sale system that uses cloud-based technology to process and store information.

### **Governmental Regulation**

Our operations are subject to numerous federal, state, local and municipal laws and regulations in the United States in areas such as consumer protection, occupational licensing, environmental protection, data privacy, labor and employment, tax, permitting, and other laws and regulations. In certain jurisdictions, we must obtain licenses or permits in order to comply with standards governing employee selection, training and business conduct.

We, as a franchisor, are subject to various federal and state laws, and the Federal Trade Commission (the “FTC”) regulates our franchising activities in the United States. The FTC requires that franchisors make extensive disclosure to prospective franchisees before the execution of a franchise agreement. Fourteen states require registration and, together with at least one other state, require specific disclosure in connection with franchise offers and sales, and at least twenty states and U.S. territories have “franchise relationship laws” that limit the ability of franchisors to terminate franchise agreements or withhold consent to the renewal or transfer of these agreements.

We are not aware of any federal, state, local, municipal or other laws or regulations that are likely to materially alter or impact our revenues, cash flow or competitive positions, or result in any material capital expenditures. However, we cannot predict the effect on our operations, particularly on our relationship with franchisees, of any pending or future legislation or regulations or the future interpretation of any existing laws, including any newly enacted laws, that may impact us or our franchisees.

### **Human Capital**

As of March 27, 2021, we employed approximately 92 full-time employees, including approximately 6 full-time employees at corporate-owned centers. We also employ 66 part-time associates. None of these employees are covered by a collective bargaining agreement. We consider our relations with our employees to be good. Our human capital resources objectives include, as applicable, identifying, recruiting, retaining, incentivizing and integrating our existing and prospective employees. The principal purposes of our incentive plans are to attract, retain and motivate selected employees, executive officers and directors through the granting of stock-based compensation awards and cash-based performance bonus awards. We strive for exceptional performance and results, which is why meritocracy is one of our core values. We provide employees the opportunity to grow and to be rewarded based on results.

To ensure the safety of our and our franchisees’ employees during the COVID-19 pandemic, we refined our in-center atmosphere to allow for contactless check-in at all centers and elevated our hygiene standards at all centers. We sanitize all wax suites with disinfectant wipes after each guest’s visit and require our franchisees to carry an inventory of gloves, face masks and other personal protective equipment.

Our franchises are independently owned and operated businesses. As such, employees of our franchisees are not employees of European Wax Center, Inc. or EWC Ventures.

### **Intellectual Property**

Our trademarks are important to our marketing efforts and conduct of business. We own or have the rights to use certain trademarks, service marks and trade names that are registered with the U.S. Patent and Trademark Office or other foreign trademark registration offices or exist under common law in the United States, Canada and other jurisdictions. Trademarks that are important in identifying and distinguishing our products and services include, but are not limited to EUROPEAN WAX CENTER, EWC, STRUT, WAX PASS and COMFORT WAX. We also own domain names, including our primary domain “www.waxcenter.com.”

### **Seasonality**

Seasonal changes may moderately impact the demand for our waxing services. For example, our guests may come to our centers more frequently in the summer months and during the November to December holiday season.

**Properties**

As of March 27, 2021, we had 808 franchised and corporate-owned centers, and of these there are five actively operating corporate-owned centers, and in addition, we hold a lease for one inactive corporate-owned center. We held leases covering the building and/or land for our six corporate-owned centers and three offices and training centers in the United States, including our corporate headquarters located in Plano, Texas. The leases generally have initial expiration dates ranging from five and ten years, with certain renewal options available. We believe that the properties are suitable and adequate for the Company's business.

**Legal Proceedings**

We may be the defendant from time to time in litigation arising during the ordinary course of business, including, without limitation, employment-related claims, claims based on theories of joint employer liability, data privacy claims, claims involving anti-poaching allegations and claims made by former or existing franchisees or the government. In the ordinary course of business, we are also subject to regulatory and governmental examinations, information requests and subpoenas, inquiries, investigations, and threatened legal actions and proceedings. As of the date of this prospectus, we are not a party to any legal proceeding that would reasonably be expected to have a material adverse effect on our business, results of operations or financial condition.

### **Controlled Company**

We have applied to list the shares of Class A common stock offered in this offering on the Exchange. As the General Atlantic Equityholders will collectively continue to control more than 50% of our combined voting power upon the completion of this offering, we will be considered a "controlled company" for the purposes of Exchange rules and corporate governance standards. As a "controlled company," we will be permitted to elect not to comply with certain Exchange corporate governance requirements, including those that would otherwise require our board of directors to have a majority of independent directors and require that we either establish a Compensation Committee and a Nominating and Governance Committee, each comprised entirely of independent directors, or otherwise ensure that the compensation of our executive officers and nominees for directors are determined or recommended to the board of directors by the independent members of the board of directors.

### **Director Independence**

The board of directors has undertaken a review of the independence of our directors and considered whether any director has a material relationship with us that could compromise that director's ability to exercise independent judgment in carrying out that director's responsibilities. The board of directors has determined that \_\_\_\_\_ are each "independent directors" as such term is defined by the applicable rules and regulations of the Exchange. In making these determinations, our board of directors considered the current and prior relationships that each non-employee director has with us and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our shares by each non-employee director and the transactions described in the section titled "Certain Relationships and Related Party Transactions."

### **Composition of Our Board of Directors**

Upon the consummation of the offering, our board of directors will consist of six directors. In accordance with our amended and restated certificate of incorporation and amended and restated by-laws, the number of directors on our board of directors will be determined from time to time by the board of directors, but shall not be less than three persons nor more than 20 persons.

Each director is to hold office until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. Vacancies and newly created directorships on the board of directors may be filled at any time by the remaining directors. In addition, at any point prior to the occurrence of the 50% Triggering Event (defined as the time at which the General Atlantic Equityholders or any of their affiliates or permitted transferees no longer collectively beneficially own shares representing 50% of our issued and outstanding common stock), vacancies on the board of directors may also be filled by the affirmative vote of a majority of our outstanding shares of common stock.

We will enter into a Stockholders Agreement prior to the consummation of this offering that will provide the General Atlantic Equityholders with the right to nominate a specified number of our directors, determined based on the percentage of our common stock beneficially owned by the General Atlantic Equityholders immediately prior to this offering. For so long as the General Atlantic Equityholders beneficially own at least 50% of our outstanding common stock, the General Atlantic Equityholders will be entitled to nominate four directors to serve on our board of directors. When the General Atlantic Equityholders beneficially own less than 50% but at least 30% of our outstanding common stock, the General Atlantic Equityholders will be entitled to nominate three directors. When the General Atlantic Equityholders beneficially own less than 30% but at least 15% of our outstanding common stock, the General Atlantic Equityholders will be entitled to nominate two directors. Thereafter, the General Atlantic Equityholders will be entitled to nominate one director so long as they beneficially own at least 10% of the Company's outstanding common stock. To the extent permitted under applicable regulations of the Exchange, for so long as the General Atlantic Equityholders have the right to nominate one director, the General Atlantic Equityholders shall be entitled to have one of their nominees serve on each committee of our board of directors. See "Principal and Selling Stockholders" and "Certain Relationships and Related Party Transactions—Stockholders Agreement" for additional information. The General Atlantic Equityholders' initial nominees for our board of directors are Alexa Bartlett, Andrew Crawford and Shaw Joseph. In addition, the Stockholders Agreement will prohibit us from increasing or decreasing the size of our board of directors without the prior written consent of the General Atlantic Equityholders so long as they or any of their affiliates or permitted transferees beneficially own shares representing 25% of our issued and outstanding common stock.

Our amended and restated certificate of incorporation will provide that until the occurrence of the 50% Triggering Event, any director may be removed with or without cause by the affirmative vote of a majority of our outstanding shares of common stock. Thereafter, directors may be removed only for cause by the affirmative vote of at least 66 2/3% of our outstanding shares of common stock. At any meeting of the board of directors, except as otherwise required by law, a majority of the total number of directors then in office will constitute a quorum for all purposes. Our amended and restated certificate of incorporation will also provide that the board of directors will be divided into three classes of directors, with staggered three-year terms, with the classes to be as nearly equal in number as possible. As a result, approximately one-third of the board of directors will be elected each year. The classification of directors has the effect of making it more difficult for stockholders to change the composition of the board of directors. In connection with this offering, Alexa Bartlett and Shaw Joseph will be designated as Class I directors, Laurie Ann Goldman and Dorvin D. Lively will be designated as Class II directors and David P. Berg and Andrew Crawford will be designated as Class III directors.

### **Committees of the Board**

Upon the consummation of this offering, our board of directors will have three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Under the rules of the Exchange, the membership of the Audit Committee is required to consist entirely of independent directors, subject to applicable phase-in periods. As a controlled company, we are not required to have fully independent Compensation and Nominating and Governance Committees. The following is a brief description of our committees.

#### ***Audit***

Our Audit Committee assists the board of directors in monitoring the audit of our financial statements, our independent auditors' qualifications and independence, the performance of our audit function and independent auditors and our compliance with legal and regulatory requirements. The Audit Committee has direct responsibility for, among other things:

- to prepare the annual audit committee report to be included in our annual proxy statement;
- to oversee and monitor our accounting and financial reporting processes;
- to oversee and monitor the integrity of our financial statements and internal control system;
- to oversee and monitor the independence, retention, performance and compensation of our independent registered public accounting firm;

- to oversee and monitor the performance, appointment and retention of our internal audit department;
- to discuss, oversee and monitor policies with respect to risk assessment and risk management;
- to oversee and monitor our compliance with legal and regulatory matters; and
- to provide regular reports to the board of directors.

Upon the completion of this offering, Dorvin D. Lively, Laurie Ann Goldman and Shaw Joseph are expected to be the members of our Audit Committee. The chair of our audit committee will be Mr. Lively. Mr. Lively qualifies as an “audit committee financial expert” as such term is defined under the rules of the SEC implementing Section 407 of the Sarbanes-Oxley Act of 2002 and that Mr. Lively and Ms. Goldman are “independent” for purposes of Rule 10A-3 of the Exchange Act and under the listing standards of the Exchange. Accordingly, we are relying on the phase-in provisions of Rule 10A-3 of the Exchange Act and the Exchange transition rules applicable to companies completing an initial public offering, and we plan to have an audit committee comprised solely of independent directors that are independent for purposes of serving on an audit committee within one year of our listing. We believe that the functioning of our audit committee complies with the applicable requirements of the SEC and the Exchange.

Our Audit Committee will operate under a written charter, to be effective prior to the completion of this offering, that satisfies the applicable listing standards of the Exchange.

### ***Compensation***

Our Compensation Committee reviews and recommends policies relating to compensation and benefits of our directors and employees to the board of directors and is responsible for approving the compensation of our Chief Executive Officer and other executive officers. Our Compensation Committee will be responsible for, among other things:

- to review, evaluate and make recommendations to the full board of directors regarding our compensation policies and programs;
- to review and approve the compensation of our chief executive officer, other executive officers and key employees, including all material benefits, option or stock award grants and perquisites and all material employment agreements;
- to review and make recommendations to the board of directors with respect to our incentive compensation plans, equity-based compensation plans and pension plans;
- to administer incentive compensation and equity-related plans and pension plans;
- to review and make recommendations to the board of directors with respect to the financial and other performance targets that must be met; and
- to prepare an annual compensation committee report and take such other actions as are necessary and consistent with the governing law and our organizational documents.

Upon the completion of this offering, Andrew Crawford, Laurie Ann Goldman, Shaw Joseph and Alexa Bartlett are expected to be the members of our Compensation Committee. The chair of our compensation committee will be Mr. Crawford. Because we will be a “controlled company” under the rules of the Exchange, our Compensation Committee is not required to be fully independent, although if such rules change in the future or we no longer meet the definition of a controlled company under the current rules, we will adjust the composition of the Compensation Committee accordingly in order to comply with such rules.

Our Compensation Committee will operate under a written charter, to be effective prior to the completion of this offering, that satisfies the applicable listing standards of the Exchange.

### ***Nominating and Governance***

Our Nominating and Governance Committee will be responsible for, among other things:

- to identify candidates qualified to become directors of the Company, consistent with criteria approved by our board of directors;

- to recommend to our board of directors nominees for election as directors at the next annual meeting of stockholders or a special meeting of stockholders at which directors are to be elected, as well as to recommend directors to serve on the other committees of the board;
- to recommend to our board of directors candidates to fill vacancies and newly created directorships on the board of directors;
- to identify best practices and recommend corporate governance principles, including giving proper attention and making effective responses to stockholder concerns regarding corporate governance;
- to set and review the compensation of non-executive members of the board of directors;
- to develop and recommend to our board of directors guidelines setting forth corporate governance principles applicable to the Company; and
- to oversee the evaluation of our board of directors.

Upon the completion of this offering, Andrew Crawford, Dorvin D. Lively, Shaw Joseph and Alexa Bartlett are expected to be the members of our Nominating and Governance Committee. The chair of our Nominating and Governance Committee will be Mr. Crawford. Because we will be a “controlled company” under the rules of the Exchange, our Nominating and Governance Committee is not required to be fully independent, although if such rules change in the future or we no longer meet the definition of a controlled company under the current rules, we will adjust the composition of the Nominating and Governance Committee accordingly in order to comply with such rules.

Our Nominating and Governance Committee will operate under a written charter, to be effective prior to the completion of this offering, that satisfies the applicable listing standards of the Exchange.

### Outstanding Equity Awards at Fiscal Year-End

Each of our named executive officers received indirect interests in EWC Ventures in the form of profits interests in connection with his or her commencement of employment pursuant to the Amended and Restated EWC Management Holdco, LLC Equity Incentive Plan (the "Equity Incentive Plan"). Each interest granted under the Equity Incentive Plan represents a back-to-back interest that mirrors the economic equivalent of a Class B Unit (each, a "Mirror Class B Unit"). For purposes of the discussion of these Mirror Class B Units granted to our named executive officers, references in this section entitled "Executive Compensation" to "Class B Units" represent the corresponding Mirror Class B Units in EWC Management Holdco, LLC.

The table below summarizes all Class B Units granted by EWC Ventures to the named executive officers that were outstanding as of December 31, 2020.

Name <sup>(1)</sup>	Grant Date	Number of Unvested Time-Vesting Class B Units (#)	Market value of Unvested Time-Vesting Class B Units (\$)	Number of Unvested Performance-Vesting Class B Units (#)	Market value of Unvested Performance-Vesting Class B Units (\$)
David Berg <sup>(2)(3)</sup>	10/15/18	644,108	\$1,083,503	185,408	\$ 72,309
	12/9/19	—	—	376,641	\$146,890
Gavin O'Connor <sup>(4)(5)</sup>	1/6/20	69,560	\$ 142,597	69,839	\$ 50,092
Jennifer Vanderveldt <sup>(4)(6)</sup>	12/7/20	140,064	\$ 392,179	141,122	\$101,189

(1) In connection with this offering, the Class B Units were reclassified into the number of vested and unvested common units of EWC Management Holdco as described below.

(2) Mr. Berg's time-vesting Class B Units granted on October 15, 2018 (as amended on December 9, 2019) vest over five years as follows: as to (i) 30% on the 18-month anniversary of the date of grant; (ii) 10% on the second anniversary of the date of grant; (iii) 20% on the third anniversary of the date of grant; (iv) 20% on the fourth anniversary of the date of grant and (v) 20% on the fifth anniversary of the date of grant. Time-vesting Class B Units shall become 100% vested upon a GA Exit (as defined below).

(3) Mr. Berg's performance-vesting Class B Units granted on October 15, 2018 (as amended on December 9, 2019) and on December 9, 2019 vest upon the consummation of a GA Exit subject to Mr. Berg's continued employment through the date of the GA Exit and subject to achievement of a 3.0x multiple of MOIC (as defined below). In connection with this offering, the performance-vesting Class B Units were modified to provide that Class B Units that vested subject to achievement of a 3.0x (MOIC) may also vest based on the achievement of additional factors as described below.

- (4) Time-vesting Class B Units for our named executive officers other than Mr. Berg generally vest over five years, with 50% vesting on the 18-month anniversary of the date of grant and the remaining 50% vesting in equal installments on each quarterly anniversary thereafter.
- (5) Performance-vesting Class B Units generally vest upon the consummation of a GA Exit, subject to the named executive officer's continued employment through the date of the GA Exit and subject to achievement of a multiple of MOIC, with approximately 50%, 25% and 25% of the performance-vesting Class B Units becoming vested upon achievement of 2.0x (MOIC), 2.5x (MOIC) and 3.0x (MOIC), respectively. In connection with this offering, the performance-vesting Class B Units were modified (as described below) to provide that the 2.0x (MOIC) and 2.5x (MOIC) performance-vesting units will be converted to time-vesting units (but will remain eligible to vest on achievement of 2.0x (MOIC) or 2.5x (MOIC), as applicable) and the 3.0x (MOIC) performance-vesting units may vest based on the achievement of additional factors described below.

Each Class B Unit represents an equity interest in EWC Ventures that, upon a GA Exit, entitles the holder to a percentage of the profits and appreciation in the equity value of EWC Ventures arising after the date of grant. If EWC Ventures' equity value had not appreciated in value or decreased in value after the date of grant, then the Class B Units would have no value.

"GA Exit," as defined in each named executive officer's award agreement, means the date on which General Atlantic (EW) Collections, L.P. (together with any of its affiliates that have acquired units in EWC Ventures, "GA") reduces its direct or indirect equity investments in EWC Ventures to less than 20% of the fully diluted units of EWC Ventures or upon a sale of all or substantially all of EWC Ventures' assets. No GA Exit shall be deemed to have occurred until all of the non-cash proceeds received by GA in any such transaction have been reduced to cash. The effectiveness of this offering will not constitute a GA Exit if it is not accompanied by the requisite sell-down of equity.

"MOIC," as defined in each named executive officer's officer award agreement, means, as of the date of the GA Exit, as calculated by the compensation committee of EWC Ventures (x) the total cash-on-cash equity return actually realized by GA (excluding any deal-based, transaction or exit fees of GA, divided by (y) the aggregate equity and any other capital contributions made by GA.

In connection with the Reorganization Transactions and the pricing of this offering, all of EWC Ventures' outstanding equity interests, including its Class B Units, will be reclassified into EWC Ventures Units, based on a hypothetical liquidation of EWC Ventures at the initial public offering price per share of our Class A common stock in the offering. In addition, all of EWC Management Holdco's Class B Units will be reclassified into the number of vested and unvested common units of EWC Management Holdco equal to the number of EWC Ventures Units into which such Class B Units would have been reclassified pursuant to the prior sentence. The unvested EWC Management Holdco common units will vest following the offering based on the current vesting schedule of the outstanding unvested Class B Units from which they were reclassified, except as described in the immediately following paragraph. Upon termination of employment, all unvested EWC Management Holdco common units will be forfeited and any vested EWC Management Holdco common units will be subject to repurchase by EWC Management Holdco. Vested EWC Management Holdco common units will be entitled to receive distributions, if any, from EWC Management Holdco. Unvested EWC Ventures Units will not be entitled to receive such distributions (other than tax distributions) unless and until such units vest. If any unvested EWC Management Holdco common units are forfeited, they will be cancelled by EWC Management Holdco for no consideration. There are no voting rights associated with the EWC Management Holdco common units, whether vested or unvested. Vested EWC Management Holdco common units may be exchanged for shares of Class A common stock on a one-for-one basis.

Prior to the consummation of this offering, outstanding performance-vesting Class B Units that would have vested upon achievement of 2.0x (MOIC) or a 2.5x (MOIC) will be converted to time-vesting units and will vest as if the units were time-vesting units on the initial date of grant; provided that, such units shall still fully vest upon achievement of 2.0x (MOIC) or a 2.5x (MOIC), as applicable. The outstanding performance-vesting Class B Units that would have vested upon achievement of 3.0x (MOIC) will convert into performance-vesting units eligible to vest on a 3.0x (MOIC) and will also be eligible to vest upon the occurrence of either (i) the achievement of a 2.0x MOIC at such time as GA's investment in EWC Ventures is no less than 35% of the fully diluted units of EWC Ventures or (ii) the first of December 31, 2022, March 31, 2023, June 30, 2023, September 30, 2023 or December 31, 2023 on which a specific volume weighted average trading price of our common stock is achieved.

The executive understands that he or she may be required to travel at the request of the Company and that such travel shall not constitute Good Reason.

### IPO Equity Grants

In connection with this offering, we intend to grant equity awards under the 2021 Omnibus Incentive Plan (a description of which is provided below) to certain directors and employees, including Messrs. Berg and O'Connor and Ms. Vanderveldt, consisting of restricted stock units with an approximate aggregate grant date value of \$ million and stock options with an approximate aggregate grant date value of \$ million. The number of restricted stock units that will be issued will be equal to the grant date value divided by our public offering price, and the number of stock options that will be issued will be equal to the grant date value of such stock options divided by the Black-Scholes value of an option to purchase one share of our Class A common stock. In particular, it is anticipated that our named executive officers will, in the aggregate, receive new equity awards with respect to shares of Class A common stock, with receiving restricted stock units, respectively, and stock options, respectively. The restricted stock units granted to the named executive officers will vest in three equal installments of 33.33% on each of the first three anniversaries of the date of grant, and the stock options granted to the named executive officers will cliff vest as to 100% on the third anniversary of the date of grant, subject in all cases to continued employment on the applicable vesting date.

### Director Compensation

Our directors did not receive director cash fees or receive any grants of Class B Units in fiscal year 2020 with respect to their service on the Board. Class B Units granted to Mr. Berg were in respect of his services as our chief executive officer; Mr. Berg did not receive any compensation for his service as a director in fiscal year 2020.

Pursuant to a binding term sheet entered into between EWC Ventures, General Atlantic (EW) Collections, L.P. and David Coba, pursuant to which, following closing of the merger pursuant to which General Atlantic acquired EWC Ventures (the "EWC Ventures Closing"), David Coba would serve as EWC Ventures' chief executive officer until the hiring of a new chief executive officer (which occurred on October 8, 2018, when Mr. Berg was hired) and thereafter would serve as a consultant to EWC Ventures for the four-year period commencing on October 8, 2018 (the "David Coba Transition Period"), which David Coba Transition Period may earlier terminate upon certain events set forth in the binding term sheet, including an initial public offering. The binding term sheet provides that during the David Coba Transition Period, David Coba would be entitled to the following: (i) a consulting fee at an annual rate of \$200,000, provided that, for the first 30 days of the David Coba Transition Period, the annual rate was \$800,000 and (ii) eligibility to participate in EWC Ventures' benefit plans, to the extent permitted thereunder and to the extent such participation would not result in any adverse tax consequences or other penalties to David Coba or EWC Ventures. In light of the COVID-19 pandemic and for business continuity purposes, David Coba agreed to suspend his consulting fee from April through November 2020. David Coba's consulting fee was reinstated in December 2020. The aggregate amount of the consulting fee reductions in effect from April through November 2020 was repaid to David Coba in December 2020. Payments and benefits provided to David Coba during the David Coba Transition Period have been made in respect of the services he has rendered as a consultant to EWC Ventures, and do not constitute fees in respect of services rendered in his capacity as a director. Pursuant to the terms of the binding term sheet, the David Coba Transition Period shall terminate upon the effectiveness of this offering.

Pursuant to a binding term sheet entered into between EWC Ventures, General Atlantic (EW) Collections, L.P. and Joshua Coba, pursuant to which, following the EWC Ventures Closing, Joshua Coba would continue to serve as a member of the board of directors of EWC Ventures and resign from his position as EWC Venture' chief operating officer and thereafter would serve as a consultant to EWC Ventures for the four-year period commencing on September 25, 2018 (the "Joshua Coba Transition Period"), which transition period may earlier terminate upon certain events set forth in the binding term sheet, including an initial public offering. The binding term sheet provides that during the Joshua Coba Transition Period, Joshua Coba would be entitled to the following: (i) a consulting fee at an annual rate of \$100,000 and (ii) eligibility to participate in EWC Ventures' benefit plans, to the extent permitted thereunder and to the extent such participation would not result in any adverse tax consequences or other penalties to Joshua Coba or EWC Ventures. In light of the COVID-19 pandemic and for business continuity purposes, Joshua Coba agreed to suspend his consulting fee from April through November 2020. Joshua Coba's consulting fee was reinstated in December 2020. The aggregate amount of the consulting fee reductions in effect from April through November 2020 was repaid to Joshua Coba in December 2020. Payments and benefits provided to Joshua Coba during the Joshua Coba Transition Period have been made in respect of the services he has rendered as a consultant to EWC Ventures, and do not constitute fees in respect of services rendered in his capacity as a director. Pursuant to the terms of the binding term sheet, the Joshua Coba Transition Period shall terminate upon the effectiveness of this offering.

Immediately prior to this offering, we intend to implement a formal policy pursuant to which non-employee directors will be eligible to receive the cash retainers and equity awards and which will be disclosed once implemented. Employee directors will receive no additional compensation for their service as a director. We will reimburse all reasonable out-of-pocket expenses incurred by directors for their attendance at meetings of the board or any committee thereof.

### **2021 Omnibus Incentive Plan**

In connection with this offering, our board of directors will adopt, with the approval of our stockholders, our 2021 Omnibus Incentive Plan (the "Omnibus Incentive Plan") to become effective in connection with the consummation of this offering. This summary is qualified in its entirety by reference to the Omnibus Incentive Plan.

*Administration.* The compensation committee of our board of directors (the "Compensation Committee") will administer the Omnibus Incentive Plan. The Compensation Committee will have the authority to determine the terms and conditions of any agreements evidencing any awards granted under the Omnibus Incentive Plan and to adopt, alter and repeal rules, guidelines and practices relating to the Omnibus Incentive Plan. The Compensation Committee will have full discretion to administer and interpret the Omnibus Incentive Plan and to adopt such rules, regulations and procedures as it deems necessary or advisable and to determine, among other things, the time or times at which the awards may be exercised and whether and under what circumstances an award may be exercised.

*Eligibility.* Any current or prospective employees, directors, officers, consultants or advisors of the Company or its affiliates who are selected by the Compensation Committee will be eligible for awards under the Omnibus Incentive Plan. The Compensation Committee will have the sole and complete authority to determine who will be granted an award under the Omnibus Incentive Plan.

*Number of Shares Authorized.* The Omnibus Incentive Plan provides for an aggregate of \_\_\_\_\_ shares of our common stock. In addition, the number of shares reserved for issuance under the Omnibus Incentive Plan will automatically increase each fiscal year beginning with fiscal year 2022 and ending with fiscal year 2031 by the lesser of (a) 1% of the total number of shares outstanding on the last day of the immediately preceding fiscal year on a fully diluted basis assuming that all shares available for issuance under the Omnibus Incentive Plan are issued and outstanding or (b) such number of shares determined by our board of directors. No more than \_\_\_\_\_ shares of our common stock may be issued with respect to incentive stock options under the Omnibus Incentive Plan. The maximum grant date fair value of cash and equity awards that may be awarded to a non-employee director under the Omnibus Incentive Plan during any one fiscal year, taken together with any cash fees paid to such non-employee director during such fiscal year, in respect of service as a member of the board of directors during such year, will be \$750,000. For the avoidance of doubt, in a year in which a non-employee director serves as an employee or consultant (including as an interim officer), such limit will

not apply to compensation approved to be paid to such non-employee director by the other non-employee directors in respect of such service as an employee or consultant. If any award granted under the Omnibus Incentive Plan expires, terminates, or is cancelled or forfeited without being settled, vested or exercised, shares of our common stock subject to such award will again be made available for future grants. Any shares that are surrendered or tendered to pay the exercise price of an award or to satisfy withholding taxes owed, or any shares reserved for issuance, but not issued, with respect to settlement of a stock appreciation right, will again be available for grants under the Omnibus Incentive Plan.

*Change in Capitalization.* If there is a change in our capitalization in the event of a stock or extraordinary cash dividend, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, split-off, spin-off, combination, repurchase or exchange of shares of our common stock or other relevant change in capitalization or applicable law or circumstances, such that the Compensation Committee determines that an adjustment to the terms of the Omnibus Incentive Plan (or awards thereunder) is necessary or appropriate, then the Compensation Committee shall make adjustments in a manner that it deems equitable. Such adjustments may be to the number of shares reserved for issuance under the Omnibus Incentive Plan, the number of shares covered by awards then outstanding under the Omnibus Incentive Plan, the limitations on awards under the Omnibus Incentive Plan, or the exercise price of outstanding options, or such other equitable substitution or adjustments as the Compensation Committee may determine appropriate.

*Awards Available for Grant.* The Compensation Committee may grant awards of non-qualified stock options, incentive (qualified) stock options, stock appreciation rights (“SARs”), restricted stock awards, restricted stock units, other stock-based awards, other cash-based awards or any combination of the foregoing. Awards may be granted under the Omnibus Incentive Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity acquired by the Company or with which the Company combines, which are referred to herein as “Substitute Awards.”

*Stock Options.* The Compensation Committee will be authorized to grant options to purchase shares of our common stock that are either “qualified,” meaning they are intended to satisfy the requirements of Section 422 of the Code (as defined herein) for incentive stock options, or “non-qualified,” meaning they are not intended to satisfy the requirements of Section 422 of the Code. All options granted under the Omnibus Incentive Plan shall be non-qualified unless the applicable award agreement expressly states that the option is intended to be an incentive stock option. Options granted under the Omnibus Incentive Plan will be subject to the terms and conditions established by the Compensation Committee. Under the terms of the Omnibus Incentive Plan, the exercise price of the options will not be less than the fair market value (or 110% of the fair market value in the case of a qualified option granted to a 10% stockholder) of our common stock at the time of grant (except with respect to Substitute Awards). Options granted under the Omnibus Incentive Plan will be subject to such terms, including the exercise price and the conditions and timing of exercise, as may be determined by the Compensation Committee and specified in the applicable award agreement. The maximum term of an option granted under the Omnibus Incentive Plan will be 10 years from the date of grant (or five years in the case of a qualified option granted to a 10% stockholder), provided that if the term of a non-qualified option would expire at a time when trading in the shares of our common stock is prohibited by the Company’s insider trading policy, unless otherwise provided by the Compensation Committee, the option’s term shall be extended automatically until the 30th day following the expiration of such prohibition (as long as such extension shall not violate Section 409A of the Code). Payment in respect of the exercise of an option may be made in cash, by check, by cash equivalent or by such other method as the Compensation Committee may permit in its sole discretion, including (i) by delivery of other property (including previously owned shares, provided that such shares are not subject to any pledge or other security interest) having a fair market value equal to the exercise price and all applicable required withholding taxes, (ii) if there is a public market for the shares of our common stock at such time, by means of a broker-assisted cashless exercise mechanism or (iii) by means of a “net exercise” procedure effected by withholding the minimum number of shares otherwise deliverable in respect of an option that are needed to pay the exercise price and all applicable required withholding taxes. Notwithstanding the foregoing, unless otherwise determined by the Compensation Committee or as set forth in an award agreement, if, on the last day of the option’s term, the fair market value of a share exceeds the exercise price, the participant has not exercised the option and the option has not previously expired, such option will be deemed exercised by the participant on such last day by means of a “net exercise” procedure described above. In all events of cashless or net exercise, any fractional shares will be settled in cash.

*Stock Appreciation Rights.* The Compensation Committee will be authorized to award SARs under the Omnibus Incentive Plan. SARs will be subject to the terms and conditions established by the Compensation Committee. A SAR is a contractual right that allows a participant to receive, in the form of either cash, shares or any combination of cash and shares, the appreciation, if any, in the value of a share over a certain period of time. Except as otherwise provided by the Compensation Committee (in the case of Substitute Awards or SARs granted in tandem with previously granted options), the exercise price per share of our common stock underlying each SAR shall not be less than 100% of the fair market value of such share, determined as of the date of grant, and the maximum term of a SAR granted under the Omnibus Incentive Plan will be 10 years from the date of grant. Notwithstanding the foregoing, unless otherwise determined by the Compensation Committee or as set forth in an award agreement, if, on the last day of a SAR's term, the fair market value of a share exceeds the exercise price, the participant has not exercised the SAR and the SAR has not previously expired, such SAR will be deemed exercised by the participant on such last day and the Company shall make the appropriate payment therefor. Any fractional shares will be settled in cash.

*Restricted Stock.* The Compensation Committee will be authorized to grant restricted stock under the Omnibus Incentive Plan, which will be subject to the terms and conditions established by the Compensation Committee. Restricted stock is common stock that is generally non-transferable and is subject to other restrictions determined by the Compensation Committee for a specified period. To the extent provided in an award agreement, dividends, if any, that may have been withheld by the Company and attributable to the restricted stock, will be payable in cash or in shares (or a combination of cash and shares) at the same time that the underlying restricted stock vests.

*Restricted Stock Unit Awards.* The Compensation Committee will be authorized to grant restricted stock unit awards, which will be subject to the terms and conditions established by the Compensation Committee. A restricted stock unit award, once vested, may be settled in a number of shares of our common stock equal to the number of units earned, in cash equal to the fair market value of the number of shares of our common stock earned in respect of such restricted stock unit award or in a combination of the foregoing, at the election of the Compensation Committee. Restricted stock units may be settled at the expiration of the period over which the units are to be earned or at a later date selected by the Compensation Committee. To the extent provided in an award agreement, the holder of outstanding restricted stock units shall be entitled to be credited with dividend equivalent payments upon the payment by us of dividends on shares, which will be payable in cash or in shares (or a combination of cash and shares) at the same time that the underlying restricted stock units are settled.

*Deferred Awards.* The Compensation Committee will be authorized to grant deferred awards, which may be a right to receive shares or cash (either independently or as an element of or supplement to any other award), including, as may be required by any applicable law or regulations or determined by the board of directors (or subcommittee thereof), in lieu of any annual bonus, commission or retainer plan or arrangement, under such terms and conditions as the board of directors may determine and as set forth in the applicable award agreement.

*Other Stock-Based Awards.* The Compensation Committee will be authorized to grant awards of unrestricted shares of our common stock, rights to receive grants of awards at a future date, other awards denominated in shares of our common stock, or awards that provide for cash payments based in whole or in part on the value of our common stock under such terms and conditions as the Compensation Committee may determine and as set forth in the applicable award agreement.

*Effect of a Change in Control.* Unless otherwise provided in an award agreement, or any applicable employment, consulting, change in control, severance or other agreement between us and a participant, in the event of a change in control (as defined in the Omnibus Incentive Plan), if the acquirer or successor company in such change in control has not agreed to provide for the substitution, assumption, exchange or other continuation of awards, or such acquirer or successor company has provided for the substitution, assumption, exchange or other continuation of awards but a participant's employment or service is terminated by us other than for cause (and other than due to death or disability) on or within 24 months following a change in control, then, unless otherwise provided by the Compensation Committee, (i) all then-outstanding options and SARs held by such participant will become immediately exercisable as of such participant's date of termination with respect to all of the shares subject to such option or SAR and/or (ii) the restricted period (and any other conditions) shall expire as of such participant's date of termination with respect to all of the

then-outstanding shares of restricted stock, restricted stock units and any other Awards (other than other cash-based awards) held by such participant (including, without limitation, a waiver of any applicable performance conditions); provided that, with respect to any award whose vesting or exercisability is otherwise subject to the achievement of performance conditions, the portion of such award that shall become fully vested and immediately exercisable shall be based on the assumed achievement of actual or target performance as determined by the Compensation Committee. In addition, the Compensation Committee may in its discretion and upon at least ten days' notice to the affected persons, cancel any outstanding award and pay the holders, in cash, securities or other property (including of the acquiring or successor company), or any combination thereof, the value of such awards based upon the price per share of the Company's common stock received or to be received by other shareholders of the Company in connection with the transaction (it being understood that any option or SAR having a per-share exercise price equal to, or in excess of, the fair market value (as of the date specified by the Compensation Committee) of a share of the Company's common stock subject thereto may be canceled and terminated without payment or consideration therefor). Notwithstanding the above, the Compensation Committee shall exercise such discretion over the timing of settlement of any award subject to Section 409A of the Code at the time such award is granted.

*Nontransferability.* Each award may be exercised during the participant's lifetime by the participant or, if permissible under applicable law, by the participant's guardian or legal representative. No award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a participant other than by will or by the laws of descent and distribution unless the Compensation Committee permits the award to be transferred to a permitted transferee (as defined in the Omnibus Incentive Plan).

*Amendment.* The Omnibus Incentive Plan will have a term of 10 years. The board of directors may amend, suspend or terminate the Omnibus Incentive Plan at any time, subject to stockholder approval, if necessary to comply with any tax, exchange rules or other applicable regulatory requirement. No amendment, suspension or termination will materially and adversely affect the rights of any participant or recipient of any award without the consent of the participant or recipient.

The Compensation Committee may, to the extent consistent with the terms of any applicable award agreement, waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any award theretofore granted or the associated award agreement, prospectively or retroactively; provided that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any participant with respect to any award theretofore granted will not to that extent be effective without the consent of the affected participant; and provided further, that, without stockholder approval, (i) no amendment or modification may reduce the exercise price of any option or any SAR, (ii) the Compensation Committee may not cancel any outstanding option and replace it with a new option (with a lower exercise price) or cancel any SAR and replace it with a new SAR (with a lower exercise price) or, in each case, with another award or cash in a manner that would be treated as a repricing (for compensation disclosure or accounting purposes), (iii) the Compensation Committee may not take any other action considered a repricing for purposes of the stockholder approval rules of the applicable securities exchange on which our common shares are listed and (iv) the Compensation Committee may not cancel any outstanding option or SAR that has a per-share exercise price at or above the fair market value of a share of our common stock on the date of cancellation and pay any consideration to the holder thereof. However, stockholder approval is not required with respect to (i), (ii), (iii) and (iv) above with respect to certain adjustments on changes in capitalization.

*Clawback/Forfeiture.* The Compensation Committee has full authority to implement any policies and procedures necessary to comply with Section 10D of the Exchange Act and any rules promulgated thereunder and any other regulatory regimes. The Compensation Committee may, to the extent permitted by applicable law and stock exchange rules or by any applicable Company policy or arrangement, and will, to the extent required, cancel or require reimbursement of any awards granted to the participant or any shares issued or cash received upon vesting, exercise or settlement of any such awards or sale of shares underlying such awards. By accepting an award, the participant agrees that the participant is subject to any clawback policies of the Company in effect from time to time.

### **U.S. Federal Income Tax Consequences**

*The following is a general summary of the material U.S. federal income tax consequences of the grant, exercise and vesting of awards under the Omnibus Incentive Plan and the disposition of shares acquired pursuant to the exercise or settlement of such awards and is intended to reflect the current provisions of the Code and the regulations thereunder. This summary is not intended to be a complete statement of applicable law, nor does it address foreign, state, local or payroll tax considerations. This summary assumes that all awards described in the summary are exempt from, or comply with, the requirements of Section 409A of the Code. Moreover, the U.S. federal income tax consequences to any particular participant may differ from those described herein by reason of, among other things, the particular circumstances of such participant.*

**Stock Options.** Holders of incentive stock options will generally incur no federal income tax liability at the time of grant or upon vesting or exercise of those options. However, the spread at exercise will be an “item of tax preference,” which may give rise to “alternative minimum tax” liability for the taxable year in which the exercise occurs. If the holder does not dispose of the shares before the later of two years following the date of grant and one year following the date of exercise, the difference between the exercise price and the amount realized upon disposition of the shares will constitute long-term capital gain or loss, as the case may be. Assuming the holding period is satisfied, no deduction will be allowed to us for federal income tax purposes in connection with the grant or exercise of the incentive stock option. If, within two years following the date of grant or within one year following the date of exercise, the holder of shares acquired through the exercise of an incentive stock option disposes of those shares, the participant will generally realize taxable compensation at the time of such disposition equal to the difference between the exercise price and the lesser of the fair market value of the shares on the date of exercise or the amount realized on the subsequent disposition of the shares, and that amount will generally be deductible by us for federal income tax purposes, subject to the possible limitations on deductibility under Sections 280G and 162(m) of the Code for compensation paid to executives designated in those Sections. Finally, if an incentive stock option becomes first exercisable in any one year for shares having an aggregate value in excess of \$100,000 (based on the grant date value), the portion of the incentive stock option in respect of those excess shares will be treated as a non-qualified stock option for federal income tax purposes.

No income will be realized by a participant upon grant or vesting of an option that does not qualify as an incentive stock option (“a non-qualified stock option”). Upon the exercise of a non-qualified stock option, the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the underlying exercised shares over the option exercise price paid at the time of exercise, and the participant’s tax basis will equal the sum of the compensation income recognized and the exercise price. We will be able to deduct this same excess amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections. In the event of a sale of shares received upon the exercise of a non-qualified stock option, any appreciation or depreciation after the exercise date generally will be taxed as capital gain or loss and will be long-term gain or loss if the holding period for such shares is more than one year.

**SARs.** No income will be realized by a participant upon grant or vesting of a SAR. Upon the exercise of a SAR, the participant will recognize ordinary compensation income in an amount equal to the fair market value of the payment received in respect of the SAR. We will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

**Restricted Stock.** A participant will not be subject to tax upon the grant of an award of restricted stock unless the participant otherwise elects to be taxed at the time of grant pursuant to Section 83(b) of the Code. On the date an award of restricted stock becomes transferable or is no longer subject to a substantial risk of forfeiture (i.e., the vesting date), the participant will have taxable compensation equal to the difference between the fair market value of the shares on that date over the amount the participant paid for such shares, if any, unless the participant made an election under Section 83(b) of the Code to be taxed at the time of grant. If the participant made an election under Section 83(b), the participant will have taxable compensation at the time of grant equal to the difference between the fair market value of the shares on the date of grant over the amount the participant paid for such shares, if any. If the election is made, the participant will not be allowed a deduction for amounts subsequently required to be returned to us. Special rules apply to the receipt and

disposition of restricted shares received by officers and directors who are subject to Section 16(b) of the Exchange Act. We will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

*Restricted Stock Units.* A participant will not be subject to tax upon the grant or vesting of a restricted stock unit award. Rather, upon the delivery of shares or cash pursuant to a restricted stock unit award, the participant will have taxable compensation equal to the fair market value of the number of shares (or the amount of cash) the participant actually receives with respect to the award. We will be able to deduct the amount of taxable compensation to the participant for U.S. federal income tax purposes, but the deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

*Section 162(m).* In general, Section 162(m) of the Code denies a publicly held corporation a deduction for U.S. federal income tax purposes for compensation in excess of \$1,000,000 per year per person to the executives designated in Section 162(m) of the Code, including, but not limited to, its chief executive officer, chief financial officer and the next three highly compensated executives of such corporation whose compensation is required to be disclosed in its proxy statement. We reserve the right to award compensation as to which a deduction may be limited under Section 162(m) where we believe it is appropriate to do so.

### Purchases from Equityholders

Immediately following this offering, based on the midpoint of the estimated public offering price range set forth on the cover page of this prospectus and assuming the underwriters’ option to purchase additional shares is not exercised, we will use approximately \$ \_\_\_\_\_ million (or approximately \$ \_\_\_\_\_ million if the underwriters exercise their option to purchase additional shares of Class A common stock in full) of the net proceeds from this offering to purchase up to \_\_\_\_\_ EWC Ventures Units (or up to \_\_\_\_\_ EWC Ventures Units if the underwriters exercise their option to purchase additional shares of Class A common stock in full) and corresponding shares of Class B common stock from certain of the EWC Ventures Post-IPO Members (including certain General Atlantic Equityholders) at a net price equal to the price paid by the underwriters for shares of our Class A common stock in this offering.

The following table sets forth the cash proceeds that each of our existing 5% equityholders and executive officers will receive from the purchase by us of EWC Ventures Units and corresponding shares of Class B common stock with the proceeds from this offering, based on the midpoint of the estimated public offering price range set forth on the cover page of this prospectus:

EWC Founder Holdco				

The consideration set forth above is subject to adjustment based on the final public offering price of our Class A common stock in this offering.

In addition, immediately following this offering, we will use \$20.0 million of the net proceeds from this offering to purchase EWC Ventures Units and corresponding shares of Class B common stock from certain of the EWC Ventures Post-IPO Members and certain employees at a net price equal to the public offering price for shares of our Class A common stock in this offering. The purchase of these EWC Ventures Units and shares of Class B common stock is in satisfaction of deferred payment obligations under the Class C Units held or beneficially owned by such EWC Ventures Post-IPO Members and employees. Our existing 5% holders and executive officers that will receive cash proceeds from this purchase are as follows: EWC Founder Holdco and David L. Willis, who will receive \$17.4 million and \$0.4 million, respectively.

#### **Amended and Restated EWC Ventures Limited Liability Company Agreement**

In connection with the Reorganization Transactions, we, EWC Ventures and each of the EWC Ventures Post-IPO Members, including the General Atlantic Post-IPO Members, the Founder Post-IPO Member and EWC Management Holdco, will enter into the Amended and Restated EWC Ventures Limited Liability Company Agreement (the “EWC Ventures LLC Agreement”). Following the Reorganization Transactions, and in accordance with the terms of the EWC Ventures LLC Agreement, we will operate our business through EWC Ventures and its subsidiaries. Pursuant to the terms of the EWC Ventures LLC Agreement, so long as affiliates of General Atlantic or affiliates of EWC Founder Holdco continue to own any EWC Ventures Units, shares of our Class A common stock or securities exchangeable or convertible into shares of our Class A common stock, we will not, without the prior written consent of such holders, engage in any business activity other than the management and ownership of EWC Ventures and its subsidiaries or own any assets other than securities of EWC Ventures and its subsidiaries and/or any cash or other property or assets distributed by or otherwise received from EWC Ventures and its subsidiaries, unless we determine in good faith that such actions or ownership are in the best interest of EWC Ventures. As the sole managing member of EWC Ventures, we will have control over all of the affairs and decision making of EWC Ventures. As such, through our officers and directors, we will be responsible for all operational and administrative decisions of EWC Ventures and the day-to-day management of EWC Ventures’ business. We will fund any dividends to our stockholders by causing EWC Ventures to make distributions to its equityholders, including the General Atlantic Post-IPO Members, the Founder Post-IPO Member, EWC Management Holdco and us, subject to limitations imposed by our Senior Secured Credit Facility. See “Dividend Policy.”

The holders of EWC Ventures Units will generally incur U.S. federal, state and local income taxes on their proportionate share of any net taxable income of EWC Ventures. Net profits and net losses of EWC Ventures will generally be allocated to its members pro rata in accordance with the percentages of their respective ownership of EWC Ventures Units, though certain non-pro rata adjustments will be made to reflect tax depreciation, amortization and other allocations. The EWC Ventures LLC Agreement will provide for pro rata cash distributions to the holders of EWC Ventures Units for purposes of funding their tax obligations in respect of the taxable income of EWC Ventures that is allocated to them. Generally, the tax distributions to us will be computed based on the sum of (i) EWC Ventures’ estimate of the net taxable income of EWC Ventures allocable to us multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for a corporate resident in New York, New York (taking into account

the non-deductibility of certain expenses and the character of our income) and (ii) certain amounts payable by us under the Tax Receivable Agreement.

The EWC Ventures LLC Agreement will provide that, except as otherwise determined by us, if at any time we issue a share of our Class A common stock, other than pursuant to an issuance and distribution to holders of shares of our common stock of rights to purchase our equity securities under a “poison pill” or similar stockholder rights plan or pursuant to an employee benefit plan, the net proceeds received by us with respect to such share, if any, shall be concurrently invested in EWC Ventures (unless such shares were issued by us solely to fund (i) our ongoing operations or pay our expenses or other obligations or (ii) the purchase or redemptions from a member of EWC Ventures of EWC Ventures Units (in which case such net proceeds shall instead be transferred to the selling member as consideration for such purchase or redemption)) and EWC Ventures shall issue to us one EWC Ventures Unit. Similarly, except as otherwise determined by us, EWC Ventures will not issue any additional EWC Ventures Units to us unless we issue or sell an equal number of shares of our Class A common stock. Conversely, if at any time any shares of our Class A common stock are redeemed, repurchased or otherwise acquired, EWC Ventures will redeem, repurchase or otherwise acquire an equal number of EWC Ventures Units held by us, upon the same terms and for the same price per security, as the shares of our Class A common stock are redeemed, repurchased or otherwise acquired. In addition, EWC Ventures will not effect any subdivision (by any unit split, unit distribution, reclassification, reorganization, recapitalization or otherwise) or combination (by reverse unit split, reclassification, reorganization, recapitalization or otherwise) of the EWC Ventures Units unless it is accompanied by substantively identical subdivision or combination, as applicable, of each class of our common stock, and we will not effect any subdivision or combination of any class of our common stock unless it is accompanied by a substantively identical subdivision or combination, as applicable, of the EWC Ventures Units.

Subject to certain exceptions, EWC Ventures will indemnify all of its members, including the General Atlantic Post-IPO Members and us, and their officers and other related parties, including certain General Atlantic Equityholders, against all losses or expenses arising from claims or other legal proceedings in which such person (in its capacity as such) may be involved or become subject to in connection with EWC Ventures’ business or affairs or the EWC Ventures LLC Agreement or any related document.

EWC Ventures may be dissolved only upon the first to occur of (i) the sale of substantially all of its assets or (ii) as determined by us. Upon dissolution, EWC Ventures will be liquidated and the proceeds from any liquidation will be applied and distributed in the following manner: (a) first, to creditors (including creditors who are members or affiliates of members) in satisfaction of all of EWC Ventures’ liabilities (whether by payment or by making reasonable provision for payment of such liabilities, including the setting up of any reasonably necessary reserves) and (b) second, to the members in proportion to their vested EWC Ventures Units.

### **Exchange Agreement**

At the closing of this offering, we will enter into an Exchange Agreement (the “Exchange Agreement”) with EWC Ventures and each of the EWC Ventures Post-IPO Members, including the General Atlantic Post-IPO Members, the Founder Post-IPO Member and EWC Management Holdco, pursuant to which they (or certain transferees thereof), subject to certain restrictions, including any applicable transfer restrictions, will have the right to exchange their shares via a Share Exchange or a Cash Exchange, at our option (as the managing member of EWC Ventures), subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. Any decision to require a Cash Exchange rather than a Share Exchange will ultimately be determined by our board of directors. Upon exchange, each share of our Class B common stock will be cancelled.

The Exchange Agreement provides that, in the event that a tender offer, share exchange offer, issuer bid, take-over bid, recapitalization or similar transaction with respect to our Class A common stock is proposed by us or our stockholders and approved by our board of directors or is otherwise consented to or approved by our board of directors, the EWC Ventures Post-IPO Members will be permitted to participate in such offer by delivery of a notice of exchange that is effective immediately prior to the consummation of such offer. In the case of any such offer proposed by us, we are obligated to use our reasonable best efforts to enable and permit the EWC Ventures Post-IPO Members to participate in such offer to the same extent or on an economically equivalent basis as the holders of shares of our Class A common stock without discrimination. In addition,

we are obligated to use our reasonable best efforts to ensure that the EWC Ventures Post-IPO Members may participate in each such offer without being required to exchange EWC Ventures Units and shares of our Class B common stock.

The Exchange Agreement also provides that, in the event of a merger, consolidation or other business combination involving the Company (unless, following such transaction, all or substantially all of the holders of our voting power prior to such transaction continue to hold a majority of the voting power of the surviving entity (or its parent) in substantially the same proportions as immediately prior to such transaction) is approved by our board of directors and consummated in accordance with applicable law, we may require that each of the EWC Ventures Post-IPO Members other than the General Atlantic Post-IPO Members exchange with us all of such EWC Ventures Post-IPO Member's EWC Ventures Units and shares of our Class B common stock for aggregate consideration for each EWC Ventures Unit and share of our Class B common stock that is equivalent to the consideration payable in respect of each share of our Class B common stock in such transaction.

### **Stockholders Agreement**

Prior to the consummation of this offering, we will enter into a Stockholders Agreement that will provide the General Atlantic Equityholders with the right to nominate a specified number of our directors determined based on the percentage of our common stock beneficially owned by the General Atlantic Equityholders immediately prior to this offering. For so long as the General Atlantic Equityholders beneficially own at least 50% of our outstanding common stock, the General Atlantic Equityholders will be entitled to nominate four directors to serve on our board of directors. When the General Atlantic Equityholders beneficially own less than 50% but at least 30% of our outstanding common stock, the General Atlantic Equityholders will be entitled to nominate three directors. When the General Atlantic Equityholders beneficially own less than 30% but at least 15% of our outstanding common stock, the General Atlantic Equityholders will be entitled to nominate two directors. Thereafter, the General Atlantic Equityholders will be entitled to nominate one director so long as they beneficially own at least 10% of our outstanding common stock.

Additionally, so long as the General Atlantic Equityholders beneficially own at least 25% of our outstanding common stock, the prior written consent of the General Atlantic Equityholders will be required prior to taking the following actions:

- any acquisition of the equity securities or assets of any other entity (other than any of our subsidiaries), in a single transaction or a series of related transactions in excess of \$100 million and/or the disposition of any of our or our subsidiaries' equity securities or assets, in a single transaction or a series of related transactions in excess of \$100 million ;
- entering or effectuating a "Change in Control" as defined in our Stockholders Agreement;
- incurring indebtedness of the Company and our subsidiaries to the extent such incurrence would result in the Company and our subsidiaries having indebtedness in excess of \$150 million in the aggregate other than a drawdown of amounts committed under a debt agreement that was previously consented to by the General Atlantic Equityholders or that was entered into on or prior to the entry into the Stockholders Agreement;
- appointing or removing our chief executive officer;
- any increase or decrease in the size of our board of directors;
- any entry by us or our subsidiaries into voluntary liquidation, dissolution, receivership, bankruptcy or other insolvency proceeding, or any recapitalization or reorganization;
- a redemption, repurchase or other acquisition by us of our capital stock (other than any redemption, repurchase or acquisition under any stockholder approved equity compensation plan or pursuant to an offer made to all our stockholders *pro rata*);
- payment or declaration of any dividend or distribution on any of our capital stock other than dividends or distributions required to be made pursuant to the terms of any of our outstanding preferred stock;
- any entry into a joint venture or similar business alliance involving, or entering into any agreement providing for, the investment, contribution or disposition by the Company or our subsidiaries of assets

having a fair market value in excess of \$100 million, other than transactions solely between or among the Company and one or more of its subsidiaries; or

- the adoption, approval, issuance or amendment of any poison pill or stockholder rights plan.

Further, so long as the General Atlantic Equityholders beneficially own any of our outstanding common stock, the prior written consent of the General Atlantic Equityholders will be required prior to amending (including by merger, consolidation, reorganization or similar event), our or our subsidiaries' certificate of incorporation, bylaws or similar governing documents if such change is adverse to the rights of the General Atlantic Equityholders.

The General Atlantic Equityholders will be permitted to sell their interest in us without restriction. To the extent a General Atlantic Equityholder or the Founder Post-IPO Member transfers any of their respective shares to an affiliated transferee, that transferee would also be bound by the terms of the Stockholders Agreement in their capacity as a General Atlantic Equityholder or Founder Post-IPO Member, as applicable. To the extent that the General Atlantic Equityholders are no longer entitled to nominate a board member, our board of directors, upon the recommendation of the Nominating and Governance Committee, will nominate a director in their place.

### **Registration Rights Agreement**

Prior to the consummation of this offering, we will enter into a Registration Rights Agreement (the "Registration Rights Agreement") with the General Atlantic Equityholders, the Founder Post-IPO Member and certain other investors. Subject to several exceptions, including underwriter cutbacks and our right to defer a demand registration and shelf registration under certain circumstances, the General Atlantic Equityholders and the Founder Post-IPO Member may require that we register for public resale under the Securities Act any or all shares of common stock constituting registrable securities at any time following this offering, subject to the restrictions in the lock-up agreements entered into by each of those parties in connection with this offering, so long as the securities requested to be registered or sold in an underwritten shelf offering are anticipated to have an aggregate offering price of least \$50.0 million. The General Atlantic Equityholders and the Founder Post-IPO Member also have the right to sell registrable securities held by them pursuant to an underwritten block trade or similar transaction off of a shelf registration statement, each subject to limited participation rights and other restrictions, including that the aggregate anticipated offering price, net of underwriting commissions, is at least \$25.0 million.

If either of the General Atlantic Equityholders or the Founder Post-IPO Member makes a request for registration, the non-requesting parties to the Registration Rights Agreement will be entitled to customary piggyback registration rights in connection with the request, and if the request is for an underwritten offering, such piggyback registration rights will be subject to underwriter cutback provisions, with priority first for registration of shares going first to the General Atlantic Equityholders and the Founder Post-IPO Member on a pro rata basis and second to the other holders under the Registration Rights Agreement. In addition, the parties to the Registration Rights Agreement will be entitled to piggyback registration rights with respect to any registration initiated by us or another stockholder, and if any such registration is in the form of an underwritten offering, such piggyback registration rights will be subject to customary cutback provisions, with priority for registration of shares going first to us or such other stockholder, as applicable, second to the General Atlantic Equityholders and the Founder Post-IPO Member and third to the other holders under the Registration Rights Agreement.

In connection with the transfer of their registrable securities, the General Atlantic Equityholders may assign certain of their rights under the Registration Rights Agreement under certain circumstances. In connection with the registrations described above, we will indemnify any selling stockholders and we will bear all fees and expenses (except underwriting discounts and commissions).

### **Tax Receivable Agreement**

Prior to the completion of this offering, we will enter into a Tax Receivable Agreement with the EWC Ventures Pre-IPO Members that provides for the payment by us to the EWC Ventures Pre-IPO Members of 85% of the benefits, if any, that we realize, or are deemed to realize (calculated using certain assumptions), as a result of

(i) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies' allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. There is significant existing tax basis in the assets of EWC Ventures as a result of the prior acquisition of interests in EWC Ventures by the General Atlantic Equityholders, and subsequent redemptions, exchanges, or purchases of EWC Ventures Units (in connection with or after this offering) are expected to result in increases in the tax basis of the assets of EWC Ventures. The existing tax basis, increases in existing tax basis and tax basis adjustments generated over time may increase (for tax purposes) the depreciation and amortization deductions available to us and, therefore, may reduce the amount of U.S. federal, state and local tax that we would otherwise be required to pay in the future. Actual tax benefits realized by us may differ from tax benefits calculated under the Tax Receivable Agreement as a result of the use of certain assumptions in the Tax Receivable Agreement, including the use of an assumed weighted-average state and local income tax rate to calculate tax benefits. This payment obligation is an obligation of European Wax Center and not of EWC Ventures.

With respect to future redemptions, exchanges and purchases, the ability to achieve benefits from any existing tax basis, the actual increase in tax basis or other tax attributes, as well as the amount and timing of any payments under the agreement, will vary depending upon a number of factors, including the timing of redemptions, exchanges or purchases by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) and purchases or redemptions of EWC Ventures Units and corresponding shares of Class B common stock from EWC Ventures Pre-IPO Members (or their transferees or other assignees), the price of our Class A common stock at the time of the redemption, exchange or purchase, the extent to which such redemptions, exchanges or purchases are taxable, the amount and timing of the taxable income we generate in the future and the tax rate then applicable and the portion of our payments under the Tax Receivable Agreement constituting imputed interest.

The payments we will be required to make under the Tax Receivable Agreement could be substantial. Although estimating the amount and timing of payments that may become due under the Tax Receivable Agreement is by its nature imprecise, we expect that, as a result of (i) increases in our allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures, and adjustments to the tax basis of the tangible and intangible assets of EWC Ventures, in each case as a result of (a) the purchases of EWC Ventures Units (along with the corresponding shares of our Class B common stock) from certain of the EWC Ventures Post-IPO Members using a portion of the net proceeds from this offering or in any future offering or (b) Share Exchanges and Cash Exchanges by the EWC Ventures Pre-IPO Members (or their transferees or other assignees) in connection with or after this offering, (ii) our utilization of certain tax attributes of the Blocker Companies (including the Blocker Companies' allocable share of certain existing tax basis of the tangible and intangible assets of EWC Ventures) and (iii) certain other tax benefits related to entering into the Tax Receivable Agreement, including tax benefits attributable to payments under the Tax Receivable Agreement. Assuming no material changes in the relevant tax law and that we earn sufficient taxable income to realize in full the potential tax benefit described above, we estimate that payments under the Tax Receivable Agreement would aggregate to approximately \$            million over 15 years from the date of the completion of this offering, based on an assumed initial public offering price of \$ per share of Class A common stock, the midpoint of the estimated price range set forth on the cover page of this prospectus and assuming all future Share Exchanges and Cash Exchanges would occur on the date of this offering. The payments under the Tax Receivable Agreement are not conditioned upon the EWC Ventures Pre-IPO Members' continued ownership of us. The actual amounts we will be required to pay may materially differ from these hypothetical amounts, because potential future tax savings that we will be deemed to realize, and the Tax Receivable Agreement payments made by us, will be calculated based in part on the market value of our Class A common stock at the time of each Share Exchange or Cash Exchange and the prevailing applicable federal tax rate (plus the assumed

combined state and local tax rate) applicable to us over the life of the Tax Receivable Agreement and will depend on our generating sufficient taxable income to realize the tax benefits that are subject to the Tax Receivable Agreement.

Payments under the Tax Receivable Agreement will be based on the tax reporting positions that we determine, and the IRS, or another tax authority may challenge all or part of the tax basis increases or other tax benefits we claim, as well as other related tax positions we take, and a court could sustain such challenge. Although we are not aware of any issue that would cause the IRS to challenge the tax basis increases or other benefits arising under the Tax Receivable Agreement, if the outcome of any such challenge would reasonably be expected to materially affect a recipient's payments under the Tax Receivable Agreement, then we will not be permitted to settle such challenge without the consent (not to be unreasonably withheld or delayed) of the EWC Ventures Pre-IPO Members. The interests of the EWC Ventures Pre-IPO Members in any such challenge may differ from or conflict with our interests and your interests, and the EWC Ventures Pre-IPO Members may exercise their consent rights relating to any such challenge in a manner adverse to our interests and your interests. We will not be reimbursed for any cash payments previously made to the EWC Ventures Pre-IPO Members (or their transferees or assignees) under the Tax Receivable Agreement in the event that any tax benefits initially claimed by us and for which payment has been made to the EWC Ventures Pre-IPO Members (or their transferees or assignees) are subsequently challenged by a taxing authority and are ultimately disallowed. Instead, any excess cash payments made by us to the EWC Ventures Pre-IPO Members (or their transferees or assignees) will be netted against any future cash payments that we might otherwise be required to make to the EWC Ventures Pre-IPO Members (or their transferees or assignees) under the terms of the Tax Receivable Agreement. However, we might not determine that we have effectively made an excess cash payment to the EWC Ventures Pre-IPO Members (or their transferees or assignees) for a number of years following the initial time of such payment and, if any of our tax reporting positions are challenged by a taxing authority, we will not be permitted to reduce any future cash payments under the Tax Receivable Agreement until any such challenge is finally settled or determined. Moreover, the excess cash payments we previously made under the Tax Receivable Agreement could be greater than the amount of future cash payments against which we would otherwise be permitted to net such excess. The applicable U.S. federal income tax rules for determining applicable tax benefits we may claim are complex and factual in nature, and there can be no assurance that the IRS, any other taxing authority or a court will not disagree with our tax reporting positions. As a result, payments could be made under the Tax Receivable Agreement significantly in excess of any tax savings that we realize in respect of the tax attributes with respect to the EWC Ventures Pre-IPO Members (or their transferees or assignees) that are the subject of the Tax Receivable Agreement.

In addition, the Tax Receivable Agreement will provide that in the case of a change in control of EWC Ventures or the material breach of our obligations under the Tax Receivable Agreement, we are required to make a payment to the EWC Ventures Pre-IPO Members in an amount equal to the present value of future payments (calculated using a discount rate equal to the lesser of (i) 6.5% per annum and (ii) one year LIBOR (or its successor rate) plus 100 basis points, which may differ from our, or a potential acquirer's, then-current cost of capital) under the Tax Receivable Agreement, which payment would be based on certain assumptions, including those relating to our future taxable income. In these situations, our obligations under the Tax Receivable Agreement could have a substantial negative impact on our, or a potential acquirer's, liquidity and could have the effect of delaying, deferring, modifying or preventing certain mergers, asset sales, other forms of business combinations or other changes of control. These provisions of the Tax Receivable Agreement may result in situations where the EWC Ventures Pre-IPO Members (or their transferees or assignees) have interests that differ from or are in addition to those of our other stockholders. In addition, we could be required to make payments under the Tax Receivable Agreement that are substantial and in excess of our, or a potential acquirer's, actual cash savings in income tax. There can be no assurance that we will be able to fund or finance our obligations under the Tax Receivable Agreement. We may need to incur debt to finance payments under the Tax Receivable Agreement to the extent our cash resources are insufficient to meet our obligations under the Tax Receivable Agreement as a result of timing discrepancies or otherwise.

Decisions we make in the course of running our business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments made under the Tax Receivable Agreement. For example, the earlier disposition of assets following a redemption of EWC Ventures Units may accelerate payments under the Tax Receivable Agreement and increase the present value of such payments, and the disposition of assets before a redemption of EWC

Ventures Units may increase the tax liability of EWC Ventures Pre-IPO Members (or their transferees or assignees) without giving rise to any rights to receive payments under the Tax Receivable Agreement. Such effects may result in differences or conflicts of interest between the interests of EWC Ventures Pre-IPO Members (or their transferees or assignees) and the interests of other stockholders.

Finally, because we are a holding company with no operations of our own, our ability to make payments under the Tax Receivable Agreement is dependent on the ability of our subsidiaries to make distributions to us. We expect the Senior Secured Credit Facility may restrict the ability of our subsidiaries to make distributions to us, which could affect our ability to make payments under the Tax Receivable Agreement. We currently expect to fund these payments from cash flow from operations generated by our subsidiaries as well as from excess tax distributions that we receive from our subsidiaries. To the extent we are unable to make payments under the agreement for any reason (including because our credit agreement restricts the ability of our subsidiaries to make distributions to us), under the terms of the Tax Receivable Agreement such payments will be deferred and accrue interest until paid. If we are unable to make payments due to insufficient funds, such payments may be deferred indefinitely while accruing interest until paid, which could negatively impact our results of operations and could also affect our liquidity in future periods in which such deferred payments are made.

### **Indemnification Agreements**

We expect to enter into an indemnification agreement with each of our executive officers, directors and the General Atlantic Equityholders that provides, in general, that we will indemnify them to the fullest extent permitted by law in connection with their service to us or on our behalf. We will be an indemnitor of first resort.

### **Consulting Agreement with Mr. David Coba**

On September 25, 2018, EWC Ventures entered into a consulting agreement with Mr. David Coba, pursuant to which EWC Ventures agreed to pay Mr. Coba a consulting fee of \$0.2 million per year and to reimburse Mr. Coba for certain reasonable out-of-pocket expenses. Mr. Coba is one of our founders and is the controlling member of EWC Founder Holdco. The consulting agreement with Mr. Coba will terminate upon consummation of this offering. For the thirteen weeks ended March 27, 2021, we paid Mr. Coba \$33,000 under this agreement. For the years ending December 26, 2020 and December 28, 2019, we paid Mr. Coba \$0.2 million and \$0.2 million, respectively, under this agreement.

### **EWC Founder Holdco Receivable**

In March 2019, EWC Ventures made withholding payments to the State of California and other states on behalf of EWC Founder Holdco related to the redemption of the equity held by certain former shareholders. EWC Ventures initially took the position that the payments were guaranteed payments resulting in ordinary income and requiring the foregoing withholdings. EWC Ventures subsequently amended its tax filings in California, and California reimbursed EWC Founder Holdco for the overpayments. EWC Ventures and EWC Founder Holdco agreed that the outstanding receivable could be satisfied by offsetting future estimated tax distributions owed to EWC Founder Holdco, resulting in a receivable due to EWC Ventures from EWC Founder Holdco of approximately \$0.7 million, \$0.7 million and \$0.8 million as of March 27, 2021, December 26, 2020, and December 28, 2019, respectively.

### **Directed Share Program**

At our request, the underwriters have reserved up to \_\_\_\_\_ shares of Class A common stock, or approximately \_\_\_\_\_ % of the shares of Class A common stock to be issued by the Company and offered by this prospectus (not including any shares of Class A common stock that may be issued pursuant to the underwriters' option to purchase additional shares of Class A common stock), for sale, at the initial public offering price, to certain employees, directors and other persons associated with us. The number of shares of Class A common stock available for sale to the general public will be reduced to the extent these individuals purchase such reserve shares. Any reserved shares that are not so purchased will be offered by the underwriters to the general public on the same basis as the other shares offered by this prospectus. Other than the underwriting discount described on the front cover of this prospectus, the underwriters will not be entitled to

any commission with respect to shares of Class A common stock sold pursuant to the directed share program. We will agree to indemnify the underwriters against certain liabilities and expenses, including liabilities under the Securities Act, in connection with sales of the shares of Class A common stock reserved for the directed share program.

#### **Related Party Transactions Policies and Procedures**

Upon the consummation of this offering, we will adopt a written Related Person Transaction Policy (the “policy”), which will set forth our policy with respect to the review, approval, ratification and disclosure of all related person transactions by our Audit Committee. In accordance with the policy, our Audit Committee will have overall responsibility for implementation of and compliance with the policy.

For purposes of the policy, a “related person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and in which any related person (as defined in the policy) had, has or will have a direct or indirect material interest. A “related person transaction” does not include any employment relationship or transaction involving an executive officer and any related compensation resulting solely from that employment relationship that has been reviewed and approved by our board of directors or Compensation Committee.

The policy will require that notice of a proposed related person transaction be provided to our legal department prior to entry into such transaction. If our legal department determines that such transaction is a related person transaction, the proposed transaction will be submitted to our Audit Committee for consideration at its next meeting. Under the policy, our Audit Committee may approve only those related person transactions that are in, or not inconsistent with, our best interests. In the event that we become aware of a related person transaction that has not been previously reviewed, approved or ratified under the policy and that is ongoing or is completed, the transaction will be submitted to the Audit Committee so that it may determine whether to ratify, rescind or terminate the related person transaction.

The policy will also provide that the Audit Committee review certain previously approved or ratified related person transactions that are ongoing to determine whether the related person transaction remains in our best interests and the best interests of our stockholders. Additionally, we will make periodic inquiries of directors and executive officers with respect to any potential related person transaction of which they may be a party or of which they may be aware.

## DESCRIPTION OF CAPITAL STOCK

### General

The following summary of our capital stock and certain provisions of our amended and restated certificate of incorporation and amended and restated by-laws does not purport to be complete and is not intended to give full effect to provisions of statutory or common law. The summary is subject to and is qualified in its entirety by reference to all the provisions of our amended and restated certificate of incorporation and amended and restated by-laws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part, and by the provisions of applicable law.

In connection with the Reorganization Transactions, we expect to amend and restate our certificate of incorporation so that our authorized capital stock will consist of \_\_\_\_\_ shares of Class A common stock, par value \$0.00001 per share, and \_\_\_\_\_ shares of Class B common stock, par value \$0.00001 per share.

Immediately following the Reorganization Transactions, we will have \_\_\_\_\_ holders of record of our Class A common stock, \_\_\_\_\_ holders of record of our Class B common stock, and no holders of record of our preferred stock. Of the authorized shares of our capital stock, based on an assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), \_\_\_\_\_ shares of our Class A common stock will be issued and outstanding, \_\_\_\_\_ shares of our Class B common stock will be issued and outstanding, and no shares of our preferred stock will be issued and outstanding.

After the consummation of this offering and the application of the net proceeds from this offering, based on an assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), we expect to have \_\_\_\_\_ shares of our Class A common stock outstanding (or \_\_\_\_\_ shares if the underwriters' option to purchase additional shares of Class A common stock is exercised in full), \_\_\_\_\_ shares of our Class B common stock outstanding and no shares of our preferred stock outstanding.

### **Common Stock**

#### *Voting*

The holders of our Class A common stock and Class B common stock will vote together as a single class on all matters submitted to stockholders for their vote or approval, except (i) as required by applicable law or (ii) any amendment (including by merger, consolidation, reorganization or similar event) to our amended and restated certificate of incorporation that would affect the rights of the Class A common stock in a manner that is disproportionately adverse as compared to the Class B common stock, or vice versa, in which case the holders of Class A common stock or the holders of Class B common stock shall vote together as a class.

Holders of our Class A common stock and Class B common stock are entitled to one vote on all matters submitted to stockholders for their vote or approval.

#### *Dividends*

The holders of Class A common stock are entitled to receive dividends when, as and if declared by our board of directors out of legally available funds, subject to the prior rights of holders of any preferred stock then outstanding.

The holders of our Class B common stock will not have any right to receive dividends other than dividends consisting of shares of our Class B common stock, paid proportionally with respect to each outstanding share of our Class B common stock in connection with stock dividends.

All outstanding shares of common stock and any shares sold and issued in this offering will be fully paid and nonassessable by us.

*Liquidation or Dissolution*

Upon our liquidation or dissolution, the holders of our Class A common stock will be entitled to share ratably in those of our assets that are legally available for distribution to stockholders after payment of liabilities and subject to the prior rights of any holders of preferred stock then outstanding. Other than their par value, the holders of our Class B common stock will not have any right to receive a distribution upon a liquidation or dissolution of our company.

*Transferability and Exchange*

Subject to the terms of the Exchange Agreement, the EWC Ventures Post-IPO Members may exchange, subject to certain restrictions, their vested EWC Ventures Units and corresponding shares of our Class B common stock via a Share Exchange or Cash Exchange, at our option (as the managing member of EWC Ventures), subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. Upon exchange, each share of our Class B common stock so exchanged will be cancelled.

*Other Provisions*

None of the Class A common stock or Class B common stock has any pre-emptive or other subscription rights. There will be no redemption or sinking fund provisions applicable to the Class A common stock or Class B common stock.

At such time as no EWC Ventures Units remain exchangeable for shares of our Class A common stock, our Class B common stock will be cancelled.

**Preferred Stock**

After the consummation of this offering, we will be authorized to issue up to \_\_\_\_\_ shares of preferred stock. Our board of directors will be authorized, subject to limitations prescribed by Delaware law and our amended and restated certificate of incorporation, to determine the terms and conditions of the preferred stock, including whether the shares of preferred stock will be issued in one or more series, the number of shares to be included in each series and the powers, designations, preferences and rights of the shares. Our board of directors also will be authorized to designate any qualifications, limitations or restrictions on the shares without any further vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of our Company and may adversely affect the voting and other rights of the holders of our Class A common stock and Class B common stock, which could have a negative impact on the market price of our Class A common stock. We have no current plan to issue any shares of preferred stock following the consummation of this offering.

**Registration Rights**

We intend to enter into a Registration Rights Agreement with the General Atlantic Equityholders, the Founder Post-IPO Member and certain other investors in connection with this offering pursuant to which these parties will have specified rights to require us to register all or a portion of their shares under the Securities Act. See “Certain Relationships and Related Party Transactions—Registration Rights Agreement.”

**Corporate Opportunity**

Our amended and restated certificate of incorporation will provide that, to the fullest extent permitted by law, the doctrine of “corporate opportunity” will not apply against the General Atlantic Equityholders, any of our non-employee directors or any of their respective affiliates in a manner that would prohibit them from investing in competing businesses. See “Risk Factors—Risks Relating to Our Organization and Structure—We are controlled by the General Atlantic Equityholders, whose interests in our business may be different than yours, and certain statutory provisions afforded to stockholders are not applicable to us.”

**Anti-Takeover Provisions**

The provisions of our amended and restated certificate of incorporation and amended and restated by-laws and of the Delaware General Corporation Law summarized below may have an anti-takeover effect and may

delay, defer or prevent a tender offer or takeover attempt that you might consider in your best interest, including an attempt that might result in your receipt of a premium over the market price for your shares of Class A common stock.

***Anti-Takeover Effects of Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws***

Some provisions of our amended and restated certificate of incorporation and amended and restated by-laws described below, will contain provisions that could make the following transactions more difficult: acquisitions of us by means of a tender offer, a proxy contest or otherwise; or removal of our incumbent officers and directors. These provisions may also have the effect of preventing changes in our management. It is possible that these provisions could make it more difficult to accomplish or could deter transactions that stockholders may otherwise consider to be in their best interest or in our best interests, including transactions that might result in a premium over the market price for our shares.

These provisions include:

***Classified Board.*** Our amended and restated certificate of incorporation will provide that our board of directors will be divided into three classes of directors, with the classes as nearly equal in number as possible. As a result, approximately one-third of our board of directors will be elected each year. The classification of directors will have the effect of making it more difficult for stockholders to change the composition of our board. Our amended and restated certificate of incorporation will also provide that, subject to any rights of holders of preferred stock to elect additional directors under specified circumstances, the number of directors will be fixed exclusively pursuant to a resolution adopted by our board of directors. Our board of directors will initially have six members.

***Super-Majority Vote.*** Our amended and restated certificate of incorporation will provide that, following the occurrence of the 50% Triggering Event, other than preferred stock directors and subject to obtaining any required stockholder votes or consents under the Stockholders Agreement, directors may only be removed for cause and by the affirmative vote of holders of 66 2/3% of the total voting power of our outstanding shares of common stock, voting together as a single class. This requirement of a super-majority vote to remove directors for cause could enable a minority of our stockholders to exercise veto power over any such removal.

***Action by Written Consent; Special Meetings of Stockholders.*** Our amended and restated certificate of incorporation will provide that, following the occurrence of the 40% Triggering Event, stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting. Our amended and restated certificate of incorporation and amended and restated by-laws will also provide that, subject to any special rights of the holders of any series of preferred stock and except as otherwise required by law, special meetings of the stockholders can only be called by the chairman or vice chairman of the board or the chief executive officer, or pursuant to a resolution adopted by a majority of the board of directors or, until the occurrence of the 40% Triggering Event, at the request of the General Atlantic Equityholders. Except as described above, stockholders are not permitted to call a special meeting or to require the board of directors to call a special meeting.

***Advance Notice Procedures.*** Our amended and restated by-laws will establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to the board of directors. Stockholders at an annual meeting will only be able to consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors or by a stockholder who was a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has given our Secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Although the amended and restated by-laws will not give our board of directors the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting, the amended and restated by-laws may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed or may discourage or deter a potential acquirer from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of our Company.

*Super-Majority Approval Requirements.* The Delaware General Corporation Law generally provides that the affirmative vote of the holders of a majority of the total voting power of the shares entitled to vote on any matter is required to amend a corporation's certificate of incorporation or amended and restated by-laws, unless either a corporation's certificate of incorporation or by-laws require a greater percentage. Our amended and restated certificate of incorporation and amended and restated by-laws will provide that, following the occurrence of the 40% Triggering Event, the affirmative vote of holders of 66 2/3% of the total voting power of our outstanding common stock eligible to vote in the election of directors, voting together as a single class, will be required to amend, alter, change or repeal specified provisions, including those relating to the classified board, actions by written consent of stockholders, calling of special meetings of stockholders and amendment of our amended and restated certificate of incorporation and amended and restated by-laws. This requirement of a super-majority vote to approve amendments to our amended and restated certificate of incorporation and amended and restated by-laws could enable a minority of our stockholders to exercise veto power over any such amendments.

*Authorized but Unissued Shares.* Our authorized but unissued shares of common stock and preferred stock will be available for future issuance without stockholder approval, subject to any limitations imposed by listing standards of the Exchange. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of a majority of our common stock by means of a proxy contest, tender offer, merger or otherwise.

*Business Combinations with Interested Stockholders.* Our amended and restated certificate of incorporation will provide that we are not subject to Section 203 of the Delaware General Corporation Law, an antitakeover law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination, such as a merger, with a person or group owning 15% or more of the corporation's voting stock for a period of three years following the date the person became an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Accordingly, we will not be subject to any antitakeover effects of Section 203. Nevertheless, our amended and restated certificate of incorporation will contain provisions that have the same effect as Section 203, except that they will provide that the General Atlantic Equityholders, their respective affiliates and successors and their transferees will not be deemed to be "interested stockholders," regardless of the percentage of our voting stock owned by them, and accordingly will not be subject to such restrictions.

#### **Directors' Liability; Indemnification of Directors and Officers**

Our amended and restated certificate of incorporation will limit the liability of our directors to the fullest extent permitted by the Delaware General Corporation Law and provides that we will provide them with customary indemnification. We expect to enter into customary indemnification agreements with each of our executive officers and directors that provide them, in general, with customary indemnification in connection with their service to us or on our behalf. We will be an indemnitor of first resort.

#### **Forum Selection**

Our amended and restated certificate of incorporation to be in effect upon the closing of this offering will provide that unless we consent to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall, to the fullest extent permitted by law, be the sole and exclusive forum for any (i) derivative action or proceeding brought on behalf of us, (ii) action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, employees or stockholders to us or our stockholders, creditors, or other constituents, (iii) action asserting a claim arising out of or relating to any provision of the Delaware General Corporation Law or our amended and restated certificate of incorporation or our amended and restated by-laws (as either may be amended and/or restated from time to time), or (iv) action asserting a claim against us or any of our directors or officers that is governed by the internal affairs doctrine; provided, that, if the Court of Chancery of the State of Delaware does not have jurisdiction, such action may be brought in another state court sitting in the State of Delaware, or if no state court of the State of Delaware has jurisdiction, the federal district court for the District of Delaware, unless we consent in writing to the selection of an alternative

forum. Additionally, our amended and restated certificate of incorporation will state that the foregoing provision will not apply to claims arising under the Securities Act, the Exchange Act or other federal securities laws for which there is exclusive federal or concurrent federal and state jurisdiction. Unless we consent in writing to the selection of an alternative forum, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act, the Exchange Act or such other federal securities law. The exclusive forum provisions may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or any of our directors, officers or stockholders, which may discourage lawsuits with respect to such claims. Our stockholders will not be deemed to have waived our compliance with the federal securities laws and the rules and regulations thereunder as a result of our exclusive forum provisions. See "Risk Factors—Risks Relating to this Offering and Our Class A Common Stock—Our amended and restated certificate of incorporation will provide that certain courts in the State of Delaware or the federal district courts of the United States for certain types of lawsuits will be the sole and exclusive forum for substantially all disputes between us and our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or employees."

**Transfer Agent and Registrar**

The transfer agent and registrar for our Class A common stock will be Computershare Trust Company, N.A.

**Securities Exchange**

We intend to list our Class A common stock on the Exchange under the symbol "EWCZ."

## SHARES AVAILABLE FOR FUTURE SALE

Prior to this offering, there has been no public market for our Class A common stock. We cannot make any prediction as to the effect, if any, that sales of Class A common stock or the availability of Class A common stock for future sales will have on the market price of our Class A common stock. The market price of our Class A common stock could decline because of the sale of a large number of shares of our Class A common stock or the perception that such sales could occur in the future. These factors could also make it more difficult to raise funds through future offerings of our Class A common stock. See “Risk Factors—Risks Relating to this Offering and Our Class A Common Stock—Substantial future sales of shares of our Class A common stock in the public market could cause our stock price to fall.”

### Sale of Restricted Shares

Upon the consummation of this offering, we will have \_\_\_\_\_ shares of Class A common stock outstanding (or \_\_\_\_\_ if the underwriters exercise their option to purchase additional shares in full), excluding \_\_\_\_\_ shares of Class A common stock underlying the IPO Equity Grants. Of these shares, the \_\_\_\_\_ shares sold in this offering (or \_\_\_\_\_ shares if the underwriters exercise their option to purchase additional shares in full) will be freely tradable without further restriction under the Securities Act, except any shares held by our affiliates, as that term is defined in Rule 144 under the Securities Act. In the absence of registration under the Securities Act, shares held by affiliates may only be sold in compliance with the limitations of Rule 144 described below or another exemption from the registration requirements of the Securities Act. As defined in Rule 144, an affiliate of an issuer is a person that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with the issuer. Upon the completion of this offering, approximately \_\_\_\_\_ of our outstanding shares of Class A common stock (or \_\_\_\_\_ shares if the underwriters exercise their option to purchase additional shares in full) will be deemed “restricted securities,” as that term is defined under Rule 144, and would also be subject to the “lock-up” period noted below.

In addition, based on an assumed initial public offering price of \$ \_\_\_\_\_ per share (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), upon consummation of the offering, EWC Ventures Post-IPO Members will own an aggregate of \_\_\_\_\_ EWC Ventures Units and \_\_\_\_\_ shares of our Class B common stock (or \_\_\_\_\_ EWC Ventures Units and \_\_\_\_\_ shares of Class B common stock if the underwriters exercise their option to purchase additional shares in full and giving effect to the use of the net proceeds therefrom). Pursuant to the terms of the Exchange Agreement, the EWC Ventures Post-IPO Members may exchange, subject to certain restrictions, their vested EWC Ventures Units and corresponding shares of our Class B common stock via a Share Exchange or Cash Exchange, at our option (as the managing member of EWC Ventures). Shares of our Class A common stock issuable to the EWC Ventures Post-IPO Members upon a Share Exchange would be considered “restricted securities,” as that term is defined under Rule 144 and would also be subject to the “lock-up” period noted below.

Restricted securities may be sold in the public market only if they qualify for an exemption from registration under Rules 144 and 701 under the Securities Act, which is summarized below, or any other applicable exemption under the Securities Act, or pursuant to a registration statement that is effective under the Securities Act. Immediately following the consummation of this offering, the holders of approximately \_\_\_\_\_ shares of our Class A common stock (or \_\_\_\_\_ shares if the underwriters exercise their option to purchase additional shares in full and giving effect to the use of the net proceeds therefrom) (on an assumed as-exchanged basis) will be entitled to dispose of their shares following the expiration of an initial 180-day underwriter “lock-up” period pursuant to the holding period, volume and other restrictions of Rule 144. The representatives of the underwriters are entitled to waive these lock-up provisions at their discretion prior to the expiration dates of such lock-up agreements.

### Rule 144

In general, under Rule 144 as currently in effect, once we have been subject to the public company reporting requirements of Section 13 or Section 15(d) of the Exchange Act for at least 90 days, a person who is not deemed to have been one of our affiliates for purposes of the Securities Act at any time during the 90 days preceding a sale and who has beneficially owned the shares of our Class A common stock proposed to be sold

for at least six months, including the holding period of any prior owner other than our affiliates, is entitled to sell those shares without complying with the manner of sale, volume limitation or notice provisions of Rule 144, subject to compliance with the public information requirements of Rule 144. If such a person has beneficially owned the shares of Class A common stock proposed to be sold for at least one year, including the holding period of any prior owner other than our affiliates, then that person would be entitled to sell those shares of Class A common stock without complying with any of the requirements of Rule 144, subject to the expiration of the lock-up agreements described below.

In general, under Rule 144, as currently in effect, our affiliates or persons selling shares of our Class A common stock on behalf of our affiliates are entitled to sell, within any three-month period, a number of shares of Class A common stock that does not exceed the greater of:

- 1% of the number of common stock then outstanding, which will equal approximately shares immediately after this offering, assuming no exercise of the underwriters' option to purchase additional shares of Class A common stock from us; or
- the average weekly trading volume of our Class A common stock on the Exchange during the four calendar weeks preceding the filing of a notice on Form 144 with respect to such sale.

Sales under Rule 144 by our affiliates or persons selling shares of our Class A common stock on behalf of our affiliates are also subject to certain manner-of-sale provisions and notice requirements and to the availability of current public information about us.

### **Rule 701**

In general, under Rule 701, any of our employees, directors, officers, consultants or advisors who purchased shares of Class A common stock from us in connection with a compensatory stock or option plan or other written agreement before the effective date of the Registration Statement of which this prospectus forms a part may be entitled to sell such shares of Class A common stock 90 days after such effective date in reliance on Rule 144. Rule 701 permits affiliates to sell their Rule 701 shares under Rule 144 without complying with the holding period requirement, and non-affiliates of the issuer can resell shares in reliance on Rule 144 without complying with the current public information and holding period requirements.

The SEC has indicated that Rule 701 will apply to typical stock options granted by an issuer before it becomes subject to the reporting requirements of the Exchange Act, along with the shares acquired upon exercise of such options, including exercises after an issuer becomes subject to the reporting requirements of the Exchange Act.

### **Registration Statement on Form S-8**

We intend to file one or more registration statements on Form S-8 under the Securities Act to register approximately shares of Class A common stock reserved for issuance or sale under our 2021 Omnibus Incentive Plan. Shares that vest after the effective date of the registration statement will be eligible for resale in the public market without restriction, subject to Rule 144 limitations applicable to affiliates and the lock-up agreements described below.

### **Lock-Up Agreements**

Our executive officers, directors, the selling stockholders, the General Atlantic Equityholders and certain of our other stockholders have agreed that, for a period of 180 days from the date of this prospectus, they will not, without the prior written consent of the representatives of the underwriters, dispose of or hedge any shares of our Class A common stock or any securities convertible into or exchangeable for our Class A common stock (including EWC Ventures Units), subject to certain exceptions. See "Underwriting" for a description of these lock-up provisions.

Immediately following the consummation of this offering, based on an assumed initial public offering price of \$ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), stockholders and other equityholders subject to lock-up agreements will hold shares of our Class A common stock (assuming the EWC Ventures

Post-IPO Members exchange all their EWC Ventures Units and corresponding shares of our Class B common stock for shares of our Class A common stock), representing approximately % of our then-outstanding shares of Class A common stock (or shares of Class A common stock, representing approximately % of our then-outstanding shares of Class A common stock, if the underwriters exercise their option to purchase additional shares in full and giving effect to the use of the net proceeds therefrom).

We have agreed, subject to certain exceptions, not to issue, sell or otherwise dispose of any shares of our Class A common stock or any securities convertible into or exchangeable for our Class A common stock (including EWC Ventures Units) during the 180-day period following the date of this prospectus. See “Underwriting” for a description of these lock-up provisions.

**Exchange Agreement**

Our Exchange Agreement subjects EWC Ventures Post-IPO Members to certain exchange restrictions. For more information, see “Certain Relationships and Related Party Transactions—Exchange Agreement.”

**Registration Rights**

Our Registration Rights Agreement grants registration rights to the General Atlantic Equityholders, the Founder Post-IPO Member and certain other EWC Ventures Post-IPO Members. Registration of these shares of Class A common stock under the Securities Act would result in the shares of Class A common stock becoming freely tradable without restriction under the Securities Act immediately on the effectiveness of the registration. For more information, see “Certain Relationships and Related Party Transactions—Registration Rights Agreement.”

**MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS TO NON-U.S. HOLDERS OF OUR  
CLASS A COMMON STOCK**

The following discussion is a summary of the material U.S. federal income tax considerations to Non-U.S. Holders (as defined below) of the acquisition, ownership and disposition of our Class A common stock but does not purport to be a complete analysis of all the potential tax considerations relating thereto.

**Non-U.S. Holders**

This discussion is limited to Non-U.S. Holders that hold our Class A common stock as a capital asset (generally, for investment). For purposes of this discussion, a Non-U.S. Holder is a beneficial owner of our Class A common stock that is treated for U.S. federal tax purposes as:

- a non-resident alien individual;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of a jurisdiction other than the U.S., any state thereof or the District of Columbia;
- an estate, other than an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust, other than a trust that (i) is subject to the primary supervision of a court within the U.S. and which has one or more U.S. persons who have the authority to control all substantial decisions of the trust, or (ii) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

For purposes of this discussion, a Non-U.S. Holder does not include a partnership (including for this purpose any entity that is treated as a partnership for U.S. federal income tax purposes). If a partnership or other pass-through entity is a beneficial owner of our Class A common stock, the tax treatment of a partner or other owner will generally depend upon the status of the partner (or other owner) and the activities of the entity. If you are a partner (or other owner) of a pass-through entity that acquires our Class A common stock, you should consult your tax advisor regarding the tax considerations of acquiring, owning and disposing of our Class A common stock. Also, it is important to note that the rules for determining whether an individual is a non-resident alien for income tax purposes differ from those applicable for estate tax purposes.

This discussion is not a complete analysis or listing of all of the possible tax considerations of such transactions and does not address all tax considerations that might be relevant to a Non-U.S. Holder in light of its particular circumstances or to Non-U.S. Holders that may be subject to special treatment under U.S. federal tax laws. Furthermore, this summary does not address estate and gift tax considerations, the Medicare contribution or net investment tax or tax considerations under any state, local or foreign laws. In addition, this discussion does not address consequences relevant to Non-U.S. Holders subject to special rules (e.g., banks, insurance companies or other financial institutions; brokers, dealers or traders in securities or currencies; and certain former citizens or long-term residents of the U.S.).

The following discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), U.S. judicial decisions, administrative rulings and pronouncements and existing and proposed Treasury regulations, all as in effect as of the date hereof. All of the preceding authorities are subject to change, possibly with retroactive effect, so as to result in U.S. federal income tax considerations different from those discussed below. We have not requested, and will not request, a ruling from the IRS with respect to any of the U.S. federal income tax considerations described below. There can be no assurance the IRS or a court will not take a contrary position to that discussed below regarding the tax considerations of the acquisition, ownership and disposition of our Class A common stock.

**The following discussion is for general information only and is not intended to be, nor should it be construed to be, legal or tax advice to any holder or prospective holder of our Class A common stock and no opinion or representation with respect to the U.S. federal income tax considerations to any such holder or prospective holder is made. Prospective purchasers are urged to consult their tax advisors as to the particular consequences to them under U.S. federal, state and local, and applicable foreign tax laws of the acquisition, ownership and disposition of our Class A common stock.**

### ***Distributions***

We do not currently expect to make any distributions to holders of our Class A common stock. However, if we do make distributions of cash or property on our Class A common stock, such distributions will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Except as described below under “—U.S. Trade or Business Income,” a Non-U.S. Holder generally will be subject to U.S. federal withholding tax at a 30% rate, or at a reduced rate prescribed by an applicable income tax treaty, on any dividends received in respect of our Class A common stock. If the amount of the distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a return of capital to the extent of the Non-U.S. Holder’s tax basis in our Class A common stock, and thereafter will be treated as capital gain. However, except to the extent that we elect (or the paying agent or other intermediary through which a Non-U.S. Holder holds our Class A common stock elects) otherwise, we (or the intermediary) must generally withhold on the entire distribution, in which case the Non-U.S. Holder would be entitled to a refund from the IRS for the withholding tax on the portion of the distribution that exceeded our current and accumulated earnings and profits. In order to obtain a reduced rate of U.S. federal withholding tax under an applicable income tax treaty, a Non-U.S. Holder will be required to provide a properly executed IRS Form W-8BEN (or IRS Form W-8BEN-E or successor form) certifying such stockholder’s entitlement to benefits under the treaty. If a Non-U.S. Holder is eligible for a reduced rate of U.S. federal withholding tax under an income tax treaty, the Non-U.S. Holder may obtain a refund or credit of any excess amounts withheld by filing an appropriate claim for a refund with the IRS. Non-U.S. Holders are urged to consult their tax advisors regarding possible entitlement to benefits under an income tax treaty.

### ***Sale, Exchange or Other Taxable Disposition of our Class A Common Stock***

Except as described below under “—Information Reporting and Backup Withholding Tax,” and “—FATCA,” a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax in respect of any gain on a sale, exchange or other taxable disposition of our Class A common stock unless:

- the gain is U.S. trade or business income, in which case, such gain will be taxed as described in “—U.S. Trade or Business Income,” below;
- the Non-U.S. Holder is an individual who is present in the U.S. for 183 or more days in the taxable year of the disposition and certain other conditions are met, in which case the Non-U.S. Holder will be subject to U.S. federal income tax at a rate of 30% (or a reduced rate under an applicable tax treaty) on the amount by which certain capital gains allocable to U.S. sources exceed certain capital losses allocable to U.S. sources; or
- we are or have been a “U.S. real property holding corporation” (a “USRPHC”) under section 897 of the Code at any time during the period (the “applicable period”) that is the shorter of the five-year period ending on the date of the disposition and the Non-US. Holder’s holding period for our Class A common stock, in which case, subject to the exception set forth in the second sentence of the next paragraph, such gain will be subject to U.S. federal income tax in the same manner as U.S. trade or business income.

In general, a corporation is a USRPHC if the fair market value of its “U.S. real property interests” equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business. Although there can be no assurance in this regard, we believe that we are not, and do not anticipate becoming, a USRPHC. However, because the determination of whether we are a USRPHC depends on the fair market value of our U.S. real property interests relative to the fair market value of our other business assets, there can be no assurance that we are not a USRPHC or will not become

one in the future. Even if we became a USRPHC, a Non-U.S. Holder would not be subject to U.S. federal income tax on a sale, exchange or other taxable disposition of our common stock by reason of our status as USRPHC so long as our common stock is regularly traded on an established securities market (within the meaning of the applicable regulations) and such Non-U.S. Holder does not own and is not deemed to own (directly, indirectly or constructively) more than 5% of our outstanding common stock at any time during the shorter of the five year period ending on the date of disposition and such holder's holding period. Prospective investors are encouraged to consult their tax advisors regarding the possible consequences to them if we are, or were to become, a USRPHC.

#### ***U.S. Trade or Business Income***

For purposes of this discussion, dividend income and gain on the sale, exchange or other taxable disposition of our Class A common stock will be considered to be "U.S. trade or business income" if (i) such income or gain is effectively connected with the conduct of a trade or business within the U.S. by the Non-U.S. Holder and (ii) if the Non-U.S. Holder is eligible for the benefits of an income tax treaty with the U.S., such income or gain is attributable to a permanent establishment (or, in the case of an individual, a fixed base) that the Non-U.S. Holder maintains in the U.S. Moreover, gain on the sale or other taxable disposition of our Class A common stock will be subject to U.S. federal income tax in the same manner as U.S. trade or business income if we are or have been a USRPHC at any time during the applicable period (subject to the exception set forth above in the second paragraph of "—Sale, Exchange or Other Taxable Disposition of our Class A Common Stock"). Generally, U.S. trade or business income is not subject to U.S. federal withholding tax (provided certain certification and disclosure requirements are satisfied, including providing a properly executed IRS Form W-8ECI (or successor form)); instead, such income is subject to U.S. federal income tax on a net basis at regular U.S. federal income tax rates (in the same manner as a U.S. person). Any U.S. trade or business income received by a foreign corporation may also be subject to a "branch profits tax" at a 30% rate, or at a lower rate prescribed by an applicable income tax treaty.

#### ***Information Reporting and Backup Withholding***

Information reporting and, in certain circumstances, backup withholding will apply to the payment of dividends and proceeds of a sale or other disposition of our Class A common stock made within the United States or conducted through certain United States-related financial intermediaries, unless the beneficial owner certifies under penalty of perjury that it is a Non-U.S. Holder (and the applicable withholding agent does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code), or such owner otherwise establishes an exemption by properly certifying its Non-U.S. Holder status on an IRS Form W-8BEN, W-8BEN-E or other applicable or successor form.

Copies of information returns that are filed with the IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides or is established.

Backup withholding is not an additional tax. Rather, the U.S. income tax liability (if any) of persons subject to backup withholding will be reduced by the amount of tax withheld. If backup withholding results in an overpayment of taxes, a refund may be obtained, provided that the required information is timely furnished to the IRS.

#### ***FATCA***

Provisions of the Code commonly known as the Foreign Account Tax Compliance Act, or FATCA, generally impose a U.S. federal withholding tax at a rate of 30% on payments of dividends on our common stock paid to a non-U.S. entity unless: (i) if the non-U.S. entity is a "foreign financial institution," such non-U.S. entity undertakes certain due diligence, reporting, withholding and certification obligations; (ii) if the non-U.S. entity is not a "foreign financial institution," such non-U.S. entity identifies any "substantial" owner (generally, any specified U.S. person who owns, directly or indirectly, more than a specified percentage of such entity); or (iii) the non-U.S. entity is otherwise exempt under FATCA.

Withholding under FATCA generally applies to payments of dividends on our Class A common stock. Proposed Treasury regulations, which taxpayers may rely upon until final regulations are issued, eliminate

withholding on payments of gross proceeds. Under certain circumstances, a non-U.S. Holder may be eligible for refunds or credits of the tax, and a Non-U.S. Holder might be required to file a U.S. federal income tax return to claim such refunds or credits. An intergovernmental agreement between the United States and an applicable foreign country may modify the requirements described in this paragraph. Non-U.S. Holders are urged to consult their tax advisors regarding the possible implications of FATCA on their investment in our Class A common stock and the entities through which they hold our Class A common stock, including, without limitation, the process and deadlines for meeting the applicable requirements to prevent the imposition of the 30% withholding tax under FATCA.

## UNDERWRITING

Under the terms and subject to the conditions in an underwriting agreement dated the date of this prospectus, the underwriters named below, for whom Morgan Stanley & Co. LLC, BofA Securities, Inc. and Jefferies LLC are acting as representatives, have severally agreed to purchase, and we and the selling stockholders have agreed to sell to them, severally, the number of shares of Class A common stock indicated below:

<u>Underwriter</u>	<u>Number of Shares</u>
Morgan Stanley & Co. LLC	
BofA Securities, Inc.	
Jefferies LLC	
Citigroup Global Markets Inc.	
Guggenheim Securities LLC	
Truist Securities, Inc.	
Total	<u>                    </u>

The underwriters and the representatives are collectively referred to as the “underwriters” and the “representatives,” respectively. The underwriters are offering the shares of Class A common stock subject to their acceptance of the shares from us and the selling stockholders and subject to prior sale. The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the shares of Class A common stock offered by this prospectus are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the shares of Class A common stock offered by this prospectus if any such shares are taken. However, the underwriters are not required to take or pay for the shares covered by the underwriters’ option to purchase additional shares described below.

The underwriters initially propose to offer part of the shares of Class A common stock directly to the public at the offering price listed on the cover page of this prospectus and part to certain dealers at a price that represents a concession not in excess of \$            per share under the public offering price. After the initial offering of the shares of Class A common stock, the offering price and other selling terms may from time to time be varied by the representatives.

We and the selling stockholders have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus, to purchase up to            additional shares of Class A common stock at the public offering price listed on the cover page of this prospectus, less underwriting discounts and commissions. The underwriters may exercise this option solely for the purpose of covering over-allotments, if any, made in connection with the offering of the shares of Class A common stock offered by this prospectus. To the extent the option is exercised, each underwriter will become obligated, subject to certain conditions, to purchase about the same percentage of the additional shares of Class A common stock as the number listed next to the underwriter’s name in the preceding table bears to the total number of shares of Class A common stock listed next to the names of all underwriters in the preceding table.

The following table shows the per share and total public offering price, underwriting discounts and commissions, and proceeds before expenses to us. These amounts are shown assuming both no exercise and full exercise of the underwriters’ option to purchase up to an additional            shares of Class A common stock.

	<u>Per Share</u>	<u>Total</u>

Underwriting discounts and commissions to be paid by Us	\$	\$	\$
The selling stockholders	\$	\$	\$
Proceeds, before expenses, to us	\$	\$	\$
Proceeds, before expenses, to selling stockholders	\$	\$	\$

The estimated offering expenses payable by us, exclusive of the underwriting discounts and commissions, are approximately \$ . We have agreed to reimburse the underwriters for expense relating to clearance of this offering with the Financial Industry Regulatory Authority up to \$ .

We intend to apply to list our Class A common stock on the Exchange under the trading symbol “EWCZ”.

We and all of our directors and officers, the selling stockholders, the General Atlantic Equityholders and certain of our other stockholders have agreed that, without the prior written consent of the representatives on behalf of the underwriters, we and they will not, and will not publicly disclose an intention to, during the period ending 180 days after the date of this prospectus (the “restricted period”):

- offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, any shares of Class A common stock or any securities convertible into or exercisable or exchangeable for shares of Class A common stock;

In addition, we and each such person agrees that, without the prior written consent of the representatives on behalf of the underwriters, we or such other person will not, during the restricted period, make any demand for, or exercise any right with respect to, the registration of shares of Class A common stock or any security convertible into or exercisable or exchangeable for Class A common stock.

The restrictions described in the immediately preceding paragraph are subject to the following exceptions:

Notwithstanding the foregoing, on such date that (i) we have publicly furnished our earnings release for the quarter ending September 25, 2021 under Item 2.02 of Form 8-K or have filed our report on Form 10-Q for the quarter ending September 25, 2021 and (ii) for 10 out of any 15 consecutive trading days ending on such date, the last reported closing price of the shares on the Nasdaq is at least 33% greater than the initial public offering price per share set forth on the cover page of this prospectus (any such 15 trading day period, the “measurement period”), then 25% of the undersigned’s shares or securities convertible into or exchangeable for shares of Class A common stock that are subject to the restricted period, which percentage shall be calculated based on the number of the undersigned’s shares subject to the restricted period as of the last day of the measurement period, will be automatically released from such restrictions (the “early lock-up expiration”) immediately prior to the opening of trading on the Exchange on the second trading day following the date on which all of the above conditions are satisfied (the “early lock-up expiration date”). All shares or securities convertible into or exchangeable for shares of Class A common stock that are subject to the restrictions hereunder and not released on the early lock-up expiration date will be automatically released from such restrictions 180 days after the date of the prospectus (such date, the “final lock-up expiration date”). We shall announce by press release issued through a major news service, or on a Form 8-K, any early lock-up expiration date and the final lock-up expiration date at least two full trading days prior to the opening of trading on the early lock-up expiration date or the final lock-up expiration date, as applicable. “Trading Day” for purposes of the lock-up is a day on which the Exchange is open for the buying and selling of securities.

Following notice delivered to each of the representatives of any request for release or waiver of the foregoing restrictions, the representatives in their sole discretion, may release the Class A common stock and other securities subject to the lock-up agreements described above in whole or in part at any time.

In order to facilitate the offering of the Class A common stock, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Class A common stock. Specifically, the underwriters may sell more shares than they are obligated to purchase under the underwriting agreement, creating a short position. A short sale is covered if the short position is no greater than the number of shares available for purchase by the underwriters under the option to purchase additional shares described above. The underwriters can close out a covered short sale by exercising such option or purchasing shares in the open market. In determining the source of shares to close out a covered short sale, the underwriters will consider, among other things, the open market price of shares compared to the price available under such option. The underwriters may also sell shares in excess of such option, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Class A common stock in the open market after pricing that could adversely affect investors who purchase in this offering. As an additional means of facilitating this offering, the underwriters may bid for, and purchase, shares of Class A common stock in the open market to stabilize the price of the Class A common stock. These activities may raise or maintain the market price of the Class A common stock above independent market levels or prevent or retard a decline in the market price of the Class A common stock. The underwriters are not required to engage in these activities and may end any of these activities at any time.

We, the selling stockholders, and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

A prospectus in electronic format may be made available on websites maintained by one or more underwriters, or selling group members, if any, participating in this offering. The representatives may agree to allocate a number of shares of Class A common stock to underwriters for sale to their online brokerage account holders. Internet distributions will be allocated by the representatives to underwriters that may make Internet distributions on the same basis as other allocations.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory,

investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve our securities and instruments. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

### **Directed Share Program**

At our request, the underwriters have reserved up to \_\_\_\_\_ shares of Class A common stock, or approximately \_\_\_\_\_ % of the shares of Class A common stock offered by this prospectus (not including any shares of Class A common stock that may be issued pursuant to the underwriters' option to purchase additional shares of Class A common stock), for sale, at the initial public offering price, to certain employees, directors and other persons associated with us. The number of shares of Class A common stock available for sale to the general public will be reduced to the extent these individuals purchase such reserve shares. Any reserved shares that are not so purchased will be offered by the underwriters to the general public on the same basis as the other shares offered by this prospectus. Other than the underwriting discount described on the front cover of this prospectus, the underwriters will not be entitled to any commission with respect to shares of Class A common stock sold pursuant to the directed share program. We will agree to indemnify the underwriters against certain liabilities and expenses, including liabilities under the Securities Act, in connection with sales of the shares of Class A common stock reserved for the directed share program.

### **Pricing of the Offering**

Prior to this offering, there has been no public market for our Class A common stock. The initial public offering price will be determined by negotiations among us, the selling stockholders, and the representatives. Among the factors to be considered in determining the initial public offering price are our future prospects and those of our industry in general, our results of operations and certain other financial and operating information in recent periods, and the price-earnings ratios, price-sales ratios, market prices of securities and certain financial and operating information of companies engaged in activities similar to ours.

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

**1. Nature of business and organization**

EWC Ventures, LLC (the “Company” or “EWC Ventures”) was organized on December 12, 2012 as a limited liability company in the State of Delaware. Through its wholly owned subsidiaries, the Company is engaged in selling franchises of European Wax Center, distributing facial and body waxing products to franchisees and providing waxing services directly to consumers at various locations throughout the United States.

On August 8, 2018, the Company entered into an Agreement and Plan of Merger (“Merger”) with General Atlantic (EW) Collections, L.P. (“GA Collections”), an entity controlled by affiliates of General Atlantic LLC (“General Atlantic”), and EWC Merger Sub, LLC pursuant to which, GA Collections agreed to acquire a controlling interest in the Company. The merger closed on September 25, 2018 (the “GA Acquisition”) and the Company became a subsidiary of GA Collections on that date.

The Company operates on a fiscal calendar which, in a given year, consists of a 52 or 53 week period ending on the Saturday closest to December 31st. The fiscal years ended December 26, 2020 (“fiscal year 2020”) and December 28, 2019 (“fiscal year 2019”) both consisted of 52 weeks.

These consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates that the Company will realize its assets and satisfy its liabilities in the ordinary course of business and as such, include no adjustments that might be necessary in the event that the Company is unable to operate on this basis.

**2. Summary of significant accounting policies**

*(a) Basis of presentation and consolidation*

The accompanying consolidated financial statements include the Consolidated Balance Sheets, Consolidated Statements of Operations and Comprehensive Loss, Consolidated Statements of Mezzanine Equity and Members’ Equity and Consolidated Statements of Cash Flows of the Company for the years ended December 26, 2020 and December 28, 2019 and have been presented in conformity with Generally Accepted Accounting Principles in the United States (“GAAP”). The accompanying consolidated financial statements include the accounts of EWC Ventures and its wholly owned subsidiaries. All intercompany accounts and transactions have been eliminated upon consolidation.

*(b) Use of estimates*

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Although these estimates are based on management’s knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results. Significant areas where estimates and judgments are relied upon by management in the preparation of the consolidated financial statements include revenue recognition, inventory reserves, the expected life of franchise agreements, the useful life of reacquired rights, valuation of equity-based compensation awards, and the evaluation of the recoverability of goodwill and long-lived assets, including indefinite-lived intangible assets. Actual results could differ from those estimates.

*(c) Concentrations*

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash in financial institutions (in excess of federally insured limits) and accounts receivable. Concentrations of credit risk with respect to accounts receivable is limited due to the Company’s large number of franchisees and their dispersion across several geographic areas.

The Company enters into franchise agreements with unrelated third parties to build and operate centers using the European Wax Center brand within defined geographical areas. The Company believes that franchising is

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

an effective and efficient means to expand the European Wax Center brand. The franchisee is required to operate its centers in compliance with its franchise agreement that includes adherence to operating and quality control procedures established by the Company.

The Company has not provided material loans, leases or guarantees to any franchisee or any of the franchisee's employees or vendors. However, the Company may, from time to time, without obligation, provide relief for franchisees under the franchise agreement or acquire the assets of franchisees at fair value as determined under the franchise agreement if the franchise agreement terminates, subject to applicable law. The Company has minimal financial exposure for the collection of the royalty payments as royalties are generally collected weekly in arrears for the prior week's sales.

*(d) Segment information*

The Company operates and manages its business as one reportable and operating segment. The Company's chief operating decision maker ("CODM") is the Chief Executive Officer. The CODM reviews financial information presented on a consolidated basis for purposes of allocating resources and evaluating financial performance.

*(e) COVID-19 pandemic*

The Company is continuing to monitor the ongoing COVID-19 pandemic and its impact on its business. This contagious outbreak and the resultant adverse public health developments, including orders to shelter-in-place, travel restrictions and mandated business closures, have adversely affected workforces, organizations, customers, economies and financial markets globally.

In response to the COVID-19 pandemic, in March 2020, the Company recommended to all of its franchisees that they temporarily close their centers as state governors began issuing shelter-in-place orders. Most franchisees temporarily closed their centers in March 2020 and in April 2020 the entire franchise network was temporarily closed. Beginning in May 2020, certain governors announced steps to restart non-essential business operations in their respective states and certain centers began to re-open. However, as COVID-19 continued to impact areas in which the Company's centers operate, certain centers were required to temporarily re-close, pursuant to local guidelines. As of March 2021, nearly all of the Company's nationwide network had re-opened.

To address and mitigate the impact of the COVID-19 pandemic on the Company's business, the Company increased its liquidity by increasing borrowing capacity under the Revolving Credit Facility (as defined below) by \$10,000 and drawing down the same amount in May 2020 (refer to Note 10—*Long-term debt, net*). Additionally, the Company issued an aggregate of 2,500,000 Class D Preferred Units ("Class D Units") for gross proceeds of \$25,000 (refer to Note 13—*Mezzanine equity and members' equity*). The Company also reduced costs by implementing a temporary furlough of substantially all employees at each corporate-owned center while the centers were closed. The Company also temporarily furloughed certain employees and permanently terminated certain positions at its headquarter location. All corporate-owned centers had re-opened as of December 26, 2020.

There is a significant amount of uncertainty about the length and severity of the consequences caused by the pandemic. While governmental and non-governmental organizations are engaging in efforts to combat the spread and severity of the COVID-19 pandemic and related public health issues, the full extent to which the outbreak of COVID-19 could impact the Company's business, results of operations and financial condition is still unknown and will depend on future developments, including new variants of the virus and spikes in cases in the areas where we operate, which are highly uncertain and cannot be predicted, however such effects may be material.

*(f) Revenue recognition*

*Revenue from Contracts with Customers*

The Company transitioned to Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 606, *Revenue From Contracts with Customers* ("ASC 606"), from ASC Topic 605,

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

*Revenue Recognition* and ASC Subtopic 952-605, *Franchisors—Revenue Recognition* (together, the “Previous Standards”) on December 30, 2018 using the modified retrospective transition method. The Company’s consolidated financial statements reflect the application of ASC 606 guidance beginning in fiscal year 2019. The \$200 cumulative effect of the Company’s transition to ASC 606 is reflected as an adjustment to December 30, 2018 members’ equity. Upon adoption, the Company applied the new standard to all contracts not completed as of the adoption date.

The Company’s transition to ASC 606 represents a change in accounting principle. ASC 606 eliminates industry-specific guidance and provides a single revenue recognition model for recognizing revenue from contracts with customers. The core principle of ASC 606 is that a reporting entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the reporting entity expects to be entitled in exchange for those goods or services.

*Revenue Recognition Significant Accounting Policies*

The Company’s revenues are comprised of product sales, royalty fees, marketing fees, and other revenues which includes technology fees, franchise fees, and service revenues from corporate-owned European Wax Center locations.

*Product sales*

Product sales primarily include the sale of proprietary wax, wholesale products consumed in the application of wax services and retail merchandise to franchisees, as well as retail merchandise sold in corporate-owned centers. Revenue on product sales is recognized upon transfer of control. Generally, customers take control when the risk of loss, title and insurable risks have transferred to the customer.

*Royalty fees*

Royalty fees are earned based on a percentage of the franchisees’ gross sales, net of retail product sales. The royalty fee is 6.0% of the franchisees’ gross sales for such period and payment is remitted to the Company on a weekly basis. Franchise agreement royalties represent sales-based royalties that are related entirely to our performance obligation under the applicable franchise agreement and are recognized in the period the franchisees’ sales occur.

*Marketing fees*

Marketing fees are primarily earned based on a percentage of the franchisees’ gross sales, net of retail product sales. The marketing fee is 3.0% of the franchisees’ gross sales for such period and payment is remitted to the Company on a monthly basis and recognized in the period the franchisees’ sales occur. Additionally, the Company charges a fixed monthly fee to franchisees for search engine optimization and search engine marketing services which is remitted on a monthly basis and recognized in the period when services are provided.

*Other revenue*

Other revenue primarily consists of service revenue and franchise fees, as well as technology fees, annual brand conference revenues, and training.

**EWC VENTURES, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except unit and per unit amounts)**

Service revenue from the Company's corporate owned centers is recognized at the time services are provided. Amounts collected in advance of the period in which service is rendered are recorded as deferred service revenue on the Consolidated Balance Sheets.

Franchise fees consist of initial franchise fees due at contract inception. The Company's primary performance obligations under the franchise license are granting the use of the European Wax Center trademarks, system, training, preopening assistance, and center operating assistance in exchange for franchise fees. The rights to use the Company's intellectual property, and all other services the Company provides under the franchise agreement are highly interrelated, not distinct within the contract, and therefore accounted for under ASC 606 as a single performance obligation, which is satisfied by granting certain rights to use our intellectual property over the term of each franchise agreement.

Initial franchise fees are payable by the franchisee upon signing a new franchise agreement and are recognized as revenue on a straight-line basis commencing at contract inception through the end of the initial franchise license term. Franchise agreements generally have terms of 10 years beginning on the date the center is opened, which is an average of 2 years from the date the franchise agreement is signed. Therefore, the franchise fees are amortized over a 12 year period. These agreements also convey one extension term up to 10 years, depending on contract terms if certain conditions are met. Amounts collected in advance for franchise fees are recorded as deferred revenues on the Consolidated Balance Sheets.

Technology fees, annual brand conference revenues, and training are recognized as the related services are delivered and are not material to the overall business.

*(g) Cost of revenue*

Cost of revenue primarily consists of the direct costs associated with wholesale product and retail merchandise sold to franchisees, retail merchandise sold in corporate-owned centers, distribution and outbound freight costs, direct labor and materials for services provided in corporate-owned centers, and inventory obsolescence charges.

*(h) Commissions*

The Company pays commissions to its area representatives on a weekly basis based on gross sales as royalty revenue is recognized. The commissions are calculated as 2.25% of the gross sales earned from franchisees in their territory, net of retail product sales which are excluded from franchisees' royalty calculations, and are recognized in the period the franchisees' sales occur. Area representatives also receive commission associated with the sales of franchises, which are amortized to expense over the expected life of the related franchise agreement. Commissions expense is included in Selling, general and administrative expenses on the Consolidated Statements of Operations and Comprehensive Loss.

*(i) Selling, general and administrative*

Selling, general and administrative expenses consist of costs associated with administrative and franchisee support functions related to our existing business as well as growth and development activities. These costs primarily consist of wages, benefits and other compensation-related costs, occupancy, information technology, legal, accounting and other professional fees. Selling, general and administrative expenses excluding equity-based compensation are expensed when incurred, refer to (k) below for discussion of equity-based compensation.

*(j) Advertising expenses*

The Company expenses advertising costs as incurred. Advertising expenses include print, digital and social media advertising costs. The Company expenses the costs related to its advertising in the period the related promotional event occurs.

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

*(k) Equity-based compensation*

The Company recognizes compensation expense for equity awards to employees based on the estimated fair value of the equity instrument at the time of grant. For time-based Units, such expense is recognized over the requisite service period of the equity award, which is normally the vesting period. For performance-based Units, expense is recognized over the vesting period when the achievement of specified targets is considered probable. The Company accounts for forfeitures as they occur by reversing compensation cost for unvested awards when the award is forfeited. See Note 14 for further information.

*(l) Income taxes*

The Company is a Delaware limited liability company for federal income tax purposes, in accordance with the applicable provisions of the Internal Revenue Code. Accordingly, the Company and its wholly-owned subsidiaries, which are also limited liability companies, are not subject to income taxes and no provision or liability for income taxes has been recognized in the Consolidated Financial Statements.

*(m) Net loss per unit*

Net loss per unit is computed using the “two-class” method. The two-class method requires net loss to be allocated between common member units and participating securities based on their respective right to receive distributions as if all income for the period had been distributed. All of our member units are participating securities as each class has the right to participate in distributions of the Company. The Class A Units are considered the common member units of the Company, and the Class A Founders’ Units have the same participation rights in earnings and losses of the Company as the Class A Units. Class D Units have been excluded from the calculation of net loss per unit under the two-class method because the Class D Preferred Units are preferential to the other classes of units. The Class B Unit and the Class C Units have been excluded from the calculation of net loss per unit because the units only participate in future earnings of the Company and not in losses. Net loss applicable to the common unitholders is calculated as the net loss for the period, less the 10% preferred return accrued on the Class D Units during the period. Net loss applicable to common unitholders is allocated to the Class A Founders’ Units and the Class A Units on a pro rata basis. Basic net loss per unit is computed by dividing the net loss applicable to each respective class by the weighted average number of member units outstanding for the period. There were no potentially dilutive securities in 2019 and 2020, and therefore, the basic and diluted loss per unit have been presented together.

*(n) Cash and cash equivalents*

Cash and cash equivalents are comprised of cash on hand, demand deposits with financial institutions, and short-term highly liquid investments with original maturities of 90 days or less. The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts.

*(o) Accounts receivable*

Accounts receivable are recorded at net realizable value, consisting of the carrying amount less an allowance for doubtful accounts, as needed. The Company evaluates its accounts receivable on an ongoing basis and may establish an allowance for doubtful accounts based on a combination of historical experience, aging analysis and information related to specific accounts. Account balances are written off against the allowance after all means of collection have been exhausted and it is determined that further collection efforts will be unsuccessful. Recoveries of receivables previously written off are recorded as income when received. Historically, the Company has not had a significant amount of write-offs.

*(p) Inventory*

Inventory is substantially comprised of wax, wholesale products consumed in the application of wax services and European Wax Center branded products including in-grown hair serums, exfoliates, body washes, lotions,

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

and creams. Inventory is recorded at the lower of cost or net realizable value using the FIFO method. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. The Company determines inventory reserves by regularly reviewing and evaluating individual inventory items and their movement history. Inventory is reserved when deemed obsolete or unsellable. The cost of inventories also includes freight-in and U.S. Customs fees for the purchase of inventory.

*(q) Leases*

The Company leases various corporate-owned centers and office space to support ongoing business operations. Most lease arrangements contain tenant improvement allowances, rent holidays and/or rent escalation clauses. For purposes of recognizing incentives and minimum rent payments on a straight-line basis over the terms of the leases, the Company uses the date it takes possession of the leased space for construction purposes as the beginning of the term. For leases with renewal periods at the Company's option, the Company determines the expected lease period based on whether the renewal of any options are reasonably assured at the inception of the lease. In addition to rent expense, certain leases require the Company to pay a portion of real estate taxes, utilities, building operating expenses, insurance and other charges in addition to rent.

For tenant improvement allowances, rent escalations, and rent holidays, the Company records a deferred rent liability in its Consolidated Balance Sheets and amortizes the deferred rent in the Consolidated Statements of Operations and Comprehensive Loss over the terms of the leases, included within Selling, general and administrative expense, for corporate-owned centers and corporate office space.

*(r) Property and equipment, net*

Property and equipment is recorded at cost and depreciated using the straight-line method over the estimated remaining useful life of the related asset, which ranges from one to ten years, as shown in the table below.

Estimated useful lives for Property and equipment are as follows:

Computer and other equipment	3 – 5 years
Computer software	4 – 7 years
Furniture and fixtures	3 – 7 years
Leasehold improvements	Lesser of the estimated useful life or the remaining lease term.

Additions to property and equipment include betterments, renewals, and purchases. When long-lived assets are sold or otherwise disposed of, the asset account and related accumulated depreciation are relieved, and any gain or loss is included in operating income. Repairs and maintenance expenses are charged to operations when incurred.

The Company invests in software solutions from third party software vendors. Typically, these software solutions may require significant configuration and/or may require customization to integrate into the Company's infrastructure. The Company includes these software purchases and direct consultant configuration fees within property and equipment, net on the Consolidated Balance Sheets. These purchases are segregated and not amortized until the software solution or significant components are ready for their intended use. Capitalized software costs are amortized on a straight-line basis over the asset's estimated useful life. Expenses related to software solutions that do not qualify for capitalization are expensed as incurred. Recurring licensing or maintenance fees are expensed as incurred.

*(s) Impairment or disposal of long-lived assets*

The Company reviews long-lived assets, including property and equipment and amortizable intangible assets, for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

may not be recoverable. If circumstances require a long-lived asset or asset group to be tested for impairment, then assets are required to be grouped and evaluated at the lowest level for which there are identifiable cash flows that are largely independent of the cash flows of other groups of assets. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset or asset group to the undiscounted future net cash flows expected to be generated by the asset or asset group. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

*(t) Goodwill and indefinite-lived intangible assets*

The Company's indefinite-lived intangible assets consist of goodwill and trade names, which are not subject to amortization. The Company reviews the recoverability of goodwill and its trade names on an annual basis (October 1<sup>st</sup> of the fiscal year) and whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. Impairment indicators that may necessitate impairment testing between the Company's annual impairment tests include, but are not limited to, underperformance relative to historical or projected future operating results, significant changes in the manner of use of the acquired assets or the overall business, and significant negative industry or economic trends.

Goodwill is recognized for the excess of the fair value of an acquired entity over the amounts assigned to identifiable assets acquired and liabilities assumed in a business combination and is not subject to amortization. Goodwill is tested for impairment at a reporting unit level. For all periods presented, the Company concluded that we have one reporting unit, which is also our sole operating segment. The Company first performs a qualitative assessment of goodwill, a Step 0 analysis, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. When necessary, a quantitative impairment test of goodwill is performed, comparing the fair value of the reporting unit to the carrying value. If the reporting unit's carrying value exceeds its fair value, an impairment loss equal to the difference between the carrying value of the reporting unit and its fair value is recorded against goodwill. No impairment was recorded against goodwill for the fiscal years 2020 or 2019.

Indefinite-lived intangible assets, including the Company's trade names, are tested for impairment at the unit of account. The Company first performs a qualitative assessment to determine whether it is more likely than not that the fair value of the asset is less than its carrying amount. When necessary, a quantitative impairment test is performed by making a determination of the fair value of the intangible asset. If the fair value of the intangible asset is less than its carrying value, an impairment loss is recognized in an amount equal to the difference. After recognition of the impairment, if any, the asset is amortized prospectively over its estimated remaining useful life and accounted for in the same manner as other intangible assets that are subject to amortization. No impairment was recorded against the Company's trade names for the fiscal years 2020 or 2019.

It is possible that changes in circumstances or changes in management's judgments, assumptions and estimates could result in an impairment charge of a portion or all of its goodwill or other intangible assets.

*(u) Fair value measurements*

ASC 820, *Fair Value Measurements and Disclosures*, establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels are defined as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

## EWC VENTURES, LLC AND SUBSIDIARIES

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts in thousands, except unit and per unit amounts)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

*(v) Financial instruments*

The carrying values of cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the short-term nature of these instruments. Debt under the Term Loan of \$240,552 and Revolving Credit Facility of \$30,000 approximate the fair value due to the variable rate and the fact that the amendment to the Senior Secured Credit Facility was negotiated in May 2020 there have been no significant changes in our credit rating or pricing of similar debt.

*(w) Derivative instruments and hedging activities*

The Company uses interest rate caps to manage its exposure to variable interest rates. The Company's policy is to not use any financial instruments for trading or other speculative purposes.

Derivatives are recorded at fair value. If a derivative is designated as a cash flow hedge, the changes in fair value are recognized as a component of accumulated other comprehensive income/loss until the underlying hedge item is recognized in earnings. Fair values of derivative contracts are classified as current or long-term, depending on the maturity date of the derivative contract, and are presented in Other current liabilities and Other long-term liabilities, as applicable, on the Consolidated Balance Sheets. The cash flows from derivatives treated as hedges are classified on the Consolidated Statements of Cash Flows in the same category as the item being hedged.

The Company has elected to use the income approach to value the derivatives, using observable Level 2 market expectations at measurement dates and standard valuation techniques to convert future amounts to a single present discounted amount reflecting current market expectations about those future amounts. Level 2 inputs for derivative valuations are limited to inputs other than those quoted prices that are observable for the asset or liability (specifically LIBOR swap rates and credit risk at commonly quoted intervals). Mid-market pricing is used as a practical expedient. Derivatives are discounted to present value at the measurement date at overnight index swap rates.

*(x) Deferred financing costs*

Deferred financing costs represent the cost of obtaining financing arrangements and are amortized over the term of the related debt agreement using the straight-line method, which approximates the effective interest method. Deferred financing costs are reflected as a direct reduction of the related debt liability on the Consolidated Balance Sheets. Amortization of deferred financing costs are included in interest expense on the Consolidated Statements of Operations and Comprehensive Loss.

*(y) Accumulated other comprehensive loss*

Accumulated other comprehensive loss is defined as the change in equity of a business enterprise during a period from transactions and other events and circumstances from non-owner sources. Accumulated other comprehensive loss is entirely comprised of the cumulative change in the fair value of our cash flow hedge. There were no reclassifications of other comprehensive income or loss to earnings during fiscal year 2020 and fiscal year 2019.

*(z) Class A Founders' Units and Class D Units subject to possible redemption*

Due to the contingently redeemable nature of the Class A Founders' Units and Class D Units, the Company classifies the Class A Founders' Units and Class D Units as temporary equity in the mezzanine section of the Consolidated Balance Sheets. The Company believes that the related contingent events and the redemption of the Class A Founders' Units is probable, and therefore the Class A Founders' Units are measured at fair value. The Company has made an accounting policy choice to record the shares at the current redemption value (i.e. fair value) versus accreting over time to the redemption value. The Company does not currently believe that the related contingent events and the redemption of the Class D Units is probable to occur. Therefore, the Company is not currently accreting the Class D Units to redemption value and will only do so if the Units become probable of redemption in the future.

*(aa) Malware incident*

In December 2019, a malware incident occurred where certain wax center professionals were not able to access their workstations nor the point of sale system. The Company engaged a third-party specialist to contain the incident and to conduct an investigation and concluded that there was no breach or compromise of assets including client data and there was no impact to the internal control over financial reporting or financial data. As remediation to the franchisees, the Company provided relief to help offset the impact of the outage in the form of royalty relief for half of December 2019 and waiver of the monthly technology and marketing fees. The incident resulted in a \$1,767 reduction of Royalty fee revenue, \$112 reduction of Other revenues, and an expense of \$1,282 related to remediation efforts included in Selling, general and administrative expense on the Consolidated Statements of Operations and Comprehensive Loss for the year ended December 28, 2019.

*(bb) Implications of being an Emerging Growth Company*

The Company is an emerging growth company as defined in the Jumpstart Our Business Startups Act of 2012 ("JOBS Act") and may take advantage of reduced reporting requirements that are otherwise applicable to public companies. Section 107 of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies are required to comply with those standards. The Company has elected to use the extended transition period for complying with new or revised accounting standards.

*(cc) Recently adopted accounting pronouncements*

In May 2014, the FASB issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers*. This guidance requires that an entity recognize revenue to depict the transfer of a promised good or service to its customers in an amount that reflects consideration to which the entity expects to be entitled in exchange for such transfer. This guidance also specifies accounting for certain costs incurred by an entity to obtain or fulfill a contract with a customer and provides for enhancements to revenue specific disclosures intended to allow users of the financial statements to clearly understand the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with its customers. The Company adopted this new guidance on December 30, 2018 (the beginning of its fiscal year 2019) utilizing the modified retrospective method. See above for revenue recognition policies and Note 15.

In January 2017, the FASB issued ASU 2017-04, *Simplifying the Test for Goodwill Impairment (Topic ASC 350)*. This guidance eliminates the requirement to calculate the implied fair value, essentially eliminating step two from the goodwill impairment test. The new standard requires goodwill impairment to be based upon the results of step one of the impairment test, which is defined as the excess of the carrying value of a reporting unit over its fair value. The impairment charge will be limited to the amount of goodwill allocated to that reporting unit. This guidance is effective for the Company for fiscal years beginning after December 15, 2019, including interim periods within that year. Early adoption of this standard is permitted. The Company adopted the amendment on December 30, 2018 (the beginning of its fiscal year 2019) and the adoption did not have a material impact on the Consolidated Financial Statements.

In August 2017, the FASB issued ASU No. 2017-12, *Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities*. The new standard makes more financial and non-financial hedging strategies eligible for hedge accounting. It also amends presentation and disclosure requirements and changes how companies assess hedge effectiveness. This ASU requires adoption using a modified retrospective transition approach with a cumulative-effect adjustment recognized to the opening balance of retained earnings on the adoption date with prior periods not recast. The ASU is effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020 with early adoption permitted. The Company early adopted this ASU in fiscal year 2019. The effects of this standard did not have a material impact on the Consolidated Financial Statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. This new standard requires entities to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities, as well as a narrative description of the uncertainty of the fair value measurements from the use of significant unobservable inputs. This standard is effective for the Company for fiscal years beginning after December 15, 2019. Early adoption of this standard is permitted. The Company adopted the amendment on December 29, 2019 (the beginning of its fiscal year 2020) and the adoption did not have a material impact on the Consolidated Financial Statements.

*(dd) Recently issued accounting pronouncements not yet adopted*

In February 2016, the FASB issued ASU 2016-02, *Leases* and established ASC Topic 842, *Leases* (“ASC 842”), which supersedes ASC Topic 840, *Leases*. ASC 842 requires a lessee to recognize a lease right-of-use (“ROU”) asset and a corresponding lease liability on its balance sheet along with additional qualitative and quantitative disclosures. ROU assets and lease liabilities are recognized at the commencement date based on the present value of future payments. ASC 842 is effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022, with early adoption permitted. The Company is currently evaluating the effect the adoption of this standard will have on its Consolidated Financial Statements, including the materiality of the addition of ROU assets and lease liabilities on its Consolidated Balance Sheets.

In June 2017, the FASB issued ASU 2016-13, *Financial Instruments (Topic 326)—Measurement of Credit Losses on Financial Instruments*, which requires the measurement and recognition of expected credit losses for financial assets held at amortized cost. The standard replaces the existing incurred loss impairment model with an expected loss methodology, which will result in more timely recognition of credit losses. ASU 2016-13, and related amendments, are effective for fiscal years beginning after December 15, 2022. The Company has not completed its assessment of the standard but does not expect the adoption to have a material impact on its Consolidated Financial Statements.

In August 2018, the FASB issued ASU 2018-15, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract*. Under this standard, companies will apply the same criteria for capitalizing implementation costs as they would for an arrangement that has a software license. The adoption of this new guidance prescribes the balance sheet, statement of operations, and cash flow classification of the capitalized implementation costs and related amortization expense, and additional quantitative and qualitative disclosures. This standard will be effective for the Company for fiscal years beginning after December 15, 2021. This standard may be applied either prospectively to eligible costs incurred on or after the date of the new guidance or retrospectively. The Company is currently evaluating the effect the adoption of this standard will have on its Consolidated Financial Statements.

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform: Facilitation of the Effects of Reference Rate Reform on Financial Reporting*. The amendments in this update provide temporary, optional guidance to ease the burden in accounting for reference rate reform. The amendments provide optional expedients and

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

exceptions for applying GAAP to transactions affected by reference rate reform if certain criteria are met. The amendments primarily include relief related to contract modifications and hedging relationships. The relief provided by this ASU does not apply to contract modifications made and hedging relationships entered into or evaluated after December 31, 2022. However, hedging relationships that apply certain optional expedients prior to December 31, 2022, will be retained through the end of the hedging relationship, including for periods after December 31, 2022. We will evaluate the impact of this guidance as contracts are modified through December 2022.

In January 2021, the FASB issued ASU 2021-01, *Reference Rate Reform (Topic 848): Scope*, which clarified the scope of ASU 2020-04 indicating that certain optional expedients and exceptions included in ASU 2020-04 are applicable to derivative instruments affected by the market-wide change in interest rates used for discounting, margining, or contract price alignment. We will evaluate the impact of this guidance, along with the guidance from ASU 2020-04, as contracts are modified through December 2022.

**3. Sales of corporate-owned centers**

In May 2019, the Company sold seven corporate-owned centers for an aggregate purchase price of \$1,838. The assets sold had a negative carrying value, as the carrying value of the centers' liabilities exceeded the carrying value of the assets. The difference between the consideration received and the carrying value of the net assets sold was \$2,120, which was recognized as a gain in the Consolidated Statements of Operations and Comprehensive Loss. The Company had no sales of corporate-owned centers during the year ended December 26, 2020.

**4. Fair value measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

We use valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets and liabilities. The income approach uses valuation techniques to convert future amounts, such as cash flows or earnings, to their present value on a discounted basis. The cost approach is based on the amount that currently would be required to replace the service capacity of an asset (replacement costs). Valuation techniques should be consistently applied. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. These two types of inputs create a three-tier fair value hierarchy that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. Refer to Fair Value discussion within the Significant Accounting Policies section of Note 2 for the three levels of the valuation hierarchy.

The Company uses interest rate caps to manage its interest rate exposure. These interest rate caps are recorded at fair value. Changes in fair value of are recognized as a component of Accumulated other comprehensive loss on the Consolidated Balance Sheets. The Company has elected to use the income approach to value the interest rate cap, using observable Level 2 market expectations at measurement dates and standard valuation techniques to convert future amounts to a single present discounted amount reflecting current market expectations about those future amounts. Level 2 inputs for derivative valuations are limited to inputs other than those quoted prices that are observable for the asset or liability (specifically LIBOR swap rates and credit risk at commonly quoted intervals). Mid-market pricing is used as a practical expedient. Derivatives are

discounted to present value at the measurement date at overnight index swap rates. Refer to Note 11—*Derivative instruments and hedging activity* for additional discussion.

Fair value measurements are summarized below:

These reacquisition costs totaled \$32,791 and \$36,182 for the years ended December 26, 2020 and December 28, 2019, respectively. The initial term of the area representative agreements is ten years with an additional ten-year renewal at the option of the area representative. Amortization expense for reacquired rights was \$6,457 and \$1,847 for the years ended December 26, 2020 and December 28, 2019, respectively.

In September 2018, EW Holdco, LLC, a wholly owned subsidiary of the Company, entered into a Term Loan and Revolving Credit Agreement (the “Senior Secured Credit Facility”), which included a secured revolving credit facility (the “Revolving Credit Facility”) with maximum borrowings of \$20,000 and a secured term loan (the “Term Loan”) for \$190,000, with a maturity date of September 25, 2024. EW Intermediate Holdco, LLC, a wholly owned subsidiary of the Company and EW Holdco, LLC’s direct parent, granted to the lenders a first priority security interest in generally all rights, title and interest in, to and under substantially all assets and equity interests of such parties, which include substantially all tangible assets of the Company.

The Term Loan was amended on April 29, 2019, resulting in incremental borrowings of \$40,000 subject to the same terms. On January 2, 2020, the Company executed another incremental borrowing of \$15,000 subject to the same terms. In response to the COVID-19 pandemic, on May 7, 2020, the Senior Secured Credit Facility was amended to increase the borrowing capacity under the Revolving Credit Facility by \$10,000 to an aggregate amount of up to \$30,000. The Company analyzed the amendments pursuant to the guidance in ASC 470-50, *Debt—Modifications and Extinguishments* and determined that the amendments did not give rise to a modification nor an extinguishment, but rather an exercise of the original terms of the Senior Secured Credit Facility.

Borrowings under the Term Loan bear interest at an index rate as defined in the credit agreement governing the Senior Secured Credit Facility plus an applicable margin of 5.5% (6.5% at December 26, 2020), payable quarterly through December 28, 2019 and monthly thereafter. The Term Loan requires principal payments

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Amounts in thousands, except unit and per unit amounts)**

equal to approximately \$2,400 per fiscal year, payable in quarterly installments with the final scheduled principal payment on the outstanding Term Loan borrowings due on September 25, 2024. Beginning in fiscal year 2020, additional principal payments could be due in May of each year, which are based upon a calculation of Excess Cash Flow, as defined in the credit agreement. No such payments were required in May 2020. Proceeds from the Senior Secured Credit Facility were used to repay the outstanding balance of \$129,350 on an original secured term loan of \$130,000 that was entered into on January 18, 2018. The remaining original proceeds were used to redeem a portion of the then existing members' membership interests in the Company as part of the GA Acquisition, and proceeds from the incremental borrowings in fiscal year 2019 and 2020 were used for general corporate purposes and to reacquire certain area representative rights during fiscal year 2020.

The Revolving Credit Facility bears interest at the index rate, as defined in the credit agreement plus an applicable margin of 3.5% (4.25% at December 26, 2020). Interest was due and payable quarterly through December 28, 2019 and is payable monthly thereafter. The Revolving Credit Facility was fully drawn in May 2020. As of December 26, 2020, there was \$30,000 outstanding under the Revolving Credit Facility. Proceeds from the Revolving Credit Facility were used for general corporate purposes as well as to reacquire certain area representative rights during fiscal year 2020.

The credit agreement governing our Senior Secured Credit Facility requires the Company to comply with a number of affirmative and negative covenants, including certain restrictions on additional indebtedness, liens against the Company's and its subsidiaries assets, sales of assets, and other restrictions on payments. The credit agreement also contains a quarterly maintenance covenant that requires us to maintain a net leverage ratio (as defined in the credit agreement) that does not exceed 8.75 to 1.00. As result of the increased borrowings during fiscal year 2020, beginning with the month ended June 27, 2020 and for the twelve months thereafter, the Company is required to maintain \$6,000 of minimum liquidity, as defined by the credit agreement. During this twelve-month period, the financial covenant requiring maintenance of a maximum leverage ratio, as defined by the credit agreement, is not in effect.

Annual future principal payments due on the term loan as of December 26, 2020 are as follows:

<u>Fiscal Years Ending</u>	<u>Amount</u>
2021	\$ 2,428
2022	2,428

#### **11. Derivative instruments and hedging activities**

In December 2018, the Company entered an interest rate cap derivative instrument which was designated as a cash flow hedge. The Company's objective is to mitigate the impact of interest expense fluctuations on the Company's profitability resulting from interest rate changes by capping the LIBOR component of the interest rate at 4.5% on \$175,000 of principal outstanding under its long-term debt arrangement, as the interest rate cap provides for payments from the counterparty when LIBOR rises above 4.5%. The interest rate cap has a \$175,000 notional amount and is effective December 31, 2018, for the monthly periods from and including January 31, 2019 through September 25, 2024. The interest rate cap has a deferred premium; accordingly, the Company will pay a monthly premium for the interest rate cap over the term of the agreement. The annual premium is equal to 0.11486% on the notional amount.

Changes in the cash flows of interest rate cap derivatives designated as hedges are expected to be highly effective in offsetting the changes in interest payments on a principal balance equal to the designated derivative's notional amount, attributable to the hedged risk. Changes in the fair value of the interest rate cap are recognized in other comprehensive income and are reclassified out of accumulated other comprehensive income and into interest expense when the hedged interest obligations affect earnings. Cash flows related to derivatives qualifying as hedges are included in the same section of the Consolidated Statements of Cash Flows as the underlying assets and liabilities being hedged. Refer to Note 4—*Fair value measurements* for information on the fair value of the Company's interest rate cap derivative instrument.

### *Leases*

The Company leases various retail locations and office space under non-cancellable lease agreements with terms expiring through February 2026. The Company is required, under the terms of certain of its lease agreements, to pay for common area maintenance. Common area maintenance rates are adjusted annually by the landlords and calculated based on the monthly square footage occupied by the Company. Rent expense, including common area maintenance and property taxes, was \$3,064 and \$2,774 for the years ended December 26, 2020 and December 28, 2019, respectively, and is included in Selling, general and administrative expense on the Consolidated Statements of Operations and Comprehensive Loss.

#### *Purchase Commitments*

As of December 26, 2020, the Company had purchase commitments of approximately \$6,549, primarily related to inventory and advertising, of which the Company expects to pay \$6,418 during fiscal year 2021.

#### *Litigation*

The Company is exposed to various asserted and unasserted potential claims encountered in the normal course of business. Although the outcomes of potential legal proceedings are inherently difficult to predict, the Company does not expect the resolution of these occasional legal proceedings to have a material effect on its financial position, results of operations, or cash flow.

### **13. Mezzanine equity and members' equity**

As outlined in the Company's Fourth Amended and Restated Limited Liability Company Agreement (the "Operating Agreement"), there are four classes of membership interests:

#### *Class A Units*

On September 25, 2018, the Company converted its issued and outstanding common units and incentive units into 34,710,282 Class A Common Units ("Class A Units"). There are 8,309,193 Class A Units held by the founders of the Company through EWC Holdings, Inc. ("Class A Founders' Units"), which are redeemable at fair value at EWC Holdings' option if no sale transaction or initial public offering ("IPO") has occurred prior

to the 8<sup>th</sup> anniversary of the GA Closing Date (September 25, 2018). As the Class A Founders' Units are contingently redeemable, the Class A Founders' Units are presented as "Mezzanine equity" in the Company's Consolidated Balance Sheets and Consolidated Statements of Mezzanine Equity and Members' Equity and are measured at fair value. All other Class A Units do not have a redemption option and are presented within permanent Members' equity. Class A Units represent common interests that hold a voting interest equal to the percentage determined by dividing the aggregate number of Class A Units and Class D Units held by such Member, by the aggregate number of issued and outstanding Class A Units and Class D Units. Class A Units hold a distribution preference over Class B and Class C Units.

*Class B Unit*

The Class B Unit provides for the allocation of profits from the Company to EWC Management Holdco, LLC ("Management Holdco"). Management Holdco holds Class A Units and Class C Units on behalf of certain individuals as well as the Class B Unit and facilitates the implementation of the Incentive Plan (as defined in Note 14) and the allocation of profits interests awarded thereunder. The Company and Management Holdco adopted the Incentive Plan authorizing up to 4,733,220 Class B Units of Management Holdco, subject to adjustment in accordance with the Incentive Plan and the Operating Agreement. The Class B Unit provides an interest in the future profits of the Company satisfying the requirements for a partnership profits interest transferred in connection with the performance of services. The Incentive Units issued under the Operating Agreement were also structured as profits interests. The Class B Unit has no voting rights.

*Class C Units*

On September 25, 2018, the Company issued 1,000 Class C Units in connection with the GA Acquisition described in Note 1. Class C Units dilute other units by participating exclusively in a deferred payment amount of \$20,000, which is only payable upon a market condition event. Class C units have no voting or distribution rights.

*Class D Units*

On May 7, 2020, the Company entered into a Subscription Agreement with GA Collections under which the Company issued 1,742,798 "Class D Units" to GA Collections for \$10.00 per unit for total proceeds of \$17,428. In connection with this issuance, the Company amended its operating agreement such that the Class D Units were subject to the terms of the Third Amended and Restated Limited Liability Company Agreement dated May 7, 2020.

On June 15, 2020, the Company entered into a Subscription Agreement with EWC Holdings, Inc. under which the Company issued 598,468 additional Class D Units for \$10.00 per unit for total proceeds of \$5,985. On June 15, 2020, the Company also issued 158,734 Class D Units to various other investors resulting in total aggregate proceeds of \$1,587.

Class D Units hold a voting interest equal to the percentage determined by dividing the aggregate number of Class A Units and Class D Units held by such Member, by the aggregate number of issued and outstanding Class A Units and Class D Units. Class D Units hold a distribution preference over Class A, B and C Units. Class D Units also have a preferred return of 10% on unreturned capital as defined in the Operating Agreement that accrues daily and is compounded quarterly.

The Class D Units are redeemable at the option of the holders upon an IPO. As the Class D Units are contingently redeemable, and GA Collections, the holder of the Class D units, has the right to cause the Class D Units to become redeemable due to their control of the Board of Directors, the Class D Units are presented as "Mezzanine equity" in the Company's Consolidated Balance Sheets and Consolidated Statements of Mezzanine Equity and Members' Equity. The Class D Units are not accreted to redemption value as the Company does not currently believe that the related contingent events and the redemption of the Units is probable to occur.

*Distribution*

All distributions are made to the members of the Company as follows: first to the holders of Class D Units, pro rata in accordance with their respective ownership of Class D units, until the cumulative distributions to each holder are equal to the aggregate original Class D Units purchase price of all the units held by such Member then outstanding; second, to the holders of Class D Units, pro rata in accordance with their respective ownership of Class D units, until the unreturned Class D preferred return is equal to zero; third, to the holders of Class A Units, pro rata in accordance with their respective ownership of Class A Units, until the cumulative distributions to each holder are equal to the aggregate original Class A units purchase price of all the units held by such Member then outstanding; fourth, to the holders of Class A Units, Class D Units and the Class B Unit, pro rata in accordance with their percentage interests until the cumulative aggregate distributions to the General Atlantic Members in respect of their Class A Units held on the GA closing date yield a return on invested capital multiple of 2.0; fifth, to the holders of Class C Units, pro rata in accordance with their respective ownership of Class C Units, until the aggregate distributions to the Class C Units are equal to the deferred payment amounts, and sixth, to the holders of Class A Units, Class D Units and the Class B Unit, pro rata in accordance with their percentage interests.

*Liquidation Preference*

Upon a Dissolution Event (as defined in the Operating Agreement), the Company will be liquidated and its affairs will be wound up. All proceeds from such liquidation will be distributed first to creditors, and then to members in accordance with the distribution preferences described above.

**14. Equity-based compensation**

On December 12, 2018, the Company and Management Holdco adopted the Amended and Restated EWC Management Holdco, LLC Equity Incentive Plan (the "Incentive Plan"), under which Management Holdco may grant Class B Units of Management Holdco ("Incentive Units") to employees, directors, and consultants of the Company and its subsidiaries. The maximum number of shares that may be issued under the Plan was 4,733,220 as of December 26, 2020 and December 28, 2019.

The Company's Board of Directors approves this issuance of Incentive Units and determines the vesting schedule for all equity awards. Time-based Incentive Units granted under the Plan generally vest over 5 years. The Company expenses time-based Incentive Units granted to employees based on the fair value of the award on a straight-line basis over the associated service period of the award.

Incentive Units with performance-based vesting criteria vest in one or more tranches contingent upon the achievement of pre-determined milestones related to the achievement of certain targets. Unit-based compensation expense is recognized for these awards over the vesting period based on the projected probability of achievement of the respective target(s). In each period, the stock-based compensation expense may be adjusted, as necessary, in response to any changes in the Company's forecast with respect to the recipient achieving his target(s).

The Company estimates the fair value of Incentive Units as of the grant date based on a determination of the total fair value of the Company's equity as of the valuation date which is then run through a hypothetical liquidation model. The weighted average assumptions for the grants are provided in the following table. Since the Company's shares are not publicly traded, expected volatility is estimated based on the average historical volatility of similar entities with publicly traded shares. The term is based on the estimated time to a liquidity event. The risk-free rate for the expected term of the option is based on the U.S. Treasury yield curve at the date of grant.

As of December 26, 2020, there was approximately \$3,959 of total unrecognized compensation cost related to time-based Incentive Units. The total unrecognized compensation cost will be adjusted for future forfeitures as they occur. As of December 26, 2020, the Company expects to recognize its remaining time-based Incentive Unit compensation expense over a weighted-average period of 2.9 years. As of December 26, 2020, there was approximately \$853 of total unrecognized compensation cost related to performance-based Incentive Units.

#### 15. Revenue from contracts with customers

##### *Costs to obtain a contract*

Costs to obtain a contract include commissions paid to area representatives associated with the sale of franchises within the area representative's respective region. As of December 26, 2020 and December 28, 2019, \$453 and \$429 of commissions paid in connection with the sale of franchise licenses are capitalized within prepaid expenses and other current assets (short-term portion) and \$2,630 and \$2,994 are capitalized

**(Amounts in thousands, except unit and per unit amounts)**

within other non-current assets (long-term portion), respectively. The commissions are amortized to expense over the expected life of the related franchise agreement. \$429 and \$395 of commissions was amortized to selling, general and administrative expenses during the year ended December 26, 2020 and December 28, 2019, respectively.

*Contract Liabilities*

Contract liabilities consist of deferred revenue resulting from franchise fees, which are generally recognized on a straight-line basis over the term of the underlying franchise agreement. Also included are service revenues from corporate-owned centers, including customer prepayments in connection with the Wax Pass program. Contract liabilities are classified as Deferred revenue on the Consolidated Balance Sheets.

Deferred franchise fees are reduced as fees are recognized in revenue over the term of the franchise license for the respective center. Deferred service revenues are recognized over time as the services are performed. The following table reflects the change in contract liabilities between December 29, 2018 and December 26, 2020:

	<u>Contract liabilities</u>
<b>Balance at December 29, 2018</b>	<b>\$ 8,179</b>
Revenue recognized that was included in the contract liability at the beginning of the year	(3,408)
Increase, excluding amounts recognized as revenue during the period	4,486
<b>Balance at December 28, 2019</b>	<b>\$ 9,257</b>
Revenue recognized that was included in the contract liability at the beginning of the year	(2,461)
Increase, excluding amounts recognized as revenue during the period	2,083
<b>Balance at December 26, 2020</b>	<b><u>\$ 8,879</u></b>

The weighted average remaining amortization period for deferred revenue is 4.2 years.

The following table illustrates estimated revenues expected to be recognized in the future related to performance obligations that are unsatisfied (or partially unsatisfied) as of December 26, 2020. The Company has elected to exclude short term contracts, sales-based royalties and any other variable consideration recognized on an "as invoiced" basis.

**16. Employee retirement plan**

The Company offers its employees the opportunity to participate in a defined contribution retirement plan, where eligible employees may contribute a percentage of their annual compensation subject to limitations set by the Internal Revenue Code. For the years ended December 26, 2020 and December 28, 2019, the employer match expense recognized under this plan was \$301 and \$375, respectively, of which, \$291 and \$353, respectively, is included in Selling, general and administrative expenses and \$10 and \$22, respectively, is included in Cost of revenue on the Consolidated Statements of Operations and Comprehensive Loss. Amounts due to the plan administrator were \$33 and \$16 at December 26, 2020 and December 28, 2019, respectively, included in Accounts payable and accrued liabilities on the Consolidated Balance Sheets.

**17. Related party transactions**

The Company recognized advances to certain related party members of \$689 as of December 26, 2020 and \$811 as of December 28, 2019 related to payments of fees on behalf of the members in connection with the GA Acquisition. These advances are reported in Advances to related parties within the Consolidated Balance Sheets. In 2020, the Company agreed that these advances would be settled through reduction of future distributions to members. The Company settled \$122 of the advances in 2020 through a reduction of distributions to these members. Additionally, the Company pays fees to certain members for consulting services provided to the Company. Related party consulting fees of \$200 and \$200 are included in Selling, general, and administrative expenses in the Consolidated Statements of Operations and Comprehensive Loss for the years ended December 26, 2020 and December 28, 2019, respectively.

**18. Net loss per unit**

Net loss per unit is computed using the “two-class” method by dividing the net loss applicable to each respective class by the weighted average number of units outstanding during the period. Net losses are allocated to the Class A Founders’ Units and the Class A Units. There were no dilutive securities in 2020 and 2019 and therefore, basic and diluted net loss per unit have been presented together. There were no securities outstanding during 2020 and 2019 that were excluded from diluted net loss per unit on the basis of being anti-dilutive.

Loss per unit for the periods presented is computed as follows:

	<u>December 26, 2020</u>	<u>December 28, 2019</u>
<b>Net loss</b>	<b>\$ (21,495)</b>	<b>\$ (24,396)</b>

On December 31, 2020, the Company entered an agreement to reacquire certain area representative rights totaling approximately \$7,250, which is to be paid through cash on-hand. **1. Nature of business and organization**

EWC Ventures, LLC (the “Company” or “EWC Ventures”) was organized on December 12, 2012 as a limited liability company in the State of Delaware. Through its wholly owned subsidiaries, the Company is engaged in selling franchises of European Wax Center, distributing facial and body waxing products to franchisees and providing waxing services directly to consumers at various locations throughout the United States.

On August 8, 2018, the Company entered into an Agreement and Plan of Merger (“Merger”) with General Atlantic (EW) Collections, L.P. (“GA Collections”), an entity controlled by affiliates of General Atlantic LLC (“General Atlantic”), and EWC Merger Sub, LLC pursuant to which, GA Collections agreed to acquire a controlling interest in the Company. The merger closed on September 25, 2018 (the “GA Acquisition”) and the Company became a subsidiary of GA Collections on that date.

The Company operates on a fiscal calendar which, in a given year, consists of a 52- or 53-week period ending on the Saturday closest to December 31st. The quarters ended March 27, 2021 and March 28, 2020 both consisted of 13 weeks.

These unaudited condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates that the Company will realize its assets and satisfy its liabilities in the ordinary course of business and as such, include no adjustments that might be necessary in the event that the Company is unable to operate on this basis.

**2. Summary of significant accounting policies**

*(a) Basis of presentation and consolidation*

The accompanying unaudited condensed consolidated financial statements have been presented in conformity with accounting principles generally accepted in the United States (“GAAP”) for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). The condensed consolidated balance sheet as of December 26, 2020 is derived from the audited consolidated financial statements but does not include all disclosures required by GAAP. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the related notes thereto for the year ended December 26, 2020 included elsewhere in this prospectus.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements include all normal recurring adjustments necessary for a fair statement of the Company’s financial position, results of operations, and cash flows for the periods presented. All intercompany accounts and transactions have been eliminated in consolidation.

Accounting policies used in the preparation of these unaudited condensed consolidated financial statements are consistent with the accounting policies described in the audited consolidated financial statements and the related notes thereto for the year ended December 26, 2020 included elsewhere in this prospectus.

*(b) Use of estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management’s knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results. Significant areas where estimates and judgments are relied upon by management in the preparation of the financial statements include revenue recognition, inventory reserves, the expected life of franchise agreements, the useful life of reacquired rights, valuation of equity-based compensation awards, and the evaluation of the recoverability of goodwill and long-lived assets, including indefinite-lived intangible assets. Actual results could differ from those estimates.

*(c) COVID-19 pandemic*

The Company is continuing to monitor the ongoing COVID-19 pandemic and its impact on its business. Beginning in March 2020, in response to the COVID-19 pandemic, most franchisees temporarily closed their centers in order to promote the health and safety of its members, team members and their communities. In April 2020, the entire franchise network was temporarily closed. Beginning in May 2020, certain governors announced steps to restart non-essential business operations in their respective states and certain centers began to re-open. As of March 2021, all of the Company's nationwide network had re-opened.

Although conditions in the United States have recently improved, there is a significant amount of uncertainty about the effects a resurgence in COVID-19 cases could have on our business, our industry and overall economic activity.

*(d) Implications of being an Emerging Growth Company*

The Company is an emerging growth company as defined in the Jumpstart Our Business Startups Act of 2012 ("JOBS Act") and may take advantage of reduced reporting requirements that are otherwise applicable to public companies. Section 107 of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies are required to comply with those standards. The Company has elected to use the extended transition period for complying with new or revised accounting standards.

*(e) Recently adopted accounting pronouncements*

In August 2018, the FASB issued ASU 2018-15, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract*. Under this standard, companies will apply the same criteria for capitalizing implementation costs as they would for an arrangement that has a software license. The adoption of this new guidance prescribes the balance sheet, statement of operations, and cash flow classification of the capitalized implementation costs and related amortization expense, and additional quantitative and qualitative disclosures. This standard is effective for fiscal years beginning after December 15, 2021. This standard may be applied either prospectively to eligible costs incurred on or after the date of the new guidance or retrospectively. The Company adopted this standard on December 27, 2020 (the beginning of its fiscal year 2021) on a prospective basis. The adoption of this standard did not have a significant impact on our financial statements.

*(f) Recently issued accounting pronouncements not yet adopted*

In February 2016, the FASB issued ASU 2016-02, *Leases* and established ASC Topic 842, *Leases* ("ASC 842"), which supersedes ASC Topic 840, *Leases*. ASC 842 requires a lessee to recognize a lease right-of-use ("ROU") asset and a corresponding lease liability on its balance sheet along with additional qualitative and quantitative disclosures. ROU assets and lease liabilities are recognized at the commencement date based on the present value of future payments. ASC 842 is effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022, with early adoption permitted. The Company is currently evaluating the effect the adoption of this standard will have on its financial statements, including the materiality of the addition of ROU assets and lease liabilities on its balance sheet.

In June 2017, the FASB issued ASU 2016-13, *Financial Instruments (Topic 326)—Measurement of Credit Losses on Financial Instruments*, which requires the measurement and recognition of expected credit losses for financial assets held at amortized cost. The standard replaces the existing incurred loss impairment model with an expected loss methodology, which will result in more timely recognition of credit losses. ASU 2016-13, and related amendments, are effective for fiscal years beginning after December 15, 2022. The Company has not completed its assessment of the standard but does not expect the adoption to have a material impact on its financial statements.

**EWC VENTURES, LLC AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform: Facilitation of the Effects of Reference Rate Reform on Financial Reporting*. The amendments in this update, as well as subsequently issued amendments, provide temporary, optional guidance to ease the burden in accounting for reference rate reform. The amendments provide optional expedients and exceptions for applying GAAP to transactions affected by reference rate reform if certain criteria are met. The amendments primarily include relief related to contract modifications and hedging relationships. The relief provided by this ASU does not apply to contract modifications made and hedging relationships entered into or evaluated after December 31, 2022. However, hedging relationships that apply certain optional expedients prior to December 31, 2022, will be retained through the end of the hedging relationship, including for periods after December 31, 2022. We will evaluate the impact of this guidance as contracts are modified through December 2022.

**3. Fair value measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

We use valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets and liabilities. The income approach uses valuation techniques to convert future amounts, such as cash flows or earnings, to their present value on a discounted basis. The cost approach is based on the amount that currently would be required to replace the service capacity of an asset (replacement costs). Valuation techniques should be consistently applied. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. These two types of inputs create a three-tier fair value hierarchy that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

GAAP categorizes inputs used in fair value measurements into three broad levels as follows:

- (Level 1) Quoted prices in active markets for identical assets or liabilities.
- (Level 2) Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, similar assets and liabilities in markets that are not active or can be corroborated by observable market data.
- (Level 3) Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes valuation techniques that involve significant unobservable inputs.

The Company uses interest rate caps to manage its interest rate exposure. These interest rate caps are recorded at fair value. Changes in fair value of our interest rate caps are recognized as a component of Accumulated other comprehensive loss on the condensed consolidated balance sheets. The Company has elected to use the income approach to value the interest rate cap, using observable Level 2 market expectations at measurement dates and standard valuation techniques to convert future amounts to a single present discounted amount reflecting current market expectations about those future amounts. Level 2 inputs for derivative valuations are limited to inputs other than those quoted prices that are observable for the asset or liability (specifically LIBOR swap rates and credit risk at commonly quoted intervals). Mid-market pricing is used as a practical expedient. Derivatives are discounted to present value at the measurement date at overnight index swap rates. Refer to Note 8—*Derivative instruments and hedging activity* for additional discussion.

Fair value measurements are summarized below:

The carrying values of cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the short-term nature of these instruments. Debt under the secured term loan (the “Term Loan”) of \$239,945 and the secured revolving credit facility (the “Revolving Credit Facility”) of \$30,000 approximate the fair value due to the variable rate and the fact that since the amendment to the Term Loan and Revolving Credit Agreement (the “Senior Secured Credit Facility”) was negotiated in May 2020 there have been no significant changes in our credit rating or pricing of similar debt.

Area representative rights represent an agreement with area representatives to sell franchise licenses and provide support to franchisees in a geographic region. From time to time, the Company enters into agreements to reacquire certain area representative rights. During the 13 weeks ended March 27, 2021, reacquisition costs totaled \$7,656. Of the total consideration, \$4,275 was paid during the 13 weeks ended March 27, 2021 and \$3,381 is related to certain purchase price holdbacks which are recorded in accounts payable and accrued liabilities on the condensed consolidated balance sheet as of March 27, 2021. These purchase price holdbacks were paid in May 2021.

During the 13 weeks ended March 28, 2020, reacquisition costs totaled \$32,431 which consisted of \$28,192 of cash consideration paid during the period and \$4,239 of certain purchase price holdbacks, which were paid during the remainder of fiscal year 2020.

The initial term of the area representative agreements is ten years with an additional ten-year renewal at the option of the area representative. The reacquired rights are amortized on a straight-line basis over the remaining expected term of the agreement prior to the reacquisition. Amortization expense for reacquired rights was \$1,840 and \$1,658 for the 13 weeks ended March 27, 2021 and March 28, 2020, respectively.

Franchisee relationships are amortized on a straight-line basis over the estimated useful life of the asset. Amortization expense for franchisee relationships was \$2,857 for both the 13 weeks ended March 27, 2021 and March 28, 2020. Amortization expense for franchisee relationships and reacquired rights is included in depreciation and amortization expense on the condensed consolidated statements of operations and comprehensive income.

Favorable lease assets are amortized on a straight-line basis over the estimated useful life of the asset. Amortization of favorable lease assets of \$12 was recorded within depreciation and amortization expense in the condensed consolidated statements of operations and comprehensive income for both the 13 weeks ended March 27, 2021 and March 28, 2020, respectively.

Future expected amortization expense of the Company's intangible assets as of March 27, 2021 is as follows:

In September 2018, EW Holdco, LLC, a wholly owned subsidiary of the Company, entered into the Senior Secured Credit Facility, which included the Revolving Credit Facility and the Term Loan, with a maturity date of September 25, 2024. EW Intermediate Holdco, LLC, a wholly owned subsidiary of the Company and EW Holdco, LLC's direct parent, granted to the lenders a first priority security interest in generally all rights, title and interest in, to and under substantially all assets and equity interests of such parties, which include substantially all tangible assets of the Company.

Borrowings under the Term Loan bear interest at an index rate as defined in the credit agreement governing the Senior Secured Credit Facility plus an applicable margin of 5.5% (6.5% at March 27, 2021) and is payable monthly. The Term Loan requires principal payments equal to approximately \$2,400 per fiscal year, payable in quarterly installments with the final scheduled principal payment on the outstanding Term Loan borrowings due on September 25, 2024. Beginning in fiscal year 2020, additional principal payments could be due in May of each year, which are based upon a calculation of Excess Cash Flow, as defined in the credit agreement.

The Revolving Credit Facility has a maximum borrowing capacity of \$30,000 and bears interest at the index rate, as defined in the credit agreement plus an applicable margin of 3.5% (4.25% at March 27, 2021). Interest on the Revolving Credit Facility is payable monthly.

The credit agreement governing our Senior Secured Credit Facility requires the Company to comply with a number of affirmative and negative covenants, including certain restrictions on additional indebtedness, liens against the Company's and its subsidiaries assets, sales of assets, and other restrictions on payments. credit agreement also contains a quarterly maintenance covenant that requires us to maintain a net leverage ratio (as defined in the credit agreement) that does not exceed 8.75 to 1.00. As result of the increased borrowings during fiscal year 2020, beginning with the month ended June 27, 2020 and for the twelve months thereafter, the Company is required to maintain \$6,000 of minimum liquidity, as defined by the credit agreement. During this twelve-month period, the financial covenant requiring maintenance of a maximum leverage ratio, as defined by the credit agreement, is not in effect.

**8. Derivative instruments and hedging activities**

In December 2018, the Company entered into an interest rate cap derivative instrument which was designated as a cash flow hedge. The Company's objective is to mitigate the impact of interest expense fluctuations on the Company's profitability resulting from interest rate changes by capping the LIBOR component of the interest rate at 4.5% on \$175,000 of principal outstanding under its long-term debt arrangement, as the interest rate cap provides for payments from the counterparty when LIBOR rises above 4.5%. The interest rate cap has a \$175,000 notional amount and is effective December 31, 2018, for the monthly periods from and including January 31, 2019 through September 25, 2024. The interest rate cap has a deferred premium; accordingly, the Company will pay a monthly premium for the interest rate cap over the term of the agreement. The annual premium is equal to 0.11486% on the notional amount.

Changes in the cash flows of interest rate cap derivatives designated as hedges are expected to be highly effective in offsetting the changes in interest payments on a principal balance equal to the designated derivative's notional amount, attributable to the hedged risk. Changes in the fair value of the interest rate cap are recognized in other comprehensive income and are reclassified out of accumulated other comprehensive income and into interest expense when the hedged interest obligations affect earnings. Cash flows related to derivatives qualifying as hedges are included in the same section of the condensed consolidated statements of cash flows as the underlying assets and liabilities being hedged. Refer to Note 3 — *Fair value measurements* for information on the fair value of the Company's interest rate cap derivative instrument.

Our cash flow hedge position related to the interest rate cap derivative instrument is as follows:

	<u>Balance Sheet Classification</u>	<u>March 27, 2021</u>	<u>December 26, 2020</u>

*Exit or Disposal Activities*

During fiscal year 2019, the Company relocated its corporate headquarters from Hallandale Beach, Florida to Plano, Texas. As a result of this relocation, the Company vacated a portion of its leased properties in Hallandale Beach and recognized an exit obligation charge and related exit obligation liability on the cease-use date, in accordance with ASC 420, *Exit or Disposal Cost Obligations*. In fiscal year 2020, the Company vacated the remaining portion of the leased property in Hallandale Beach and recognized an exit obligation charge and related liability on the cease-use date for the remaining portion of the property. A summary of the exit liability and related activity for the periods presented is as follows:

	Exit Cost Obligation - Leases
Exit cost obligation at December 26, 2020	\$615
Accretion	2
Payments	(88)
Exit cost obligation at March 27, 2021	<u>\$529</u>

The charges, recorded as selling, general and administrative expenses on the condensed consolidated statements of operations and comprehensive loss, primarily included the present value of the remaining lease obligation on the cease use dates, net of estimated sublease income.

The current and non-current components of the exit liabilities related to the leased property were included within accounts payable and accrued liabilities and other long-term liabilities on the condensed consolidated balance sheets, respectively, as follows:

	March 27, 2021	December 26, 2020
Accounts payable and accrued liabilities	\$366	\$360
Other long-term liabilities	163	255
Total exit cost obligation	<u>\$529</u>	<u>\$615</u>

*Litigation*

The Company is exposed to various asserted and unasserted potential claims encountered in the normal course of business. Although the outcomes of potential legal proceedings are inherently difficult to predict, the Company does not expect the resolution of these occasional legal proceedings to have a material effect on its financial position, results of operations, or cash flow.

**10. Revenue from contracts with customers**

Contract liabilities consist of deferred revenue resulting from franchise fees, which are generally recognized on a straight-line basis over the term of the underlying franchise agreement. Also included are service revenues from corporate-owned centers, including customer prepayments in connection with the Wax Pass program. Contract liabilities are classified as deferred revenue on the condensed consolidated balance sheets.

Deferred franchise fees are reduced as fees are recognized in revenue over the term of the franchise license for the respective center. Deferred service revenues are recognized over time as the services are performed. The following table reflects the change in contract liabilities for the periods indicated:

The Company recognized advances to certain related party members of \$689 as of March 27, 2021 and December 26, 2020 related to payments of fees on behalf of the members in connection with the GA Acquisition. These advances are reported in advances to related parties within the condensed consolidated balance sheets. Additionally, the Company pays fees to certain members for consulting services provided to the Company. Related party consulting fees of \$33 and \$50 are included in selling, general, and administrative expenses in the condensed consolidated statements of operations and comprehensive income for the 13 weeks ended March 27, 2021 and March 28, 2020, respectively.

#### **12. Net income per unit**

Net income per unit is computed using the “two-class” method by dividing the net income applicable to each respective class by the weighted average number of units outstanding during the period. The Company’s

participating securities consist of incentive units underlying the Class B Unit and the Class D Units. There were no potential common units outstanding during the 13 weeks ended March 27, 2021 and March 28, 2020, respectively. As such, weighted average outstanding units are the same for both basic and diluted net income per unit.

Income per unit for the periods presented is computed as follows:

**Item 14. Indemnification of Directors and Officers.**

Section 145(b) of the Delaware General Corporation Law provides, in general, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor because the person is or was a director or officer of the corporation, against any expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to be indemnified for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145(g) of the Delaware General Corporation Law provides, in general, that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, whether or not the corporation would have the power to indemnify the person against such liability under the provisions of the law. Our amended and restated certificate of incorporation will provide that, to the fullest extent permitted by applicable law, a director will not be liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director. In addition, our amended and restated certificate of incorporation will also provide that we will indemnify each director and officer and may indemnify employees and agents, as determined by our board, to the fullest extent provided by the laws of the State of Delaware.

The foregoing statements are subject to the detailed provisions of section 145 of the Delaware General Corporation Law and our amended and restated certificate of incorporation and amended and restated by-laws.

Section 102 of the Delaware General Corporation Law permits the limitation of directors' personal liability to the corporation or its stockholders for monetary damages for breach of fiduciary duties as a director except for (i) any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, (iii) breaches

under section 174 of the Delaware General Corporation Law, which relates to unlawful payments of dividends or unlawful stock repurchase or redemptions, and (iv) any transaction from which the director derived an improper personal benefit.

Reference is made to Item 17 for our undertakings with respect to indemnification for liabilities arising under the Securities Act.

We maintain directors' and officers' liability insurance for our officers and directors.

The underwriting agreement for this offering will provide that each underwriter severally agrees to indemnify and hold harmless our Company, each of our directors, each of our officers who signs the registration statement, and each person who controls our Company within the meaning of the Securities Act but only with respect to written information relating to such underwriter furnished to our Company by or on behalf of such underwriter specifically for inclusion in the documents referred to in the foregoing indemnity.

We expect to enter into an indemnification agreement with each of our executive officers and directors that provides, in general, that we will indemnify them to the fullest extent permitted by law in connection with their service to us or on our behalf.

#### **Item 15. Recent Sales of Unregistered Securities.**

Set forth below is information regarding securities sold or granted by us within the past three years that were not registered under the Securities Act of 1933, as amended (the "Securities Act"). Also included is the consideration, if any, received by us for such securities and information relating to the section of the Securities Act, or rule of the SEC, under which exemption from registration was claimed for such sales and grants.

In April 2021, in connection with its formation, the Registrant sold 100 shares of common stock to EWC Ventures, LLC for aggregate consideration of \$100. The shares of common stock described above were issued in reliance on the exemption contained in Section 4(a)(2) of the Securities Act on the basis that the transaction did not involve a public offering. No underwriters were involved in the transaction.

In connection with the Reorganization Transactions described under "Prospectus Summary—The Reorganization Transactions", based on an assumed initial public offering price of \$ \_\_\_\_\_ per share of Class A common stock (the midpoint of the estimated public offering price range set forth on the cover page of this prospectus), the Registrant will issue an aggregate of \_\_\_\_\_ shares of its Class A common stock to the General Atlantic Post-IPO Stockholders and \_\_\_\_\_ shares of its Class B common stock to the EWC Ventures Post-IPO Members, in an amount equal to the number of EWC Ventures Units held by each such EWC Ventures Post-IPO Member. The shares of Class A common stock and Class B common stock described above will be issued in reliance on the exemption contained in Section 4(a)(2) on the basis that the transactions will not involve a public offering. No underwriters will be involved in the transactions.

#### **Item 16. Exhibits and Financial Statement Schedules.**

##### (a) Exhibits

See Exhibit Index immediately preceding the signature page hereto, which is incorporated as if fully set forth herein.

##### (b) Financial Statement Schedules.

See the Index to the consolidated financial statements on page F-1 for a list of the financial statements included in this registration statement. All financial statement schedules are omitted because the information required to be set forth therein is not applicable or is shown in the consolidated financial statements or the notes thereto.

#### **Item 17. Undertakings.**

(a) The undersigned registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(v) The Issued Shares are being purchased by GAPCO Holder for its own sole benefit and account for investment and not with a view to, or for resale in connection with, a public offering or distribution thereof.

*Section 3.2 Further Assurances.* If at any time either Surviving Entity shall consider or be advised that any further assignment or assurances in law are necessary or desirable to vest in such Surviving Entity the title to any property or rights of the applicable Constituent Entities, the members and officers of such Constituent Entities shall grant the members and officers of such Surviving Entity a limited power of attorney to execute and make all such proper assignments and assurances in law and to do all things reasonably necessary and proper to thus vest such property or rights in such Surviving Entity, and otherwise to carry out the purposes of this Agreement.

*Section 3.5 Jurisdiction.* The parties hereto agree that any suit, action or proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby (whether brought by any party or any of its affiliates or against any party or any of its affiliates) shall be brought in the Court of Chancery of the State of Delaware or, if such court shall not have jurisdiction, any federal court located in the State of Delaware or other Delaware state court, and each of the parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding brought in any such court has been brought in an inconvenient forum. Process in any such suit, action or proceeding may be served on any party anywhere in the world, whether within or without the jurisdiction of any such court. Without limiting the foregoing, each party agrees that service of process on such party as provided in Section 4.3 of the Reorganization Agreement (the form of which is incorporated by reference herein) or by any other manner permitted by applicable law, shall be deemed effective service of process on such party.

*Section 3.6*      *WAIVER OF JURY TRIAL.* EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

AMENDED AND RESTATED  
CERTIFICATE OF INCORPORATION

of

EUROPEAN WAX CENTER, INC.

(Pursuant to Section 242 and 245 of  
the General Corporation Law of the State of Delaware)

European Wax Center, Inc., a corporation organized and existing under the laws of the State of Delaware (the "Corporation"), hereby certifies as follows:

FIRST: The name of the Corporation is European Wax Center, Inc. The date of filing of its original certificate of incorporation with the Secretary of State of the State of Delaware was April 1, 2021.

SECOND: This Amended and Restated Certificate of Incorporation (this "Amended Certificate of Incorporation") amends and restates in its entirety the Corporation's certificate of incorporation as currently in effect and has been duly adopted in accordance with the provisions of Sections 242 and 245 of the General Corporation Law of the State of Delaware (the "General Corporation Law"), by written consent of the holders of all of the outstanding stock entitled to vote thereon in accordance with the provisions of Section 228 of the General Corporation Law.

THIRD: This Amended Certificate of Incorporation amends and restates in its entirety the original certificate of incorporation of the Corporation to read as follows:

1. Name. The name of the Corporation is European Wax Center, Inc.

2. Address; Registered Office and Agent. The address of the Corporation's registered office in the State of Delaware is 3411 Silverside Road, Tatnall Building #104, City of Wilmington, County of New Castle, State of Delaware 19810, and the name of its registered agent at such address is Corporate Creations Network Inc.

3. Purposes. The purpose of the Corporation is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law.

4. Number of Shares.

4.1 The total number of shares of all classes of stock that the Corporation shall have authority to issue is [●] shares, consisting of: (i) [●] shares of common stock, divided into (a) [●] shares of Class A common stock, par value \$0.00001 per share (the "Class A Common Stock") and (b) [●] shares of Class B common stock, par value \$0.00001 per share (the "Class B Common Stock") and, together with Class A Common Stock, the "Common Stock"; and (ii) [●] shares of preferred stock, par value \$0.00001 per share (the "Preferred Stock").

---

4.2 Subject to the rights of the holders of any one or more series of Preferred Stock then outstanding, the number of authorized shares of any class of the Common Stock or the Preferred Stock may be increased or decreased, in each case by the affirmative vote of the holders of a majority of the total voting power of the outstanding shares of capital stock of the Corporation entitled to vote thereon, voting together as a single class, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law, and no vote of the holders of any class of the Common Stock or the Preferred Stock voting separately as a class will be required therefor. Notwithstanding the immediately preceding sentence, the number of authorized shares of any particular class may not be decreased below the number of shares of such class then outstanding, plus:

(i) in the case of Class A Common Stock, the number of shares of Class A Common Stock issuable in connection with (x) the exchange of all outstanding shares of Class B Common Stock issuable as described in clause (ii) below, together with the corresponding Common Units constituting the remainder of any Paired Interests in which such shares are included, pursuant to Section 2.01 of the Exchange Agreement and (y) the exercise of outstanding options, warrants, exchange rights, conversion rights or similar rights for Class A Common Stock; and

(ii) in the case of Class B Common Stock, the number of shares of Class B Common Stock issuable in connection with the exercise of outstanding options, warrants, exchange rights, conversion rights or similar rights for Class B Common Stock.

5. Classes of Shares. The designation, relative rights, preferences and limitations of the shares of each class of stock are as follows:

5.1 Common Stock.

(i) Voting Rights.

(1) Each holder of Class A Common Stock or Class B Common Stock, as such, shall be entitled to one vote for each share of Class A Common Stock or Class B Common Stock held of record by such holder on all matters on which stockholders generally are entitled to vote, except that, in each case, to the fullest extent permitted by law and subject to Section 5.1(i)(2), holders of shares of each class of Common Stock, as such, shall have no voting power with respect to, and will not be entitled to vote on, any amendment to this Amended Certificate of Incorporation (including any certificate of designations relating to any series of Preferred Stock) that relates solely to the terms of any outstanding Preferred Stock if the holders of such Preferred Stock are entitled to vote as a separate class thereon under this Amended Certificate of Incorporation (including any certificate of designations relating to any series of Preferred Stock) or under the General Corporation Law.

(2) (a) The holders of the outstanding shares of Class A Common Stock, voting together as a single class, shall be entitled to vote separately upon any amendment to this Amended Certificate of Incorporation (including by merger, consolidation, reorganization or similar event) that would alter or change the powers, preferences, or special rights of such class of Common Stock in a manner that is disproportionately adverse as compared to the Class B Common Stock and (b) the holders of the outstanding shares of Class B Common Stock, voting together as a single class, shall be entitled to vote separately upon any amendment to this Amended Certificate of Incorporation (including by merger, consolidation, reorganization or similar event) that would alter or change the powers, preferences, or special rights of such class of Common Stock in a manner that is disproportionately adverse as compared to the Class A Common Stock, it being understood that any merger, consolidation or other business combination shall not be deemed an amendment hereof if such merger, consolidation or other business combination constitutes a Disposition Event in which holders of Paired Interests are required to exchange such Paired Interests pursuant to Section 2.04 of the Exchange Agreement in such Disposition Event and receive consideration in such Disposition Event in accordance with the terms of the Exchange Agreement as in effect prior to such Disposition Event.

---

(3) Except as otherwise required in this Amended Certificate of Incorporation or by applicable law, the holders of Common Stock will vote together as a single class on all matters (or, if any holders of Preferred Stock are entitled to vote together with the holders of Common Stock, as a single class with the holders of Preferred Stock).

(ii) Dividends; Stock Splits or Combinations.

(1) Subject to applicable law and the rights, if any, of the holders of any outstanding series of Preferred Stock or any class or series of stock having a preference senior to or the right to participate with the Class A Common Stock with respect to the payment of dividends, dividends of cash or property may be declared and paid on the Class A Common Stock out of the assets of the Corporation that are by law available therefor, at the times and in the amounts as the board of directors of the Corporation (the “Board”) in its discretion may determine.

(2) Except as provided in Section 5.1(ii)(3) with respect to stock dividends, dividends of cash or property may not be declared or paid on the Class B Common Stock.

(3) In no event will any stock dividend, stock split, reverse stock split, combination of stock, reclassification or recapitalization be declared or made on any class of Common Stock (each, a “Stock Adjustment”) unless (a) a corresponding Stock Adjustment for all other classes of Common Stock not so adjusted at the time outstanding is made in the same proportion and the same manner and (b) the Stock Adjustment has been reflected in the same economically equivalent manner on all Common Units; provided that clause (b) shall not apply to a stock dividend declared and paid in connection with a contribution of cash to EWC Ventures of cash previously received as a distribution from EWC Ventures. Stock dividends with respect to each class of Common Stock may only be paid with shares of stock of the same class of Common Stock.

(iii) Liquidation. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation, after payment or provision for payment of the debts and other liabilities of the Corporation and of the preferential and other amounts, if any, to which the holders of Preferred Stock are entitled, if any, the holders of all outstanding shares of Common Stock will be entitled to receive, *pari passu*, an amount per share equal to the par value thereof, and thereafter the holders of all outstanding shares of Class A Common Stock will be entitled to receive the remaining assets of the Corporation available for distribution ratably in proportion to the number of shares of Class A Common Stock. Without limiting the rights of the holders of Class B Common Stock to exchange their shares of Class B Common Stock, together with the corresponding Common Units constituting the remainder of any Paired Interests in which such shares are included, for shares of Class A Common Stock in accordance with Section 2.01 of the Exchange Agreement (or for the consideration payable in respect of shares of Class A Common Stock in such voluntary or involuntary liquidation, dissolution or winding up), the holders of shares of Class B Common Stock, as such, will not be entitled to receive, with respect to such shares, any assets of the Corporation in excess of the par value thereof, in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation.

---

5.2 Preferred Stock. Shares of Preferred Stock may be issued from time to time in one or more series of any number of shares, provided that the aggregate number of shares issued and not retired of any and all such series shall not exceed the total number of shares of Preferred Stock hereinabove authorized, and with such powers, including voting powers, if any, and the designations, preferences and relative, participating, optional or other special rights, if any, and any qualifications, limitations or restrictions thereof, all as shall hereafter be stated and expressed in the resolution or resolutions providing for the designation and issue of such shares of Preferred Stock from time to time adopted by the Board pursuant to authority so to do which is hereby expressly vested in the Board. The powers, including voting powers, if any, preferences and relative, participating, optional and other special rights of each series of Preferred Stock, and the qualifications, limitations or restrictions thereof, if any, may differ from those of any and all other series at any time outstanding. Each series of shares of Preferred Stock: (i) may have such voting rights or powers, full or limited, if any; (ii) may be subject to redemption at such time or times and at such prices, if any; (iii) may be entitled to receive dividends (which may be cumulative or non-cumulative) at such rate or rates, on such conditions and at such times, and payable in preference to, or in such relation to, the dividends payable on any other class or classes or series of stock, if any; (iv) may have such rights upon the voluntary or involuntary liquidation, winding up or dissolution of, upon any distribution of the assets of, or in the event of any merger, sale or consolidation of, the Corporation, if any; (v) may be made convertible into or exchangeable for, shares of any other class or classes or of any other series of the same or any other class or classes of stock of the Corporation (or any other securities of the Corporation or any other Person) at such price or prices or at such rates of exchange and with such adjustments, if any; (vi) may be entitled to the benefit of a sinking fund to be applied to the purchase or redemption of shares of such series in such amount or amounts, if any; (vii) may be entitled to the benefit of conditions and restrictions upon the creation of indebtedness of the Corporation or any subsidiary, upon the issue of any additional shares (including additional shares of such series or of any other series) and upon the payment of dividends or the making of other distributions on, and the purchase, redemption or other acquisition by the Corporation or any subsidiary of, any outstanding shares of the Corporation, if any; (viii) may be subject to restrictions on transfer or registration of transfer, or on the amount of shares that may be owned by any Person or group of Persons; and (ix) may have such other relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof, if any; all as shall be stated in said resolution or resolutions of the Board providing for the designation and issue of such shares of Preferred Stock.

---

6. Exchange of Shares.

6.1 Exchange of Class B Common Stock. Shares of Class B Common Stock may be exchanged, together with the corresponding Common Units constituting the remainder of any Paired Interests in which such shares are included, as applicable, at any time and from time to time for shares of Class A Common Stock in accordance with Section 2.01 of the Exchange Agreement.

6.2 Taxes. The issuance of shares of Class A Common Stock upon the exercise by holders of shares of Class B Common Stock of their right under Section 2.01 of the Exchange Agreement to exchange Paired Interests will be made without charge to the holders of the shares of Class B Common Stock for any transfer taxes, stamp taxes or duties or other similar tax in respect of the issuance; provided, however, that if any such shares of Class A Common Stock are to be issued in a name other than that of the then record holder of the shares of Class B Common Stock being exchanged (or The Depository Trust Company or its nominee for the account of a participant of The Depository Trust Company that will hold the shares for the account of such holder), then such holder and/or the Person in whose name such shares are to be delivered, shall pay to the Corporation the amount of any tax that may be payable in respect of any transfer involved in the issuance or shall establish to the reasonable satisfaction of the Corporation that the tax has been paid or is not payable.

6.3 Retirement of Class B Common Stock. In the event that no Paired Interests remain exchangeable for shares of Class A Common Stock, the Class B Common Stock shall be transferred to the Corporation and thereupon shall be retired. In the event that any outstanding share of Class B Common Stock shall cease to be held by a holder of Common Units, such share shall automatically and without further action on the part of the Corporation or its holder be transferred to the Corporation and thereupon shall be retired and cease to be outstanding and may not be reissued by the Corporation.

7. Board of Directors.

7.1 Number of Directors.

(i) The business and affairs of the Corporation shall be managed by, or under the direction of, the Board. Unless and except to the extent that the Amended and Restated By-laws of the Corporation (as such By-laws may be amended from time to time, the "By-laws") shall so require, the election of the directors of the Corporation (the "Directors") need not be by written ballot. Except as otherwise provided for or fixed pursuant to the provisions of Section 5.2 of this Amended Certificate of Incorporation relating to the rights of the holders of any series of Preferred Stock to elect additional Directors, the total number of Directors constituting the entire Board shall be not less than three (3) nor more than twenty (20), with the then authorized number of Directors being fixed from time to time by the Board.

(ii) During any period when the holders of any series of Preferred Stock have the right to elect additional Directors as provided for or fixed pursuant to the provisions of Section 5.2 ("Preferred Stock Directors"), upon the commencement, and for the duration, of the period during which such right continues: (i) the then total authorized number of Directors shall automatically be increased by such specified number of Preferred Stock Directors, and the holders of the related Preferred Stock shall be entitled to elect the Preferred Stock Directors pursuant to the provisions of the Board's designation for the series of Preferred Stock, and (ii) each such Preferred Stock Director shall serve until such Preferred Stock Director's successor shall have been duly elected and qualified, or until such Preferred Stock Director's right to hold such office terminates pursuant to such provisions, whichever occurs earlier, subject to his or her earlier death, disqualification, resignation or removal. Except as otherwise provided by the Board in the resolution or resolutions establishing such series, whenever the holders of any series of Preferred Stock having such right to elect Preferred Stock Directors are divested of such right pursuant to the provisions of such stock, the terms of office of all such Preferred Stock Directors elected by the holders of such Preferred Stock, or elected to fill any vacancies resulting from the death, resignation, disqualification or removal of such Preferred Stock Directors, shall forthwith terminate and the total and authorized number of Directors shall be reduced accordingly.

---

7.2 Staggered Board. The Board (other than Preferred Stock Directors) shall be divided into three (3) classes, as nearly equal in number as possible, designated Class I, Class II and Class III. Class I Directors shall initially serve until the first annual meeting of stockholders following the effectiveness of this Amended Certificate of Incorporation; Class II Directors shall initially serve until the second annual meeting of stockholders following the effectiveness hereof; and Class III Directors shall initially serve until the third annual meeting of stockholders following the effectiveness hereof. Commencing with the first annual meeting of stockholders following the effectiveness hereof, each Director of each class the term of which shall then expire shall be elected to hold office for a three-year term and until such Director's successor has been duly elected and qualified. In case of any increase or decrease, from time to time, in the number of Directors (other than Preferred Stock Directors), the number of Directors in each class shall be apportioned as nearly equal as possible. The Board is authorized to assign members of the Board already holding office to Class I, Class II and Class III.

7.3 Vacancies and Newly Created Directorships. Subject to the rights of the holders of any one or more series of Preferred Stock then outstanding and subject to obtaining any required stockholder votes or consents under the Stockholders Agreement, newly created directorships resulting from any increase in the authorized number of Directors or any vacancies on the Board resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled by the affirmative vote of a majority of the remaining Directors then in office, even if less than a quorum of the Board or, prior to the 50% Triggering Event, by the affirmative vote of the holders of a majority of the total voting power of the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of Directors, voting together as a single class. Any Director so chosen shall hold office until the next election of the class for which such Director shall have been chosen and until his or her successor shall be duly elected and qualified or until such Director's earlier death, disqualification, resignation or removal. No decrease in the number of Directors shall shorten the term of any Director then in office.

7.4 Removal of Directors. Except for Preferred Stock Directors and subject to obtaining any required stockholder votes or consents under the Stockholders Agreement, any Director or the entire Board may be removed from office at any time, but only for cause by the affirmative vote of the holders of sixty-six and two-thirds percent (66 2/3%) of the total voting power of the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of Directors, voting together as a single class; provided, however, that prior to the 50% Triggering Event, any Director may be removed with or without cause by the affirmative vote of the holders of a majority of the total voting power of the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of Directors, voting together as a single class.

8. Meetings of Stockholders.

8.1 Action by Written Consent. Prior to the 40% Triggering Event, any action which is required or permitted to be taken by the stockholders of the Corporation may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of the Corporation's capital stock entitled to vote thereon were present and voted. From and after the 40% Triggering Event, any action required or permitted to be taken by the stockholders of the Corporation may be taken only at a duly called annual or special meeting of the stockholders of the Corporation and the power of stockholders to consent in writing without a meeting is specifically denied; provided, however, that any action required or permitted to be taken by the holders of Preferred Stock, voting separately as a series or separately as a class with one or more other such series, may be taken without a meeting, without prior notice and without a vote, unless expressly prohibited in the resolutions creating such series of Preferred Stock.

8.2 Special Meetings of Stockholders. Subject to any special rights of the holders of any series of Preferred Stock, and to the requirements of applicable law, special meetings of stockholders of the Corporation may be called only (i) by or at the direction of the Board pursuant to a written resolution adopted by a majority of the total number of Directors that the Corporation would have if there were no vacancies or (ii) by or at the direction of the Chair or the Chief Executive Officer. In addition, prior to the 40% Triggering Event, special meetings of stockholders of the Corporation may be called by the Chair or Secretary of the Corporation at the request of the Principal Stockholders. Any business transacted at any special meeting of stockholders shall be limited to matters relating to the purpose or purposes stated in the notice of meeting.

8.3 Election of Directors by Written Ballot. Unless and except to the extent that the By-laws shall so require, the election of the Directors need not be by written ballot.

9. Business Combinations.

9.1 Section 203 of the General Corporation Law. The Corporation expressly elects not to be subject to the provisions of Section 203 of the General Corporation Law.

---

9.2 Limitations on Business Combinations. Notwithstanding any other provision in this Amended Certificate of Incorporation to the contrary, the Corporation shall not engage in any business combination (as defined below), at any point in time at which the Corporation's Class A Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act, with any interested stockholder (as defined below) for a period of three (3) years following the time that such stockholder became an interested stockholder, unless:

(i) prior to such time, the Board approved either the business combination or the transaction which resulted in such stockholder becoming an interested stockholder,

(ii) upon consummation of the transaction which resulted in such stockholder becoming an interested stockholder, such interested stockholder owned at least eighty-five (85)% of the voting stock (as defined below) of the Corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by such interested stockholder) those shares owned by (i) persons who are Directors and also officers of the Corporation or (ii) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer, or

(iii) at or subsequent to such time, the business combination is approved by the Board and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least two thirds of the outstanding voting stock of the Corporation which is not owned by such interested stockholder.

9.3 Definitions. For purposes of this Article 9:

(i) "affiliate" means a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, another person.

(ii) "associate," when used to indicate a relationship with any person, means: (i) any corporation, partnership, unincorporated association or other entity of which such person is a director, officer or general partner or is, directly or indirectly, the owner of twenty-percent (20%) or more of any class of voting stock; (ii) any trust or other estate in which such person has at least a twenty-percent (20%) beneficial interest or as to which such person serves as trustee or in a similar fiduciary capacity; and (iii) any relative or spouse of such person, or any relative of such spouse, who has the same residence as such person.

(iii) "business combination" means:

(1) any merger or consolidation of the Corporation or any direct or indirect majority-owned subsidiary of the Corporation (a) with the interested stockholder, or (b) with any other corporation, partnership, unincorporated association or other entity if the merger or consolidation is caused by the interested stockholder and as a result of such merger or consolidation Section 9.2 is not applicable to the surviving entity;

(2) any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), except proportionately as a stockholder of the Corporation, to or with the interested stockholder, whether as part of a dissolution or otherwise, of assets of the Corporation or of any direct or indirect majority-owned subsidiary of the Corporation which assets have an aggregate market value equal to ten percent (10%) or more of either the aggregate market value of all the assets of the Corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the Corporation;

---

(3) any transaction which results in the issuance or transfer by the Corporation or by any direct or indirect majority-owned subsidiary of the Corporation of any stock of the Corporation or of such subsidiary to the interested stockholder, except: (a) pursuant to the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such subsidiary which securities were outstanding prior to the time that the interested stockholder became such; (b) pursuant to a merger under Section 251(g) of the General Corporation Law; (c) pursuant to a dividend or distribution paid or made, or the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such subsidiary which security is distributed, pro rata to all holders of a class or series of stock of the Corporation subsequent to the time the interested stockholder became such; (d) pursuant to an exchange offer by the Corporation to purchase stock made on the same terms to all holders of such stock; or (e) any issuance or transfer of stock by the Corporation; provided, however, that in no case under items (c)-(e) of this subsection (3) shall there be an increase in the interested stockholder's proportionate share of the stock of any class or series of the Corporation or of the voting stock of the Corporation (except as a result of immaterial changes due to fractional share adjustments);

(4) any transaction involving the Corporation or any direct or indirect majority-owned subsidiary of the Corporation which has the effect, directly or indirectly, of increasing the proportionate share of the stock of any class or series, or securities convertible into the stock of any class or series, of the Corporation or of any such subsidiary which is owned by the interested stockholder, except as a result of immaterial changes due to fractional share adjustments or as a result of any purchase or redemption of any shares of stock not caused, directly or indirectly, by the interested stockholder; or

(5) any receipt by the interested stockholder of the benefit, directly or indirectly (except proportionately as a stockholder of the Corporation), of any loans, advances, guarantees, pledges, or other financial benefits (other than those expressly permitted in subsections (1)-(4) above) provided by or through the Corporation or any direct or indirect majority-owned subsidiary.

(iv) "control," including the terms "controlling," "controlled by" and "under common control with," means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting stock, by contract, or otherwise. A person who is the owner of twenty percent (20%) or more of the outstanding voting stock of any corporation, partnership, unincorporated association or other entity shall be presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary. Notwithstanding the foregoing, a presumption of control shall not apply where such person holds voting stock, in good faith and not for the purpose of circumventing this Article 9, as an agent, bank, broker, nominee, custodian or trustee for one or more owners who do not individually or as a group (as such term is used in Rule 13d-5 of the Exchange Act) have control of such entity.

(v) "interested stockholder" means any person (other than the Corporation or any direct any indirect majority-owned subsidiary of the Corporation) that (i) is the owner of fifteen percent (15%) or more of the outstanding voting stock of the Corporation, or (ii) is an affiliate or associate of the Corporation and was the owner of fifteen percent (15%) or more of the outstanding voting stock of the Corporation at any time within the three (3) year period immediately prior to the date on which it is sought to be determined whether such person is an interested stockholder, and the affiliates and associates of such person; provided, however, that the term "interested stockholder" shall not include (a) the Principal Stockholders or Principal Stockholder transferees or (b) any person whose ownership of shares in excess of the fifteen percent (15%) limitation set forth herein is the result of any action taken solely by the Corporation; provided that such person specified in this clause (b) shall be an interested stockholder if thereafter such person acquires additional shares of voting stock of the Corporation, except as a result of further corporate action not caused, directly or indirectly, by such person. For the purpose of determining whether a person is an interested stockholder, the voting stock of the Corporation deemed to be outstanding shall include stock deemed to be owned by the person through application of the definition of "owner" below but shall not include any other unissued stock of the Corporation which may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise.

---

(vi) “owner,” including the terms “own” and “owned,” when used with respect to any stock, means a person that individually or with or through any of its affiliates or associates:

(1) beneficially owns such stock, directly or indirectly; or

(2) has (a) the right to acquire such stock (whether such right is exercisable immediately or only after the passage of time) pursuant to any agreement, arrangement or understanding, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise; provided, however, that a person shall not be deemed the owner of stock tendered pursuant to a tender or exchange offer made by such person or any of such person’s affiliates or associates until such tendered stock is accepted for purchase or exchange; or (b) the right to vote such stock pursuant to any agreement, arrangement or understanding; provided, however, that a person shall not be deemed the owner of any stock because of such person’s right to vote such stock if the agreement, arrangement or understanding to vote such stock arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made to ten (10) or more persons; or

(3) has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting (except voting pursuant to a revocable proxy or consent as described in item (b) of subsection (2) above), or disposing of such stock with any other person that beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, such stock.

(vii) “person” means any individual, corporation, partnership, unincorporated association or other entity.

(viii) “stock” means, with respect to any corporation, any capital stock of such corporation and, with respect to any other entity, any equity interest of such entity.

(ix) “Principal Stockholder transferee” means any Person who acquires voting stock of the Corporation from a Principal Stockholder (other than in connection with a public offering) and who is designated in writing by such Principal Stockholder as a “Principal Stockholder transferee.”

(x) “voting stock” means, with respect to any corporation, stock of any class or series entitled to vote generally in the election of directors and, with respect to any entity that is not a corporation, any equity interest entitled to vote generally in the election of the governing body of such entity. 10. Corporate Opportunities.

10.1 Certain Acknowledgements. In recognition and anticipation that (i) certain of the directors, partners, principals, officers, members, managers and/or employees of the Principal Stockholders or their Affiliated Companies (as defined below) may serve as directors or officers of the Corporation and (ii) the Principal Stockholders and their Affiliated Companies engage and may continue to engage in the same or similar activities or related lines of business as those in which the Corporation, directly or indirectly, may engage and/or other business activities that overlap with or compete with those in which the Corporation, directly or indirectly, may engage, and (iii) that the Corporation and its Affiliated Companies may engage in material business transactions with the Principal Stockholders and their Affiliated Companies, and that the Corporation is expected to benefit therefrom, the provisions of this Article 10 are set forth to regulate and define the conduct of certain affairs of the Corporation as they may involve the Principal Stockholders and/or their Affiliated Companies and/or their respective directors, partners, principals, officers, members, managers and/or employees, including any of the foregoing who serve as officers or directors of the Corporation (collectively, the “Exempted Persons”), and the powers, rights, duties and liabilities of the Corporation and its officers, directors and stockholders in connection therewith. As used in this Amended Certificate of Incorporation, “Affiliated Companies” shall mean (a) in respect of the Principal Stockholders, any entity that controls, is controlled by or under common control with the Principal Stockholders (other than the Corporation and any company that is controlled by the Corporation) and any investment entities managed by the Principal Stockholders or any of their Affiliated Companies (as general partner, sole member or otherwise) and (b) in respect of the Corporation, any company controlled by the Corporation.

10.2 Competition and Corporate Opportunities. To the fullest extent permitted by applicable law, none of the Principal Stockholders, their Affiliated Companies or any of the Exempted Persons shall have any fiduciary duty to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as the Corporation or any of its Affiliated Companies, and none of the Principal Stockholders, their Affiliated Companies or any of the Exempted Persons shall be liable to the Corporation or its stockholders for breach of any fiduciary or other duty (whether contractual or otherwise) solely by reason of any such activities of the Principal Stockholders, their Affiliated Companies or any of the Exempted Persons. To the fullest extent permitted by applicable law, the Corporation, on behalf of itself and its Affiliated Companies, renounces any interest or expectancy of the Corporation and its Affiliated Companies in, or in being offered an opportunity to participate in, business opportunities that are from time to time presented to the Principal Stockholders, their Affiliated Companies or any of the Exempted Persons, even if the opportunity is one that the Corporation or its Affiliated Companies might reasonably be deemed to have pursued or had the ability or desire to pursue if granted the opportunity to do so, and each of the Principal Stockholders, their Affiliated Companies and the Exempted Persons shall have no duty to communicate or offer such business opportunity to the Corporation or its Affiliated Companies and, to the fullest extent permitted by applicable law, shall not be liable to the Corporation, any of its Affiliated Companies or its stockholders for breach of any fiduciary or other duty (whether contractual or otherwise), as a director, officer or stockholder of the Corporation solely, by reason of the fact that the Principal Stockholders, their Affiliated Companies or any such Exempted Person pursues or acquires such business opportunity, sells, assigns, transfers or directs such business opportunity to another Person or fails to present such business opportunity, or information regarding such business opportunity, to the Corporation or any of its Affiliated Companies. For the avoidance of doubt, each of the Principal Stockholders, their Affiliated Companies and the Exempted Persons shall, to the fullest extent permitted by law, have the right to, and shall have no duty (whether contractual or otherwise) not to, directly or indirectly: (A) engage in the same, similar or competing business activities or lines of business as the Corporation or its Affiliated Companies, (B) do business with any client or customer of the Corporation or its Affiliated Companies, or (C) make investments in competing businesses of the Corporation or its Affiliated Companies, and such acts shall not be deemed wrongful or improper. Notwithstanding anything to the contrary in this Section 2, the Corporation does not renounce any interest or expectancy it may have in any business opportunity that is expressly offered to any Exempted Person solely in his or her capacity as a director or officer of the Corporation.

10.3 Certain Matters Deemed Not Corporate Opportunities. In addition to and notwithstanding the foregoing provisions of this Article 10, a corporate opportunity shall not be deemed to be a potential corporate opportunity for the Corporation if it is a business opportunity the Corporation is not financially able or contractually permitted or legally able to undertake, or that is, from its nature, not in the line of the Corporation's business or is of no practical advantage to it or that is one in which the Corporation has no interest or reasonable expectancy.

10.4 Amendment of this Article. Notwithstanding anything to the contrary elsewhere contained in this Amended Certificate of Incorporation, subject to the rights of the holders of any series of Preferred Stock then outstanding, and in addition to any vote required by applicable law, for so long as the Principal Stockholders collectively beneficially own (as such term is defined in Rule 13d-3 and Rule 13d-5 under the Exchange Act) any issued and outstanding shares of Common Stock, the consent of the Principal Stockholders shall be required to alter, amend or repeal, or to adopt any provision inconsistent with, this Article 10; provided, however, that, to the fullest extent permitted by law, neither the alteration, amendment or repeal of this Article 10 nor the adoption of any provision of this Amended Certificate of Incorporation inconsistent with this Article 10 shall apply to or have any effect on the liability or alleged liability of any Exempted Person for or with respect to any activities or opportunities which such Exempted Person becomes aware prior to such alteration, amendment, repeal or adoption.

11. Limitation of Liability.

11.1 To the fullest extent permitted under the General Corporation Law, as it now exists or may hereafter be amended (but, in the case of any such amendment, only to the extent such amendment permits the Corporation to provide broader exculpation than permitted prior thereto), no Director shall be liable to the Corporation or its stockholders for monetary damages arising from a breach of fiduciary duty as a Director.

11.2 Any amendment, repeal or modification of Section 11.1 shall not adversely affect any right or protection of a Director existing at the time of such amendment, repeal or modification with respect to any act, omission or other matter occurring prior to such amendment, repeal or modification.

12. Indemnification.

12.1 Right to Indemnification and Advancement. The Corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, (i) any Person who was or is a party or is threatened to be made a party to or otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a “Proceeding”), by reason of the fact that he or she, or a Person for whom he or she is the legal representative, is or was a Director or officer of the Corporation or, while a Director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee, agent or trustee of another entity or enterprise, including service with respect to employee benefit plans, or (ii) the Principal Stockholder that is a party or is threatened to be made a party to or otherwise involved in any Proceeding by reason of the fact that the Principal Stockholder is or was a holder of equity interests in the Corporation (each such Person in clause (i) and (ii), a “Covered Person”) against all liability and loss suffered and expenses (including, without limitation, attorneys’ fees and expenses, judgments, fines, excise taxes or penalties under the Employee Retirement Income Security Act of 1974, as amended, and amounts paid or to be paid in settlement) reasonably incurred by such Covered Person. Notwithstanding the preceding sentence, except as otherwise provided in Section 12.3, the Corporation shall be required to indemnify a Covered Person in connection with a Proceeding (or part thereof) commenced by such Covered Person only if the commencement of such Proceeding (or part thereof) by the Covered Person was authorized by the Board.

12.2 Prepayment of Expenses. To the extent not prohibited by applicable law, the Corporation shall pay the expenses (including attorneys’ fees) incurred by a Covered Person in defending any Proceeding in advance of its final disposition; provided, however, that to the extent required by applicable law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Covered Person to repay all amounts advanced if it should be ultimately determined that the Covered Person is not entitled to be indemnified under this Article 12 or otherwise.

12.3 Claims. If a claim for indemnification or advancement of expenses under this Article 12 is not paid in full within thirty (30) days after a written claim therefor by the Covered Person has been received by the Corporation, the Covered Person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the Corporation shall have the burden of proving that the Covered Person is not entitled to the requested indemnification or advancement of expenses under applicable law. In (i) any suit brought by a Covered Person to enforce a right to indemnification hereunder (but not in a suit brought by a Covered Person to enforce a right to an advancement of expenses) it shall be a defense that, and (ii) any suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that, such Person has not met any applicable standard for indemnification set forth in the General Corporation Law. Neither the failure of the Corporation (including by its Directors who are not parties to such action, a committee of such Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Covered Person is proper in the circumstances because the Covered Person has met the applicable standard of conduct set forth in the General Corporation Law, nor an actual determination by the Corporation (including by its Directors who are not parties to such action, a committee of such Directors, independent legal counsel, or its stockholders) that the Covered Person has not met such applicable standard of conduct, shall create a presumption that such Person has not met the applicable standard of conduct or, in the case of such a suit brought by the Covered Person, be a defense to such suit.

---

12.4 Nonexclusivity of Rights. The rights conferred on any Covered Person by this Article 12 shall not be exclusive of any other rights that such Covered Person may have or hereafter acquire under any statute, provision of this Amended Certificate of Incorporation, the By-laws, agreement, vote of stockholders or disinterested Directors or otherwise.

12.5 Other Sources. Subject to Section 12.6, the Corporation's obligation, if any, to indemnify or to advance expenses to any Covered Person who was or is serving at its request as a director, officer, employee or agent of another entity or enterprise shall be reduced by any amount such Covered Person may collect as indemnification or advancement of expenses from such other entity or enterprise.

12.6 Indemnitor of First Resort. In all events, (i) the Corporation hereby agrees that it is the indemnitor of first resort (i.e., its obligation to a Covered Person to provide advancement and/or indemnification to such Covered Person are primary and any obligation of any Principal Stockholder (including any Affiliate thereof other than the Corporation) to provide advancement or indemnification hereunder or under any other indemnification agreement (whether pursuant to contract, by-laws or charter), or any obligation of any insurer of any Principal Stockholder to provide insurance coverage, for the same expenses, liabilities, judgments, penalties, fines and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such expenses, liabilities, judgments, penalties, fines and amounts paid in settlement) incurred by such Covered Person are secondary and (ii) if any Principal Stockholder (or any Affiliate thereof, other than the Corporation) pays or causes to be paid, for any reason, any amounts otherwise indemnifiable hereunder or under any other indemnification agreement (whether pursuant to contract, by-laws or charter) with such Covered Person, then (x) such Principal Stockholder (or such Affiliate, as the case may be), as the case may be, shall be fully subrogated to all rights of such Covered Person with respect to such payment and (y) the Corporation shall fully indemnify, reimburse and hold harmless such Principal Stockholder (or such other Affiliate), as the case may be, for all such payments actually made by such Principal Stockholder (or such other Affiliate).

12.7 Amendment or Repeal. Any amendment or repeal of the foregoing provisions of this Article 12 shall not adversely affect any right or protection hereunder of any Covered Person in respect of any act or omission occurring prior to the time of such amendment or repeal.

---

12.8 Other Indemnification and Prepayment of Expenses. This Article 12 shall not limit the right of the Corporation, to the extent and in the manner permitted by applicable law, to indemnify and to advance expenses to Persons other than Covered Persons when and as authorized by appropriate corporate action.

12.9 Reliance. Covered Persons who after the date of the adoption of this provision become or remain a Covered Person described in Article 12 will be conclusively presumed to have relied on the rights to indemnity, advance of expenses and other rights contained in this Article 12 in entering into or continuing the service. The rights to indemnification and to the advance of expenses conferred in this Article 12 will apply to claims made against any Covered Person described in Article 12 arising out of acts or omissions in respect of the Corporation or one of its subsidiaries that occurred or occur both prior and subsequent to the adoption hereof. The rights conferred upon Covered Persons in this Article 12 shall be contract rights and such rights shall continue as to a Covered Person who has ceased to be a Director or officer and shall inure to the benefit of the Covered Person's heirs, executors and administrators. Any amendment, alteration or repeal of this Article 12 that adversely affects any right of a Covered Person or its successors shall be prospective only and shall not limit, eliminate, or impair any such right with respect to any proceeding involving any occurrence or alleged occurrence of any action or omission to act that took place prior to such amendment or repeal.

12.10 Insurance. The Corporation may purchase and maintain insurance, at its expense, to protect itself and any Director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the General Corporation Law.

13. Adoption, Amendment or Repeal of By-Laws. In furtherance and not in limitation of the powers conferred by law, the Board is expressly authorized to make, alter, amend or repeal the By-laws subject to the power of the stockholders of the Corporation entitled to vote with respect thereto to make, alter, amend or repeal the By-laws; provided, that with respect to the powers of stockholders entitled to vote with respect thereto to make, alter, amend or repeal the By-laws, from and after the 40% Triggering Event, in addition to any other vote otherwise required by law, the affirmative vote of the holders of sixty-six and two-thirds percent (66 2/3%) of the total voting power of the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of Directors, voting together as a single class, shall be required to make, alter, amend or repeal the By-laws.

---

14. Adoption, Amendment and Repeal of Certificate. Subject to Article 5, the Corporation reserves the right to amend, alter, change or repeal any provision contained in this Amended Certificate of Incorporation, in the manner now or hereafter prescribed by the General Corporation Law, and all rights, preferences and privileges of whatsoever nature conferred upon stockholders, Directors or any other Persons whomsoever by and pursuant to this Amended Certificate of Incorporation in its present form or as hereafter amended, are granted and held subject to this reservation. Notwithstanding anything to the contrary contained in this Amended Certificate of Incorporation, and notwithstanding that a lesser percentage may be permitted from time to time by applicable law, no provision of Sections 7.2, 7.3 and 7.4 of Article 7, Section 8.1 and 8.2 of Article 8 or Article 9, 10, 12, 13, 13 or 15 may be altered, amended or repealed in any respect, nor may any provision or by-law inconsistent therewith be adopted, unless in addition to any other vote required by this Amended Certificate of Incorporation or otherwise required by law, (i) prior to the 40% Triggering Event, such alteration, amendment, repeal or adoption is approved by, in addition to any other vote otherwise required by law, the affirmative vote of the holders of a majority of the total voting power of the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of Directors, voting together as a single class, and (ii) from and after the 40% Triggering Event, such alteration, amendment, repeal or adoption is approved by, in addition to any other vote otherwise required by law, the affirmative vote of the holders of sixty-six and two-thirds percent (66 2/3%) of the total voting power of the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of Directors, voting together as a single class, at a meeting of the stockholders called for that purpose.

15. Forum for Adjudication of Disputes. Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or, if the Court of Chancery does not have jurisdiction, then another court of the State of Delaware or, if no court of the State of Delaware has jurisdiction, then the United States District Court for the District of Delaware) shall, to the fullest extent permitted by law, be the sole and exclusive forum for (a) any derivative action or proceeding brought on behalf of the Corporation, (b) any action asserting a claim of breach of a fiduciary duty owed by any director, officer, employee or stockholder of the Corporation to the Corporation or the Corporation's stockholders, creditors or other constituents, (c) any action asserting a claim arising pursuant to any provision of the General Corporation Law, this Amended Certificate of Incorporation or the By-laws (as either may be amended and/or restated from time to time) or (d) any action asserting a claim against the Corporation or any director or officer of the Corporation governed by the internal affairs doctrine; provided that for the avoidance of doubt, this provision, including for any "derivative action", will not apply to suits to enforce a duty or liability created by the Securities Act, the Exchange Act or other federal securities laws for which there is exclusive or concurrent federal and state jurisdiction. Unless the Corporation consents in writing to the selection of an alternative forum, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act.

16. Severability. If any provision or provisions of this Amended Certificate of Incorporation shall be held to be invalid, illegal or unenforceable as applied to any circumstance for any reason whatsoever: (i) the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Amended Certificate of Incorporation (including, without limitation, each portion of any paragraph of this Amended Certificate of Incorporation containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and (ii) to the fullest extent possible, the provisions of this Amended Certificate of Incorporation (including, without limitation, each such portion of any paragraph of this Amended Certificate of Incorporation containing any such provision held to be invalid, illegal or unenforceable) shall be construed so as to permit the Corporation to protect its Directors, officers, employees and agents from personal liability in respect of their good faith service to or for the benefit of the Corporation to the fullest extent permitted by law.

To be timely, the Notice of Business must be delivered personally or mailed to, and received at the executive office of the Corporation, addressed to the Secretary of the Corporation, by no earlier than 120 days and no later than 90 days before the first anniversary of the date of the prior year's annual meeting of stockholders; provided, however, that if (i) the annual meeting of stockholders is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the prior year's annual meeting of stockholders, (ii) no annual meeting was held during the prior year or (iii) in the case of the Corporation's first annual meeting of stockholders as a corporation with a class of equity security registered under the Securities Exchange Act of 1934 (the "Exchange Act"), the notice by the stockholder to be timely must be received (A) no earlier than 120 days before such annual meeting and (B) no later than the later of 90 days before such annual meeting and the tenth day after the day on which the notice of such annual meeting was first made by mail or Public Disclosure. Such affirmation, update and/or supplement must be delivered personally or mailed to, and received at the executive office of the Corporation, addressed to the Secretary of the Corporation, by no later than (x) five business days after the applicable date specified in clause (i) or (ii) of the foregoing sentence (in the case of the affirmation, update and/or supplement required to be made as of those dates), and (y) not later than seven business days before the date for the meeting (in the case of the affirmation, update and/or supplement required to be made as of ten business days before the meeting or reconvening any adjournment or postponement thereof).

(g) The person presiding over the meeting shall, if the facts warrant, determine and declare to the meeting, that business was not properly brought before the meeting in accordance with the procedures set forth in this ARTICLE II, Section 2. Any such business not properly brought before the meeting shall not be transacted.

(h) If the Proponent (or a qualified representative of the Proponent) does not appear at the meeting of stockholders to present the Stockholder Business such business shall not be transacted, notwithstanding that proxies in respect of such vote may have been received by the Corporation. For purposes of this ARTICLE II, Section 2, to be considered a qualified representative of the Proponent, a person must be a duly authorized officer, manager or partner of such stockholder or must be authorized by a writing executed by such Stockholder or an electronic transmission delivered by such stockholder to act for such stockholder as proxy at the meeting of stockholders and such person must produce such writing or electronic transmission, or a reliable reproduction of the writing or electronic transmission, at the meeting of stockholders.

(i) “Public Disclosure” of any date or other information means disclosure thereof by a press release reported by the Dow Jones News Services, Associated Press or comparable U.S. national news service or in a document publicly filed by the Corporation with the SEC pursuant to Sections 13, 14 or 15(d) of the Exchange Act.

(j) “Stockholder Associated Person” means with respect to any stockholder, (i) any other beneficial owner of stock of the Corporation that is owned by such stockholder and (ii) any person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the stockholder or such beneficial owner.

(k) “Control,” including the terms “controlling,” “controlled by” and “under common control with,” means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting stock, by contract, or otherwise. A person who is the owner of 20% or more of the outstanding voting stock of a corporation, partnership, unincorporated association or other entity shall be presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary. Notwithstanding the foregoing, a presumption of control shall not apply where such person holds voting stock, in good faith and not for the purpose of circumventing Article 9 of the Amended and Restated Certificate of Incorporation of the Corporation, as amended from time to time (the “Certificate of Incorporation”), as an agent, bank, broker, nominee, custodian or trustee for one or more owners who do not individually or as a group have control of such entity.

(l) The notice requirements of this ARTICLE II, Section 2 shall be deemed satisfied with respect to stockholder proposals that have been properly brought under Rule 14a-8 of the Exchange Act and that are included in a proxy statement that has been prepared by the Corporation to solicit proxies for such annual meeting. Further, nothing in this ARTICLE II, Section 2 shall be deemed to affect any rights of the holders of any series of preferred stock of the Corporation pursuant to any applicable provision of the Certificate of Incorporation.

Section 3           **Special Meetings.** Special meetings of the stockholders may be called only in the manner set forth in the Certificate of Incorporation. Business transacted at any special meeting of the stockholders shall be limited to the purposes stated in the notice.

Section 4           **Record Date.**

(a)           For the purpose of determining the stockholders entitled to notice of any meeting of stockholders or any adjournment thereof, unless otherwise required by the Certificate of Incorporation or applicable law, the Board may fix a record date (the “**Notice Record Date**”), which record date shall not precede the date on which the resolution fixing the record date was adopted by the Board and shall not be more than 60 or less than ten days before the date of such meeting. The Notice Record Date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board determines, at the time it fixes such Notice Record Date, that a later date on or before the date of the meeting shall be the date for making such determination (the “**Voting Record Date**”). Subject to ARTICLE II, Section 12, for the purposes of determining the stockholders entitled to express consent to corporate action in writing without a meeting, unless otherwise required by the Certificate of Incorporation or applicable law, the Board may fix a record date, which record date shall not precede the date on which the resolution fixing the record date was adopted by the Board and shall not be more than ten days after the date on which the record date was fixed by the Board. For the purposes of determining the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights, exercise any rights in respect of any change, conversion or exchange of stock or take any other lawful action, unless otherwise required by the Certificate of Incorporation or applicable law, the Board may fix a record date, which record date shall not precede the date on which the resolution fixing the record date was adopted by the Board and shall not be more than 60 days prior to such action.

(b)           Subject to ARTICLE II, Section 12, if no such record date is fixed by the Board:

(i)           The record date for determining stockholders entitled to notice of and to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held;

(ii)          The record date for determining stockholders entitled to express consent to corporate action in writing without a meeting (when permitted by, and unless otherwise provided in, the Certificate of Incorporation), when no prior action by the Board is required by applicable law, shall be the first day on which a signed written consent setting forth the action taken or proposed to be taken is delivered to the Corporation in accordance with applicable law; and when prior action by the Board is required by applicable law, the record date for determining stockholders entitled to express consent to corporate action in writing without a meeting shall be at the close of business on the date on which the Board takes such prior action; and

(iii) The record date for the purposes of determining the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights, exercise any rights in respect of any change, conversion or exchange of stock or take any other lawful action shall be at the close of business on the day on which the Board adopts the resolution relating thereto.

(c) When a determination of stockholders of record entitled to notice of or to vote at any meeting of stockholders has been made as provided in this ARTICLE II, Section 4, such determination shall apply to any adjournment thereof, unless the Board fixes a new Voting Record Date for the adjourned meeting, in which case the Board shall also fix such Voting Record Date or a date earlier than such date as the new Notice Record Date for the adjourned meeting.

Section 5 **Notice of Meetings of Stockholders.** Whenever under the provisions of applicable law, the Certificate of Incorporation or these By-laws, stockholders are required or permitted to take any action at a meeting, a notice of the meeting in the form of a writing or electronic transmission shall be given stating the place, if any, date and hour of the meeting, the means of remote communication, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such meeting, the Notice Record Date and the Voting Record Date, if such date is different from the Notice Record Date, and, in the case of a special meeting, the purposes for which the meeting is called. Unless otherwise provided by these By-laws or applicable law, notice of any meeting shall be given, not less than ten nor more than 60 days before the date of the meeting, to each stockholder entitled to vote at such meeting as of the Notice Record Date. If mailed, such notice shall be deemed to be given when deposited in the U.S. mail, with postage prepaid, directed to the stockholder at his or her address as it appears on the records of the Corporation. If given by electronic mail, such notice shall be deemed to be given when directed to such stockholder's electronic mail address unless the stockholder has notified the Corporation in writing or by electronic transmission of an objection to receiving notice by electronic mail or such notice is prohibited pursuant to the terms of the Delaware General Corporation Law (as amended from time to time, the "DGCL"). A notice by electronic mail must include a prominent legend that the communication is an important notice regarding the Corporation. An affidavit of the Secretary or the transfer agent of the Corporation that the notice required by this ARTICLE II, Section 5 has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. If a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place, if any, thereof, and the means of remote communication, if any, by which stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken. Any business that might have been transacted at the meeting as originally called may be transacted at the adjourned meeting. If, however, the adjournment is for more than 30 days, or if after the adjournment a new Notice Record Date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. If after the adjournment a new Voting Record Date is fixed for the adjourned meeting, the Board shall fix a new Notice Record Date in accordance with ARTICLE II, Section 4(c) hereof and shall give notice of such adjourned meeting to each stockholder entitled to vote at such meeting as of the Notice Record Date.

Section 6           **Waivers of Notice.** Whenever the giving of any notice to stockholders is required by applicable law, the Certificate of Incorporation or these By-laws, a written waiver, signed by the stockholder entitled to notice, or a waiver by electronic transmission by such stockholder, whether before or after the event as to which such notice is required, shall be deemed equivalent to notice. Attendance by a stockholder at a meeting shall constitute a waiver of notice of such meeting except when the stockholder attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business on the ground that the meeting has not been lawfully called or convened. Neither the business to be transacted at, nor the purposes of, any regular or special meeting of the stockholders need be specified in any waiver of notice.

Section 7           **List of Stockholders.** The Secretary shall prepare and make, at least ten days before every meeting of stockholders, a complete, alphabetical list of the stockholders entitled to vote at the meeting, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list may be examined by any stockholder, at the stockholder's expense, for any purpose germane to the meeting, for a period of at least ten days prior to the meeting, during ordinary business hours at the principal place of business of the Corporation or on a reasonably accessible electronic network as provided by applicable law. If the meeting is to be held at a place, the list shall also be produced and kept at the time and place of the meeting during the whole time thereof and may be inspected by any stockholder who is present. If the meeting is held solely by means of remote communication, the list shall also be open for inspection as provided by applicable law. Except as provided by applicable law, the stock ledger shall be the only evidence as to who are the stockholders entitled to examine the list of stockholders or to vote in person or by proxy at any meeting of stockholders.

Section 8           **Quorum of Stockholders; Adjournment.** Except as otherwise provided by these By-laws, the Certificate of Incorporation or the Stockholders Agreement (as defined in the Certificate of Incorporation) (as long as such agreement is in effect), at each meeting of stockholders, the presence in person or represented by proxy of the holders of a majority of the voting power of all outstanding shares of stock entitled to vote at the meeting of stockholders shall constitute a quorum for the transaction of any business at such meeting, except that when a separate vote by a class or series of shares is required, a quorum shall consist of no less than a majority of the voting power of all outstanding shares of stock of such class or series, as applicable. In the absence of a quorum, the person presiding over the meeting in accordance with ARTICLE II, Section 11 or, in the absence of such person, the holders of a majority of the voting power of the shares of stock present in person or represented by proxy at any meeting of stockholders, including an adjourned meeting, may adjourn such meeting to another time or place. Shares of its own stock belonging to the Corporation or to another corporation, if a majority of the shares entitled to vote in the election of directors of such other corporation is held, directly or indirectly, by the Corporation, shall neither be entitled to vote nor be counted for quorum purposes; provided, however, that the foregoing shall not limit the right of the Corporation to vote stock, including but not limited to its own stock, held by it in a fiduciary capacity.

Section 9 **Voting; Proxies.** At any meeting of stockholders, all matters other than the election of directors, except as otherwise provided by the Certificate of Incorporation, these By-laws, the Stockholders Agreement or any applicable law, shall be decided by the affirmative vote of a majority of the voting power of shares of stock present in person or represented by proxy and entitled to vote thereon. At all meetings of stockholders at which directors are to be elected and a quorum is present, a plurality of the votes cast by stockholders entitled to vote for the election of such directors shall be sufficient to elect such directors. Each stockholder entitled to vote at a meeting of stockholders may authorize another person or persons to act for such stockholder by proxy but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period. A proxy shall be irrevocable if it states that it is irrevocable and if, and only so long as, it is coupled with an interest sufficient in law to support an irrevocable power. A stockholder may revoke any proxy that is not irrevocable by attending the meeting and voting in person or by delivering to the Secretary a revocation of the proxy or by delivering a new duly authorized proxy bearing a later date.

Section 10 **Voting Procedures and Inspectors at Meetings of Stockholders.** The Board, in advance of any meeting of stockholders, shall appoint one or more inspectors, who may be employees of the Corporation, to act at the meeting and make a written report thereof. The Board may designate one or more persons as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting, the person presiding at the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. The inspectors shall (a) ascertain the number of shares outstanding and the voting power of each, (b) determine the shares represented at the meeting and the validity of proxies and ballots, (c) count all votes and ballots, (d) determine and retain for a reasonable period a record of the disposition of any challenges made to any determination by the inspectors and (e) certify their determination of the number of shares represented at the meeting and their count of all votes and ballots. The inspectors may appoint or retain other persons or entities to assist the inspectors in the performance of their duties. Unless otherwise provided by the Board, the date and time of the opening and the closing of the polls for each matter upon which the stockholders will vote at a meeting shall be determined by the person presiding at the meeting and shall be announced at the meeting. No ballot, proxies, votes or any revocation thereof or change thereto shall be accepted by the inspectors after the closing of the polls unless the Court of Chancery of the State of Delaware upon application by a stockholder shall determine otherwise. In determining the validity and counting of proxies and ballots cast at any meeting of stockholders, the inspectors may consider such information as is permitted by applicable law. No person who is a candidate for office at an election may serve as an inspector at such election.

Section 11 **Conduct of Meetings; Adjournment.** The Board may adopt such rules and procedures for the conduct of stockholder meetings as it deems appropriate. At each meeting of stockholders, any officer of the Corporation designated by the Board or, in the absence of such person, the Chief Executive Officer or, in the absence of the Chief Executive Officer, the Chair shall preside over the meeting. Except to the extent inconsistent with the rules and procedures as adopted by the Board, the person presiding over the meeting of stockholders shall have the right and authority to convene, adjourn and reconvene the meeting from time to time, to prescribe such additional rules and procedures and to do all such acts as, in the judgment of such person, are appropriate for the proper conduct of the meeting. Such rules and procedures, whether adopted by the Board or prescribed by the person presiding over the meeting, may include (a) the establishment of an agenda or order of business for the meeting, (b) rules and procedures for maintaining order at the meeting and the safety of those present, (c) limitations on attendance at or participation in the meeting to stockholders of record of the Corporation, their duly authorized and constituted proxies or such other persons as the person presiding over the meeting shall determine, (d) restrictions on entry to the meeting after the time fixed for the commencement thereof and (e) limitations on the time allotted to questions or comments by participants. Subject to any prior, contrary determination by the Board, the person presiding over any meeting of stockholders, in addition to making any other determinations that may be appropriate to the conduct of the meeting, may determine and declare to the meeting that a matter or business was not properly brought before the meeting and any such matter or business not properly brought before the meeting shall not be transacted or considered. Unless and to the extent determined by the Board or the person presiding over the meeting, meetings of stockholders shall not be required to be held in accordance with the rules of parliamentary procedure. The Secretary shall act as secretary of the meeting. If none of the officers above designated to act as the person presiding over the meeting or as secretary of the meeting shall be present, a person presiding over the meeting or a secretary of the meeting, as the case may be, shall be designated by the Board and, if the Board has not so acted, in the case of the designation of a person to act as secretary of the meeting, designated by the person presiding over the meeting.

Section 12 **Remote Meetings.** If authorized by the Board in its sole discretion, and subject to such guidelines and procedures as the Board may adopt, stockholders and proxyholders not physically present at a meeting of stockholders may, by means of remote communication:

(a) participate in a meeting of stockholders; and

(b) be deemed present in person and vote at a meeting of stockholders whether such meeting is to be held at a designated place or solely by means of remote communication; provided, that (i) the Corporation shall implement reasonable measures to verify that each person deemed present and permitted to vote at the meeting by means of remote communication is a stockholder or proxyholder, (ii) the Corporation shall implement reasonable measures to provide such stockholders and proxyholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the stockholders, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings, and (iii) if any stockholder or proxyholder votes or takes other action at the meeting by means of remote communication, a record of such vote or other action shall be maintained by the Corporation.

A stockholder nominating a person for election to the Board is referred to as the "Nominating Stockholder".

(c)            Subject to ARTICLE III, Section 3(k) and the Stockholders Agreement (as long as such agreement is in effect), all nominations of Stockholder Nominees must be made by timely written notice given by or on behalf of a stockholder of record of the Corporation (the "Notice of Nomination"). To be timely, the Notice of Nomination must be delivered personally or mailed to and received at the executive office of the Corporation, addressed to the attention of the Secretary of the Corporation, by the following dates:

(i)            in the case of the nomination of a Stockholder Nominee for election to the Board at an annual meeting of stockholders, no earlier than 120 days and no later than 90 days before the first anniversary of the date of the prior year's annual meeting of stockholders; provided, however, that if (A) the annual meeting of stockholders is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the prior year's annual meeting of stockholders, (B) no annual meeting was held during the prior year or (C) in the case of the Corporation's first annual meeting of stockholders as a corporation with a class of equity security registered under the Exchange Act, the notice by the stockholder to be timely must be received (1) no earlier than 120 days before such annual meeting and (2) no later than the later of 90 days before such annual meeting and the tenth day after the day on which the notice of such annual meeting was first made by mail or Public Disclosure, and

(ii) in the case of the nomination of a Stockholder Nominee for election to the Board at a special meeting of stockholders, no earlier than 120 days before and no later than the later of 90 days before such special meeting and the tenth day after the day on which the notice of such special meeting was first made by mail or Public Disclosure.

(d) Notwithstanding anything to the contrary, if the number of directors to be elected to the Board at a meeting of stockholders is increased and there is no Public Disclosure by the Corporation naming the nominees for the additional directorships at least 100 days before the first anniversary of the preceding year's annual meeting, a Notice of Nomination shall also be considered timely, but only with respect to nominees for the additional directorships, if it shall be delivered personally and received at the executive office of the Corporation, addressed to the attention of the Secretary of the Corporation, no later than the close of business on the tenth day following the day on which such Public Disclosure is first made by the Corporation.

(e) In no event shall an adjournment, postponement or deferral, or Public Disclosure of an adjournment, postponement or deferral, of an annual or special meeting commence a new time period (or extend any time period) for the giving of the Notice of Nomination.

(f) The Notice of Nomination shall set forth:

(i) the Stockholder Information with respect to each Nominating Stockholder and Stockholder Associated Person (except that references to the "Proponent" in ARTICLE II, Section 2(d)(i) to (iii) shall instead refer to the "Nominating Stockholder," and the disclosure required by ARTICLE II, Section 2(d)(iii)(C) may be omitted, for purposes of this ARTICLE III, Section 3(f)(i));

(ii) a representation that each Nominating Stockholder is a holder of record of stock of the Corporation entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose such nomination;

(iii) all information regarding each Stockholder Nominee and Stockholder Associated Person that would be required to be disclosed in a solicitation of proxies subject to Section 14 of the Exchange Act, the written consent of each Stockholder Nominee to being named in a proxy statement as a nominee and to serve if elected and a completed signed questionnaire, representation and agreement required by ARTICLE III, Section 4;

(iv) a description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships, between or among a Nominating Stockholder, Stockholder Associated Person or their respective associates, or others acting in concert therewith, including all information that would be required to be disclosed pursuant to Rule 404 promulgated under Regulation S-K if the Nominating Stockholder, Stockholder Associated Person or any person acting in concert therewith, were the "registrant" for purposes of such rule and the Stockholder Nominee were a director or executive of such registrant;

(v) a representation as to whether the Nominating Stockholders intends (A) to deliver a proxy statement and form of proxy to holders of at least the percentage of the Corporation's outstanding capital stock required to approve the nomination or (B) otherwise to solicit proxies from stockholders in support of such nomination;

(vi) all other information that would be required to be filed with the SEC if the Nominating Stockholders and Stockholder Associated Person were participants in a solicitation subject to Section 14 of the Exchange Act; and

(vii) a representation that the Nominating Stockholders shall provide any other information reasonably requested by the Corporation.

(g) The Nominating Stockholders shall also provide any other information reasonably requested from time to time by the Corporation within ten business days after each such request.

(h) In addition, the Nominating Stockholder shall affirm as true and correct the information provided to the Corporation in the Notice of Nomination or at the Corporation's request pursuant to ARTICLE III, Section 3(g) (and shall update or supplement such information as needed so that such information shall be true and correct) as of (i) the record date for the meeting, (ii) the date that is ten calendar days before the first anniversary date of the Corporation's proxy statement released to stockholders in connection with the previous year's annual meeting (in the case of an annual meeting) or 50 days before the date of the meeting (in the case of a special meeting) and (iii) the date that is ten business days before the date of the meeting or any adjournment or postponement thereof. Such affirmation, update and/or supplement must be delivered personally or mailed to, and received at the executive office of the Corporation, addressed to the Secretary of the Corporation, by no later than (1) five business days after the applicable date specified in clause (i) or (ii) of the foregoing sentence (in the case of the affirmation, update and/or supplement required to be made as of those dates), and (2) not later than seven business days before the date for the meeting (in the case of the affirmation, update and/or supplement required to be made as of ten business days before the meeting or reconvening any adjournment or postponement thereof).

(i) The person presiding over the meeting shall, if the facts warrant, determine and declare to the meeting, that the nomination was not made in accordance with the procedures set forth in this ARTICLE III, Section 3. Any such defective nomination shall be disregarded.

(j) If the Nominating Stockholder (or a qualified representative of the Nominating Stockholder) does not appear at the applicable stockholder meeting to nominate the Stockholder Nominees, such nomination shall be disregarded and such Stockholder Nominees shall not be qualified for election as Directors, notwithstanding that proxies in respect of such vote may have been received by the Corporation. For purposes of this ARTICLE III, Section 3, to be considered a qualified representative of the Nominating Stockholder, a person must be a duly authorized officer, manager or partner of such Nominating Stockholder or must be authorized by a writing executed by such Nominating Stockholder or an electronic transmission delivered by such Nominating Stockholder to act for such Nominating Stockholder as proxy at the meeting of stockholders and such person must produce such writing or electronic transmission, or a reliable reproduction of the writing or electronic transmission, at the meeting of stockholders.

(k) Nothing in this ARTICLE III, Section 3 shall be deemed to affect any rights of the holders of any series of preferred stock of the Corporation pursuant to any applicable provision of the Certificate of Incorporation.

Section 4 **Nominee Qualifications.** To be eligible to be a nominee for election or reelection as a director, the nominee must deliver (in accordance with the time periods prescribed for delivery of a Notice of Nomination under ARTICLE III, Section 3 (in the case of a Stockholder Nominee) or in accordance with any time periods required from time to time by any policy of the Board or Corporation generally applicable to all Directors (in the case of a person nominated by or at the direction of the Board or any committee thereof)) to the Secretary of the Corporation at the executive office of the Corporation (a) a completed and signed written questionnaire (in the form provided by the Secretary upon written request) with respect to the background and qualification of such person and the background of any other person or entity on whose behalf the nomination is being made, (b) information as necessary to permit the Board to determine if each such nominee (i) is independent under applicable listing standards, any applicable rules of the SEC and any publicly disclosed standards used by the Board in determining and disclosing the independence of the directors, (ii) is not or has not been, within the past three years, an officer or director of a competitor, as defined in Section 8 of the Clayton Antitrust Act of 1914, as amended, or (iii) is not a named subject of a pending criminal proceeding (excluding traffic violations and other minor offenses) or has been convicted in a criminal proceeding within the past ten years, (c) a written representation and agreement (in the form provided by the Secretary of the Corporation upon written request) that such person (i) is not and will not become a party to (A) any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person will act or vote as a Director on any issue or question (a "Voting Commitment") that has not been disclosed to the Corporation or (B) any Voting Commitment that could limit or interfere with such person's ability to comply with such person's fiduciary duties as a Director under applicable law, (ii) is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the Corporation with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a director that has not been disclosed to the Corporation, (iii) will comply with all applicable publicly disclosed corporate governance, conflict of interest, confidentiality and stock ownership and trading and other policies and guidelines of the Corporation that are applicable to directors and (iv) currently intends to serve as a director for the full term for which he or she is standing for election and (d) such person's written consent to being named as a nominee for election of a Director and to serving as a Director if elected; provided, however, that notwithstanding anything in these By-laws to the contrary, unless the Stockholders Agreement provides otherwise (as long as such agreement is in effect), the provisions of this ARTICLE III, Section 4 shall not apply to any Director nominated by the Stockholders (as such term is defined in the Stockholders Agreement) pursuant to the terms of the Stockholders Agreement.

Section 5           **Vacancies.** Any vacancy occurring on the Board shall be filled in the manner prescribed in the Certificate of Incorporation.

Section 6           **Regular Meetings.** Regular meetings of the Board shall be held at such dates, times and places as may be designated by the Chair of the Board or a majority of the members of the Board then in office. Notice of regular meetings need not be given if the date, times and places thereof are fixed by resolution of the Board.

Section 7           **Special Meetings.** Special meetings of the Board may be called by or at the request of the Chair of the Board, the Chief Executive Officer or a majority of the members of the Board then in office. The person or persons calling a special meeting of the Board may fix a place and time within or without the State of Delaware for holding such meeting.

Section 8           **Notice.** Notice of any regular meeting or special meeting shall be given to each director, either orally, by facsimile or other means of electronic communication or by hand delivery, addressed to each director at his or her address as it appears on the records of the Corporation. If notice be by facsimile or other means of electronic communication, such notice shall be deemed to be adequately delivered when the notice is transmitted at least 24 hours before such meeting. If by telephone or by hand delivery, the notice shall be given at least 24 hours prior to the time set for the meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board need be specified in the notice of such meeting.

Section 9           **Waiver of Notice.** Whenever the giving of any notice to directors is required by applicable law, the Certificate of Incorporation or these By-laws, a written waiver signed by the director, or a waiver by electronic transmission by such director, whether before or after such notice is required, shall be deemed equivalent to notice. Attendance by a director at a meeting shall constitute a waiver of notice of such meeting except when the director attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business on the ground that the meeting was not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special Board or Directors or committee meeting need be specified in any waiver of notice.

Section 10          **Organization.** At each meeting of the Board, the Chair or, in his or her absence, another Director selected by the Board shall preside. The Secretary shall act as secretary at each meeting of the Board. If the Secretary is absent from any meeting of the Board, the person presiding at the meeting may appoint any person to act as secretary of the meeting.

Section 11          **Quorum.** At all meetings of the Board, a majority of the total number of directors then in office shall constitute a quorum for the transaction of business; provided, however, that in no case shall a quorum consist of less than one-third of the total number of directors that the Corporation would have if there were no vacancies on the Board or unfilled newly-created directorships.

Section 12        **Adjourned Meetings.** A majority of the directors present at any meeting of the Board, including an adjourned meeting, whether or not a quorum is present, may adjourn and reconvene such meeting to another time and place. Notice of any adjourned meeting of the Board shall be given to each director whether or not present at the time of the adjournment; provided, however, that notice of the adjourned meeting need not be given if (a) the adjournment is for 24 hours or less and (b) the time, place, if any, and means of remote communication, if any, are announced at the meeting at which the adjournment is taken. Any business may be transacted at an adjourned meeting that might have been transacted at the meeting as originally called.

Section 13        **Action by Majority Vote.** Except as otherwise expressly required by these By-laws or the Certificate of Incorporation, and subject to the terms of the Stockholders Agreement (as long as such agreement is in effect), the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board.

Section 14        **Action Without Meeting.** Any action required or permitted to be taken at any meeting of the Board or of any committee thereof may be taken without a meeting if all members of the Board or such committee, as the case may be, consent thereto in writing or by electronic communication and such written consent or consents and copies of such communication or communications are filed with the minutes of proceedings of the Board or committee.

Section 15        **Action by Conference Telephone.** Members of the Board or any committee thereof may participate in a meeting of such Board or committee by means of a conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other at the same time, and such participation in a meeting shall constitute presence in person at such meeting.

Section 16        **Committees.** The provisions of this ARTICLE III, Section 16 are subject in all respects to the terms of the Stockholders Agreement (as long as such agreement is in effect). The Board may from time to time designate one or more committees of the Board in accordance with Section 141(c) of the DGCL. Unless the Board provides otherwise, at all meetings of such committee, a majority of the then authorized number of members of the committee shall constitute a quorum for the transaction of business, and the vote of a majority of the members of the committee present at any meeting at which there is a quorum shall be the act of the committee. Each committee shall keep regular minutes of its meetings. Unless the Board provides otherwise, each committee designated by the Board may make, alter and repeal rules and procedures for the conduct of its business. In the absence of such rules and procedures each committee shall conduct its business in the same manner as the Board conducts its business pursuant to this ARTICLE III.

Section 17        **Chair of the Board.** The Corporation may have, at the discretion of the Board, a Chair of the Board who shall be elected by the Board from their own numbers and shall preside as Chair at all meetings of the stockholders and of the Board. The Chair shall have such other powers and duties as provided in these By-laws and as the Board may from time to time prescribe.

## ARTICLE IV

### OFFICERS

Section 1 **Positions; Election.** The elected officers of the Corporation shall be chosen by the Board and may include a Chief Executive Officer, a President, a Chief Financial Officer, and a Secretary, all of whom shall be elected by the Board. All officers elected by the Board shall each have such powers and duties as generally pertain to their respective offices, subject to the specific provisions of this **ARTICLE IV**. Such officers shall also have such powers and duties as from time to time may be conferred by the Board or by any committee thereof. In addition, the Board or any committee thereof may from time to time elect, or the Chief Executive Officer may appoint, such other officers (including one or more Vice Presidents, Assistant Secretaries, Treasurers and Controllers) and such agents, as may be necessary or desirable for the conduct of the business of the Corporation. Any number of offices may be held by the same person. Such other officers and agents shall have such duties and shall hold their offices for such terms as shall be provided in these By-Laws or as may be prescribed by the Board or such committee or by the Chief Executive Officer, as the case may be.

Section 2 **Term of Office; Resignation; Removal.** Each officer of the Corporation shall hold office until such officer's successor is elected by the Board or until such officer's earlier death, resignation or removal. Any officer may resign at any time upon written notice to the Corporation. Such resignation shall take effect at the time of receipt of such notice or at such later time, or at such later time determined upon the happening of an event, as is therein specified. The resignation of an officer shall be without prejudice to the contract rights of the Corporation, if any. Any officer may be removed at any time with or without cause by the Board. Any vacancy occurring in any office of the Corporation may be filled by the Board. The election or appointment of an officer shall not of itself create contract rights.

Section 3 **Chief Executive Officer.** The Chief Executive Officer shall have general supervision over the business of the Corporation and other duties incident to the office of Chief Executive Officer, and any other duties as may from time to time be assigned to the Chief Executive Officer by the Board and subject to the control of the Board in each case.

Section 4 **President.** The President shall act in a general executive capacity and shall assist the Chief Executive Officer in the administration and operation of the Corporation's business and general supervision of its policies and affairs and shall, in general, perform all duties incident to the office of President of a corporation and such other duties as may from time to time be assigned to the President by the Board or the Chief Executive Officer.

Section 5 **Chief Financial Officer.** The Chief Financial Officer shall act in an executive financial capacity. The Chief Financial Officer shall assist the Chief Executive Officer and the President in the general supervision of the Corporation's financial policies and affairs. The Chief Financial Officer shall, in general, perform all duties incident to the office of Chief Financial Officer of a corporation and such other duties as may from time to time be assigned to the Chief Financial Officer by the Board or the Chief Executive Officer.

Section 6            **Secretary.** The Secretary shall record all the proceedings of the meetings of the Board and of the stockholders in a book to be kept for that purpose and perform like duties for committees of the Board, when required. The Secretary shall give, or cause to be given, notice of all special meetings of the Board and all meetings of the stockholders and, in general, perform all duties incident to the office of secretary of a corporation and such other duties as may from time to time be assigned to the Secretary by the Board or the Chief Executive Officer.

Section 7            **Actions with Respect to Securities of Other Entities.** All stock and other securities of other entities owned or held by the Corporation for itself, or for other parties in any capacity, shall be voted (including by written consent), and all proxies with respect thereto shall be executed, by the person or persons authorized to do so by resolution of the Board or, in the absence of such authorization, by the Chief Executive Officer, the President, the Chief Operating Officer, the Chief Financial Officer, the Secretary or the Treasurer. The authority granted herein may be exercised either by such person directly or by any other person authorized to do so by proxy or power of attorney duly executed by the person having such authority.

## ARTICLE V

### CERTIFICATES OF STOCK

Section 1            **Certificates Representing Shares.** The shares of stock of the Corporation shall be represented by certificates, provided that the Board may provide by resolution or resolutions that some or all of any or all classes or series of its stock shall be uncertificated shares. If shares are represented by certificates (if any) such certificates shall be in the form approved by the Board. Every holder of stock represented by certificates shall be entitled to have a certificate signed by, or in the name of, the Corporation by any two authorized officers of the Corporation. Any or all such signatures may be facsimiles. Although any officer, transfer agent or registrar whose manual or facsimile signature is affixed to such a certificate ceases to be such officer, transfer agent or registrar before such certificate has been issued, it may nevertheless be issued by the Corporation with the same effect as if such officer, transfer agent or registrar were still such at the date of its issue.

Section 2            **Transfer and Registry Agents.** The Corporation may from time to time maintain one or more transfer offices or agents and registry offices or agents at such place or places as may be determined from time to time by the Board.

Section 3            **Lost, Stolen or Destroyed Certificates.** The Corporation may issue a new certificate of stock in the place of any certificate theretofore issued by it, alleged to have been lost, stolen or destroyed, and the Corporation may require the owner of the lost, stolen or destroyed certificate or his legal representative to give the Corporation a bond sufficient to indemnify it against any claim that may be made against it on account of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate.

**ARTICLE VI**  
**GENERAL PROVISIONS**

Section 1           **Fiscal Year.** The fiscal year of the Corporation shall be established by the Board.

Section 2           **Seal.** The Corporation may have a corporate seal, which shall be in such form as may be approved from time to time by the Board. The seal may be used by causing it or a facsimile thereof to be impressed or affixed or otherwise reproduced.

Section 3           **Form of Records.** Any records administered by or on behalf of the Corporation in the regular course of its business, including its stock ledger, books of account, and minute books, may be kept on, or by means of, or be in the form of, any information storage device, method, or one or more electronic networks or databases (including one or more distributed electronic networks or databases); provided that the records so kept can be converted into clearly legible paper form within a reasonable time, and, with respect to the stock ledger, that the records so kept (i) can be used to prepare the list of stockholders specified in Sections 219 and 220 of the DGCL, (ii) record the information specified in Sections 156, 159, 217(a) and 218 of the DGCL and (iii) record transfers of stock as governed by Article 8 of the Uniform Commercial Code as enacted in the State of Delaware, 6 Del. C. §§8-101 et seq. The Corporation shall convert any records so kept into clearly legible paper form upon the request of any person entitled to inspect such records pursuant to any provision of the DGCL.

Section 4           **Conflict with Applicable Law or Certificate of Incorporation.** These By-laws are adopted subject to any applicable law and the Certificate of Incorporation. Whenever these By-laws may conflict with any applicable law or the Certificate of Incorporation, such conflict shall be resolved in favor of such law or the Certificate of Incorporation.

**ARTICLE VII**  
**AMENDMENTS**

Any alteration, amendment or repeal of these By-Laws may be made in the manner provided by the Certificate of Incorporation and applicable law, subject to the Stockholders Agreement (as long as such agreement is in effect).

SECTION 1.03 Terms Generally. The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation.” The word “will” shall be construed to have the same meaning and effect as the word “shall.” Unless the context requires otherwise, (a) any definition of or reference to any agreement (including this Agreement and the other Loan Documents), instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, amended and restated, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (b) any reference herein to any Person shall be construed to include such Person’s successors and assigns (subject to any restrictions on assignment set forth herein) and, in the case of any Governmental Authority, any other Governmental Authority that shall have succeeded to any or all functions thereof, (c) the words “herein,” “hereof” and “hereunder,” and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (d) all references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement and (e) the words “asset” and “property” shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights.

SECTION 1.04 Accounting Terms; GAAP.

(a) All accounting terms not specifically or completely defined herein shall be construed in conformity with, and all financial data (including financial ratios and other financial calculations) required to be submitted pursuant to this Agreement shall be prepared in conformity with, GAAP, applied in a manner consistent with that used in preparing the Audited Financial Statements, except as otherwise specifically prescribed herein. Notwithstanding any changes in GAAP after the Effective Date, any lease of the Borrower or the Subsidiaries, or of any other entity not consolidated with the Borrower and its Subsidiaries at the time of its incurrence of such lease, that would be characterized as an operating lease under GAAP in effect on the Effective Date (whether such lease is entered into before or after the Effective Date) shall not constitute Indebtedness or a Capital Lease Obligation of the Borrower or any Subsidiary under this Agreement or any other Loan Document as a result of such changes in GAAP.

(b) Notwithstanding anything to the contrary herein, for purposes of determining compliance with any test contained in this Agreement, the Total Net Leverage Ratio, the First Lien Net Leverage Ratio, the Secured Net Leverage Ratio and the Interest Coverage Ratio shall be calculated on a Pro Forma Basis to give effect to all Specified Transactions that have been made during the applicable period of measurement or subsequent to such period and prior to or simultaneously with the event for which the calculation is made; provided that, notwithstanding the foregoing, for purposes of the Financial Covenant set forth in Section 6.10 (but not any other provision of this Agreement that requires compliance with such covenant), any Specified Transaction that occurred subsequent to such period shall not be given pro forma effect.

(c) Notwithstanding anything to the contrary herein, for purposes of (i) determining compliance with any provision in this Agreement which requires the calculation of the First Lien Net Leverage Ratio, the Secured Net Leverage Ratio, the Total Net Leverage Ratio or the Interest Coverage Ratio, (ii) determining compliance with representations, warranties, defaults or events of default or (iii) testing availability under baskets set forth in this Agreement (including baskets measured as a percentage of Consolidated EBITDA or Consolidated Total Assets) (including, in each case with respect to the incurrence of Indebtedness under Section 2.20), in each case, in connection with a Limited Condition Transaction, and for the purpose of any Specified Transactions that may be consummated thereafter, at the option of the Borrower (the Borrower's election to exercise such option in connection with any Limited Condition Transaction, an "LCA Election"), the date of determination of whether any such Limited Condition Transaction is permitted hereunder, shall be deemed to be the date the definitive agreements for such Limited Condition Transaction is entered into (the "LCA Test Date"), and if, after giving pro forma effect to the Limited Condition Transaction and the other transactions to be entered into in connection therewith (including any incurrence of Indebtedness and the use of proceeds thereof) as if they had occurred at the beginning of the most recent test period ending prior to the LCA Test Date, the Borrower could have taken such action on the relevant LCA Test Date in compliance with such ratio or basket, such ratio or basket shall be deemed to have been complied with. For the avoidance of doubt, if the Borrower has made an LCA Election and any of the ratios or baskets for which compliance was determined or tested as of the LCA Test Date (including with respect to the incurrence of any Indebtedness) are exceeded as a result of fluctuations in any such ratio or basket (including due to fluctuations of the Person acquired in respect of any Limited Condition Transaction) at or prior to the consummation of the relevant transaction or action, such baskets or ratios will not be deemed to have been exceeded as a result of such fluctuations. If the Borrower has made an LCA Election for any Limited Condition Transaction, then in connection with any subsequent calculation of any ratio or basket on or following the relevant LCA Test Date and prior to the earlier of (1) the date on which such Limited Condition Transaction is consummated or (2) the date that the definitive agreement for such Limited Condition Transaction is terminated or expires without consummation of such Limited Condition Transaction (but not for purposes of calculating the Financial Covenant), any such ratio or basket shall be calculated on a Pro Forma Basis assuming such Limited Condition Transaction and other transactions in connection therewith (including any incurrence of Indebtedness and the use of proceeds thereof) have been consummated.

(d) Where reference is made to "Holdings, the Borrower and the Restricted Subsidiaries on a consolidated basis" or similar language, such consolidation shall not include any Subsidiaries of Holdings other than the Restricted Subsidiaries.

(e) In the event that Holdings elects to prepare its financial statements in accordance with IFRS and such election results in a change in the method of calculation of financial covenant, standards or terms (collectively, the “Accounting Changes”) in this Agreement, Holdings and the Administrative Agent agree to enter into good faith negotiations in order to amend such provisions of this Agreement (including the levels applicable herein to any computation of the Total Net Leverage Ratio, the First Lien Net Leverage Ratio, the Secured Net Leverage Ratio and the Interest Coverage Ratio) so as to reflect equitably the Accounting Changes with the desired result that the criteria for evaluating Holdings’ financial condition shall be substantially the same after such change as if such change had not been made. Until such time as such an amendment shall have been executed and delivered by Holdings, the Administrative Agent and the Required Lenders, all financial covenant, standards and terms in this Agreement shall continue to be calculated or construed in accordance with GAAP (as determined in good faith by a Responsible Officer of Holdings) (it being agreed that the reconciliation between GAAP and IFRS used in such determination shall be made available to Lenders) as if such change had not occurred.

(f) Each Lender and the Administrative Agent hereby acknowledges and agrees that Holdings and its Subsidiaries may be required to restate historical financial statements as the result of the implementation of changes in GAAP or IFRS, or the respective interpretation or application thereof, and that such restatements will not, solely as a result of such change in GAAP or IFRS (or such interpretation or application), result in a Default or an Event of Default under the Loan Documents.

SECTION 1.05 Effectuation of Transactions. All references herein to Holdings, the Borrower and their subsidiaries shall be deemed to be references to such Persons, and all the representations and warranties of Holdings, the Borrower and the other Loan Parties contained in this Agreement and the other Loan Documents shall be deemed made, in each case, after giving effect to the Acquisition and the other Transactions to occur on the Effective Date, unless the context otherwise requires.

SECTION 1.06 Currency Translation; Rates.

(a) Notwithstanding the foregoing, for purposes of any determination under Article V, Article VI or Article VII or any determination under any other provision of this Agreement expressly requiring the use of a current exchange rate, all amounts incurred, outstanding or proposed to be incurred or outstanding in currencies other than dollars shall be translated into dollars at the spot rate (rounded to the nearest currency unit, with 0.5 or more of a currency unit being rounded upward); provided, however, that for purposes of determining compliance with Article VI with respect to the amount of any Indebtedness, Investment, Disposition or Restricted Payment in a currency other than dollars, no Default or Event of Default shall be deemed to have occurred solely as a result of changes in rates of exchange occurring after the time such Indebtedness or Investment is incurred or Disposition or Restricted Payment made; provided, further, that, for the avoidance of doubt, the foregoing provisions of this Section 1.06 shall otherwise apply to such Sections, including with respect to determining whether any Indebtedness or Investment may be incurred or Disposition or Restricted Payment made at any time under such Sections. For purposes of any determination of Consolidated Total Net Debt, amounts in currencies other than dollars shall be translated into dollars at the currency exchange rates used in preparing the most recently delivered financial statements pursuant to Section 5.01(a) or Section 5.01(b). Each provision of this Agreement shall be subject to such reasonable changes of construction as the Administrative Agent may from time to time specify with Holdings’ consent (such consent not to be unreasonably withheld) to appropriately reflect a change in currency of any country and any relevant market conventions or practices relating to such change in currency.

(b) The Administrative Agent does not warrant, nor accept responsibility, nor shall the Administrative Agent have any liability with respect to the administration, submission or any other matter related to the rates in the definition of "LIBO Rate" or with respect to any comparable or successor rate thereto, except as expressly provided herein.

SECTION 1.07 Cashless Rollovers. Notwithstanding anything to the contrary contained in this Agreement or in any other Loan Document, to the extent that any Lender extends the maturity date of, or replaces, renews or refinances, any of its then-existing Loans with an Incremental Facility, Credit Agreement Refinancing Indebtedness or loans incurred under a new credit facility, in each case, to the extent such extension, replacement, renewal or refinancing is effected by means of a "cashless roll" by such Lender, such extension, replacement, renewal or refinancing shall be deemed to comply with any requirement hereunder or any other Loan Document that such payment be made "in Dollars", "in immediately available funds", "in Cash" or any other similar requirement.

SECTION 2.01 Commitments. Subject to the terms and conditions set forth herein, (a) each Term Lender agrees to make a Term Loan to the Borrower on the Effective Date denominated in dollars in a principal amount not exceeding its Term Commitment and (b) each Revolving Lender agrees to make Revolving Loans to the Borrower denominated in dollars from time to time during the Revolving Availability Period in an aggregate principal amount which will not result in such Lender's Revolving Exposure exceeding such Lender's Revolving Commitment. The Borrower may borrow, prepay and reborrow Revolving Loans. Amounts repaid or prepaid in respect of Term Loans may not be reborrowed.

### SECTION 2.02 Loans and Borrowings.

(a) Each Loan (other than a Swingline Loan) shall be made as part of a Borrowing consisting of Loans of the same Class and Type made by the Lenders ratably in accordance with their respective Commitments of the applicable Class. The failure of any Lender to make any Loan required to be made by it shall not relieve any other Lender of its obligations hereunder; provided that the Commitments of the Lenders are several and, other than as expressly provided herein with respect to a Defaulting Lender, no Lender shall be responsible for any other Lender's failure to make Loans as required hereby.

(b) Subject to Section 2.14, each Revolving Loan Borrowing and Term Loan Borrowing denominated in dollars shall be comprised entirely of ABR Loans or Eurocurrency Loans as the Borrower may request in accordance herewith; provided that all Borrowings made on the Effective Date must be made as ABR Borrowings unless the Borrower shall have given the notice required for a Eurocurrency Borrowing under Section 2.03 and provided an indemnity letter extending the benefits of Section 2.16 to Lenders in respect of such Borrowings. Each Swingline Loan shall be an ABR Loan. Each Lender at its option may make any Loan by causing any domestic or foreign branch or Affiliate of such Lender to make such Loan; provided that any exercise of such option shall not affect the obligation of the Borrower to repay such Loan in accordance with the terms of this Agreement.

(c) At the commencement of each Interest Period for any Eurocurrency Borrowing, such Borrowing shall be in an aggregate amount that is an integral multiple of the Borrowing Multiple and not less than the Borrowing Minimum; provided that a Eurocurrency Borrowing that results from a continuation of an outstanding Eurocurrency Borrowing may be in an aggregate amount that is equal to such outstanding Borrowing. At the time that each ABR Borrowing is made, such Borrowing shall be in an aggregate amount that is an integral multiple of the Borrowing Multiple and not less than the Borrowing Minimum. Each Swingline Loan shall be in an amount that is an integral multiple of the Borrowing Multiple and not less than the Borrowing Minimum. Borrowings of more than one Type and Class may be outstanding at the same time; provided that there shall not at any time be more than a total of 8 Eurocurrency Borrowings outstanding.

SECTION 2.03 Requests for Borrowings. To request a Revolving Loan Borrowing or Term Loan Borrowing, the Borrower shall notify the Administrative Agent of such request by telephone (a) in the case of a Eurocurrency Borrowing, not later than 2:00 p.m., New York City time, three Business Days before the date of the proposed Borrowing (or, in the case of any Eurocurrency Borrowing to be made on the Effective Date, such shorter period of time as may be agreed to by the Administrative Agent) or (b) in the case of an ABR Borrowing, not later than 12:00 noon, New York City time, on the date of the proposed Borrowing; provided that any such notice of an ABR Revolving Loan Borrowing to finance the reimbursement of an LC Disbursement as contemplated by Section 2.05(f) may be given not later than 10:00 a.m., New York City time, on the date of the proposed Borrowing. Each such telephonic Borrowing Request shall be irrevocable and shall be confirmed promptly by hand delivery or facsimile to the Administrative Agent of a written Borrowing Request signed by the Borrower. Each such telephonic and written Borrowing Request shall specify the following information:

- (i) whether the requested Borrowing is to be a Revolving Loan Borrowing, a Term Loan Borrowing or a Borrowing of any other Class (specifying the Class thereof);
- (ii) the aggregate amount of such Borrowing;
- (iii) the date of such Borrowing, which shall be a Business Day;
- (iv) whether such Borrowing is to be an ABR Borrowing or a Eurocurrency Borrowing;

(v) in the case of a Eurocurrency Borrowing, the initial Interest Period to be applicable thereto, which shall be a period contemplated by the definition of the term "Interest Period";

(vi) the location and number of the Borrower's account to which funds are to be disbursed, which shall comply with the requirements of Section 2.06, or, in the case of any ABR Revolving Loan Borrowing or Swingline Loan requested to finance the reimbursement of an LC Disbursement as provided in Section 2.05(f), the identity of the Issuing Bank that made such LC Disbursement; and

(vii) that, as of the date of such Borrowing, the conditions set forth in Section 4.02(a) and Section 4.02(b), to the extent applicable, are satisfied.

If no election as to the Type of Borrowing is specified as to any Borrowing, then the requested Borrowing shall be an ABR Borrowing. If no Interest Period is specified with respect to any requested Eurocurrency Borrowing, then the Borrower shall be deemed to have selected an Interest Period of one month's duration. Promptly following receipt of a Borrowing Request in accordance with this Section, the Administrative Agent shall advise each Lender of the applicable Class of the details thereof and of the amount of such Lender's Loan to be made as part of the requested Borrowing.

#### SECTION 2.04 Swingline Loans.

(a) Subject to the terms and conditions set forth herein (including Section 2.22), in reliance upon the agreements of the other Lenders set forth in this Section 2.04, the Swingline Lender agrees to make Swingline Loans to the Borrower from time to time during the Revolving Availability Period denominated in dollars in an aggregate principal amount at any time outstanding that will not result in (i) subject to Section 9.04(b)(ii), the Applicable Fronting Exposure of any Swingline Lender exceeding its Revolving Commitment, (ii) the aggregate Revolving Exposures exceeding the aggregate Revolving Commitments or (iii) the aggregate amount of Swingline Loans outstanding exceeding Swingline Sublimit; provided that the Swingline Lender shall be required to make a Swingline Loan to refinance an outstanding Swingline Loan. Within the foregoing limits and subject to the terms and conditions set forth herein, the Borrower may borrow, prepay and reborrow Swingline Loans.

(b) To request a Swingline Loan, the Borrower shall notify the Swingline Lender of such request (i) by telephone (confirmed in writing) or by email or facsimile (confirmed by telephone), not later than 2:00 p.m. New York City time on the day of such proposed Swingline Loan. Each such notice shall be irrevocable and shall specify the requested date (which shall be a Business Day), the amount of the requested Swingline Loan and (x) if the funds are not to be credited to a general deposit account of the Borrower maintained with the Swingline Lender because the Borrower is unable to maintain a general deposit account with the Swingline Lender under applicable Requirements of Law, the location and number of the Borrower's account to which funds are to be disbursed, which shall comply with Section 2.06 or (y) in the case of any ABR Revolving Loan Borrowing or Swingline Loan requested to finance the reimbursement of an LC Disbursement as provided in Section 2.05(f), the identity of the Issuing Bank that made such LC Disbursement. The Swingline Lender shall make each Swingline Loan available to the Borrower by means of a credit to the general deposit accounts of the Borrower maintained with the Swingline Lender for the Swingline Loan (or, in the case of a Swingline Loan made to finance the reimbursement of an LC Disbursement as provided in Section 2.05(f), by remittance to the applicable Issuing Bank) by 3:00 p.m., New York City time, on the requested date of such Swingline Loan. The Swingline Lender shall not be required to fund any Swingline Loan if any Lender is at that time a Defaulting Lender if, after giving effect to Section 2.22(a)(iv), any Defaulting Lender Fronting Exposure remains outstanding, unless the Swingline Lender has entered into arrangements, including the delivery of Cash Collateral, reasonably satisfactory to the Swingline Lender with the Borrower or such Lender to eliminate such Swingline Lender's Defaulting Lender Fronting Exposure.

(c) The Swingline Lender may by written notice given to the Administrative Agent not later than 12:00 noon, New York City time, on any Business Day require the Revolving Lenders to acquire participations on such Business Day in all or a portion of the Swingline Loans outstanding. Such notice shall specify the aggregate amount of Swingline Loans in which Revolving Lenders will participate. Promptly upon receipt of such notice, the Administrative Agent will give notice thereof to each Revolving Lender, specifying in such notice the Lender's Applicable Percentage of such Swingline Loan or Swingline Loans. Each Revolving Lender hereby absolutely and unconditionally agrees, upon receipt of notice as provided above, to pay to the Administrative Agent, for the account of the Swingline Lender, such Lender's Applicable Percentage of such Swingline Loan or Swingline Loans. Each Revolving Lender acknowledges and agrees that its obligation to acquire participations in Swingline Loans pursuant to this paragraph is absolute and unconditional and shall not be affected by any circumstance whatsoever, including the occurrence and continuance of a Default or any reduction or termination of the Revolving Commitments, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever. Each Revolving Lender shall comply with its obligation under this paragraph by wire transfer of immediately available funds, in the same manner as provided in Section 2.06 with respect to Loans made by such Lender (and Section 2.06 shall apply, mutatis mutandis, to the payment obligations of the Revolving Lenders pursuant to this paragraph), and the Administrative Agent shall promptly remit to the Swingline Lender the amounts so received by it from the Revolving Lenders. The Administrative Agent shall notify the Borrower of any participations in any Swingline Loan acquired pursuant to this paragraph, and thereafter payments in respect of such Swingline Loan shall be made to the Administrative Agent and not to the Swingline Lender. Any amounts received by the Swingline Lender from the Borrower (or other Person on behalf of the Borrower) in respect of a Swingline Loan after receipt by the Swingline Lender of the proceeds of a sale of participations therein shall be promptly remitted by the Swingline Lender to the Administrative Agent; any such amounts received by the Administrative Agent shall be promptly remitted by the Administrative Agent to the Revolving Lenders that shall have made their payments pursuant to this paragraph and to the Swingline Lender, as their interests may appear; provided that any such payment so remitted shall be repaid to the Swingline Lender or the Administrative Agent, as the case may be, and thereafter to the Borrower, if and to the extent such payment is required to be refunded to the Borrower for any reason. The purchase of participations in a Swingline Loan pursuant to this paragraph shall not relieve the Borrower of any default in the payment thereof.

(d) The Borrower may, at any time and from time to time, designate as additional Swingline Lenders one or more Revolving Lenders that agree to serve in such capacity as provided below. The acceptance by a Revolving Lender of an appointment as a Swingline Lender hereunder shall be evidenced by an agreement, which shall be in form and substance reasonably satisfactory to the Administrative Agent and the Borrower, executed by the Borrower, the Administrative Agent and such designated Swingline Lender, and, from and after the effective date of such agreement, (i) such Revolving Lender shall have all the rights and obligations of a Swingline Lender under this Agreement and (ii) references herein to the term "Swingline Lender" shall be deemed to include such Revolving Lender in its capacity as a lender of Swingline Loans hereunder.

(e) The Borrower may terminate the appointment of any Swingline Lender as a "Swingline Lender" hereunder by providing a written notice thereof to such Swingline Lender, with a copy to the Administrative Agent. Any such termination shall become effective upon the earlier of (i) such Swingline Lender's acknowledging receipt of such notice and (ii) the fifth Business Day following the date of the delivery thereof; provided that no such termination shall become effective until and unless the Swingline Exposure of such Swingline Lender shall have been reduced to zero. Notwithstanding the effectiveness of any such termination, the terminated Swingline Lender shall remain a party hereto and shall continue to have all the rights of a Swingline Lender under this Agreement with respect to Swingline Loans made by it prior to such termination, but shall not make any additional Swingline Loans.

SECTION 2.05      Letters of Credit.

(a) General. Subject to the terms and conditions set forth herein (including Section 2.22), each Issuing Bank agrees, in reliance upon agreement of the Revolving Lenders set forth in this Section 2.05, to issue Letters of Credit denominated in dollars for the Borrower's own account (or for the account of any Subsidiary so long as the Borrower and such other Subsidiary are co-applicants in respect of such Letter of Credit), in a form reasonably acceptable to the Administrative Agent and the applicable Issuing Bank, which shall reflect the standard operating procedures of such Issuing Bank, at any time and from time to time during the Revolving Availability Period and prior to the fifth Business Day prior to the Revolving Maturity Date. In the event of any inconsistency between the terms and conditions of this Agreement and the terms and conditions of any form of letter of credit application or other agreement submitted by the Borrower to, or entered into by the Borrower with, the applicable Issuing Bank relating to any Letter of Credit, the terms and conditions of this Agreement shall control.

(b) Issuance, Amendment, Renewal, Extension; Certain Conditions. To request the issuance of a Letter of Credit (or the amendment, renewal or extension of an outstanding Letter of Credit), the Borrower shall deliver in writing by hand delivery or facsimile (or transmit by electronic communication, if arrangements for doing so have been approved by the recipient) to the applicable Issuing Bank and the Administrative Agent (at least five Business Days before the requested date of issuance, amendment, renewal or extension or such shorter period as the applicable Issuing Bank and the Administrative Agent may agree) a notice requesting the issuance of a Letter of Credit, or identifying the Letter of Credit to be amended, renewed or extended, and specifying the date of issuance, amendment, renewal or extension (which shall be a Business Day), the date on which such Letter of Credit is to expire (which shall comply with paragraph (d) of this Section), the amount of such Letter of Credit, the name and address of the beneficiary thereof and such other information as shall be necessary to prepare, amend, renew or extend such Letter of Credit. If requested by the applicable Issuing Bank, the Borrower also shall submit a letter of credit application on such Issuing Bank's standard form in connection with any request for a Letter of Credit. A Letter of Credit shall be issued, amended, renewed or extended only if (and upon issuance, amendment, renewal or extension of any Letter of Credit the Borrower shall be deemed to represent and warrant that), after giving effect to such issuance, amendment, renewal or extension, (i) subject to Section 9.04(b)(ii), the Applicable Fronting Exposure of each Issuing Bank shall not exceed its Revolving Commitment, (ii) the aggregate Revolving Exposures shall not exceed the aggregate Revolving Commitments and (iii) the aggregate LC Exposure shall not exceed the Letter of Credit Sublimit. No Issuing Bank shall be under any obligation to issue any Letter of Credit if (i) any order, judgment or decree of any Governmental Authority or arbitrator shall enjoin or restrain such Issuing Bank from issuing the Letter of Credit, or any law applicable to such Issuing Bank any directive (whether or not having the force of law) from any Governmental Authority with jurisdiction over such Issuing Bank shall prohibit the issuance of letters of credit generally or the Letter of Credit in particular or shall impose upon such Issuing Bank with respect to the Letter of Credit any restriction, reserve or capital requirement (for which such Issuing Bank is not otherwise compensated hereunder) not in effect on the Effective Date, or shall impose upon such Issuing Bank any unreimbursed loss, cost or expense which was not applicable on the Effective Date and which such Issuing Bank in good faith deems material to it, (ii) except as otherwise agreed by the Administrative Agent and the such Issuing Bank, the Letter of Credit is in an initial stated amount less than \$100,000, in the case of a commercial Letter of Credit, or \$500,000, in the case of a standby Letter of Credit or (iii) any Lender is at that time a Defaulting Lender, if after giving effect to Section 2.22(a)(iv), any Defaulting Lender Fronting Exposure remains outstanding, unless such Issuing Bank has entered into arrangements, including the delivery of Cash Collateral, reasonably satisfactory to such Issuing Bank with the Borrower or such Lender to eliminate such Issuing Bank's Defaulting Lender Fronting Exposure arising from either the Letter of Credit then proposed to be issued or such Letter of Credit and all other LC Exposure as to which such Issuing Bank has Defaulting Lender Fronting Exposure.

(c) Notice. Each Issuing Bank agrees that it shall not permit any issuance, amendment, renewal or extension of a Letter of Credit to occur unless it shall have given to the Administrative Agent written notice thereof required under paragraph (m) of this Section.

(d) Expiration Date. Each Letter of Credit shall expire at or prior to the close of business on the earlier of (i) the date that is one year after the date of the issuance of such Letter of Credit (or, in the case of any renewal or extension thereof, one year after such renewal or extension) and (ii) the date that is five Business Days prior to the Revolving Maturity Date; provided that if such expiry date is not a Business Day, such Letter of Credit shall expire at or prior to the close of business on the next succeeding Business Day; provided, further, that any Letter of Credit may, upon the request of the Borrower, include a provision whereby such Letter of Credit shall be renewed automatically for additional consecutive periods of one year or less (but not beyond the date that is five Business Days prior to the Revolving Maturity Date, unless Borrower delivers Cash Collateral or other credit support pursuant to arrangements reasonably satisfactory to such Issuing Bank) unless the applicable Issuing Bank notifies the beneficiary thereof within the time period specified in such Letter of Credit or, if no such time period is specified, at least 30 days prior to the then-applicable expiration date, that such Letter of Credit will not be renewed.

(e) Participations. By the issuance of a Letter of Credit (or an amendment to a Letter of Credit increasing the amount thereof) and without any further action on the part of the Issuing Bank that is the issuer thereof or the Lenders, such Issuing Bank hereby grants to each Revolving Lender, and each Revolving Lender hereby acquires from such Issuing Bank, a participation in such Letter of Credit equal to such Revolving Lender's Applicable Percentage of the aggregate amount available to be drawn under such Letter of Credit. In consideration and in furtherance of the foregoing, each Revolving Lender hereby absolutely and unconditionally agrees to pay to the Administrative Agent, for the account of such Issuing Bank, such Revolving Lender's Applicable Percentage of each LC Disbursement made by such Issuing Bank and not reimbursed by the Borrower on the date due as provided in paragraph (f) of this Section in the currency of such LC Disbursement, or of any reimbursement payment required to be refunded to the Borrower for any reason. Each Revolving Lender acknowledges and agrees that its obligation to acquire participations pursuant to this paragraph in respect of Letters of Credit is absolute and unconditional and shall not be affected by any circumstance whatsoever, including any amendment, renewal or extension of any Letter of Credit or the occurrence and continuance of a Default or any reduction or termination of the Revolving Commitments, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever.

(f) Reimbursement. If an Issuing Bank shall make any LC Disbursement in respect of a Letter of Credit, the Borrower shall reimburse such LC Disbursement by paying to the Administrative Agent an amount equal to such LC Disbursement not later than 4:00 p.m., New York City time, on the Business Day immediately following the day that the Borrower receives notice of such LC Disbursement; provided that, if such LC Disbursement is not less than the Dollar Equivalent of \$1,000,000, the Borrower may, subject to the conditions to borrowing set forth herein, request in accordance with Section 2.03 or Section 2.04 that such payment be financed with an ABR Revolving Loan Borrowing or a Swingline Loan, in each case in an equivalent amount, and, to the extent so financed, the Borrower's obligation to make such payment shall be discharged and replaced by the resulting ABR Revolving Loan Borrowing or Swingline Loan. If the Borrower fails to make such payment when due, the Administrative Agent shall notify each Revolving Lender of the applicable LC Disbursement, the payment then due from the Borrower in respect thereof and such Revolving Lender's Applicable Percentage thereof. Promptly following receipt of such notice, each Revolving Lender shall pay to the Administrative Agent its Applicable Percentage of the payment then due from the Borrower, in dollars and in the same manner as provided in Section 2.06 with respect to Loans made by such Lender (and Section 2.06 shall apply, mutatis mutandis, to the payment obligations of the Revolving Lenders pursuant to this paragraph), and the Administrative Agent shall promptly remit to the applicable Issuing Bank the amounts so received by it from the Revolving Lenders. Promptly following receipt by the Administrative Agent of any payment from the Borrower pursuant to this paragraph, the Administrative Agent shall distribute such payment to the applicable Issuing Bank or, to the extent that Revolving Lenders have made payments pursuant to this paragraph to reimburse such Issuing Bank, then to such Revolving Lenders and such Issuing Bank as their interests may appear. Any payment made by a Revolving Lender pursuant to this paragraph to reimburse any Issuing Bank for any LC Disbursement (other than the funding of ABR Revolving Loans or a Swingline Loan as contemplated above) shall not constitute a Loan and shall not relieve the Borrower of its obligation to reimburse such LC Disbursement.

(g) Obligations Absolute. The Borrower's obligation to reimburse LC Disbursements as provided in paragraph (f) of this Section is absolute, unconditional and irrevocable, and shall be performed strictly in accordance with the terms of this Agreement under any and all circumstances whatsoever and irrespective of (i) any lack of validity or enforceability of any Letter of Credit or this Agreement, or any term or provision therein, (ii) any draft or other document presented under a Letter of Credit proving to be forged, fraudulent or invalid in any respect or any statement therein being untrue or inaccurate in any respect, (iii) payment by an Issuing Bank under a Letter of Credit against presentation of a draft or other document that does not comply with the terms of such Letter of Credit or (iv) any other event or circumstance whatsoever, whether or not similar to any of the foregoing, that might, but for the provisions of this Section, constitute a legal or equitable discharge of, or provide a right of setoff against, the Borrower's obligations hereunder. None of the Administrative Agent, the Lenders, the Issuing Banks or any of their Affiliates shall have any liability or responsibility by reason of or in connection with the issuance or transfer of any Letter of Credit or any payment or failure to make any payment thereunder (irrespective of any of the circumstances referred to in the preceding sentence), or any error, omission, interruption, loss or delay in transmission or delivery of any draft, notice or other communication under or relating to any Letter of Credit (including any document required to make a drawing thereunder), any error in interpretation of technical terms or any consequence arising from causes beyond the control of the Issuing Banks; provided that the foregoing shall not be construed to excuse any Issuing Bank from liability to the Borrower to the extent of any direct damages (as opposed to consequential or punitive damages, claims in respect of which are hereby waived by the Borrower to the extent permitted by applicable law) suffered by the Borrower that are caused by such Issuing Bank's failure to exercise care when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof. The parties hereto expressly agree that, in the absence of gross negligence or willful misconduct on the part of any Issuing Bank (as determined by a court of competent jurisdiction in a final, nonappealable judgment), such Issuing Bank shall be deemed to have exercised care in each such determination. In furtherance of the foregoing and without limiting the generality thereof, the parties agree that, with respect to documents presented that appear on their face to be in substantial compliance with the terms of a Letter of Credit, an Issuing Bank may, in its sole discretion, either accept and make payment upon such documents without responsibility for further investigation, regardless of any notice or information to the contrary, or refuse to accept and make payment upon such documents if such documents are not in strict compliance with the terms of such Letter of Credit, and any such acceptance or refusal shall be deemed not to constitute gross negligence or willful misconduct.

(h) Disbursement Procedures. Each Issuing Bank shall, promptly following its receipt thereof, examine all documents purporting to represent a demand for payment under a Letter of Credit. Each Issuing Bank shall promptly notify the Administrative Agent and the Borrower by telephone (confirmed by hand delivery or facsimile) of such demand for payment and whether such Issuing Bank has made or will make an LC Disbursement thereunder; provided that any failure to give or delay in giving such notice shall not relieve the Borrower of its obligation to reimburse such Issuing Bank and the Revolving Lenders with respect to any such LC Disbursement in accordance with paragraph (f) of this Section.

(i) Interim Interest. If an Issuing Bank shall make any LC Disbursement, then, unless the Borrower shall reimburse such LC Disbursement in full on the date such LC Disbursement is made, the unpaid amount thereof shall bear interest, for each day from and including the date such LC Disbursement is made to but excluding the date that the Borrower reimburses such LC Disbursement, at the rate per annum then applicable to in the case of an LC Disbursement denominated in dollars, ABR Revolving Loans; provided that, if the Borrower fails to reimburse such LC Disbursement when due pursuant to paragraph (f) of this Section, then Section 2.13(c) shall apply. Interest accrued pursuant to this paragraph shall be paid to the Administrative Agent, for the account of the applicable Issuing Bank, except that interest accrued on and after the date of payment by any Revolving Lender pursuant to paragraph (f) of this Section to reimburse such Issuing Bank shall be for the account of such Lender to the extent of such payment and shall be payable on demand or, if no demand has been made, on the date on which the Borrower reimburses the applicable LC Disbursement in full.

(j) Cash Collateralization. If any Event of Default under clause (a), (b), (h) or (i) of Section 7.01 shall occur and be continuing, on the Business Day on which the Borrower receives notice from the Administrative Agent or the Required Lenders (or, if the maturity of the Loans has been accelerated, Revolving Lenders with LC Exposure representing more than 50.0% of the aggregate LC Exposure of all Revolving Lenders) demanding the deposit of Cash Collateral pursuant to this paragraph, the Borrower shall deposit in an account with the Administrative Agent, in the name of the Administrative Agent and for the benefit of the Lenders, an amount of cash in dollars equal to the Dollar Equivalent of the portions of the LC Exposure attributable to Letters of Credit, as of such date plus any accrued and unpaid interest thereon; provided that the obligation to deposit such Cash Collateral shall become effective immediately, and such deposit shall become immediately due and payable, without demand or other notice of any kind, upon the occurrence of any Event of Default with respect to the Borrower described in clause (h) or (i) of Section 7.01. The Borrower also shall deposit Cash Collateral pursuant to this paragraph as and to the extent required by Section 2.11(b). Each such deposit shall be held by the Administrative Agent as collateral for the payment and performance of the obligations of the Borrower under this Agreement. At any time that there shall exist a Defaulting Lender, if any Defaulting Lender Fronting Exposure remains outstanding (after giving effect to Section 2.22(a)(iv)), then promptly upon the request of the Administrative Agent, the Issuing Bank or the Swingline Lender, the Borrower shall deliver to the Administrative Agent Cash Collateral in an amount sufficient to cover such Defaulting Lender Fronting Exposure (after giving effect to any Cash Collateral provided by the Defaulting Lender). The Administrative Agent shall have exclusive dominion and control, including the exclusive right of withdrawal, over such account. Other than any interest earned on the investment of such deposits, which investments shall be made at the option and sole discretion of the Administrative Agent in Permitted Investments and at the Borrower's risk and expense, such deposits shall not bear interest. Interest or profits, if any, on such investments shall accumulate in such account. Moneys in such account shall be applied by the Administrative Agent to reimburse the Issuing Banks for LC Disbursements for which they have not been reimbursed and, to the extent not so applied, shall be held for the satisfaction of the reimbursement obligations of the Borrower for the LC Exposure at such time or, if the maturity of the Loans has been accelerated (but subject to the consent of Revolving Lenders with LC Exposure representing more than 50.0% of the aggregate LC Exposure of all the Revolving Lenders), be applied to satisfy other obligations of the Borrower under this Agreement in accordance with the terms of the Loan Documents. If the Borrower is required to provide an amount of Cash Collateral hereunder as a result of the occurrence of an Event of Default or the existence of a Defaulting Lender, such amount (to the extent not applied as aforesaid) shall be returned to the Borrower within three Business Days after all Events of Default have been cured or waived or after the termination of Defaulting Lender status, as applicable. If the Borrower is required to provide an amount of Cash Collateral hereunder pursuant to Section 2.11(b), such amount (to the extent not applied as aforesaid) shall be returned to the Borrower as and to the extent that, after giving effect to such return, the Borrower would remain in compliance with Section 2.11(b) and no Event of Default shall have occurred and be continuing.

(k) Designation of Additional Issuing Banks. The Borrower may, at any time and from time to time, designate as additional Issuing Banks one or more Revolving Lenders that agree to serve in such capacity as provided below. The acceptance by a Revolving Lender of an appointment as an Issuing Bank hereunder shall be evidenced by an agreement, which shall be in form and substance reasonably satisfactory to the Administrative Agent and the Borrower, executed by the Borrower, the Administrative Agent and such designated Revolving Lender and, from and after the effective date of such agreement, (i) such Revolving Lender shall have all the rights and obligations of an Issuing Bank under this Agreement and (ii) references herein to the term "Issuing Bank" shall be deemed to include such Revolving Lender in its capacity as an issuer of Letters of Credit hereunder.

(l) Termination of an Issuing Bank. The Borrower may terminate the appointment of any Issuing Bank as an "Issuing Bank" hereunder by providing a written notice thereof to such Issuing Bank, with a copy to the Administrative Agent. Any such termination shall become effective upon the earlier of (i) such Issuing Bank's acknowledging receipt of such notice and (ii) the fifth Business Day following the date of the delivery thereof; provided that no such termination shall become effective until and unless the LC Exposure attributable to Letters of Credit issued by such Issuing Bank (or its Affiliates) shall have been reduced to zero. At the time any such termination shall become effective, the Borrower shall pay all unpaid fees accrued for the account of the terminated Issuing Bank pursuant to Section 2.12(b). Notwithstanding the effectiveness of any such termination, the terminated Issuing Bank shall remain a party hereto and shall continue to have all the rights of an Issuing Bank under this Agreement with respect to Letters of Credit issued by it prior to such termination, but shall not issue any additional Letters of Credit.

(m) Issuing Bank Reports to the Administrative Agent. Unless otherwise agreed by the Administrative Agent, each Issuing Bank shall, in addition to its notification obligations set forth elsewhere in this Section, report in writing to the Administrative Agent (i) periodic activity (for such period or recurrent periods as shall be requested by the Administrative Agent) in respect of Letters of Credit issued by such Issuing Bank, including all issuances, extensions, amendments and renewals, all expirations and cancellations and all disbursements and reimbursements, (ii) within five Business Days following the time that such Issuing Bank issues, amends, renews or extends any Letter of Credit, the date of such issuance, amendment, renewal or extension, and the currency and face amount of the Letters of Credit issued, amended, renewed or extended by it and outstanding after giving effect to such issuance, amendment, renewal or extension (and whether the amounts thereof shall have changed), (iii) on each Business Day on which such Issuing Bank makes any LC Disbursement, the date, currency and amount of such LC Disbursement, (iv) on any Business Day on which the Borrower fails to reimburse an LC Disbursement required to be reimbursed to such Issuing Bank on such day, the date of such failure and amount of such LC Disbursement and (v) on any other Business Day, such other information as the Administrative Agent shall reasonably request as to the Letters of Credit issued by such Issuing Bank.

SECTION 2.06      Funding of Borrowings.

(a) Each Lender shall make each Loan to be made by it hereunder on the proposed date thereof by wire transfer of immediately available funds in U.S. dollars by 2:00 p.m., New York City time, to the Applicable Account of the Administrative Agent most-recently designated by it for such purpose by notice to the Lenders; provided that Swingline Loans shall be made as provided in Section 2.04. The Administrative Agent will make such Loans available to the Borrower by promptly crediting the amounts so received, in like funds, to an account of the Borrower maintained with the Administrative Agent in New York City and designated by the Borrower in the applicable Borrowing Request; provided that ABR Revolving Loans made to finance the reimbursement of an LC Disbursement as provided in Section 2.05(f) shall be remitted by the Administrative Agent to the applicable Issuing Bank or, to the extent that Revolving Lenders have made payments pursuant to Section 2.05(f) to reimburse such Issuing Bank, then to such Lenders and such Issuing Bank as their interests may appear.

(b) Unless the Administrative Agent shall have received notice from a Lender prior to the proposed date of any Borrowing that such Lender will not make available to the Administrative Agent such Lender's share of such Borrowing, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with paragraph (a) of this Section and may, in reliance on such assumption and in its sole discretion, make available to the Borrower a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender agrees to pay to the Administrative Agent an amount equal to such share on demand of the Administrative Agent. If such Lender does not pay such corresponding amount forthwith upon demand of the Administrative Agent therefor, the Administrative Agent shall promptly notify the Borrower, and the Borrower agrees to pay such corresponding amount to the Administrative Agent forthwith on demand. The Administrative Agent shall also be entitled to recover from such Lender or Borrower interest on such corresponding amount, for each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent, at (i) in the case of such Lender, if such Borrowing is denominated in dollars, the greater of the Federal Funds Effective Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation, the rate reasonably determined by the Administrative Agent to be its cost of funding such amount or (ii) in the case of the Borrower, the interest rate applicable to such Borrowing in accordance with Section 2.13. If such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender's Loan included in such Borrowing.

(c) The obligations of the Lenders hereunder to make Term Loans and Revolving Loans, to fund participations in Letters of Credit and Swingline Loans and to make payments pursuant to Section 9.03(c) are several and not joint. The failure of any Lender to make any Loan, to fund any such participation or to make any payment under Section 9.03(c) on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and, other than as expressly provided herein with respect to a Defaulting Lender, no Lender shall be responsible for the failure of any other Lender to so make its Loan, to purchase its participation or to make its payment under Section 9.03(c).

SECTION 2.07      Interest Elections.

(a) Each Revolving Loan Borrowing and Term Loan Borrowing initially shall be of the Type specified in the applicable Borrowing Request or designated by Section 2.03 and, in the case of a Eurocurrency Borrowing, shall have an initial Interest Period as specified in such Borrowing Request or designated by Section 2.03. Thereafter, the Borrower may elect to convert such Borrowing to a different Type or to continue such Borrowing and, in the case of a Eurocurrency Borrowing, may elect Interest Periods therefor, all as provided in this Section. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders holding the Loans comprising such Borrowing, and the Loans comprising each such portion shall be considered a separate Borrowing. This Section shall not apply to Swingline Loans, which may not be converted or continued.

(b) To make an election pursuant to this Section, the Borrower shall notify the Administrative Agent of such election by telephone by the time that a Revolving Loan Borrowing Request would be required under Section 2.03 if the Borrower were requesting a Borrowing of the Type resulting from such election to be made on the effective date of such election. Each such telephonic Interest Election Request shall be irrevocable and confirmed promptly by hand delivery, facsimile or other electronic transmission to the Administrative Agent of a written Interest Election Request signed by the Borrower.

(c) Each telephonic and written Interest Election Request shall specify the following information in compliance with Section 2.03:

(i) the Borrowing to which such Interest Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to clauses (iii) and (iv) below shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Election Request, which shall be a Business Day;

(iii) whether the resulting Borrowing is to be an ABR Borrowing (solely to the extent such Borrowing is denominated in dollars) or a Eurocurrency Borrowing; and

(iv) if the resulting Borrowing is to be a Eurocurrency Borrowing, the Interest Period to be applicable thereto after giving effect to such election, which shall be a period contemplated by the definition of the term "Interest Period."

If any such Interest Election Request requests a Eurocurrency Borrowing but does not specify an Interest Period, then the Borrower shall be deemed to have selected an Interest Period of one month's duration.

(d) Promptly following receipt of an Interest Election Request in accordance with this Section, the Administrative Agent shall advise each Lender of the applicable Class of the details thereof and of such Lender's portion of each resulting Borrowing.

(e) If the Borrower fails to deliver a timely Interest Election Request with respect to a Eurocurrency Borrowing prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to an ABR Borrowing. Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the request of the Required Lenders, so notifies the Borrower, then, so long as an Event of Default is continuing (i) no outstanding Borrowing may be converted to or continued as a Eurocurrency Borrowing and (ii) unless repaid, each Eurocurrency Borrowing shall be converted to an ABR Borrowing.

#### SECTION 2.08 Termination and Reduction of Commitments.

(a) Unless previously terminated, (i) the Term Commitments shall terminate at 5:00 p.m., New York City time, on the Effective Date and (ii) the Revolving Commitments shall terminate on the Revolving Maturity Date.

(b) The Borrower may at any time terminate, or from time to time reduce, the Commitments of any Class; provided that (i) each reduction of the Commitments of any Class shall be in an amount that is an integral multiple of \$500,000 and not less than \$1,000,000 and (ii) the Borrower shall not terminate or reduce the Revolving Commitments if, after giving effect to any concurrent prepayment of the Revolving Loans or Swingline Loans in accordance with Section 2.11, the aggregate Revolving Exposures would exceed the aggregate Revolving Commitments.

(c) The Borrower shall notify the Administrative Agent of any election to terminate or reduce the Commitments under paragraph (b) of this Section at least one Business Day prior to the effective date of such termination or reduction, specifying such election and the effective date thereof. Promptly following receipt of any such notice, the Administrative Agent shall advise the Lenders of the contents thereof. Each notice delivered by the Borrower pursuant to this Section shall be irrevocable; provided that a notice of termination of the Revolving Commitments delivered by the Borrower may state that such notice is conditioned upon the effectiveness of other credit facilities or the receipt of the proceeds from the issuance of other Indebtedness or the occurrence of some other identifiable event or condition, in which case such notice may be revoked by the Borrower (by notice to the Administrative Agent on or prior to the specified effective date of termination) if such condition is not satisfied. Any termination or reduction of the Commitments of any Class shall be permanent. Each reduction of the Commitments of any Class shall be made ratably among the Lenders in accordance with their respective Commitments of such Class.

SECTION 2.09      Repayment of Loans; Evidence of Debt; Superpriority of Revolving Loans.

(a) The Borrower hereby unconditionally promises to pay (i) to the Administrative Agent for the account of each Lender the then unpaid principal amount of each Revolving Loan of such Lender on the Revolving Maturity Date, (ii) to the Administrative Agent for the account of each Lender the then unpaid principal amount of each Term Loan of such Lender as provided in Section 2.10 and (iii) to the Swingline Lender the then unpaid principal amount of each Swingline Loan made by the Swingline Lender on the earlier to occur of (A) the date that is 10 Business Days after such Loan is made and (B) the Revolving Maturity Date; provided that on each date that a Revolving Loan Borrowing in any currency is made, the Borrower shall repay all Swingline Loans in such currency that were outstanding on the date such Borrowing was requested.

(b) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to such Lender resulting from each Loan made by such Lender, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder.

(c) The Administrative Agent shall maintain accounts in which it shall record (i) the amount of each Loan made hereunder, the Class and Type thereof and the Interest Period applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder for the account of the Lenders and each Lender's share thereof.

(d) The entries made in the accounts maintained pursuant to paragraph (b) or (c) of this Section shall be prima facie evidence of the existence and amounts of the obligations recorded therein, provided that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligation of the Borrower to pay any amounts due hereunder in accordance with the terms of this Agreement. In the event of any inconsistency between the entries made pursuant to paragraphs (b) and (c) of this Section, the accounts maintained by the Administrative Agent pursuant to paragraph (c) of this Section shall control.

(e) Any Lender may request through the Administrative Agent that Loans of any Class made by it be evidenced by a promissory note. In such event, the Borrower shall execute and deliver to such Lender a promissory note payable to such Lender or its registered assigns and in a form provided by the Administrative Agent and approved by the Borrower.

(f) Notwithstanding anything in the Loan Documents to the contrary, upon (i) the exercise of remedies (including acceleration of the Loans) provided for in Section 7.01 or (i) the occurrence and during the continuation of an Event of Default under Section 7.01 (h) or (i), (a) all payments received by Administrative Agent, whether from Borrower, Holdings or any Guarantor or otherwise, (b) all proceeds received by Administrative Agent in respect of any sale of, collection from, or other realization upon all or any part of the Collateral under any Collateral Document, and subject to Section 2.22, the application of all or any portion of such proceeds by the Administrative Agent to the maintenance, preservation and protection of the Collateral in accordance with the Loan Documents, (c) amounts received by any Lender by exercising any right of setoff or counterclaim or otherwise obtaining payment in respect of any principal of or interest on any of its Loans and (d) the application of cash collateral in accordance with the terms hereof, shall be applied to the Secured Obligations by the Administrative Agent, in each case in the following order of priority until each item is paid in full:

(i) *first*, to the reimbursable expenses of the Administrative Agent incurred in connection with such sale or other realization upon the Collateral, until the same shall have been paid in full;

(ii) *second*, to the fees and other reimbursable expenses of the Administrative Agent and the Issuing Banks then due and payable pursuant to any of the Loan Documents, until the same shall have been paid in full;

(iii) *third*, to all reimbursable expenses, if any, of the Lenders having or holding Revolving Loans (other than Incremental Facilities) or Revolving Commitments (other than Incremental Facilities) then due and payable pursuant to any of the Loan Documents (and including, without limitation, any fees, costs, expenses and indemnities that would accrue and become due but for the commencement of any proceeding under any Debtor Relief Law with respect to any Loan Party, whether or not such amounts are allowed or allowable in whole or in part in such case or similar proceeding), until the same shall have been paid in full.

(iv) *fourth*, to the fees due and payable under Sections 2.12(a) and (b) of this Agreement and to interest then due and payable with respect to any Revolving Loans (other than Incremental Facilities) made hereunder (and including, without limitation, any fees and interest that would accrue and become due but for the commencement of any proceeding under any Debtor Relief Law with respect to any Loan Party, whether or not such amounts are allowed or allowable in whole or in part in such case or similar proceeding), until the same shall have been paid in full;

(v) *fifth*, to the aggregate outstanding principal amount of the Revolving Loans (other than Incremental Facilities), the LC Exposure (to the extent secured by Liens) of any Revolving Lender (other than Additional Lenders) or any of its Affiliates, the Secured Cash Management Obligations and the Secured Swap Obligations of the Borrower and its Subsidiaries maintained with any Revolving Lender (other than Additional Lenders) or any of its Affiliates, until the same shall have been paid in full, allocated pro rata among any Lender, any counterparty to a Secured Cash Management Agreement or Swap Agreement, based on their respective Pro Rata Share of the aggregate amount of such Revolving Loans, the LC Exposure (to the extent secured by Liens), Secured Cash Management Obligations and Secured Swap Obligations;

(vi) *sixth*, to additional Cash Collateral for the aggregate amount of all outstanding Letters of Credit until the aggregate amount of all Cash Collateral held by the Administrative Agent pursuant to this Agreement is equal to the LC Exposure after giving effect to the foregoing clause fifth;

(vii) *seventh*, to all reimbursable expenses, if any, of the Lenders to the extent not described in the foregoing clause third then due and payable pursuant to any of the Loan Documents, until the same shall have been paid in full;

(viii) *eighth*, to interest and fees, as applicable, then due and payable with respect to the Term Loan and any Loans under any Incremental Facility made hereunder (and including, without limitation, any fees and interest that would accrue and become due but for the commencement of any proceeding under any Debtor Relief Law with respect to any Loan Party, whether or not such amounts are allowed or allowable in whole or in part in such case or similar proceeding), until the same shall have been paid in full;

(ix) *ninth*, to the aggregate outstanding principal amount of the Term Loan and any Loans under any Incremental Facility made hereunder, until the same shall have been paid in full; and

(x) *thereafter*, to the extent any proceeds remain, to the Borrower or other parties lawfully entitled thereto.

All amounts allocated pursuant to the foregoing clauses third through sixth to the Lenders as a result of amounts owed to the Lenders (or any of their Affiliates, as applicable) under the Loan Documents shall be allocated among, and distributed to, the Revolving Lenders (or any of their Affiliates, as applicable) pro rata based on their respective Pro Rata Shares; provided, that all amounts allocated to that portion of the Applicable Fronting Exposure comprised of the aggregate undrawn amount of all outstanding Letters of Credit pursuant to clause fifth and sixth shall be distributed to the Administrative Agent, rather than to the Lenders, and held by the Administrative Agent in an account in the name of the Administrative Agent for the benefit of the Issuing Bank and the Revolving Lenders as Cash Collateral for the Applicable Fronting Exposure, such account to be administered in accordance with Section 2.05(j).

#### SECTION 2.10 Amortization of Term Loans.

(a) Subject to adjustment pursuant to paragraph (c) of this Section 2.10, the Borrower shall repay Term Loan Borrowings on the last day of each March, June, September and December (commencing on December 31, 2018) in the principal amount of Term Loans equal to (i) the aggregate outstanding principal amount of Term Loans immediately after closing on the Effective Date multiplied by (ii) 0.25%; provided that if any such date is not a Business Day, such payment shall be due on the next succeeding Business Day.

(b) To the extent not previously paid, all Term Loans shall be due and payable on the Term Maturity Date.

(c) Any prepayment of a Term Facility Borrowing of any Class (i) pursuant to Section 2.11(a)(i) shall be applied to reduce the subsequent scheduled and outstanding repayments of the Term Facility Borrowings of such Class to be made pursuant to this Section as directed by the Borrower (and absent such direction in direct order of maturity) and (ii) pursuant to Section 2.11(c) or Section 2.11(d) shall be applied to reduce the next eight scheduled and outstanding principal installments of the Term Facility Borrowings of such Class in direct order of maturity and thereafter ratably to the remaining payments thereof (including the bullet due on the Term Maturity Date), or, if otherwise provided in any Refinancing Amendment, Loan Modification Agreement or Incremental Facility Amendment, pursuant to the corresponding section of such Refinancing Amendment, Loan Modification Agreement or Incremental Facility Amendment, as applicable.

(d) Prior to any repayment of any Term Loan Borrowings of any Class hereunder, the Borrower shall select the Borrowing or Borrowings of the applicable Class to be repaid and shall notify the Administrative Agent by telephone (confirmed by hand delivery or facsimile) of such election not later than 2:00 p.m., New York City time, two Business Day before the scheduled date of such repayment. In the absence of a designation by the Borrower as described in the preceding sentence, the Administrative Agent shall make such designation in its reasonable discretion with a view, but no obligation, to minimize breakage costs owing under Section 2.16. Each repayment of a Borrowing shall be applied ratably to the Loans included in the repaid Borrowing. Repayments of Term Loan Borrowings shall be accompanied by accrued interest on the amount repaid.

SECTION 2.11 Prepayment of Loans.

(a) (i) The Borrower shall have the right at any time and from time to time to prepay any Borrowing in whole or in part, without premium or penalty; provided that in the event that, on or prior to the six-month anniversary of the Effective Date, the Borrower (i) makes any prepayment of Term Loans in connection with any Repricing Transaction the primary purpose of which is to decrease the Effective Yield on such Term Loans or (ii) effects any amendment of this Agreement resulting in a Repricing Transaction the primary purpose of which is to decrease the Effective Yield on the Term Loans, the Borrower shall pay to the Administrative Agent, for the ratable account of each of the applicable Lenders, (x) a prepayment premium of 1.00% of the principal amount of the Term Loans being prepaid in connection with such Repricing Transaction and (y) in the case of clause (b) of the definition thereof, an amount equal to 1.00% of the aggregate amount of the applicable Term Loans outstanding immediately prior to such amendment that are subject to an effective pricing reduction pursuant to such Repricing Transaction.

(ii) Notwithstanding anything in any Loan Document to the contrary, so long as no Default or Event of Default has occurred and is continuing, the Borrower may prepay the outstanding Term Loans on the following basis:

(A) The Borrower shall have the right to make a voluntary prepayment of Term Loans at a discount to par (such prepayment, the “Discounted Term Loan Prepayment”) pursuant to a Borrower Offer of Specified Discount Prepayment, Borrower Solicitation of Discount Range Prepayment Offers or Borrower Solicitation of Discounted Prepayment Offers, in each case made in accordance with this Section 2.11(a)(ii); provided that (x) the Borrower shall not make any Borrowing of Revolving Loans to fund any Discounted Term Loan Prepayment and (y) the Borrower shall not initiate any action under this Section 2.11(a)(ii) in order to make a Discounted Term Loan Prepayment unless (I) at least ten (10) Business Days shall have passed since the consummation of the most recent Discounted Term Loan Prepayment as a result of a prepayment made by the Borrower on the applicable Discounted Prepayment Effective Date; or (II) at least three (3) Business Days shall have passed since the date the Borrower was notified that no Term Lender was willing to accept any prepayment of any Term Loan and/or Other Term Loan at the Specified Discount, within the Discount Range or at any discount to par value, as applicable, or in the case of Borrower Solicitation of Discounted Prepayment Offers, the date of the Borrower’s election not to accept any Solicited Discounted Prepayment Offers.

(B) (1) Subject to the proviso to subclause (A) above, the Borrower may from time to time offer to make a Discounted Term Loan Prepayment by providing the Auction Agent with three (3) Business Days’ notice in the form of a Specified Discount Prepayment Notice; provided that (I) any such offer shall be made available, at the sole discretion of the Borrower, to each Term Lender and/or each Lender with respect to any Class of Term Loans on an individual tranche basis, (II) any such offer shall specify the aggregate principal amount offered to be prepaid (the “Specified Discount Prepayment Amount”) with respect to each applicable tranche, the tranche or tranches of Term Loans subject to such offer and the specific percentage discount to par (the “Specified Discount”) of such Term Loans to be prepaid (it being understood that different Specified Discounts and/or Specified Discount Prepayment Amounts may be offered with respect to different tranches of Term Loans and, in such an event, each such offer will be treated as a separate offer pursuant to the terms of this Section), (III) the Specified Discount Prepayment Amount shall be in an aggregate amount not less than \$1,000,000 and whole increments of \$500,000 in excess thereof and (IV) each such offer shall remain outstanding through the Specified Discount Prepayment Response Date. The Auction Agent will promptly provide each relevant Term Lender with a copy of such Specified Discount Prepayment Notice and a form of the Specified Discount Prepayment Response to be completed and returned by each such Term Lender to the Auction Agent (or its delegate) by no later than 5:00 p.m., New York time, on the third Business Day after the date of delivery of such notice to the relevant Term Lenders (the “Specified Discount Prepayment Response Date”).

(2) Each relevant Term Lender receiving such offer shall notify the Auction Agent (or its delegate) by the Specified Discount Prepayment Response Date whether or not it agrees to accept a prepayment of any of its relevant then outstanding Term Loans at the Specified Discount and, if so (such accepting Term Lender, a “Discount Prepayment Accepting Lender”), the amount and the tranches of such Term Lender’s Term Loans to be prepaid at such offered discount. Each acceptance of a Discounted Term Loan Prepayment by a Discount Prepayment Accepting Lender shall be irrevocable. Any Term Lender whose Specified Discount Prepayment Response is not received by the Auction Agent by the Specified Discount Prepayment Response Date shall be deemed to have declined to accept the applicable Borrower Offer of Specified Discount Prepayment.

(3) If there is at least one Discount Prepayment Accepting Lender, the Borrower will make prepayment of outstanding Term Loans pursuant to this subclause (B) to each Discount Prepayment Accepting Lender in accordance with the respective outstanding amount and tranches of Term Loans specified in such Term Lender’s Specified Discount Prepayment Response given pursuant to clause (2); provided that, if the aggregate principal amount of Term Loans accepted for prepayment by all Discount Prepayment Accepting Lenders exceeds the Specified Discount Prepayment Amount, such prepayment shall be made pro-rata among the Discount Prepayment Accepting Lenders in accordance with the respective principal amounts accepted to be prepaid by each such Discount Prepayment Accepting Lender and the Auction Agent (in consultation with the Borrower and subject to rounding requirements of the Auction Agent made in its reasonable discretion) will calculate such proration (the “Specified Discount Proration”). The Auction Agent shall promptly, and in any case within three (3) Business Days following the Specified Discount Prepayment Response Date, notify (I) the Borrower of the respective Term Lenders’ responses to such offer, the Discounted Prepayment Effective Date and the aggregate principal amount of the Discounted Term Loan Prepayment and the tranches to be prepaid, (II) each Term Lender of the Discounted Prepayment Effective Date, and the aggregate principal amount and the tranches of Term Loans to be prepaid at the Specified Discount on such date and (III) each Discount Prepayment Accepting Lender of the Specified Discount Proration, if any, and confirmation of the principal amount, tranche and Type of Loans of such Term Lender to be prepaid at the Specified Discount on such date. Each determination by the Auction Agent of the amounts stated in the foregoing notices to the Borrower and Term Lenders shall be conclusive and binding for all purposes absent manifest error. The payment amount specified in such notice to the Borrower shall be due and payable by the Borrower on the Discounted Prepayment Effective Date in accordance with subclause (F) below (subject to subclause (J) below).

(C) (1) Subject to the proviso to subclause (A) above, the Borrower may from time to time solicit Discount Range Prepayment Offers by providing the Auction Agent with three (3) Business Days' notice in the form of a Discount Range Prepayment Notice; provided that (I) any such solicitation shall be extended, at the sole discretion of the Borrower, to each Term Lender and/or each Lender with respect to any Class of Loans on an individual tranche basis, (II) any such notice shall specify the maximum aggregate principal amount of the relevant Term Loans (the "Discount Range Prepayment Amount"), the tranche or tranches of Term Loans subject to such offer and the maximum and minimum percentage discounts to par (the "Discount Range") of the principal amount of such Term Loans with respect to each relevant tranche of Term Loans willing to be prepaid by the Borrower (it being understood that different Discount Ranges and/or Discount Range Prepayment Amounts may be offered with respect to different tranches of Term Loans and, in such an event, each such offer will be treated as a separate offer pursuant to the terms of this Section), (III) the Discount Range Prepayment Amount shall be in an aggregate amount not less than \$1,000,000 and whole increments of \$500,000 in excess thereof and (IV) each such solicitation by the Borrower shall remain outstanding through the Discount Range Prepayment Response Date. The Auction Agent will promptly provide each relevant Term Lender with a copy of such Discount Range Prepayment Notice and a form of the Discount Range Prepayment Offer to be submitted by a responding relevant Term Lender to the Auction Agent (or its delegate) by no later than 5:00 p.m., New York time, on the third Business Day after the date of delivery of such notice to the relevant Term Lenders (the "Discount Range Prepayment Response Date"). Each relevant Term Lender's Discount Range Prepayment Offer shall be irrevocable and shall specify a discount to par within the Discount Range (the "Submitted Discount") at which such Term Lender is willing to allow prepayment of any or all of its then outstanding Term Loans of the applicable tranche or tranches and the maximum aggregate principal amount and tranches of such Term Lender's Term Loans (the "Submitted Amount") such Term Lender is willing to have prepaid at the Submitted Discount. Any Term Lender whose Discount Range Prepayment Offer is not received by the Auction Agent by the Discount Range Prepayment Response Date shall be deemed to have declined to accept a Discounted Term Loan Prepayment of any of its Term Loans at any discount to their par value within the Discount Range.

(2) The Auction Agent shall review all Discount Range Prepayment Offers received on or before the applicable Discount Range Prepayment Response Date and shall determine (in consultation with the Borrower and subject to rounding requirements of the Auction Agent made in its sole reasonable discretion) the Applicable Discount and Term Loans to be prepaid at such Applicable Discount in accordance with this subclause (C). The Borrower agrees to accept on the Discount Range Prepayment Response Date all Discount Range Prepayment Offers received by Auction Agent by the Discount Range Prepayment Response Date, in the order from the Submitted Discount that is the largest discount to par to the Submitted Discount that is the smallest discount to par, up to and including the Submitted Discount that is the smallest discount to par within the Discount Range (such Submitted Discount that is the smallest discount to par within the Discount Range being referred to as the "Applicable Discount") which yields a Discounted Term Loan Prepayment in an aggregate principal amount equal to the lower of (I) the Discount Range Prepayment Amount and (II) the sum of all Submitted Amounts. Each Term Lender that has submitted a Discount Range Prepayment Offer to accept prepayment at a discount to par that is larger than or equal to the Applicable Discount shall be deemed to have irrevocably consented to prepayment of Term Loans equal to its Submitted Amount (subject to any required proration pursuant to the following clause (3)) at the Applicable Discount (each such Term Lender, a "Participating Lender").

(3) If there is at least one Participating Lender, the Borrower will prepay the respective outstanding Term Loans of each Participating Lender in the aggregate principal amount and of the tranches specified in such Term Lender's Discount Range Prepayment Offer at the Applicable Discount; provided that if the Submitted Amount by all Participating Lenders offered at a discount to par greater than the Applicable Discount exceeds the Discount Range Prepayment Amount, prepayment of the principal amount of the relevant Term Loans for those Participating Lenders whose Submitted Discount is a discount to par greater than or equal to the Applicable Discount (the "Identified Participating Lenders") shall be made pro-rata among the Identified Participating Lenders in accordance with the Submitted Amount of each such Identified Participating Lender and the Auction Agent (in consultation with the Borrower and subject to rounding requirements of the Auction Agent made in its sole reasonable discretion) will calculate such proration (the "Discount Range Proration"). The Auction Agent shall promptly, and in any case within five (5) Business Days following the Discount Range Prepayment Response Date, notify (I) the Borrower of the respective Term Lenders' responses to such solicitation, the Discounted Prepayment Effective Date, the Applicable Discount, and the aggregate principal amount of the Discounted Term Loan Prepayment and the tranches to be prepaid, (II) each Term Lender of the Discounted Prepayment Effective Date, the Applicable Discount, and the aggregate principal amount and tranches of Term Loans to be prepaid at the Applicable Discount on such date, (III) each Participating Lender of the aggregate principal amount and tranches of such Term Lender to be prepaid at the Applicable Discount on such date and (z) if applicable, each Identified Participating Lender of the Discount Range Proration. Each determination by the Auction Agent of the amounts stated in the foregoing notices to the Borrower and Term Lenders shall be conclusive and binding for all purposes absent manifest error. The payment amount specified in such notice to the Borrower shall be due and payable by the Borrower on the Discounted Prepayment Effective Date in accordance with subclause (F) below (subject to subclause (J) below).

(D) (1) Subject to the proviso to subclause (A) above, the Borrower may from time to time solicit Solicited Discounted Prepayment Offers by providing the Auction Agent with three (3) Business Days' notice in the form of a Solicited Discounted Prepayment Notice; provided that (I) any such solicitation shall be extended, at the sole discretion of the Borrower, to each Term Lender and/or each Lender with respect to any Class of Term Loans on an individual tranche basis, (II) any such notice shall specify the maximum aggregate dollar amount of the Term Loans (the "Solicited Discounted Prepayment Amount") and the tranche or tranches of Term Loans the Borrower is willing to prepay at a discount (it being understood that different Solicited Discounted Prepayment Amounts may be offered with respect to different tranches of Term Loans and, in such an event, each such offer will be treated as a separate offer pursuant to the terms of this Section), (III) the Solicited Discounted Prepayment Amount shall be in an aggregate amount not less than \$1,000,000 and whole increments of \$500,000 in excess thereof and (IV) each such solicitation by the Borrower shall remain outstanding through the Solicited Discounted Prepayment Response Date. The Auction Agent will promptly provide each relevant Term Lender with a copy of such Solicited Discounted Prepayment Notice and a form of the Solicited Discounted Prepayment Offer to be submitted by a responding Term Lender to the Auction Agent (or its delegate) by no later than 5:00 p.m., New York time on the third Business Day after the date of delivery of such notice to the relevant Term Lenders (the "Solicited Discounted Prepayment Response Date"). Each Term Lender's Solicited Discounted Prepayment Offer shall (x) be irrevocable, (y) remain outstanding until the Acceptance Date and (z) specify both a discount to par (the "Offered Discount") at which such Term Lender is willing to allow prepayment of its then outstanding Term Loan and the maximum aggregate principal amount and tranches of such Term Loans (the "Offered Amount") such Term Lender is willing to have prepaid at the Offered Discount. Any Term Lender whose Solicited Discounted Prepayment Offer is not received by the Auction Agent by the Solicited Discounted Prepayment Response Date shall be deemed to have declined prepayment of any of its Term Loans at any discount.

(2) The Auction Agent shall promptly provide the Borrower with a copy of all Solicited Discounted Prepayment Offers received on or before the Solicited Discounted Prepayment Response Date. The Borrower shall review all such Solicited Discounted Prepayment Offers and select the largest of the Offered Discounts specified by the relevant responding Term Lenders in the Solicited Discounted Prepayment Offers that is acceptable to the Borrower (the "Acceptable Discount"), if any. If the Borrower elects to accept any Offered Discount as the Acceptable Discount, then as soon as practicable after the determination of the Acceptable Discount, but in no event later than by the third Business Day after the date of receipt by the Borrower from the Auction Agent of a copy of all Solicited Discounted Prepayment Offers pursuant to the first sentence of this clause (2) (the "Acceptance Date"), the Borrower shall submit an Acceptance and Prepayment Notice to the Auction Agent setting forth the Acceptable Discount. If the Auction Agent shall fail to receive an Acceptance and Prepayment Notice from the Borrower by the Acceptance Date, the Borrower shall be deemed to have rejected all Solicited Discounted Prepayment Offers.

(3) Based upon the Acceptable Discount and the Solicited Discounted Prepayment Offers received by Auction Agent by the Solicited Discounted Prepayment Response Date, within three (3) Business Days after receipt of an Acceptance and Prepayment Notice (the "Discounted Prepayment Determination Date"), the Auction Agent will determine (in consultation with the Borrower and subject to rounding requirements of the Auction Agent made in its sole reasonable discretion) the aggregate principal amount and the tranches of Term Loans (the "Acceptable Prepayment Amount") to be prepaid by the Borrower at the Acceptable Discount in accordance with this subclause (D). If the Borrower elects to accept any Acceptable Discount, then the Borrower agrees to accept all Solicited Discounted Prepayment Offers received by Auction Agent by the Solicited Discounted Prepayment Response Date, in the order from largest Offered Discount to smallest Offered Discount, up to and including the Acceptable Discount. Each Term Lender that has submitted a Solicited Discounted Prepayment Offer with an Offered Discount that is greater than or equal to the Acceptable Discount shall be deemed to have irrevocably consented to prepayment of Term Loans equal to its Offered Amount (subject to any required pro-rata reduction pursuant to the following sentence) at the Acceptable Discount (each such Term Lender, a "Qualifying Lender"). The Borrower will prepay outstanding Term Loans pursuant to this subclause (D) to each Qualifying Lender in the aggregate principal amount and of the tranches specified in such Term Lender's Solicited Discounted Prepayment Offer at the Acceptable Discount; provided that if the aggregate Offered Amount by all Qualifying Lenders whose Offered Discount is greater than or equal to the Acceptable Discount exceeds the Solicited Discounted Prepayment Amount, prepayment of the principal amount of the Term Loans for those Qualifying Lenders whose Offered Discount is greater than or equal to the Acceptable Discount (the "Identified Qualifying Lenders") shall be made pro rata among the Identified Qualifying Lenders in accordance with the Offered Amount of each such Identified Qualifying Lender and the Auction Agent (in consultation with the Borrower and subject to rounding requirements of the Auction Agent made in its sole reasonable discretion) will calculate such proration (the "Solicited Discount Proration"). On or prior to the Discounted Prepayment Determination Date, the Auction Agent shall promptly notify (I) the Borrower of the Discounted Prepayment Effective Date and Acceptable Prepayment Amount comprising the Discounted Term Loan Prepayment and the tranches to be prepaid, (II) each Term Lender of the Discounted Prepayment Effective Date, the Acceptable Discount, and the Acceptable Prepayment Amount of all Term Loans and the tranches to be prepaid to be prepaid at the Applicable Discount on such date, (III) each Qualifying Lender of the aggregate principal amount and the tranches of such Term Lender to be prepaid at the Acceptable Discount on such date and (IV) if applicable, each Identified Qualifying Lender of the Solicited Discount Proration. Each determination by the Auction Agent of the amounts stated in the foregoing notices to the Borrower and Term Lenders shall be conclusive and binding for all purposes absent manifest error. The payment amount specified in such notice to the Borrower shall be due and payable by the Borrower on the Discounted Prepayment Effective Date in accordance with subclause (F) below (subject to subclause (J) below).

(E) In connection with any Discounted Term Loan Prepayment, the Borrower and the Term Lenders acknowledge and agree that the Auction Agent may require as a condition to any Discounted Term Loan Prepayment, the payment of customary fees and expenses from the Borrower in connection therewith.

(F) If any Term Loan is prepaid in accordance with subclauses (B) through (D) above, the Borrower shall prepay such Term Loans on the Discounted Prepayment Effective Date. The Borrower shall make such prepayment to the Auction Agent, for the account of the Discount Prepayment Accepting Lenders, Participating Lenders, or Qualifying Lenders, as applicable, at the Administrative Agent's office in immediately available funds not later than 11:00 a.m., New York City time, on the Discounted Prepayment Effective Date and all such prepayments shall be applied to the remaining principal installments of the relevant tranche of Term Loans on a pro rata basis across such installments. The Term Loans so prepaid shall be accompanied by all accrued and unpaid interest on the par principal amount so prepaid up to, but not including, the Discounted Prepayment Effective Date. Each prepayment of the outstanding Term Loans pursuant to this Section 2.11(a)(ii) shall be paid to the Discount Prepayment Accepting Lenders, Participating Lenders, or Qualifying Lenders, as applicable. The aggregate principal amount of the tranches and installments of the relevant Term Loans outstanding shall be deemed reduced by the full par value of the aggregate principal amount of the tranches of Term Loans prepaid on the Discounted Prepayment Effective Date in any Discounted Term Loan Prepayment.

(G) To the extent not expressly provided for herein, each Discounted Term Loan Prepayment shall be consummated pursuant to procedures consistent with the provisions in this Section 2.11(a)(ii), established by the Auction Agent acting in its reasonable discretion, and as reasonably agreed by the Borrower.

(H) Notwithstanding anything in any Loan Document to the contrary, for purposes of this Section 2.11(a)(ii), each notice or other communication required to be delivered or otherwise provided to the Auction Agent (or its delegate) shall be deemed to have been given upon Auction Agent's (or its delegate's) actual receipt during normal business hours of such notice or communication; provided that any notice or communication actually received outside of normal business hours shall be deemed to have been given as of the opening of business on the next Business Day.

(I) Each of the Borrower and the Term Lenders acknowledges and agrees that the Auction Agent may perform any and all of its duties under this Section 2.11(a)(ii) by itself or through any Affiliate of the Auction Agent and expressly consents to any such delegation of duties by the Auction Agent to such Affiliate and the performance of such delegated duties by such Affiliate. The exculpatory provisions pursuant to this Agreement shall apply to each Affiliate of the Auction Agent and its respective activities in connection with any Discounted Term Loan Prepayment provided for in this Section 2.11(a)(ii) as well as activities of the Auction Agent.

(J) The Borrower shall have the right, by written notice to the Auction Agent, to revoke in full (but not in part) its offer to make a Discounted Term Loan Prepayment and rescind the applicable Specified Discount Prepayment Notice, Discount Range Prepayment Notice or Solicited Discounted Prepayment Notice therefor at its discretion at any time on or prior to the applicable Specified Discount Prepayment Response Date (and if such offer is revoked pursuant to this subclause (J), any failure by the Borrower to make any prepayment to a Term Lender, as applicable, pursuant to this Section 2.11(a)(ii) shall not constitute a Default or Event of Default under Section 7.01 or otherwise).

(b) In the event and on each occasion that the aggregate Revolving Exposures exceed the aggregate Revolving Commitments (including as a result of a determination with respect to the Dollar Equivalent of any Letter of Credit made by the Administrative Agent pursuant to Section 1.06), the Borrower shall prepay Revolving Loan Borrowings or Swingline Loans (or, if no such Borrowings are outstanding, deposit Cash Collateral in an account with the Administrative Agent pursuant to Section 2.05(j)) in an aggregate amount necessary to eliminate such excess.

(c) In the event and on each occasion that any Net Proceeds are received by or on behalf of the Borrower or any Subsidiary Loan Party in respect of any Prepayment Event, the Borrower shall, within three Business Days after such Net Proceeds are received (or, in the case of a Prepayment Event described in clause (c) of the definition of the term "Prepayment Event", on the date of such Prepayment Event, and, in the case of a Prepayment Event described in clause (a) or (b) of the definition of the term "Prepayment Event", within five Business Days of the date of such Prepayment Event), prepay Term Loan Borrowings in an aggregate amount equal to 100% of the amount of such Net Proceeds; provided that, in the case of any event described in clause (a) or (b) of the definition of the term "Prepayment Event", if Holdings and its Restricted Subsidiaries invest (or commit to invest or reasonably expects to invest) the Net Proceeds from such event (or a portion thereof) within 12 months after receipt of such Net Proceeds in the business of Holdings, the Borrower and the other Subsidiaries (including any acquisitions permitted under Section 6.04), then no prepayment shall be required pursuant to this paragraph in respect of such Net Proceeds in respect of such event (or the applicable portion of such Net Proceeds, if applicable) except to the extent of any such Net Proceeds therefrom that have not been so invested (or committed or reasonably expected to be invested) by the end of such 12-month period (or if committed or reasonably expected to be so invested within such 12-month period, have not been so invested within 18 months after receipt thereof), at which time a prepayment shall be required in an amount equal to such Net Proceeds that have not been so invested (or committed or reasonably expected to be invested); provided, further, that the Borrower may use a portion of such Net Proceeds to prepay or repurchase any other Indebtedness that is secured by the Collateral on a pari passu basis with the Borrowings to the extent such other Indebtedness and the Liens securing the same are permitted hereunder and the documentation governing such other Indebtedness requires such a prepayment or repurchase thereof with the proceeds of such Prepayment Event, in each case in an amount not to exceed the product of (x) the amount of such Net Proceeds and (y) a fraction, the numerator of which is the outstanding principal amount of such other Indebtedness and the denominator of which is the aggregate outstanding principal amount of Term Loans and such other Indebtedness.

(d) Following the end of each fiscal year of Holdings, commencing with the fiscal year ending on December 28, 2019, the Borrower shall prepay Term Loan Borrowings in an aggregate amount equal to the excess, if any, of (A) the ECF Percentage of Excess Cash Flow for such fiscal year (provided that such amount in this clause (A) shall be reduced by the aggregate amount of prepayments of (i) Term Loans and Other Term Loans (and, to the extent the Revolving Commitments are reduced in a corresponding amount pursuant to Section 2.08, Revolving Loans and Other Revolving Loans) made pursuant to Section 2.11(a) or (c) (in connection with a Disposition or Casualty Event), in each case, during such fiscal year or after such fiscal year and prior to the time such prepayment is due as provided below (provided that such reduction as a result of prepayments pursuant to clause (ii) of Section 2.11(a) shall (x) be limited to the actual amount of such cash prepayment and (y) only be applicable if the applicable prepayment offer was made to all Lenders)) over (B) \$2,500,000. Each prepayment pursuant to this paragraph shall be made on or before the date that is five days after the date on which financial statements are required to be delivered pursuant to Section 5.01 with respect to the fiscal year for which Excess Cash Flow is being calculated.

(e) Prior to any optional or mandatory prepayment of Borrowings hereunder, the Borrower shall select the Borrowing or Borrowings to be prepaid and shall specify such selection in the notice of such prepayment pursuant to paragraph (f) of this Section. In the event of any mandatory prepayment of Term Loan Borrowings made at a time when Term Loan Borrowings of more than one Class remain outstanding, the Borrower shall select Term Loan Borrowings to be prepaid so that the aggregate amount of such prepayment is allocated between Term Loan Borrowings (and, to the extent provided in the Refinancing Amendment or Loan Modification Agreement for any Class of Other Term Loans, the Borrowings of such Class) pro rata based on the aggregate principal amount of outstanding Borrowings of each such Class; provided that any Term Lender (and, to the extent provided in the Refinancing Amendment or Loan Modification Agreement for any Class of Other Term Loans, any Lender that holds Other Term Loans of such Class) may elect, by notice to the Administrative Agent by telephone (confirmed by facsimile) at least one Business Day prior to the prepayment date, to decline all or any portion of any prepayment of its Term Loans or Other Term Loans of any such Class pursuant to this Section (other than an optional prepayment pursuant to paragraph (a)(i) of this Section or a mandatory prepayment as a result of the Prepayment Event set forth in clause (b) of the definition thereof, which may not be declined), in which case the aggregate amount of the prepayment that would have been applied to prepay Term Loans or Other Term Loans of any such Class but was so declined shall be retained by the Borrower and the Restricted Subsidiaries (such amounts, "Retained Declined Proceeds"). Optional prepayments of Term Loan Borrowings shall be allocated among the Classes of Term Loan Borrowings as directed by the Borrower. In the absence of a designation by the Borrower as described in the preceding provisions of this paragraph of the Type of Borrowing of any Class, the Administrative Agent shall make such designation in its reasonable discretion with a view, but no obligation, to minimize breakage costs owing under Section 2.16.

(f) The Borrower shall notify the Administrative Agent (and, in the case of prepayment of a Swingline Loan, the Swingline Lender) by telephone (confirmed by facsimile substantially in the form of Exhibit R or any other form reasonably approved by the Administrative Agent) of any prepayment hereunder (i) in the case of prepayment of a Eurocurrency Borrowing, not later than 11:00 a.m., New York City time, three Business Days before the date of prepayment or (ii) in the case of prepayment of an ABR Borrowing, not later than 11:00 a.m., New York City time, one Business Day before the date of prepayment. Each such notice shall be irrevocable and shall specify the prepayment date and the principal amount of each Borrowing or portion thereof to be prepaid and, in the case of a mandatory prepayment, a reasonably detailed calculation of the amount of such prepayment; provided that a notice of optional prepayment may state that such notice is conditional upon the effectiveness of other credit facilities or the receipt of the proceeds from the issuance of other Indebtedness or the occurrence of some other identifiable event or condition, in which case such notice of prepayment may be revoked by the Borrower (by notice to the Administrative Agent on or prior to the specified date of prepayment) if such condition is not satisfied. Promptly following receipt of any such notice (other than a notice relating solely to Swingline Loans), the Administrative Agent shall advise the Lenders of the contents thereof. Each partial prepayment of any Borrowing shall be in an amount that would be permitted in the case of an advance of a Borrowing of the same Type as provided in Section 2.02, except as necessary to apply fully the required amount of a mandatory prepayment. Each prepayment of a Borrowing shall be applied ratably to the Loans included in the prepaid Borrowing. Prepayments shall be accompanied by accrued interest to the extent required by Section 2.13. At the Borrower's election in connection with any prepayment pursuant to this Section 2.11, such prepayment shall not be applied to any Term Loan or Revolving Loan of a Defaulting Lender and shall be allocated ratably among the relevant non-Defaulting Lenders.

(g) Notwithstanding any other provisions of Section 2.11(c) or Section 2.11(d), (A) to the extent that any of or all the Net Proceeds of any Prepayment Event set forth in clause (a) of the definition thereof by a Foreign Subsidiary giving rise to a prepayment pursuant to Section 2.11(c) or Section 2.11(d) (a "Foreign Prepayment Event") or Excess Cash Flow are prohibited or delayed by any Requirement of Law (including applicable local law) from being repatriated to the Borrower, the portion of such Net Proceeds or Excess Cash Flow so affected will not be required to be applied to repay Term Loans at the times provided in Section 2.11(c) or Section 2.11(d), as the case may be, and such amounts may be retained by the applicable Foreign Subsidiary so long, but only so long, as the applicable Requirement of Law will not permit repatriation to the Borrower (the Borrower hereby agreeing to cause the applicable Foreign Subsidiary to promptly take all actions reasonably required by the applicable Requirement of Law to permit such repatriation), and once such repatriation of any of such affected Net Proceeds or Excess Cash Flow is permitted under the applicable Requirement of Law, such repatriation will be promptly effected and such repatriated Net Proceeds or Excess Cash Flow will be promptly (and in any event not later than three Business Days after such repatriation) applied (net of additional taxes payable or reserved against as a result thereof) to the repayment of the Term Loans pursuant to Section 2.11(c) or Section 2.11(d), as applicable and (B) to the extent that and for so long as Holdings has determined in good faith that repatriation of any of or all the Net Proceeds of any Foreign Prepayment Event or Excess Cash Flow would have an adverse tax consequence (taking into account any foreign tax credit or benefit actually realized in connection with such repatriation) with respect to such Net Proceeds or Excess Cash Flow, the Net Proceeds or Excess Cash Flow so affected will not be required to be applied to repay Term Loans at the times provided in Section 2.11(c) or Section 2.11(d), as the case may be, and such amounts may be retained by the applicable Foreign Subsidiary; provided that when Holdings determines in good faith that repatriation of any of or all the Net Proceeds of any Foreign Prepayment Event or Excess Cash Flow would no longer have an adverse tax consequence (taking into account any foreign tax credit or benefit actually realized in connection with such repatriation) with respect to such Net Proceeds or Excess Cash Flow, such Net Proceeds or Excess Cash Flow shall be promptly (and in any event not later than three Business Days after such repatriation) applied (net of additional taxes payable or reserved against as a result thereof) to the repayment of the Term Loans pursuant to Section 2.11(c) or Section 2.11(d), as applicable.

SECTION 2.12 Fees.

(a) The Borrower agrees to pay to the Administrative Agent in dollars for the account of each Revolving Lender a commitment fee, which shall accrue at the rate of 0.50% per annum on the average daily unused amount of the Revolving Commitment of such Lender during the period from and including the Effective Date to but excluding the date on which the Revolving Commitments terminate. Accrued commitment fees shall be payable in arrears on the third Business Day following the last day of March, June, September and December of each year and on the date on which the Revolving Commitments terminate, commencing on the first such date to occur after the date hereof. All commitment fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day). For purposes of computing commitment fees, a Revolving Commitment of a Lender shall be deemed to be used to the extent of the outstanding Revolving Loans and LC Exposure of such Lender (and the Swingline Exposure of such Lender shall be disregarded for such purpose).

(b) The Borrower agrees to pay (i) to the Administrative Agent in dollars for the account of each Revolving Lender (other than any Defaulting Lender) a participation fee with respect to its participations in Letters of Credit, which shall accrue at the Applicable Rate used to determine the interest rate applicable to Eurocurrency Revolving Loans on the daily amount of such Lender's LC Exposure (excluding any portion thereof attributable to unreimbursed LC Disbursements) during the period from and including the Effective Date to but excluding the later of the date on which such Lender's Revolving Commitment terminates and the date on which such Lender ceases to have any LC Exposure and (ii) to each Issuing Bank in dollars a fronting fee, which shall accrue at the rate of 0.125% per annum on the average daily amount of the LC Exposure attributable to Letters of Credit issued by such Issuing Bank (excluding any portion thereof attributable to unreimbursed LC Disbursements) during the period from and including the Effective Date to but excluding the later of the date of termination of the Revolving Commitments and the date on which there ceases to be any LC Exposure, as well as such Issuing Bank's standard fees with respect to the issuance, amendment, renewal or extension of any Letter of Credit or processing of drawings thereunder. Participation fees and fronting fees accrued through and including the last day of March, June, September and December of each year shall be payable on the third Business Day following such last day, commencing on the first such date to occur after the Effective Date, provided that all such fees shall be payable on the date on which the Revolving Commitments terminate and any such fees accruing after the date on which the Revolving Commitments terminate shall be payable on demand. Any other fees payable to an Issuing Bank pursuant to this paragraph shall be payable within 10 days after demand. All participation fees and fronting fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day).

(c) The Borrower agrees to pay to the Administrative Agent, for its own account, fees payable in the amounts and at the times separately agreed upon between the Borrower and the Administrative Agent.

(d) All fees payable hereunder shall be paid on the dates due, in immediately available funds, to the Administrative Agent (or to an Issuing Bank, in the case of fees payable to it) for distribution, in the case of commitment fees and participation fees, to the Revolving Lenders entitled thereto. Fees paid hereunder shall not be refundable under any circumstances.

(e) Notwithstanding the foregoing, and subject to Section 2.22, the Borrower shall not be obligated to pay any amounts to any Defaulting Lender pursuant to this Section 2.12.

SECTION 2.13 Interest.

(a) The Loans comprising each ABR Borrowing (including each Swingline Loan) shall bear interest at the Alternate Base Rate plus the Applicable Rate.

(b) The Loans comprising each Eurocurrency Borrowing shall bear interest at the Adjusted LIBO Rate for the Interest Period in effect for such Borrowing plus the Applicable Rate.

(c) Notwithstanding the foregoing, if any principal of or interest on any Loan or any fee or other amount payable by the Borrower hereunder is not paid when due, whether at stated maturity, upon acceleration or otherwise, such overdue amount shall bear interest, after as well as before judgment, at a rate per annum equal to (i) in the case of overdue principal of any Loan, 2.00% per annum plus the rate otherwise applicable to such Loan as provided in the preceding paragraphs of this Section or (ii) in the case of any other amount, 2.00% per annum plus the rate applicable to Term Loans that are ABR Loans as provided in paragraph (a) of this Section; provided that no amount shall be payable pursuant to this Section 2.13(c) to a Defaulting Lender so long as such Lender shall be a Defaulting Lender; provided, further, that no amounts shall accrue pursuant to this Section 2.13(c) on any overdue amount, reimbursement obligation in respect of any LC Disbursement or other amount payable to a Defaulting Lender so long as such Lender shall be a Defaulting Lender.

(d) Accrued interest on each Loan shall be payable in arrears on each Interest Payment Date for such Loan and, in the case of Revolving Loans, upon termination of the Revolving Commitments, provided that (i) interest accrued pursuant to paragraph (c) of this Section shall be payable on demand, (ii) in the event of any repayment or prepayment of any Loan (other than a prepayment of an ABR Revolving Loan prior to the end of the Revolving Availability Period), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment and (iii) in the event of any conversion of any Eurocurrency Loan prior to the end of the current Interest Period therefor, accrued interest on such Loan shall be payable on the effective date of such conversion.

(e) All computations of interest for ABR Loans (including ABR Loans determined by reference to the Adjusted LIBO Rate) shall be made on the basis of a year of 365 or 366 days, as the case may be, and actual days elapsed. All other computations of fees and interest shall be made on the basis of a 360-day year and actual days elapsed (which results in more fees or interest, as applicable, being paid than if computed on the basis of a 365-day year). Interest shall accrue on each Loan for the day on which the Loan is made, and shall not accrue on a Loan, or any portion thereof, for the day on which the Loan or such portion is paid, provided that any Loan that is repaid on the same day on which it is made shall, subject to Section 2.18, bear interest for one day. Each determination by the Administrative Agent of an interest rate or fee hereunder shall be conclusive and binding for all purposes, absent manifest error.

SECTION 2.14 Alternate Rate of Interest. If at least two Business Days prior to the commencement of any Interest Period for a Eurocurrency Borrowing:

(a) the Administrative Agent determines (which determination shall be conclusive absent manifest error) that adequate and reasonable means do not exist for ascertaining the Adjusted LIBO Rate for such Interest Period; or

(b) the Administrative Agent is advised by the Required Lenders that the Adjusted LIBO Rate for such Interest Period will not adequately and fairly reflect the cost to such Lenders of making or maintaining their Loans included in such Borrowing for such Interest Period (in each case with respect to the Loans impacted by this clause (b) or clause (a) above, "Impacted Loans"),

then the Administrative Agent shall give notice thereof to the Borrower and the Lenders by telephone or facsimile as promptly as practicable thereafter and, until the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, (i) any Interest Election Request that requests the conversion of any Borrowing to, or continuation of any Borrowing as, a Eurocurrency Borrowing shall be ineffective and (ii)(x) if any Borrowing Request requests a Eurocurrency Borrowing, then such Borrowing shall be made as an ABR Borrowing and the utilization of the LIBO Rate component in determining the Alternate Base Rate shall be suspended and (y) if any Borrowing Request requests a Eurocurrency Borrowing denominated in euro, then such Borrowing shall be made as a Eurocurrency Borrowing with the rate thereof determined in accordance with the definition of "LIBO Rate"; provided, however, that, in each case, the Borrower may revoke any Borrowing Request that is pending when such notice is received.

(c) Notwithstanding the foregoing, if the Administrative Agent has made the determination described in clause (a) of this Section 2.14 and/or is advised by the Required Lenders of their determination in accordance with clause (b) of this Section 2.14 and the Borrower shall so request, the Administrative Agent and the Borrower shall negotiate in good faith to amend the definition of "LIBO Rate" and other applicable provisions to preserve the original intent thereof in light of such change, taking into account then prevailing market convention for determining a rate of interest for U.S. syndicated loans at such time, and any such amendment to such provisions agreed to by the Borrower and the Administrative Agent shall become effective provided that such amendment is not objected to in a written notice provided to the Borrower and the Administrative Agent by Required Lenders within five (5) Business Days of the date that such proposed amendment is delivered to the Lenders electronically or in writing; provided that, until so amended, such Impacted Loans will be handled as otherwise provided pursuant to the terms of this Section 2.14.

SECTION 2.15 Increased Costs.

(a) If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender or any Issuing Bank (except any such reserve requirement reflected in the Adjusted LIBO Rate);

(ii) impose on any Lender or any Issuing Bank or the London interbank market any other condition, cost or expense (other than with respect to Taxes) affecting this Agreement or Eurocurrency Loans made by such Lender or any Letter of Credit or participation therein; or

(iii) subject any Lender to any Tax of any kind whatsoever with respect to this Agreement or any Eurocurrency Loan made by such Lender, or change the basis of taxation of payments to such Lender in respect thereof (except for (A) any Indemnified Taxes or Other Taxes indemnifiable under Section 2.17 or (B) any Excluded Taxes);

and the result of any of the foregoing shall be to increase the cost to such Lender of making or maintaining any Eurocurrency Loan (or of maintaining its obligation to make any such Loan) or to increase the cost to such Lender or Issuing Bank of participating in, issuing or maintaining any Letter of Credit (or of maintaining its obligation to participate in or issue any Letter of Credit) or to reduce the amount of any sum received or receivable by such Lender or Issuing Bank hereunder (whether of principal, interest or otherwise), then, from time to time upon request of such Lender or Issuing Bank, the Borrower will pay to such Lender or Issuing Bank, as the case may be, such additional amount or amounts as will compensate such Lender or Issuing Bank, as the case may be, for such increased costs actually incurred or reduction actually suffered, provided that to the extent any such costs or reductions are incurred by any Lender as a result of any requests, rules, guidelines or directives enacted or promulgated under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Basel III after the Effective Date, then such Lender shall be compensated pursuant to this Section 2.15(a) only to the extent such Lender is imposing such charges on similarly situated borrowers under the other syndicated credit facilities that such Lender is a lender under. Notwithstanding the foregoing, this paragraph (a) will not apply to (A) Indemnified Taxes or Other Taxes or (B) Excluded Taxes.

(b) If any Lender or Issuing Bank determines that any Change in Law regarding capital requirements has the effect of reducing the rate of return on such Lender's or Issuing Bank's capital or on the capital of such Lender's or Issuing Bank's holding company, if any, as a consequence of this Agreement or the Loans made by, or participations in Letters of Credit or Swingline Loans held by, such Lender, or the Letters of Credit issued by such Issuing Bank, to a level below that which such Lender or Issuing Bank or such Lender's or Issuing Bank's holding company could have achieved but for such Change in Law (taking into consideration such Lender's or Issuing Bank's policies and the policies of such Lender's or Issuing Bank's holding company with respect to capital adequacy), then, from time to time upon request of such Lender or Issuing Bank, the Borrower will pay to such Lender or Issuing Bank, as the case may be, such additional amount or amounts as will compensate such Lender or Issuing Bank or such Lender's or Issuing Bank's holding company for any such reduction actually suffered.

(c) A certificate of a Lender or an Issuing Bank setting forth the amount or amounts necessary to compensate such Lender or Issuing Bank or its holding company in reasonable detail, as the case may be, as specified in paragraph (a) or (b) of this Section delivered to the Borrower shall be conclusive absent manifest error. The Borrower shall pay such Lender or Issuing Bank, as the case may be, the amount shown as due on any such certificate within 15 days after receipt thereof.

(d) Failure or delay on the part of any Lender or Issuing Bank to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's or Issuing Bank's right to demand such compensation, provided that the Borrower shall not be required to compensate a Lender or Issuing Bank pursuant to this Section for any increased costs incurred or reductions suffered more than 180 days prior to the date that such Lender or Issuing Bank, as the case may be, notifies the Borrower of the Change in Law giving rise to such increased costs or reductions and of such Lender's or Issuing Bank's intention to claim compensation therefor; provided further that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the 180-day period referred to above shall be extended to include the period of retroactive effect thereof.

SECTION 2.16 Break Funding Payments. In the event of (a) the payment of any principal of any Eurocurrency Loan other than on the last day of an Interest Period applicable thereto (including as a result of an Event of Default), (b) the conversion of any Eurocurrency Loan other than on the last day of the Interest Period applicable thereto, (c) the failure to borrow, convert, continue or prepay any Revolving Loan or Term Loan on the date specified in any notice delivered pursuant hereto (regardless of whether such notice may be revoked under Section 2.11(f) and is revoked in accordance therewith) or (d) the assignment of any Eurocurrency Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.19 or Section 9.02(c), then, in any such event, the Borrower shall, after receipt of a written request by any Lender affected by any such event (which request shall set forth in reasonable detail the basis for requesting such amount), compensate each Lender for the actual loss, cost and expense attributable to such event. For purposes of calculating amounts payable by the Borrower to the Lenders under this Section 2.16, each Lender shall be deemed to have funded each Eurocurrency Loan made by it at the Adjusted LIBO Rate (determined without giving effect to any interest rate "floor") for such Loan by a matching deposit or other borrowing for a comparable amount and for a comparable period, whether or not such Eurocurrency Loan was in fact so funded. A certificate of any Lender setting forth any amount or amounts that such Lender is entitled to receive pursuant to this Section delivered to the Borrower shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within 15 days after receipt of such demand. Notwithstanding the foregoing, this Section 2.16 will not apply to losses, costs or expenses resulting from Taxes, as to which Section 2.17 shall govern.

SECTION 2.17 Taxes.

(a) Any and all payments by or on account of any obligation of any Loan Party under any Loan Document shall be made free and clear of and without deduction for any Taxes, provided that if the applicable Withholding Agent shall be required by applicable Requirements of Law to deduct any Taxes from such payments, then (i) the applicable Withholding Agent shall make such deductions, (ii) the applicable Withholding Agent shall timely pay the full amount deducted to the relevant Governmental Authority in accordance with applicable Requirements of Law and (iii) if the Tax in question is an Indemnified Tax or Other Tax, the amount payable by the applicable Loan Party shall be increased as necessary so that after all required deductions have been made (including deductions applicable to additional amounts payable under this Section 2.17) the Lender (or, in the case of a payment received by the Administrative Agent for its own account, the Administrative Agent) receives an amount equal to the sum it would have received had no such deductions been made.

(b) Without limiting the provisions of paragraph (a) above, the Borrower shall timely pay any Other Taxes to the relevant Governmental Authority in accordance with Requirements of Law.

(c) The Borrower shall indemnify the Administrative Agent and each Lender, within 30 days after written demand therefor, for the full amount of any Indemnified Taxes paid by the Administrative Agent or such Lender, as the case may be, and any Other Taxes (including Indemnified Taxes or Other Taxes imposed or asserted on or attributable to amounts payable under this Section 2.17) and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate setting forth in reasonable detail the basis and calculation of the amount of such payment or liability delivered to the Borrower by a Lender or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(d) As soon as practicable after any payment of Taxes attributable to the Administrative Agent or any Lender to a Governmental Authority by any Loan Party, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(e) Each Lender shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation prescribed by applicable Requirements of Law and such other documentation reasonably requested by the Borrower or the Administrative Agent (i) as will permit such payments to be made without, or at a reduced rate of, withholding or (ii) as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to withholding or information reporting requirements. Each Lender shall, whenever a lapse of time or change in circumstances renders such documentation obsolete, expired or inaccurate in any material respect, deliver promptly to the Borrower and the Administrative Agent updated or other appropriate documentation (including any new documentation reasonably requested by the Borrower or the Administrative Agent) or promptly notify the Borrower and the Administrative Agent in writing of its legal ineligibility to do so.

Without limiting the foregoing:

(1) Each Lender that is a "United States person" within the meaning of Section 7701(a)(30) of the Code shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement (and from time to time thereafter upon the request of the Borrower or the Administrative Agent) two properly completed and duly signed original copies of Internal Revenue Service Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding.

(2) Each Lender that is not a "United States person" within the meaning of Section 7701(a)(30) of the Code shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement (and from time to time thereafter upon the request of the Borrower or the Administrative Agent) whichever of the following is applicable:

(A) two properly completed and duly signed original copies of Internal Revenue Service Form W-8BEN or W-8BEN-E, as applicable, (or any successor forms) claiming eligibility for the benefits of an income tax treaty to which the United States is a party,

(B) two properly completed and duly signed original copies of Internal Revenue Service Form W-8ECI (or any successor forms),

(C) in the case of a Lender claiming the benefits of the exemption for portfolio interest under Section 871(h) or Section 881(c) of the Code, (x) two properly completed and duly signed certificates substantially in the form of Exhibit P-1, P-2, P-3 and P-4, as applicable, (any such certificate, a "U.S. Tax Compliance Certificate") and (y) two properly completed and duly signed original copies of Internal Revenue Service Form W-8BEN or W-8BEN-E, as applicable, (or any successor forms),

(D) to the extent a Lender is not the beneficial owner (for example, where the Lender is a partnership or a participating Lender), two properly completed and duly signed original copies of Internal Revenue Service Form W-8IMY (or any successor forms) of the Lender, accompanied by a Form W-8ECI, W-8BEN or W-8BEN-E, as applicable, U.S. Tax Compliance Certificate, Form W-9, Form W-8IMY or any other required information (or any successor forms) from each beneficial owner that would be required under this Section 2.17(e) if such beneficial owner were a Lender, as applicable (provided that, if the Lender is a partnership for U.S. federal income tax purposes (and not a participating Lender) and one or more direct or indirect partners are claiming the portfolio interest exemption, the U.S. Tax Compliance Certificate may be provided by such Lender on behalf of such direct or indirect partner(s)), or

(E) two properly completed and duly signed original copies of any other form prescribed by applicable U.S. federal income tax laws as a basis for claiming a complete exemption from, or a reduction in, U.S. federal withholding tax on any payments to such Lender under the Loan Documents, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made.

(3) If a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by applicable law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA, to determine whether such Lender has or has not complied with such Lender's obligations under FATCA and, if necessary, to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (3), "FATCA" shall include any amendments made to FATCA after the date hereof.

(4) If the Administrative Agent is a "United States person" within the meaning of Section 7701(a)(30) of the Code, the Administrative Agent shall deliver to the Borrower two properly completed and duly signed original copies of Internal Revenue Service Form W-9 certifying to such Administrative Agent's exemption from U.S. federal backup withholding. If the Administrative Agent is not a "United States person" within the meaning of Section 7701(a)(30) of the Code, the Administrative Agent shall deliver to the Borrower two properly completed and duly signed original copies of (i) Internal Revenue Service Form W-8ECI with respect to payments received for its own account and (ii) Internal Revenue Service Form W-8IMY (together with all required accompanying documentation) with respect to payments received by it on behalf of the Lenders.

Notwithstanding any other provisions of this Section 2.17(e), a Lender or the Administrative Agent shall not be required to deliver any form or other documentation (other than any form or documentation set forth in Section 2.17(e)(1), Sections 2.17(e)(2)(A) through (D), Section 2.17(e)(3) or Section 2.17(e)(4)) that such Lender or the Administrative Agent is not legally eligible to deliver.

(f) If the Borrower determines in good faith that a reasonable basis exists for contesting any Taxes for which indemnification has been demanded hereunder, the Administrative Agent or the relevant Lender, as applicable, shall use commercially reasonable efforts to cooperate with Holdings or the Borrower in a reasonable challenge of such Taxes if so requested by the Borrower; provided that (a) the Administrative Agent or such Lender determines in its reasonable discretion that it would not be subject to any unreimbursed third party cost or expense or otherwise be prejudiced by cooperating in such challenge, (b) the Borrower pay all related expenses of the Administrative Agent or such Lender, as applicable and (c) the Borrower indemnify the Administrative Agent or such Lender, as applicable, for any liabilities or other costs incurred by such party in connection with such challenge. If the Administrative Agent or a Lender receives a refund of any Indemnified Taxes or Other Taxes as to which it has been indemnified by the Borrower or any other Loan Party or with respect to which the Borrower or any other Loan Party has paid additional amounts pursuant to this Section 2.17, it shall pay over such refund to the Borrower (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrower or any other Loan Party under this Section with respect to the Indemnified Taxes or Other Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of the Administrative Agent or such Lender and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund), provided that the Borrower, upon the request of the Administrative Agent or such Lender, agrees promptly to repay the amount paid over to the Borrower (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Administrative Agent or such Lender in the event the Administrative Agent or such Lender is required to repay such refund to such Governmental Authority. The Administrative Agent or such Lender, as the case may be, shall, at the Borrower's request, provide the Borrower with a copy of any notice of assessment or other evidence of the requirement to repay such refund received from the relevant taxing authority (provided that the Administrative Agent or such Lender may delete any information therein that the Administrative Agent or such Lender deems confidential). Notwithstanding anything to the contrary, this Section 2.17(f) shall not be construed to require the Administrative Agent or any Lender to make available its Tax returns (or any other information relating to Taxes which it deems confidential to any Loan Party or any other Person).

(g) The agreements in this Section 2.17 shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder, resignation of the Administrative Agent and any assignment or rights by, or replacement of, any Lender.

(h) For purposes of this Section 2.17, the term “Lender” shall include any Issuing Bank and the Swingline Lender.

SECTION 2.18 Payments Generally; Pro Rata Treatment; Sharing of Setoffs.

(a) The Borrower shall make each payment required to be made by it under any Loan Document (whether of principal, interest, fees, or reimbursement of LC Disbursement or of amounts payable under Section 2.15, 2.16 or 2.17, or otherwise) prior to the time expressly required hereunder or under such other Loan Document for such payment (or, if no such time is expressly required, prior to 2:00 p.m., New York City time), on the date when due, in immediately available funds, without setoff or counterclaim. Any amounts received after such time on any date may, in the discretion of the Administrative Agent, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments shall be made to such account as may be specified by the Administrative Agent, except payments to be made directly to any Issuing Bank or Swingline Lender shall be made as expressly provided herein and except that payments pursuant to Sections 2.15, 2.16, 2.17 and 9.03 shall be made directly to the Persons entitled thereto and payments pursuant to other Loan Documents shall be made to the Persons specified therein. The Administrative Agent shall distribute any such payments received by it for the account of any other Person to the appropriate recipient promptly following receipt thereof. If any payment (other than payments on the Eurocurrency Loans) under any Loan Document shall be due on a day that is not a Business Day, the date for payment shall be extended to the next succeeding Business Day. If any payment on a Eurocurrency Loan becomes due and payable on a day other than a Business Day, the maturity thereof shall be extended to the next succeeding Business Day unless the result of such extension would be to extend such payment into another calendar month, in which event such payment shall be made on the immediately preceding Business Day. In the case of any payment of principal pursuant to the preceding two sentences, interest thereon shall be payable at the then applicable rate for the period of such extension. All payments or prepayments of any Loan shall be made in the currency in which such Loan is denominated, all reimbursements of any LC Disbursements shall be made in dollars, all payments of accrued interest payable on a Loan or LC Disbursement shall be made in dollars, and all other payments under each Loan Document shall be made in dollars.

(b) If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, unreimbursed LC Disbursements, interest and fees then due hereunder, such funds shall be applied (i) first, towards payment of interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties and (ii) second, towards payment of principal and unreimbursed LC Disbursements then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal and unreimbursed LC Disbursements then due to such parties.

(c) If any Lender shall, by exercising any right of setoff or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans of a given Class or participations in LC Disbursements or Swingline Loans resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Loans of such Class or participations in LC Disbursements or Swingline Loans and accrued interest thereon than the proportion received by any other Lender with outstanding Loans of the same Class or participations in LC Disbursements or Swingline Loans, then the Lender receiving such greater proportion shall purchase (for cash at face value) participations in the Loans of such Class or participations in LC Disbursements of other Lenders to the extent necessary so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans of such Class or participations in LC Disbursements; provided that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest and (ii) the provisions of this paragraph shall not be construed to apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement (including the application of funds arising from the existence of a Defaulting Lender), (B) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans or participations in LC Disbursements to any assignee or participant or (C) any disproportionate payment obtained by a Lender of any Class as a result of the extension by Lenders of the maturity date or expiration date of some but not all Loans or Commitments of that Class or any increase in the Applicable Rate in respect of Loans of Lenders that have consented to any such extension. The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower’s rights of setoff and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

(d) Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for the account of the Lenders or the Issuing Banks hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may, in reliance upon such assumption and in its sole discretion, distribute to the Lenders or the Issuing Banks, as the case may be, the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders or Issuing Banks, as the case may be, severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender or Issuing Bank with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the Federal Funds Effective Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

(e) If any Lender shall fail to make any payment required to be made by it pursuant to Section 2.04(c), Section 2.05(e) or Section 2.05(f), Section 2.06(a) or Section 2.06(b), Section 2.18(d) or Section 9.03(c), then the Administrative Agent may, in its discretion and in the order determined by the Administrative Agent (notwithstanding any contrary provision hereof), (i) apply any amounts thereafter received by the Administrative Agent for the account of such Lender to satisfy such Lender's obligations under such Section until all such unsatisfied obligations are fully paid and/or (ii) hold any such amounts in a segregated account as Cash Collateral for, and to be applied to, any future funding obligations of such Lender under any such Section.

SECTION 2.19 Mitigation Obligations; Replacement of Lenders.

(a) If any Lender requests compensation under Section 2.15, or if the Borrower is required to pay any additional amount to, or otherwise indemnify, any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17 or any event that gives rise to the operation of Section 2.23, then such Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or its participation in any Letter of Credit affected by such event, or to assign and delegate its rights and obligations hereunder to another of its offices, branches or Affiliates, if, in the judgment of such Lender, such designation or assignment and delegation (i) would eliminate or reduce amounts payable pursuant to Section 2.15 or Section 2.17 or mitigate the applicability of Section 2.23, as the case may be and (ii) would not subject such Lender to any unreimbursed cost or expense reasonably deemed by such Lender to be material and would not be inconsistent with the internal policies of, or otherwise be disadvantageous in any material economic, legal or regulatory respect to, such Lender.

(b) If (i) any Lender requests compensation under Section 2.15 or gives notice under Section 2.23, (ii) the Borrower is required to pay any additional amount to any Lender or to any Governmental Authority for the account of any Lender pursuant to Section 2.17 or (iii) any Lender is or becomes a Defaulting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in Section 9.04), all its interests, rights and obligations under this Agreement and the other Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment and delegation), provided that (A) the Borrower shall have received the prior written consent of the Administrative Agent to the extent such consent would be required under Section 9.04(b) for an assignment of Loans or Commitments, as applicable (and if a Revolving Commitment is being assigned and delegated, each Principal Issuing Bank and each Swingline Lender), which consents, in each case, shall not unreasonably be withheld or delayed, (B) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans and unreimbursed participations in LC Disbursements and Swingline Loans, accrued but unpaid interest thereon, accrued but unpaid fees and all other amounts payable to it hereunder from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts), (C) the Borrower or such assignee shall have paid (unless waived) to the Administrative Agent the processing and recordation fee specified in Section 9.04(b)(ii) and (D) in the case of any such assignment resulting from a claim for compensation under Section 2.15, payments required to be made pursuant to Section 2.17 or a notice given under Section 2.23, such assignment will result in a material reduction in such compensation or payments. A Lender shall not be required to make any such assignment and delegation if, prior thereto, as a result of a waiver by such Lender or otherwise (including as a result of any action taken by such Lender under paragraph (a) above), the circumstances entitling the Borrower to require such assignment and delegation cease to apply. Each party hereto agrees that an assignment required pursuant to this paragraph may be effected pursuant to an Assignment and Assumption executed by the Borrower, the Administrative Agent and the assignee and that the Lender required to make such assignment need not be a party thereto.

SECTION 2.20 Incremental Loans and Commitments.

(a) The Borrower may at any time or from time to time after the Effective Date, by written notice delivered to the Administrative Agent request (i) one or more additional Classes of term loans or additional term loans of the same Class of any existing Class of term loans (the “Incremental Term Loans”), (ii) one or more increases in the amount of the Revolving Commitments of any Class (each such increase, an “Incremental Revolving Commitment Increase”) or (iii) one or more additional Classes of revolving credit commitments (the “Additional/Replacement Revolving Commitments,” and, together with the Incremental Term Loans and the Incremental Revolving Commitment Increases, the “Incremental Facilities”) from any Additional Lender; provided that, subject to Section 1.04(c) in the case of Incremental Facilities incurred to finance a Limited Condition Transaction, after giving effect to the effectiveness of any Incremental Facility Amendment referred to below and at the time that any such Incremental Term Loan, Incremental Revolving Commitment Increase or Additional/Replacement Revolving Commitment is made or effected, (a) the representations and warranties of each Loan Party set forth in the Loan Documents shall be true and correct in all material respects (or in all respects if qualified by materiality) on and as of the date of such Limited Condition Transaction and (b) no Event of Default shall have occurred and be continuing (except, in the case of the incurrence or provision of any Incremental Facility in connection with a Permitted Acquisition or other Investment not prohibited by the terms of this Agreement, which shall be subject to no Event of Default under clause (a), (b), (h) or (i) of Section 7.01). Notwithstanding anything to contrary herein, the aggregate principal amount of the Incremental Facilities that can be incurred at any time shall not exceed the Incremental Cap at such time. Each Incremental Facility shall be in a minimum principal amount of \$5,000,000 and integral multiples of \$1,000,000 in excess thereof if such Incremental Facilities are denominated in dollars (unless the Borrower and the Administrative Agent otherwise agree); provided that such amount may be less than \$5,000,000 if such amount represents all the remaining availability under the aggregate principal amount of Incremental Facilities set forth above.

(b) (i) The Incremental Term Loans (i) to the extent secured, shall rank equal in or junior to right of payment with the Term Loans, shall be secured only by the Collateral securing the Secured Obligations and shall only be guaranteed by the Loan Parties, (ii) shall not mature earlier than the Term Maturity Date, (iii) except in the case of an amount of Incremental Term Loans elected by the Borrower in an aggregate principal amount not to exceed 50.0% of Consolidated EBITDA, shall not have a shorter Weighted Average Life to Maturity than the existing Term Loans, (iv) shall have a maturity date (subject to clause (ii)), an amortization schedule (subject to clause (iii)), and interest rates (including through fixed interest rates), interest margins, rate floors, upfront fees, funding discounts, original issue discounts and prepayment terms and premiums for the Incremental Term Loans as determined by the Borrower and the lenders of the Incremental Term Loans; provided that, in the event that the Effective Yield for any Incremental Term Loans that (1) are not junior to the Term Loans in terms of security or right of payment (including as a result of being a “last out facility”) or unsecured and (2) have a stated maturity date less than one year after the Term Maturity Date is greater than the Effective Yield for the Term Loans by more than 0.75% per annum, then the Effective Yield for the Term Loans shall be increased to the extent necessary so that the Effective Yield for the Term Loans are equal to the Effective Yield for the Incremental Term Loans minus 0.75% per annum (provided that, to the extent any portion of the Effective Yield differential is attributable to a higher “LIBOR floor” being applicable to such Incremental Term Loans, such floor shall only be included in the calculation of such differential to the extent such floor is greater than the Adjusted LIBO Rate in effect for an Interest Period of three months’ duration at such time, and, with respect to such excess, the “LIBOR floor” applicable to the outstanding Term Loans shall be increased to an amount not to exceed the “LIBOR floor” applicable to such Incremental Term Loans prior to any increase in the Applicable Rate applicable to such Term Loans then outstanding); provided further that the Incremental Term Loans may participate on a pro rata basis or less than pro rata basis (but not greater than a pro rata basis) in any mandatory repayments or prepayments hereunder and (v) may otherwise have terms and conditions different from those of the Term Loans (including currency denomination); provided that (x) except with respect to matters contemplated by clauses (ii), (iii) and (iv) above, any differences shall be reasonably satisfactory to the Administrative Agent (except for covenants and other provisions applicable only to the periods after the Latest Maturity Date at the time such Incremental Term Loans are incurred) and (y) the documentation governing any Incremental Term Loans may include a financial maintenance covenant, it being understood that, to the extent that any financial maintenance covenant is added for the benefit of any Incremental Term Loan, no consent shall be required from the Administrative Agent or any of the Term Lenders to the extent that such financial maintenance covenant is (1) also added for the benefit of any existing Loans and Commitments or (2) only applicable after the Latest Maturity Date.

(ii) The Incremental Revolving Commitment Increase shall be treated the same as the Class of Revolving Commitments being increased (including with respect to maturity date thereof) and shall be considered to be part of the Class of Revolving Credit Facility being increased (it being understood that, if required to consummate an Incremental Revolving Commitment Increase, the pricing, interest rate margins, rate floors and undrawn commitment fees on the Class of Revolving Commitments being increased may be increased and additional upfront or similar fees may be payable to the lenders providing the Incremental Revolving Commitment Increase (without any requirement to pay such fees to any existing Revolving Lenders)) but shall not have “superpriority” status.

(iii) The Additional/Replacement Revolving Commitments (i) shall rank equal or junior in right of payment with the Revolving Loans (subject to Section 2.09(f)), shall be unsecured or secured only by the Collateral securing the Secured Obligations and shall only be guaranteed by the Loan Parties, (ii) shall not mature earlier than the Revolving Maturity Date and shall require no mandatory commitment reduction prior to the Revolving Maturity Date, (iii) shall have interest rates (including through fixed interest rates), interest margins, rate floors, upfront fees, undrawn commitment fees, funding discounts, original issue discounts, prepayment terms and premiums and commitment reduction and termination terms as determined by the Borrower and the lenders of such commitments, (iv) shall contain borrowing, repayment and termination of Commitment procedures as determined by the Borrower and the lenders of such commitments, (v) may include provisions relating to letters of credit, as applicable, issued thereunder, which issuances shall be on terms substantially similar (except for the overall size of such subfacilities, the fees payable in connection therewith and the identity of the letter of credit issuer, as applicable, which shall be determined by the Borrower, the lenders of such commitments and the applicable letter of credit issuers and borrowing, repayment and termination of commitment procedures with respect thereto, in each case which shall be specified in the applicable Incremental Facility Amendment) to the terms relating to the Letters of Credit with respect to the applicable Class of Revolving Commitments or otherwise reasonably acceptable to the Administrative Agent and (vi) may otherwise have terms and conditions different from those of the Revolving Credit Facility (including currency denomination); provided that (x) except with respect to matters contemplated by clauses (ii), (iii), (iv) and (v) above, any differences shall be reasonably satisfactory to the Administrative Agent (except for covenants and other provisions applicable only to the periods after the Latest Maturity Date) and (y) the documentation governing any Additional/Replacement Revolving Commitments may include financial maintenance covenant so long as the Administrative Agent shall have been given prompt written notice thereof and this Agreement is amended to include such financial maintenance covenant for the benefit of each facility (provided, further, however, that, if the applicable new financial maintenance covenant is a “springing” financial maintenance covenant for the benefit of such revolving credit facility or covenant only applicable to, or for the benefit of, a revolving credit facility, such financial maintenance covenant shall be automatically included in this Agreement only for the benefit of each revolving credit facility hereunder (and not for the benefit of any term loan facility hereunder)).

(c) Each notice from Holdings or the Borrower pursuant to this Section 2.20 shall be given in writing and shall set forth the requested amount and proposed terms of the relevant Incremental Term Loans, Incremental Revolving Commitment Increases or Additional/Replacement Revolving Commitments.

(d) Commitments in respect of Incremental Term Loans, Incremental Revolving Commitment Increases and Additional/Replacement Revolving Commitments shall become Commitments (or in the case of an Incremental Revolving Commitment Increase to be provided by an existing Lender with a Revolving Commitment, an increase in such Lender's applicable Revolving Commitment) under this Agreement pursuant to an amendment (an "Incremental Facility Amendment") to this Agreement and, as appropriate, the other Loan Documents, executed by Holdings, the Borrower, each Lender agreeing to provide such Commitment, if any, each Additional Lender, if any, and the Administrative Agent. Incremental Term Loans and loans under Incremental Revolving Commitment Increases and Additional/Replacement Revolving Commitments shall be a "Loan" for all purposes of this Agreement and the other Loan Documents. The Incremental Facility Amendment may, subject to Section 2.14(c), without the consent of any other Lenders, effect such amendments to this Agreement and the other Loan Documents as may be necessary, in the reasonable opinion of the Administrative Agent and the Borrower, to effect the provisions of this Section 2.20 (including, in connection with an Incremental Revolving Commitment Increase, to reallocate Revolving Exposure on a pro rata basis among the relevant Revolving Lenders). The effectiveness of any Incremental Facility Amendment and the occurrence of any credit event (including the making (but not the conversion or continuation) of a Loan and the issuance, increase in the amount, or extension of a Letter of Credit thereunder) pursuant to such Incremental Facility Amendment shall be subject to the satisfaction of such conditions as the parties thereto shall agree. The Borrower will use the proceeds of the Incremental Term Loans, Incremental Revolving Commitment Increases and Additional/Replacement Revolving Commitments for any purpose not prohibited by this Agreement.

(e) Notwithstanding anything to the contrary, this Section 2.20 shall supersede any provisions in Section 2.18 or Section 9.02 to the contrary.

SECTION 2.21 Refinancing Amendments.

(a) At any time after the Effective Date, the Borrower may obtain, from any Lender or any Additional Lender, Credit Agreement Refinancing Indebtedness in respect of (a) all or any portion of the Term Loans then outstanding under this Agreement (which for purposes of this clause (a) will be deemed to include any then outstanding Other Term Loans) or (b) all or any portion of the Revolving Loans (or unused Revolving Commitments) under this Agreement (which for purposes of this clause (b) will be deemed to include any then outstanding Other Revolving Loans and Other Revolving Commitments), which may be in the form of (x) Other Term Loans or Other Term Commitments or (y) Other Revolving Loans or Other Revolving Commitments, as the case may be, in each case pursuant to a Refinancing Amendment; provided that such Credit Agreement Refinancing Indebtedness (i) will have such pricing and optional prepayment terms as may be agreed by the Borrower and the Lenders thereof, (ii) (x) with respect to any Other Revolving Loans or Other Revolving Commitments, will have a maturity date that is not prior to the maturity date of the Revolving Loans (or unused Revolving Commitments) being refinanced and (y) with respect to any Other Term Loans or Other Term Commitments, will have a maturity date that is not prior to the earlier of the maturity date of the Term Loans being refinanced and the Latest Maturity Date at the time of such refinancing, (iii) the proceeds of such Credit Agreement Refinancing Indebtedness shall be applied, substantially concurrently with the incurrence thereof, to the prepayment of outstanding Term Loans or reduction of Revolving Commitments being so refinanced, as the case may be and (iv) no Event of Default shall exist or result therefrom; provided that the requirements in this subclause (iv) shall not apply to Credit Agreement Refinancing Indebtedness in respect of all the outstanding Term Loan and Revolving Loans (and unused Revolving Commitments). Each Class of Credit Agreement Refinancing Indebtedness incurred under this Section 2.21 shall be in an aggregate principal amount that is (x) not less than \$5,000,000 in the case of Other Term Loans or \$5,000,000 in the case of Other Revolving Loans and (y) an integral multiple of \$1,000,000 in excess thereof (in each case unless the Borrower and the Administrative Agent otherwise agree). Any Refinancing Amendment may provide for the issuance of Letters of Credit for the account of the Borrower, or the provision to the Borrower of Swingline Loans, pursuant to any Other Revolving Commitments established thereby, in each case on terms substantially equivalent to the terms applicable to Letters of Credit and Swingline Loans under the Revolving Commitments. The Administrative Agent shall promptly notify each Lender as to the effectiveness of each Refinancing Amendment. Each of the parties hereto hereby agrees that, upon the effectiveness of any Refinancing Amendment, this Agreement shall be deemed amended to the extent (but only to the extent) necessary to reflect the existence and terms of the Credit Agreement Refinancing Indebtedness incurred pursuant thereto (including any amendments necessary to treat the Loans and Commitments subject thereto as Other Term Loans, Other Revolving Loans, Other Revolving Commitments and/or Other Term Commitments). Any Refinancing Amendment may, without the consent of any other Lenders, effect such amendments to this Agreement and the other Loan Documents as may be necessary or appropriate, in the reasonable opinion of the Administrative Agent and the Borrower, to effect the provisions of this Section. In addition, if so provided in the relevant Refinancing Amendment and with the consent of each Issuing Bank, participations in Letters of Credit expiring on or after the Revolving Maturity Date shall be reallocated from Lenders holding Revolving Commitments to Lenders holding extended revolving commitments in accordance with the terms of such Refinancing Amendment; provided, however, that such participation interests shall, upon receipt thereof by the relevant Lenders holding Revolving Commitments, be deemed to be participation interests in respect of such Revolving Commitments and the terms of such participation interests (including, without limitation, the commission applicable thereto) shall be adjusted accordingly.

(b) Notwithstanding anything to the contrary, this Section 2.21 shall supersede any provisions in Section 2.18 or Section 9.02 to the contrary.

SECTION 2.22 Defaulting Lenders.

(a) General. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as that Lender is no longer a Defaulting Lender, to the extent permitted by applicable law:

(i) Waivers and Amendments. Such Defaulting Lender's right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in Section 9.02.

(ii) Reallocation of Payments. Subject to the last sentence of Section 2.11(e), any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of that Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VII or otherwise, and including any amounts made available to the Administrative Agent by that Defaulting Lender pursuant to Section 9.08), shall be applied at such time or times as may be determined by the Administrative Agent as follows: first, to the payment of any amounts owing by that Defaulting Lender to the Administrative Agent hereunder; second, in the case of a Revolving Lender, to the payment on a pro rata basis of any amounts owing by that Defaulting Lender to each Issuing Bank and the Swingline Lender hereunder; third, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Loan in respect of which that Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; fourth, in the case of a Revolving Lender, if so determined by the Administrative Agent and the Borrower, to be held in a non-interest bearing deposit account and released in order to satisfy obligations of that Defaulting Lender to fund Loans under this Agreement; fifth, to the payment of any amounts owing to the Lenders, the Issuing Banks or the Swingline Lender as a result of any judgment of a court of competent jurisdiction obtained by any Lender, such Issuing Bank or the Swingline Lender against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; sixth, so long as no Default or Event of Default exists, to the payment of any amounts owing to any Loan Party as a result of any judgment of a court of competent jurisdiction obtained by any Loan Party against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; and seventh, to that Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if such payment is a payment of the principal amount of any Loans or LC Disbursements and such Lender is a Defaulting Lender under clause (a) of the definition thereof, such payment shall be applied solely to pay the relevant Loans of, and LC Disbursements owed to, the relevant non-Defaulting Lenders on a pro rata basis prior to being applied pursuant to Section 2.05(j). Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post Cash Collateral pursuant to Section 2.05(j) shall be deemed paid to and redirected by that Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) Certain Fees. That Defaulting Lender (x) shall not be entitled to receive or accrue any commitment fee pursuant to Section 2.12(a) for any period during which that Lender is a Defaulting Lender (and the Borrower shall not be required to pay any such fee that otherwise would have been required to have been paid to that Defaulting Lender) and (y) shall be limited in its right to receive Letter of Credit fees as provided in Section 2.12(b).

(iv) Reallocation of Applicable Percentages to Reduce Fronting Exposure. During any period in which there is a Defaulting Lender, all or any part of such Defaulting Lender's participation in the Letter of Credit and Swingline Loans shall be reallocated among the non-Defaulting Lenders in accordance with their respective Applicable Percentages; provided that for purposes of computing the amount of the obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Swingline Loans and Letters of Credit pursuant to this Section, the "Applicable Percentage" of each non-Defaulting Lender shall be computed without giving effect to the Revolving Commitment of that Defaulting Lender; provided that the aggregate obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Letters of Credit and Swingline Loans shall not exceed the positive difference, if any, of (1) the Revolving Commitment of that non-Defaulting Lender minus (2) the aggregate principal amount of the Revolving Loans of that Lender.

(b) Defaulting Lender Cure. If the Borrower, the Administrative Agent, Swingline Lender and each Issuing Bank agree in writing in their sole discretion that a Defaulting Lender should no longer be deemed to be a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any Cash Collateral), such Lender will, to the extent applicable, purchase that portion of outstanding Loans of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Loans and funded and unfunded participations in Letters of Credit and Swingline Loans to be held on a pro rata basis by the Lenders in accordance with their Applicable Percentages (without giving effect to Section 2.22(a)(iv)), whereupon that Lender will cease to be a Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

SECTION 2.23 Illegality. If any Lender determines that any law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for any Lender to make, maintain or fund Loans whose interest is determined by reference to the Adjusted LIBO Rate, or to determine or charge interest rates based upon the Adjusted LIBO Rate, then, on notice thereof by such Lender to the Borrower through the Administrative Agent, any obligation of such Lender to make or continue Eurocurrency Loans or to convert ABR Loans to Eurocurrency Loans shall be suspended until such Lender notifies the Administrative Agent and the Borrower that the circumstances giving rise to such determination no longer exist. Upon receipt of such notice, (x) the Borrower shall, upon three Business Days' notice from such Lender (with a copy to the Administrative Agent), prepay or, if applicable, convert all Eurocurrency Loans of such Lender to ABR Loans either on the last day of the Interest Period therefor, if such Lender may lawfully continue to maintain such Eurocurrency Loans to such day, or immediately, if such Lender may not lawfully continue to maintain such Eurocurrency Loans and (y) if such notice asserts the illegality of such Lender determining or charging interest rates based upon the Adjusted LIBO Rate, the Administrative Agent shall, during the period of such suspension, compute the Alternate Base Rate applicable to such Lender without reference to the Adjusted LIBO Rate component thereof until the Administrative Agent is advised in writing by such Lender that it is no longer illegal for such Lender to determine or charge interest rates based upon the Adjusted LIBO Rate. Each Lender agrees to notify the Administrative Agent and the Borrower in writing promptly upon becoming aware that it is no longer illegal for such Lender to determine or charge interest rates based upon the Adjusted LIBO Rate. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted.

SECTION 2.24 Loan Modification Offers.

(a) At any time after the Effective Date, the Borrower may on one or more occasions, by written notice to the Administrative Agent, make one or more offers (each, a "Loan Modification Offer") to all the Lenders of one or more Classes (each Class subject to such a Loan Modification Offer, an "Affected Class") to effect one or more Permitted Amendments relating to such Affected Class pursuant to procedures reasonably specified by the Administrative Agent and reasonably acceptable to the Borrower (including mechanics to permit cashless rollovers and exchanges by Lenders). Such notice shall set forth (i) the terms and conditions of the requested Permitted Amendment and (ii) the date on which such Permitted Amendment is requested to become effective. Permitted Amendments shall become effective only with respect to the Loans and Commitments of the Lenders of the Affected Class that accept the applicable Loan Modification Offer (such Lenders, the "Accepting Lenders") and, in the case of any Accepting Lender, only with respect to such Lender's Loans and Commitments of such Affected Class as to which such Lender's acceptance has been made.

(b) A Permitted Amendment shall be effected pursuant to a Loan Modification Agreement executed and delivered by Holdings, the Borrower, each applicable Accepting Lender and the Administrative Agent; provided that no Permitted Amendment shall become effective unless Holdings and the Borrower shall have delivered to the Administrative Agent such legal opinions, board resolutions, secretary's certificates, officer's certificates and other documents as shall be reasonably requested by the Administrative Agent in connection therewith. The Administrative Agent shall promptly notify each Lender as to the effectiveness of each Loan Modification Agreement. Each Loan Modification Agreement may, without the consent of any Lender other than the applicable Accepting Lenders, effect such amendments to this Agreement and the other Loan Documents as may be necessary or appropriate, in the opinion of the Administrative Agent, to give effect to the provisions of this Section 2.24, including any amendments necessary to treat the applicable Loans and/or Commitments of the Accepting Lenders as a new or same "Class" of loans and/or commitments hereunder.

(c) If, in connection with any proposed Loan Modification Offer, any Lender declines to consent to such Loan Modification Offer on the terms and by the deadline set forth in such Loan Modification Offer (each such Lender, a "Non-Accepting Lender") then the Borrower may, on notice to the Administrative Agent and the Non-Accepting Lender, (i) replace such Non-Accepting Lender in whole or in part by causing such Lender to (and such Lender shall be obligated to) assign and delegate, without recourse (in accordance with and subject to the restrictions contained in Section 9.04) all or any part of its interests, rights and obligations under this Agreement in respect of the Loans and Commitments of the Affected Class to one or more Eligible Assignees (which Eligible Assignee may be another Lender, if a Lender accepts such assignment); provided that neither the Administrative Agent nor any Lender shall have any obligation to the Borrower to find a replacement Lender; provided, further, that (a) the applicable assignee shall have agreed to provide Loans and/or Commitments on the terms set forth in the applicable Permitted Amendment, (b) such Non-Accepting Lender shall have received payment of an amount equal to the outstanding principal of the Loans of the Affected Class assigned by it pursuant to this Section 2.24(c), accrued interest thereon, accrued fees and all other amounts payable to it hereunder from the Eligible Assignee (to the extent of such outstanding principal and accrued interest and fees) and (c) unless waived, the Borrower or such Eligible Assignee shall have paid to the Administrative Agent the processing and recordation fee specified in Section 9.04(b).

(d) Notwithstanding anything to the contrary, this Section 2.24 shall supersede any provisions in Section 2.18 or Section 9.02 to the contrary.

SECTION 2.25 MIRE Events. Each of the parties hereto acknowledges and agrees that, if there are any Mortgaged Properties, any increase, extension or renewal of any of the Commitments or Loans (including the provision of incremental credit facilities hereunder pursuant to Section 2.20 or otherwise, but excluding (i) any continuation or conversion of Loans under Section 2.07, (ii) the making of any Revolving Loans or Swingline Loans or (iii) the issuance, renewal or extension of Letters of Credit) shall, if requested by any Lender, be subject to (and conditioned upon) the prior delivery of all flood hazard determination certifications, acknowledgements and evidence of flood insurance and other flood-related documentation with respect to such Mortgaged Properties as required by laws relating to flood insurance and as otherwise reasonably required by the Administrative Agent or any Lender.

## ARTICLE III

### REPRESENTATIONS AND WARRANTIES

Each of Holdings and the Borrower (solely as to itself and its respective Restricted Subsidiaries) represents and warrants to the Lenders that:

SECTION 3.01 Organization; Powers. Each of Holdings the Borrower and each Restricted Subsidiary is (a) duly organized, validly existing and in good standing (to the extent such concept exists in the relevant jurisdictions) under the laws of the jurisdiction of its organization, (b) has the corporate or other organizational power and authority to carry on its business as now conducted and to execute, deliver and perform its obligations under each Loan Document to which it is a party and (c) is qualified to do business in, and is in good standing in, every jurisdiction where such qualification is required, except in the case of clause (a) (other than with respect to any Loan Party), clause (b) (other than with respect to Holdings and the Borrower) and clause (c), where the failure to do so, individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect.

SECTION 3.02 Authorization; Enforceability. This Agreement has been duly authorized, executed and delivered by each of Holdings and the Borrower and constitutes, and each other Loan Document to which any Loan Party is to be a party, when executed and delivered by such Loan Party, will constitute, a legal, valid and binding obligation of Holdings, the Borrower or such Loan Party, as the case may be, enforceable against it in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights generally and subject to general principles of equity, regardless of whether considered in a proceeding in equity or at law.

SECTION 3.03 Governmental Approvals; No Conflicts. (o) a Change in Control shall occur;

(p) any of the Secured Obligations for any reason shall cease to be "Senior Indebtedness" (or any comparable term) under, and as defined in, any documentation relating to any Subordinated Indebtedness or any other Indebtedness that is subordinated to, or secured on a junior Lien basis with, the Secured Obligations, or the subordination provisions set forth in any documentation relating to such Subordinated Indebtedness shall cease to be effective or cease to be legally valid, binding and enforceable against the holders thereof;

then, and in every such event (other than an event with respect to Holdings or the Borrower described in clause (h) or (i) of this Section), and at any time thereafter during the continuance of such event, the Administrative Agent may, and at the request of the Required Lenders shall, by notice to Holdings, take either or both of the following actions, at the same or different times: (i) terminate the Commitments, and thereupon the Commitments shall terminate immediately and (ii) declare the Loans then outstanding to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Loans so declared to be due and payable, together with accrued interest thereon and all fees and other obligations of Borrower accrued hereunder, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower; and in case of any event with respect to Holdings or the Borrower described in clause (h) or (i) of this Section, the Commitments shall automatically terminate and the principal of the Loans then outstanding, together with accrued interest thereon and all fees and other obligations of the Borrower accrued hereunder, shall automatically become due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.

SECTION 7.02 Right to Cure. Notwithstanding anything to the contrary contained in Section 7.01, in the event that Holdings and the Restricted Subsidiaries fail to comply with the requirements of the Financial Covenant as of the last day of any fiscal quarter of Holdings, at any time after the beginning of such fiscal quarter until the expiration of the 10th Business Day (the "Cure Expiration Date") subsequent to the earlier of (i) the date on which a Compliance Certificate with respect to such fiscal quarter (or the fiscal year ended on the last day of such fiscal quarter) is delivered in accordance with Section 5.01(d) and (ii) the date on which the financial statements with respect to such fiscal quarter (or the fiscal year ended on the last day of such fiscal quarter) are required to be delivered pursuant to Section 5.01(a) or Section 5.01(b), as applicable, Holdings shall have the right to issue Qualified Equity Interests for cash or otherwise receive cash contributions to the capital of Holdings as cash common equity or other Qualified Equity Interests (collectively, the "Cure Right"), and upon the receipt by Holdings of the Net Proceeds of such issuance that are Not Otherwise Applied (the "Cure Amount") pursuant to the exercise by Holdings of such Cure Right the Financial Covenant shall be recalculated giving effect to the following pro forma adjustment:

(a) Consolidated EBITDA shall be increased with respect to such applicable fiscal quarter and any four fiscal quarter period that contains such fiscal quarter, solely for the purpose of measuring the Financial Covenant and not for any other purpose under this Agreement, by an amount equal to the Cure Amount;

(b) if, after giving effect to the foregoing pro forma adjustment (without giving effect to any portion of the Cure Amount on the balance sheet of Holdings and its Restricted Subsidiaries with respect to such fiscal quarter only but with giving pro forma effect to any portion of the Cure Amount actually applied to any repayment of any Indebtedness), Holdings and its Restricted Subsidiaries shall then be in compliance with the requirements of the Financial Covenant, Holdings and its Restricted Subsidiaries shall be deemed to have satisfied the requirements of the Financial Covenant as of the relevant date of determination with the same effect as though there had been no failure to comply therewith at such date, and the applicable breach or default of the Financial Covenant that had occurred shall be deemed cured for the purposes of this Agreement; and

(c) notwithstanding anything herein to the contrary, (i) in each four consecutive fiscal quarter period of Holdings there shall be at least two fiscal quarters in which the Cure Right is not exercised, (ii) during the term of this Agreement, the Cure Right shall not be exercised more than five times, (iii) for purposes of this Section 7.02, the Cure Amount shall be no greater than the amount required for purposes of complying with both Financial Covenant and any amounts in excess thereof shall not be deemed to be a Cure Amount and (iv) there shall be no pro forma reduction in Indebtedness with the proceeds of the exercise of the Cure Right for determining compliance with the Financial Covenant for the fiscal quarter in respect of which such Cure Right is exercised except as a result of a prepayment of Indebtedness with the proceeds of the exercise of the Cure Right actually applied to any repayment of Indebtedness. Notwithstanding any other provision in this Agreement to the contrary, the Cure Amount received pursuant to any exercise of the Cure Right shall be disregarded for purposes of determining any financial ratio-based conditions, pricing or any available basket under Article VI of this Agreement and there shall not have been a breach of any covenant under Article VI of this Agreement by reason of having no longer included such Cure Amount in any basket during the relevant period.

SECTION 7.03 Application of Proceeds. After the exercise of remedies provided for in Section 7.01, any amounts received on account of the Secured Obligations shall be applied by the Administrative Agent in accordance with Section 2.09(f). Notwithstanding the foregoing, Excluded Swap Obligations with respect to any Guarantor shall not be paid with amounts received from such Guarantor or its assets, but appropriate adjustments shall be made with respect to payments from other Loan Parties to preserve the allocation to Secured Obligations otherwise set forth in Section 2.09(f).

## ARTICLE VIII

### THE ADMINISTRATIVE AGENT

Each of the Lenders and the Issuing Banks hereby irrevocably appoints SunTrust Bank to serve as Administrative Agent and Collateral Agent under the Loan Documents, and authorizes the Administrative Agent and Collateral Agent to take such actions and to exercise such powers as are delegated to the Administrative Agent and Collateral Agent by the terms of the Loan Documents, together with such actions and powers as are reasonably incidental thereto. The provisions of this Article are solely for the benefit of the Administrative Agent, the Collateral Agent, the Lenders and the Issuing Banks, and none of Holdings, the Borrower or any other Loan Party shall have any rights as a third party beneficiary of any such provisions.

The Person serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender or an Issuing Bank as any other Lender or Issuing Bank and may exercise the same as though it were not the Administrative Agent, and such Person and its Affiliates may accept deposits from, lend money to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with Holdings, the Borrower or any other Subsidiary or other Affiliate thereof as if such Person were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders.

The Administrative Agent shall not have any duties or obligations except those expressly set forth in the Loan Documents. Without limiting the generality of the foregoing, (a) the Administrative Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, (b) the Administrative Agent shall not have any duty to take any discretionary action or to exercise any discretionary power, except discretionary rights and powers expressly contemplated by the Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be necessary under the circumstances as provided in the Loan Documents); provided that the Administrative Agent shall not be required to take any action that, in its opinion, may expose the Administrative Agent to liability or that is contrary to any Loan Document or applicable law and (c) except as expressly set forth in the Loan Documents, the Administrative Agent shall not have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to Holdings, the Borrower, any other Subsidiary or any other Affiliate of any of the foregoing that is communicated to or obtained by the Person serving as Administrative Agent or any of its Affiliates in any capacity. The Administrative Agent shall not be liable for any action taken or not taken by it with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith to be necessary, under the circumstances as provided in Section 9.02) or in the absence of its own gross negligence or willful misconduct. The Administrative Agent shall be deemed not to have knowledge of any Default unless and until written notice thereof is given to the Administrative Agent by Holdings, the Borrower, a Lender or an Issuing Bank and the Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with any Loan Document, (ii) the contents of any certificate, report or other document delivered thereunder or in connection therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth in any Loan Document or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of any Loan Document or any other agreement, instrument or document, (v) the value or the sufficiency of any Collateral or creation, perfection or priority of any Lien purported to be created by the Security Documents or (vi) the satisfaction of any condition set forth in Article IV or elsewhere in any Loan Document, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent or satisfaction of any condition that expressly refers to the matters described therein being acceptable or satisfactory to the Administrative Agent. Notwithstanding anything herein to the contrary, the Administrative Agent shall not have any liability arising from any confirmation of the Revolving Exposure or the component amounts thereof. Neither the Administrative Agent nor any of its Affiliates and its and their respective partners, directors, officers, employees, agents, trustees, administrators, managers, advisors and representatives shall be responsible or have any liability for, or have any duty to ascertain, inquire into, monitor or enforce, compliance with the provisions of this Agreement relating to Disqualified Lenders. Without limiting the generality of the foregoing, the Administrative Agent shall not (i) be obligated to ascertain, monitor or inquire as to whether any Lender or prospective Lender is a Disqualified Lender or (ii) have any liability with respect to or arising out of any assignment of Loans, or disclosure of confidential information, to any Disqualified Lender.

The Administrative Agent shall be entitled to rely, and shall not incur any liability for relying, upon any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person (including, if applicable, a Responsible Officer or Financial Officer of such Person). The Administrative Agent also may rely, and shall not incur any liability for relying, upon any statement made to it orally or by telephone and believed by it to be made by the proper Person (including, if applicable, a Financial Officer or a Responsible Officer of such Person). The Administrative Agent may consult with legal counsel (who may be counsel for or the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of their duties and exercise their rights and powers through their respective Related Parties. The exculpatory provisions of this Article shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent.

Subject to the appointment and acceptance of a successor Administrative Agent as provided in this paragraph, the Administrative Agent may resign upon 30 days' notice to the Lenders, the Issuing Banks and Holdings. If the Administrative Agent becomes a Defaulting Lender and is not performing its role hereunder as Administrative Agent, the Administrative Agent may be removed as the Administrative Agent hereunder at the request of Holdings and the Required Lenders. Upon receipt of any such notice of resignation or upon such removal, the Required Lenders shall have the right, with Holdings' consent (unless an Event of Default under Section 7.01(a), (b), (h) or (i) has occurred and is continuing), to appoint a successor, which shall be a bank with an office in the United States, or an Affiliate of any such bank with an office in the United States. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may (but shall not be obligated to) on behalf of the Lenders and the Issuing Banks, appoint a successor Administrative Agent, which shall be an Approved Bank with an office in New York, New York, or an Affiliate of any such Approved Bank (the date upon which the retiring Administrative Agent is replaced, the "Resignation Effective Date").

If the Person serving as Administrative Agent is a Defaulting Lender, the Required Lenders and Holdings may, to the extent permitted by applicable law, by notice in writing to such Person remove such Person as Administrative Agent and, with the consent of Holdings, appoint a successor. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days (the "Removal Effective Date"), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date.

With effect from the Resignation Effective Date or the Removal Effective Date (as applicable) (1) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except (i) that in the case of any collateral security held by the Administrative Agent on behalf of the Lenders under any of the Loan Documents, the retiring or removed Administrative Agent shall continue to hold such collateral security until such time as a successor Administrative Agent is appointed and (ii) with respect to any outstanding payment obligations) and (2) except for any indemnity payments or other amounts then owed to the retiring or removed Administrative Agent, all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring (or removed) Administrative Agent (other than any rights to indemnity payments or other amounts owed to the retiring or removed Administrative Agent as of the Resignation Effective Date or the Removal Effective Date, as applicable), and the retiring or removed Administrative Agent shall be discharged from all of its duties and obligations hereunder and under the other Loan Documents as set forth in this Section. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring or removed Administrative Agent's resignation or removal hereunder and under the other Loan Documents, the provisions of this Article and Section 9.04 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring or removed Administrative Agent was acting as Administrative Agent.

Each Lender and each Issuing Bank acknowledges that it has, independently and without reliance upon the Administrative Agent, the Joint Bookrunners or any other Lender or any Issuing Bank, or any of the Related Parties of any of the foregoing, and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender and each Issuing Bank also acknowledges that it will, independently and without reliance upon the Administrative Agent, the Joint Bookrunners or any other Lender or any Issuing Bank, or any of the Related Parties of any of the foregoing, and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder.

Each Lender, by delivering its signature page to this Agreement and funding its Loans on the Effective Date, or delivering its signature page to an Assignment and Assumption, Incremental Facility Amendment or Refinancing Amendment pursuant to which it shall become a Lender hereunder, shall be deemed to have acknowledged receipt of, and consented to and approved, each Loan Document and each other document required to be delivered to, or be approved by or satisfactory to, the Administrative Agent or the Lenders on the Effective Date.

No Lender shall have any right individually to realize upon any of the Collateral or to enforce any Guarantee of the Secured Obligations, it being understood and agreed that all powers, rights and remedies under the Loan Documents may be exercised solely by the Administrative Agent on behalf of the Lenders in accordance with the terms thereof. In the event of a foreclosure by the Administrative Agent on any of the Collateral pursuant to a public or private sale or other disposition, the Administrative Agent or any Lender may be the purchaser or licensor of any or all of such Collateral at any such sale or other disposition, and the Administrative Agent, as agent for and representative of the Lenders (but not any Lender or Lenders in its or their respective individual capacities unless Required Lenders shall otherwise agree in writing) shall be entitled, for the purpose of bidding and making settlement or payment of the purchase price for all or any portion of the Collateral sold at any such public sale, to use and apply any of the Secured Obligations as a credit on account of the purchase price for any collateral payable by the Administrative Agent on behalf of the Lenders at such sale or other disposition. Each Lender, whether or not a party hereto, will be deemed, by its acceptance of the benefits of the Collateral and of the Guarantees of the Secured Obligations, to have agreed to the foregoing provisions.

Notwithstanding anything herein to the contrary, neither a Joint Bookrunner nor any Person named on the cover page of this Agreement as a Joint Lead Arranger shall have any duties or obligations under this Agreement or any other Loan Document (except in its capacity, as applicable, as a Lender or an Issuing Bank), but all such Persons shall have the benefit of the indemnities provided for hereunder, including under Section 9.03, fully as if named as an indemnitee or indemnified person therein and irrespective of whether the indemnified losses, claims, damages, liabilities and/or related expenses arise out of, in connection with or as a result of matters arising prior to, on or after the effective date of any Loan Document.

To the extent required by any applicable Requirements of Law (as determined in good faith by the Administrative Agent), the Administrative Agent may withhold from any payment to any Lender under any Loan Document an amount equivalent to any applicable withholding Tax. Without limiting or expanding the provisions of Section 2.17, each Lender shall indemnify the Administrative Agent against, and shall make payable in respect thereof within 30 days after demand therefor, any and all Taxes and any and all related losses, claims, liabilities and expenses (including fees, charges and disbursements of any counsel for the Administrative Agent) incurred by or asserted against the Administrative Agent by the U.S. Internal Revenue Service or any other Governmental Authority as a result of the failure of the Administrative Agent to properly withhold Tax from amounts paid to or for the account of such Lender for any reason (including because the appropriate form was not delivered or not properly executed, or because such Lender failed to notify the Administrative Agent of a change in circumstance that rendered the exemption from, or reduction of withholding Tax ineffective). A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under this Agreement or any other Loan Document against any amount due the Administrative Agent under this paragraph. The agreements in this paragraph shall survive the resignation and/or replacement of the Administrative Agent, any assignment of rights by, or the replacement of, a Lender and the repayment, satisfaction or discharge of all other obligations under any Loan Document. For the avoidance of doubt, the term "Lender" shall, for purposes of this paragraph, include any Issuing Bank and any Swingline Lender.

Each party to this Agreement hereby appoints the Administrative Agent and Collateral Agent to act as its agent under and in connection with the relevant Security Documents.

All provisions of this Article VIII applicable to the Administrative Agent shall apply to the Collateral Agent and the Collateral Agent shall be entitled to all the benefits and indemnities applicable to the Administrative Agent under this Agreement.

Any acknowledgment, consent, direction, certification or other action which might otherwise be valid or effective only if given or taken by the Borrower shall be valid and effective if given or taken by Holdings, whether or not the Borrower joins therein. Any notice, demand, consent, acknowledgement, direction, certification or other communication delivered to Holdings in accordance with the terms of this Agreement shall be deemed to have been delivered to the Borrower.

SECTION 9.02      Waivers; Amendments.

(a) No failure or delay by the Administrative Agent, any Issuing Bank or any Lender in exercising any right or power under any Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent, the Issuing Banks and the Lenders hereunder and under the other Loan Documents are cumulative and are not exclusive of any rights or remedies that they would otherwise have. No waiver of any provision of any Loan Document or consent to any departure by any Loan Party therefrom shall in any event be effective unless the same shall be permitted by paragraph (b) of this Section, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. Without limiting the generality of the foregoing, the making of a Loan or the issuance, amendment, renewal or extension of a Letter of Credit shall not be construed as a waiver of any Default, regardless of whether the Administrative Agent, any Lender or any Issuing Bank may have had notice or knowledge of such Default at the time. No notice or demand on the Borrower or Holdings in any case shall entitle the Borrower or Holdings to any other or further notice or demand in similar or other circumstances.

(b) Except as provided in Section 2.14(d), Section 2.20 with respect to any Incremental Facilities, Section 2.21 with respect to any Refinancing Amendment and Section 2.24 with respect to any Permitted Amendment, neither any Loan Document nor any provision thereof may be waived, amended or modified except, in the case of this Agreement, pursuant to an agreement or agreements in writing entered into by Holdings, the Borrower, the Administrative Agent (to the extent that such waiver, amendment or modification does not affect the rights, duties, privileges or obligations of the Administrative Agent under this Agreement, the Administrative Agent shall execute such waiver, amendment or other modification to the extent approved by the Required Lenders) and the Required Lenders or, in the case of any other Loan Document, pursuant to an agreement or agreements in writing entered into by the Administrative Agent and the Loan Party or Loan Parties that are parties thereto, in each case with the consent of the Required Lenders, provided that no such agreement shall (i) increase the Commitment of any Lender without the written consent of such Lender (it being understood that a waiver of any condition precedent set forth in Section 4.02 or the waiver of any Default, Event of Default, mandatory prepayment or mandatory reduction of the Commitments shall not constitute an extension or increase of any Commitment of any Lender), (ii) reduce the principal amount of any Loan or LC Disbursement (it being understood that a waiver of any Default, Event of Default, mandatory prepayment or mandatory reduction of the Commitments shall not constitute a reduction or forgiveness in principal) or reduce the rate of interest thereon, or reduce any fees payable hereunder, without the written consent of each Lender directly and adversely affected thereby (it being understood that any change to the definition of First Lien Net Leverage Ratio or in the component definitions thereof shall not constitute a reduction of interest or fees), provided that only the consent of the Required Lenders shall be necessary to waive any obligation of the Borrower to pay default interest pursuant to Section 2.13(c), (iii) postpone the maturity of any Loan (it being understood that a waiver of any Default, Event of Default, mandatory prepayment or mandatory reduction of the Commitments shall not constitute an extension of any maturity date), or the date of any scheduled amortization payment of the principal amount of any Loan under Section 2.10 or the applicable Refinancing Amendment, or the reimbursement date with respect to any LC Disbursement, or any date for the payment of any interest or fees payable hereunder, or reduce the amount of, waive or excuse any such payment, or postpone the scheduled date of expiration of any Commitment, without the written consent of each Lender directly and adversely affected thereby), (iv) change any of the provisions of this Section without the written consent of each Lender directly and adversely affected thereby, provided that any such change which is in favor of a Class of Lenders holding Loans maturing after the maturity of other Classes of Lenders (and only takes effect after the maturity of such other Classes of Loans or Commitments) will require the written consent of the Required Lenders with respect to each Class directly and adversely affected thereby, (v) change any of the provisions of this Section or the percentage set forth in the definition of "Required Lenders" or any other provision of any Loan Document specifying the number or percentage of Lenders (or Lenders of any Class) required to waive, amend or modify any rights thereunder or make any determination or grant any consent thereunder, without the written consent of each Lender (or each Lender of such Class, as the case may be), (vi) release all or substantially all the value of the Guarantees under the Guarantee Agreement (except as expressly provided in the Loan Documents) without the written consent of each Lender (other than a Defaulting Lender) or (vii) release all or substantially all the Collateral from the Liens of the Security Documents, without the written consent of each Lender (other than a Defaulting Lender) (except as expressly provided in the Loan Documents); provided, further, that (A) no such agreement shall amend, modify or otherwise affect the rights or duties of the Administrative Agent, any Issuing Bank or any Swingline Lender without the prior written consent of the Administrative Agent, such Issuing Bank or such Swingline Lender, as the case may be, (B) any provision of this Agreement or any other Loan Document may be amended by an agreement in writing entered into by Holdings, the Borrower and the Administrative Agent to cure any ambiguity, omission, defect or inconsistency and (C) any waiver, amendment or modification of this Agreement that by its terms affects the rights or duties under this Agreement of Lenders holding Loans or Commitments of a particular Class (but not the Lenders holding Loans or Commitments of any other Class) may be effected by an agreement or agreements in writing entered into by Holdings, the Borrower and the requisite percentage in interest of the affected Class of Lenders that would be required to consent thereto under this Section if such Class of Lenders were the only Class of Lenders hereunder at the time. Notwithstanding the foregoing, (a) this Agreement may be amended (or amended and restated) with the written consent of the Required Lenders, the Administrative Agent, Holdings and the Borrower (i) to add one or more additional credit facilities to this Agreement and to permit the extensions of credit from time to time outstanding thereunder and the accrued interest and fees in respect thereof to share ratably in the benefits of this Agreement and the other Loan Documents and (ii) to include appropriately the Lenders holding such credit facilities in any determination of the Required Lenders on substantially the same basis as the Lenders prior to such inclusion, (b) this Agreement and other Loan Documents may be amended or supplemented by an agreement or agreements in writing entered into by the Administrative Agent and Holdings, the Borrower or any Loan Party as to which such agreement or agreements is to apply, without the need to obtain the consent of any Lender, to include "parallel debt" or similar provisions, and any authorizations or granting of powers by the Lenders and the other Secured Parties in favor of the Administrative Agent, in each case required to create in favor of the Administrative Agent any security interest contemplated to be created under this Agreement, or to perfect any such security interest, where the Administrative Agent shall have been advised by its counsel that such provisions are necessary or advisable under local law for such purpose (with Holdings and the Borrower hereby agreeing to, and to cause their subsidiaries to, enter into any such agreement or agreements upon reasonable request of the Administrative Agent promptly upon such request) and (c) upon notice thereof by Holdings to the Administrative Agent with respect to the inclusion of any previously absent financial maintenance covenant, this Agreement shall be amended by an agreement in writing entered into by the Borrower and the Administrative Agent without the need to obtain the consent of any Lender to include such covenant on the date of the incurrence of the applicable Indebtedness to the extent required by the terms of such definition or section. Notwithstanding the foregoing (but subject to each proviso of the first sentence of this Section 9.02(b)), amendments to or waivers of any other terms or provisions relating solely to (x) the Revolving Commitments (or, subject to subclause (A) above, Swingline Commitments or Letters of Credit) will require only the written approval of a Majority in Interest of the outstanding Revolving Commitments and the Borrower and (y) the Term Facility will require only the written approval of a Majority in Interest of the outstanding Term Loans and the Borrower.

(c) In connection with any proposed amendment, modification, waiver or termination (a “Proposed Change”) requiring the consent of all Lenders or all directly and adversely affected Lenders, if the consent of the Required Lenders to such Proposed Change is obtained, but the consent to such Proposed Change of other Lenders whose consent is required is not obtained (any such Lender whose consent is not obtained as described in paragraph (b) of this Section being referred to as a “Non-Consenting Lender”), then, so long as the Lender that is acting as Administrative Agent is not a Non-Consenting Lender, Holdings may, at its sole expense and effort, upon notice to such Non-Consenting Lender and the Administrative Agent, require such Non-Consenting Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in Section 9.04), all its interests, rights and obligations under this Agreement to an Eligible Assignee that shall assume such obligations (which Eligible Assignee may be another Lender, if a Lender accepts such assignment), provided that (a) Holdings shall have received the prior written consent of the Administrative Agent to the extent such consent would be required under Section 9.04(b) for an assignment of Loans or Commitments, as applicable (and, if a Revolving Commitment is being assigned, each Principal Issuing Bank and Swingline Lender), which consent shall not unreasonably be withheld, conditioned or delayed, (b) such Non-Consenting Lender shall have received payment of an amount equal to the outstanding principal of its Loans and participations in LC Disbursements and Swingline Loans, accrued interest thereon, accrued fees and all other amounts (including any amounts under Section 2.11(a)(i)), payable to it hereunder from the Eligible Assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts) and (c) unless waived, the Borrower or such Eligible Assignee shall have paid to the Administrative Agent the processing and recordation fee specified in Section 9.04(b).

(d) Notwithstanding anything in this Agreement or the other Loan Documents to the contrary, (i) the Term Loans of any Lender that is at the time an Affiliated Lender (other than an Affiliated Debt Fund) or (ii) the Revolving Commitments and Revolving Exposure of any Lender that is at the time a Defaulting Lender shall not have any voting or approval rights under the Loan Documents and shall be excluded in determining whether all Lenders (or all Lenders of a Class), all affected Lenders (or all affected Lenders of a Class) or the Required Lenders have taken or may take any action hereunder (including any consent to any amendment or waiver pursuant to this Section 9.02); provided that (x) the Commitment of any Defaulting Lender may not be increased or extended without the consent of such Lender and (y) any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender that affects any Defaulting Lender more adversely than other affected Lenders shall require the consent of such Defaulting Lender.

(e) Notwithstanding anything in this Agreement or the other Loan Documents to the contrary, each Affiliated Lender (other than an Affiliated Debt Fund) hereby agrees that, if a proceeding under the United States Bankruptcy Code or any other Federal, state or foreign bankruptcy, insolvency, receivership or similar law shall be commenced by or against the Borrower or any other Loan Party at a time when such Lender is an Affiliated Lender, such Affiliated Lender irrevocably authorizes and empowers the Administrative Agent to vote on behalf of such Affiliated Lender with respect to the Loans held by such Affiliated Lender in any manner in the Administrative Agent’s sole discretion, unless the Administrative Agent instructs such Affiliated Lender to vote, in which case such Affiliated Lender shall vote with respect to the Loans held by it as the Administrative Agent directs; provided that such Affiliated Lender shall be entitled to vote in accordance with its sole discretion (and not in accordance with the direction of the Administrative Agent) in connection with any plan of reorganization to the extent any such plan of reorganization proposes to treat any Secured Obligations held by such Affiliated Lender in a manner that is less favorable in any material respect to such Affiliated Lender than the proposed treatment of similar Secured Obligations held by Lenders that are not Affiliates of the Borrower.

(f) Without limiting the ability of any Loan Party to enter into or consummate any transactions permitted by the Loan Documents as in effect as of the Effective Date, neither any Loan Document nor any provision thereof may be waived, amended or modified without the written consent of each Revolving Lender holding Revolving Loans with superpriority status, to the extent such waiver, amendment or modification, as applicable, shall (i) designate obligations as senior in right of payment to the obligations under the Revolving Credit Facility, (ii) permit Liens on any assets of Holdings, the Borrower or any Subsidiary Guarantors on a senior or pari passu basis with the Liens securing the Revolving Credit Facility (other than those existing and permitted on the Effective Date or permitted under Section 6.02), (iii) increase amortization under (A) the Term Facility in an amount greater than the amortization in effect as of the Effective Date or (B) any Incremental Term Facility in an amount greater than the amortization in effect as of the closing of such Incremental Term Facility, (iv) amend or waive this clause (f) or (v) permit the Term Loans to be held by the Borrower or any Affiliated Lender in a manner other than as permitted under this Agreement as of the Effective Date.

(g) Without limiting the ability of any Loan Party to enter into or consummate any transactions permitted by the Loan Documents as in effect as of the Effective Date, neither any Loan Document nor any provision thereof may be waived, amended or modified without the written consent of the Required Revolving Lenders, to the extent such waiver, amendment or modification, as applicable, shall (i) amend, modify or waive compliance with the conditions precedent to the obligations of any Lenders to make any Revolving Loan (or of the Issuing Bank to issue any Letter of Credit) in Section 4.01 or Section 4.02; (ii) amend the definitions of Cash Management Agreement, Guarantors (in a manner that adversely affects the rights of the Revolving Lenders disproportionately to those of other Lenders), Issuing Bank, LC Disbursement, LC Exposure, Letter of Credit, Letter of Credit Sublimit, Pro Rata Share, Required Revolving Lenders, Revolving Exposure, Revolving Loan, Secured Cash Management Agreement, Secured Cash Management Obligations, Secured Swap Obligations, Swap Agreement, Swap Obligations, Swingline Commitment, Swingline Exposure, Swingline Lender, Swingline Loan, or Swingline Sublimit; or (iii) amend or waive Sections 2.03 (with respect to Revolving Loan Borrowings), 2.04, 2.05, 2.06 (with respect to Revolving Loans), 2.09(f) (in a manner adverse to the Revolving Lenders), 2.11(b), 2.22, 4.02(a), 4.02(b), 6.01(a)(vi) (in a manner that would cause any Secured Swap Obligation outstanding prior to the effectiveness of any such amendment to violate this Agreement) or this Section 9.02(g).

SECTION 9.03      Expenses; Indemnity; Damage Waiver.

(a) Holdings or the Borrower shall pay, if the Effective Date occurs, (i) all reasonable and documented or invoiced out of pocket expenses incurred by the Administrative Agent and its Affiliates (without duplication), including the reasonable fees, charges and disbursements of Moore & Van Allen PLLC and to the extent necessary, a single firm of local counsel to the Administrative Agent in each relevant material jurisdiction (which may include a single firm of special counsel acting in multiple jurisdictions) or otherwise retained with the Borrower's consent, in each case for the Administrative Agent, and to the extent retained with Holdings' consent, consultants, in connection with the syndication of the credit facilities provided for herein, the preparation and administration of the Loan Documents or any amendments, modifications or waivers of the provisions thereof and (ii) all reasonable and documented or invoiced out-of-pocket expenses incurred by the Administrative Agent, each Issuing Bank or any Lender, including the fees, charges and disbursements of counsel for the Administrative Agent, the Issuing Banks and the Lenders, in connection with the enforcement or protection of its rights in connection with the Loan Documents, including its rights under this Section, or in connection with the Loans made or Letters of Credit issued hereunder, including all such out of pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans or Letters of Credit; provided that such counsel shall be limited to one lead counsel and one local counsel in each relevant material jurisdiction and, in the case of a conflict of interest, one additional counsel for all affected parties, taken as a whole.

(b) Holdings and the Borrower shall indemnify each Agent, each Issuing Bank, each Lender and each Related Party of any of the foregoing Persons (each such Person being called an “Indemnitee”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities and reasonable and documented or invoiced out-of-pocket fees and expenses of one counsel for all Indemnitees, taken as a whole, and, if reasonably necessary, a single firm of local counsel in each relevant material jurisdiction (which may include a single firm of special counsel acting in multiple jurisdictions) for all Indemnitees taken as a whole (and, in the case of a conflict of interest, where the Indemnitee affected by such conflict notifies Holdings of the existence of such conflict and thereafter retains its own counsel, one additional counsel for all such affected Indemnitees, taken as a whole) for all Indemnitees (which may include a single special counsel acting in multiple jurisdictions), incurred by or asserted against any Indemnitee by any third party or by Holdings or any Subsidiary arising out of, in connection with, or as a result of (i) the execution or delivery of any Loan Document or any other agreement or instrument contemplated thereby, the performance by the parties to the Loan Documents of their respective obligations thereunder or the consummation of the Transactions or any other transactions contemplated thereby, (ii) any Loan or Letter of Credit or the use of the proceeds therefrom (including any refusal by the Issuing Bank to honor a demand for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit), (iii) to the extent in any way arising from or relating to any of the foregoing, any actual or alleged presence or Release of Hazardous Materials on, at or from any Mortgaged Property or any other property currently or formerly owned or operated by Holdings, the Borrower or any Restricted Subsidiary, or any other Environmental Liability or (iv) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by a third party or by Holdings or any Subsidiary and regardless of whether any Indemnitee is a party thereto, provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities or related expenses (i) are determined by a court of competent jurisdiction by final, non-appealable judgment to have resulted from the gross negligence, bad faith or willful misconduct of, or a material breach of the Loan Documents by, any Indemnitee or its Related Parties or (ii) any dispute between and among indemnified persons that does not involve an act or omission by Holdings, the Borrower or any of the Restricted Subsidiaries except that each Agent, the Joint Lead Arrangers and the Joint Bookrunners shall be indemnified in their capacities as such to the extent that none of the exceptions set forth in clause (i) applies to such Person at such time. The Borrower shall not be liable for any special, indirect, consequential or punitive damages (other than in respect of any such damages required to be indemnified pursuant to this Section 9.03(b)).

(c) To the extent that Holdings or the Borrower fails to pay any amount required to be paid by it to the Administrative Agent, any Swingline Lender or any Issuing Bank under paragraph (a) or (b) of this Section, and without limiting Holdings’ or the Borrower’s obligation to do so, (x) each Lender severally agrees to pay to the Administrative Agent and (y) each Revolving Lender severally agrees to pay to such Swingline Lender or such Issuing Bank, as the case may be, such Lender’s pro rata share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought) of such unpaid amount, provided that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent, such Swingline Lender or such Issuing Bank in its capacity as such. For purposes hereof, a Lender’s “pro rata share” shall be determined based upon its share of the aggregate Revolving Exposures, outstanding Loans and unused Commitments at the time. The obligations of the Lenders under this paragraph (c) are subject to the last sentence of Section 2.02(a) (which shall apply mutatis mutandis to the Lenders’ obligations under this paragraph (c)).

(d) To the fullest extent permitted by applicable law, none of Holdings or the Borrower shall assert, and each hereby waives, any claim against any Indemnitee (i) for any damages arising from the use by others of information or other materials obtained through telecommunications, electronic or other information transmission systems (including the Internet), provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such damages are determined by a court of competent jurisdiction by final, non-appealable judgment to have resulted from the gross negligence or willful misconduct of, or a breach of the Loan Documents by, such Indemnitee or its Related Parties or (ii) on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, any Loan Document or any agreement or instrument contemplated thereby, the Transactions, any Loan or Letter of Credit or the use of the proceeds thereof.

(e) All amounts due under this Section shall be payable not later than 10 Business Days after written demand therefor; provided, however, that any Indemnitee shall promptly refund an indemnification payment received hereunder to the extent that there is a final judicial determination that such Indemnitee was not entitled to indemnification with respect to such payment pursuant to this Section 9.03.

SECTION 9.04 Successors and Assigns.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby (including any Affiliate of the Issuing Bank that issues any Letter of Credit), except that (i) no Borrower may assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby (including any Affiliate of the Issuing Bank that issues any Letter of Credit), Participants (to the extent provided in paragraph (c) of this Section) and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent, the Issuing Bank and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) (i) Subject to the conditions set forth in clause (ii) and paragraph (g) below, any Lender may assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitment and the Loans at the time owing to it) with the prior written consent (such consent (except with respect to assignments to competitors of Holdings or the Borrower) not to be unreasonably withheld or delayed) of (A) Holdings, provided that no consent of Holdings shall be required for an assignment (1) by a Term Lender to any Lender or an Affiliate of any Lender or in the case of assignments during the primary syndication of the Commitments and Loans to Persons identified to and agreed by the Borrower in writing prior to the Effective Date, (2) by a Revolving Lender to any Revolving Lender or an Affiliate of any Revolving Lender (3) by a Term Lender to an Approved Fund or (4) if an Event of Default under Section 7.01(a), (b), (h) or (i) has occurred and is continuing, by a Term Lender or a Revolving Lender to any other assignee; and provided, further, that Holdings shall have the right to withhold its consent to any assignment if, in order for such assignment to comply with applicable law, Holdings would be required to obtain the consent of, or make any filing or registration with, any Governmental Authority, (B) the Administrative Agent; provided that no consent of the Administrative Agent shall be required for an assignment of a Term Loan to a Lender, an Affiliate of a Lender or an Approved Fund or to Holdings or any Affiliate thereof and (C) each Principal Issuing Bank and Swingline Lender, provided that no consent of any Issuing Bank or Swingline Lender shall be required for an assignment of all or any portion of a Term Loan or Term Commitment. Notwithstanding anything in this Section 9.04 to the contrary, if any Person the consent of which is required by this paragraph with respect to any assignment of Term Loans has not given the Administrative Agent written notice of its objection to such assignment within 10 Business Days after written notice to such Person, such Person shall be deemed to have consented to such assignment.

(ii) Assignments shall be subject to the following additional conditions: (A) except in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund or an assignment of the entire remaining amount of the assigning Lender's Commitment or Loans of any Class, the amount of the Commitment or Loans of the assigning Lender subject to each such assignment (determined as of the trade date specified in the Assignment and Assumption with respect to such assignment or, if no trade date is so specified, as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent) shall not be less than in the case of a Revolving Loan or Revolving Commitment, \$2,000,000 (and integral multiples of \$1,000,000 in excess thereof) or, in the case of a Term Loan, \$2,000,000 (and integral multiples of \$1,000,000 in excess thereof), unless Holdings and the Administrative Agent otherwise consent (such consent not to be unreasonably withheld or delayed), provided that no such consent of Holdings shall be required if an Event of Default under Section 7.01(a), (b), (h) or (i) has occurred and is continuing, (B) each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement, provided that this subclause (B) shall not be construed to prohibit assignment of a proportionate part of all the assigning Lender's rights and obligations in respect of one Class of Commitments or Loans, (C) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption (which shall include a representation by the assignee that is not a Disqualified Lender or an Affiliate of a Disqualified Lender (so long as the list of Disqualified Lenders has been made available to all Lenders)), together (unless waived by the Administrative Agent) with a processing and recordation fee of \$3,500, provided that assignments made pursuant to Section 2.19 or Section 9.02(c) shall not require the signature of the assigning Lender to become effective; provided further that such recordation fee shall not be payable in the case of assignments by any Affiliate of any Joint Bookrunner in connection with assignments of such Loans during primary syndication, (D) the assignee, if it shall not be a Lender, shall deliver to the Administrative Agent any tax forms required by Section 2.17(e) and an Administrative Questionnaire in which the assignee designates one or more credit contacts to whom all syndicate-level information (which may contain material non-public information about the Borrower, the Loan Parties and their Related Parties or their respective securities) will be made available and who may receive such information in accordance with the assignee's compliance procedures and applicable laws, including Federal and state securities laws and (E) unless Holdings otherwise consents, no assignment of all or any portion of the Revolving Commitment of a Lender that is also a Swingline Lender or an Issuing Bank may be made unless (1) the assignee shall be or become a Swingline Lender and/or an Issuing Bank, as applicable, and assume a ratable portion of the rights and obligations of such assignor in its capacity as Swingline Lender and Issuing Bank or (2) the assignor agrees, in its discretion, to retain all of its rights with respect to and obligations to make or issue Swingline Loans and Letters of Credit, as applicable, hereunder in which case the Applicable Fronting Exposure of such assignor may exceed such assignor's Revolving Commitment for purposes of Section 2.04(a) and Section 2.05(b) by an amount not to exceed the difference between the assignor's Revolving Commitment prior to such assignment and the assignor's Revolving Commitment following such assignment; provided that no such consent of Holdings shall be required if an Event of Default under Section 7.01(a), (b), (h) or (i) has occurred and is continuing.

(iii) Subject to acceptance and recording thereof pursuant to clause (v) of this paragraph (b), from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of (subject to the obligations and limitations of) Sections 2.15, 2.16, 2.17 and 9.03 and to any fees payable hereunder that have accrued for such Lender's account but have not yet been paid). Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with Section 9.04(c)(i).

(iv) The Administrative Agent, acting for this purpose as an agent of Holdings and the Borrower, shall maintain at one of its offices a copy of each Assignment and Assumption delivered to it, each Affiliated Lender Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitment of, and principal and interest amounts of the Loans and LC Disbursements owing to, each Lender pursuant to the terms hereof from time to time (the "Register"). The entries in the Register shall be conclusive absent manifest error, and Holdings, the Borrower, the Administrative Agent, the Issuing Bank and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. In addition, the Administrative Agent shall maintain on the Register information regarding the designation, and revocation of designation, of any Lender as a Defaulting Lender. The Register shall be available for inspection by Holdings, the Borrower and, solely with respect to its Loans or Commitments, any Lender, at any reasonable time and from time to time upon reasonable prior notice. Notwithstanding the foregoing, in no event shall the Administrative Agent be obligated to ascertain, monitor or inquire as to whether any Lender is an Affiliated Lender or a Disqualified Lender, nor shall the Administrative Agent be obligated to monitor the aggregate amount of the Loans or Incremental Facilities held by Affiliated Lenders.

(v) Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an assignee, the assignee's completed Administrative Questionnaire and any tax forms required by Section 2.17(e) (unless the assignee shall already be a Lender hereunder), the processing and recordation fee referred to in this paragraph (b) and any written consent to such assignment required by this paragraph (b), the Administrative Agent shall accept such Assignment and Assumption and record the information contained therein in the Register. No assignment shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in this paragraph (b).

(vi) The words "execution," "signed," "signature" and words of like import in any Assignment and Assumption shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act or any other similar state laws based on the Uniform Electronic Transactions Act.

The Administrative Agent may disclose the list of Disqualified Lenders to a Lender upon request and subject to the prior written consent of the Borrower (which may be withheld in the Borrower's sole discretion); provided that if such Lender's request is in connection with a proposed assignment of all or a portion of its rights and obligations under this Agreement, Borrower's written consent shall not be required.

(c) (i) Any Lender may, without the consent of Holdings or the Administrative Agent, sell participations to one or more banks or other Persons (other than to a Person that is not an Eligible Assignee; provided that for the purposes of this provision, Disqualified Lenders shall be deemed to be Eligible Assignees unless a list of Disqualified Lenders has been made available to all Lenders under the Term Facility or the Revolving Credit Facility, as applicable) (a “Participant”); provided that (A) such Lender’s obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) Holdings, the Borrower, the Administrative Agent, the Issuing Banks and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce the Loan Documents and to approve any amendment, modification or waiver of any provision of the Loan Documents, provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in clauses (i), (ii), (iii), (v), (vi) and (vii) of the first proviso to Section 9.02(b) that directly and adversely affects such Participant (but, for the avoidance of doubt, not any waiver of any Default or Event of Default). Subject to clause (ii) below, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.15, 2.16 and 2.17 (subject to the obligations and limitations thereof and Section 2.19 it being understood that any tax forms required by Section 2.17(e) shall be provided solely to the participating Lender) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 9.08 as though it were a Lender, provided that such Participant shall be subject to Section 2.18(c) as though it were a Lender.

(ii) A Participant shall not be entitled to receive any greater payment under Section 2.15 2.16 or Section 2.17 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower’s prior consent (not to be unreasonably withheld or delayed).

(iii) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal and interest amounts of each Participant’s interest in the Loans or other obligations under the Loan Documents (the “Participant Register”), provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any Participant or any information relating to a Participant’s interest in any Commitments, Loans or its other obligations under any Loan Document) except to the extent that such disclosure is reasonably necessary in connection with a Tax audit or other proceeding to establish that such Commitment, Loan, or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive (absent manifest error), and each Person whose name is recorded in the Participant Register pursuant to the terms hereof shall be treated as a Participant for all purposes of this Agreement, notwithstanding notice to the contrary.

(d) Any Lender may, without the consent of Holdings, the Borrower or the Administrative Agent, at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central bank, and this Section shall not apply to any such pledge or assignment of a security interest, provided that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(e) In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Loans previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent or any Lender hereunder (and interest accrued thereon) and (y) acquire (and fund as appropriate) its full pro rata share of all Loans and participations in Letters of Credit and Swingline Loans in accordance with its Applicable Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

(f) Notwithstanding anything to the contrary contained herein, any Lender (a “Granting Lender”) may grant to a special purpose funding vehicle (an “SPV”), identified as such in writing from time to time by the Granting Lender to the Administrative Agent and the Borrower, the option to provide to the Borrower all or any part of any Loan that such Granting Lender would otherwise be obligated to make to the Borrower pursuant to this Agreement, provided that (i) nothing herein shall constitute a commitment by any SPV to make any Loan and (ii) if an SPV elects not to exercise such option or otherwise fails to provide all or any part of such Loan, the Granting Lender shall be obligated to make such Loan pursuant to the terms hereof. The making of a Loan by an SPV hereunder shall utilize the Commitment of the Granting Lender to the same extent, and as if, such Loan were made by such Granting Lender. Each party hereto hereby agrees that no SPV shall be liable for any indemnity or similar payment obligation under this Agreement (all liability for which shall remain with the Granting Lender). In furtherance of the foregoing, each party hereto hereby agrees (which agreement shall survive the termination of this Agreement) that, prior to the date that is one year and one day after the payment in full of all outstanding commercial paper or other senior indebtedness of any SPV, such party will not institute against, or join any other person in instituting against, such SPV any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings under the laws of the United States or any State thereof. In addition, notwithstanding anything to the contrary contained in this Section 9.04, any SPV may (i) with notice to, but without the prior written consent of, the Borrower and the Administrative Agent and without paying any processing fee therefor, assign all or a portion of its interests in any Loans to the Granting Lender or to any financial institutions (consented to by the Borrower and Administrative Agent) providing liquidity or credit support to or for the account of such SPV to support the funding or maintenance of Loans and (ii) disclose on a confidential basis any non-public information relating to its Loans to any rating agency, commercial paper dealer or provider of any surety, guarantee or credit or liquidity enhancement to such SPV.

(g) Any Lender may, at any time, assign all or a portion of its rights and obligations under this Agreement to the Affiliated Lenders (and such Affiliated Lenders may contribute the same to the Borrower), subject to the following limitations:

(i) Affiliated Lenders will not receive information provided solely to Lenders by the Administrative Agent or any Lender and will not be permitted to attend or participate in meetings attended solely by the Lenders and the Administrative Agent, other than the right to receive notices of Borrowings, notices of prepayments and other administrative notices in respect of its Loans or Commitments required to be delivered to Lenders pursuant to Article II; provided, however, that the foregoing provisions of this clause will not apply to the Affiliated Debt Funds;

(ii) for purposes of any amendment, waiver or modification of any Loan Document (including such modifications pursuant to Section 9.02), or, subject to Section 9.02(e), any plan of reorganization pursuant to the U.S. Bankruptcy Code, that in either case does not require the consent of each Lender or each affected Lender or does not adversely affect such Affiliated Lender in any disproportionately adverse respect as compared to other Lenders, Affiliated Lenders will be deemed to have voted in the same proportion as the Lenders that are not Affiliated Lenders voting on such matter; and each Affiliated Lender hereby acknowledges, agrees and consents that if, for any reason, its vote to accept or reject any plan pursuant to the U.S. Bankruptcy Code is not deemed to have been so voted, then such vote will be (x) deemed not to be in good faith and (y) “designated” pursuant to Section 1126(e) of the U.S. Bankruptcy Code such that the vote is not counted in determining whether the applicable class has accepted or rejected such plan in accordance with Section 1126(c) of the U.S. Bankruptcy Code; provided that Affiliated Debt Funds will not be subject to such voting limitations and will be entitled to vote as any other Lender;

(iii) Affiliated Lenders may not purchase Revolving Loans;

(iv) the aggregate principal amount of Loans purchased by assignment pursuant to this Section 9.04 and held at any one time by Affiliated Lenders (other than Affiliated Debt Funds) may not exceed 25.0% of the outstanding principal amount of all Loans plus the outstanding principal amount of all term loans made pursuant to any Incremental Facility calculated at the time such Loans are purchased (such percentage, the “Affiliated Lender Cap”); provided that to the extent any assignment to an Affiliated Lender would result in the aggregate principal amount of all Loans held by Affiliated Lenders exceeding the Affiliated Lender Cap, the assignment of such excess amount will be void *ab initio*; and

(v) the assigning Lender and the Affiliated Lender purchasing such Lender’s Loans shall execute and deliver to the Administrative Agent an assignment agreement substantially in the form of Exhibit B hereto (an “Affiliated Lender Assignment and Assumption”); provided that each Affiliated Lender agrees to notify the Administrative Agent and the Borrowers promptly (and in any event within 10 Business Days) if it acquires any Person who is also a Lender, and each Lender agrees to notify the Administrative Agent and the Borrowers promptly (and in any event within 10 Business Days) if it becomes an Affiliated Lender.

Notwithstanding anything in Section 9.02 or the definition of “Required Lenders” to the contrary, for purposes of determining whether the Required Lenders have (i) consented (or not consented) to any amendment, modification, waiver, consent or other action with respect to any of the terms of any Loan Document or any departure by any Loan Party therefrom, (ii) otherwise acted on any matter related to any Loan Document or (iii) directed or required the Administrative Agent, Collateral Agent or any Lender to undertake any action (or refrain from taking any action) with respect to or under any Loan Document, the aggregate amount of Loans held by any Affiliated Debt Funds shall be deemed to be not outstanding to the extent in excess of 49.9% of the amount required for all purposes of calculating whether the Required Lenders have taken any actions.

Each Affiliated Lender by its acquisition of any Loans outstanding hereunder will be deemed to have waived any right it may otherwise have had to bring any action in connection with such Loans against the Administrative Agent, in its capacity as such, and will be deemed to have acknowledged and agreed that the Administrative Agent shall not have any liability for any losses suffered by any Person as a result of any purported assignment to or from an Affiliated Lender.

(h) Assignments of Term Loans to any Purchasing Borrower Party shall be permitted through open market purchases and/or, so long as any offer to purchase or take by assignment (other than through open market purchases) by such Purchasing Borrower Party shall have been made to all Term Lenders on a pro rata basis, through procedures (and subject to the terms) set forth in Section 2.11(a)(ii), so long as (i) no Event of Default has occurred and is continuing, (ii) the Term Loans purchased are immediately cancelled and (iii) no proceeds from any loan under the Revolving Credit Facility shall be used to fund such assignments.

(i) Upon any contribution of Loans to the Borrower or any Restricted Subsidiary and upon any purchase of Loans by a Purchasing Borrower Party, (A) the aggregate principal amount (calculated on the face amount thereof) of such Loans shall automatically be cancelled and retired by the Borrower on the date of such contribution or purchase (and, if requested by the Administrative Agent, with respect to a contribution of Loans, any applicable contributing Lender shall execute and deliver to the Administrative Agent an Assignment and Assumption, or such other form as may be reasonably requested by the Administrative Agent, in respect thereof pursuant to which the respective Lender assigns its interest in such Loans to the Borrower for immediate cancellation) and (B) the Administrative Agent shall record such cancellation or retirement in the Register.

SECTION 9.05 Survival. All covenants, agreements, representations and warranties made by the Loan Parties in the Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to any Loan Document shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of the Loan Documents and the making of any Loans and issuance of any Letters of Credit, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, any Issuing Bank or any Lender may have had notice or knowledge of any Default or incorrect representation or warranty at the time any credit is extended hereunder, and shall continue in full force and effect as long as the principal of or any accrued interest on any Loan or any fee or any other amount payable under this Agreement is outstanding and unpaid or any Letter of Credit is outstanding and so long as the Commitments have not expired or terminated. The provisions of Sections 2.15, 2.16, 2.17 and 9.03 and Article VIII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Loans, the expiration or termination of the Letters of Credit and the Commitments or the termination of this Agreement or any provision hereof. Notwithstanding the foregoing or anything else to the contrary set forth in this Agreement, in the event that, in connection with the refinancing or repayment in full of the credit facilities provided for herein, an Issuing Bank shall have provided to the Administrative Agent a written consent to the release of the Revolving Lenders from their obligations hereunder with respect to any Letter of Credit issued by such Issuing Bank (whether as a result of the obligations of the Borrower (and any other account party) in respect of such Letter of Credit having been collateralized in full by a deposit of cash with such Issuing Bank or being supported by a letter of credit that names such Issuing Bank as the beneficiary thereunder, or otherwise), then from and after such time such Letter of Credit shall cease to be a "Letter of Credit" outstanding hereunder for all purposes of this Agreement and the other Loan Documents, and the Revolving Lenders shall be deemed to have no participations in such Letter of Credit, and no obligations with respect thereto, under Section 2.05(e) or (f).

SECTION 9.06 Counterparts; Integration; Effectiveness. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement, the other Loan Documents and any separate letter agreements with respect to fees payable to the Administrative Agent or the syndication of the Loans and Commitments constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Except as provided in Section 4.01, this Agreement shall become effective when it shall have been executed by the Administrative Agent and when the Administrative Agent shall have received counterparts hereof that, when taken together, bear the signatures of each of the other parties hereto, and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or other electronic means shall be effective as delivery of an original counterpart of this Agreement.

SECTION 9.07 Severability. Any provision of this Agreement held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

SECTION 9.08 Right of Setoff. If an Event of Default under Section 7.01(a), (b), (h) or (i) shall have occurred and be continuing, each Lender and each Issuing Bank is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final, in whatever currency) at any time held and other obligations (in whatever currency) at any time owing by such Lender or such Issuing Bank to or for the credit or the account of the Borrower against any of and all the obligations of the Borrower then due and owing under this Agreement held by such Lender or Issuing Bank, irrespective of whether or not such Lender or Issuing Bank shall have made any demand under this Agreement and although such obligations are owed to a branch or office of such Lender or Issuing Bank different from the branch or office holding such deposit or obligated on such Indebtedness. The applicable Lender and applicable Issuing Bank shall notify Holdings and the Administrative Agent of such setoff and application, provided that any failure to give or any delay in giving such notice shall not affect the validity of any such setoff and application under this Section. The rights of each Lender and each Issuing Bank under this Section are in addition to other rights and remedies (including other rights of setoff) that such Lender or such Issuing Bank may have. Notwithstanding the foregoing, no amount set off from any Guarantor shall be applied to any Excluded Swap Obligation of such Guarantor.

SECTION 9.09 Governing Law; Jurisdiction; Consent to Service of Process.

(a) This Agreement shall be construed in accordance with and governed by the law of the State of New York; provided that, notwithstanding the foregoing, it is understood and agreed that (i) the interpretation of the definition of Company Material Adverse Effect (and whether or not a Company Material Adverse Effect has occurred), (ii) the determination of the accuracy of any Specified Representations pursuant to clause (a) thereof and whether as a result of any inaccuracy thereof Parent, Merger Sub or their respective Affiliates have the right (taking into account any applicable cure provisions) to terminate obligations of Parent or Merger Sub under the Merger Agreement or decline to consummate the Acquisition and (iii) the determination of whether the Acquisition has been consummated in accordance with the terms of the Merger Agreement, in each case shall be governed by, and construed in accordance with, the laws of the State of Delaware, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof.

(b) Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the Supreme Court of the State of New York sitting in New York County and of the United States District Court of the Southern District of New York sitting in New York County, and any appellate court from any thereof, in any action or proceeding arising out of or relating to any Loan Document, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State or, to the extent permitted by law, in such Federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in any Loan Document shall affect any right that the Administrative Agent or any Lender may otherwise have to bring any action or proceeding relating to any Loan Document against Holdings, the Borrower or their respective properties in the courts of any jurisdiction.

(c) Each of the parties hereto hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection that it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to any Loan Document in any court referred to in paragraph (b) of this Section. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) Each party to this Agreement irrevocably consents to service of process in the manner provided for notices in Section 9.01. Nothing in any Loan Document will affect the right of any party to this Agreement to serve process in any other manner permitted by law.

SECTION 9.10 WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO ANY LOAN DOCUMENT OR THE TRANSACTIONS CONTEMPLATED THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

SECTION 9.11 Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

SECTION 9.12 Confidentiality.

(a) Each of the Administrative Agent, the Issuing Banks and the Lenders agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its and its Affiliates' directors, officers, employees, trustees and agents, including accountants, legal counsel and other agents and advisors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential and any failure of such Persons to comply with this Section 9.12 shall constitute a breach of this Section 9.12 by the Administrative Agent, any Issuing Bank or the relevant Lender, as applicable), (b) (x) to the extent requested or required by any regulatory or administrative authority, required by applicable law or by any subpoena or similar legal process, based on the reasonable advice of such Person's legal counsel or (y) necessary in connection with the exercise of remedies; provided that, (i) in each case, unless specifically prohibited by applicable law or court order, each Lender and the Administrative Agent shall notify Holdings, prior to such disclosure, of any request by any governmental agency or representative thereof (other than any such request in connection with an examination of the financial condition of such Lender by such governmental agency or other routine examinations of such Lender by such governmental agency) for disclosure of any such non-public information prior to disclosure of such information and (ii) in the case of clause (y) only, each Lender and the Administrative Agent shall use reasonable best efforts to ensure that such Information is kept confidential in connection with the exercise of such remedies, and provided, further, that in no event shall any Lender or the Administrative Agent be obligated or required to return any materials furnished by Holdings, the Borrower or any of their Subsidiaries, (c) to any other party to this Agreement, (d) subject to an agreement containing confidentiality undertakings substantially similar to those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights or obligations under this Agreement or (ii) any actual or prospective counterparty (or its advisors) to any Swap Agreement relating to any Loan Party or their Subsidiaries and its obligations under the Loan Documents, (e) with the consent of Holdings, in the case of Information provided by Holdings, the Borrower or any other Subsidiary, (f) to the extent such Information (i) becomes publicly available other than as a result of a breach of this Section or (ii) becomes available to the Administrative Agent, any Issuing Bank or any Lender on a nonconfidential basis from a source other than Holdings or the Borrower or (g) to any ratings agency or the CUSIP Service Bureau on a confidential basis. In addition, the Agents and the Lenders may disclose the existence of this Agreement and publicly available information about this Agreement to market data collectors, similar service providers to the lending industry, and service providers to the Agents and the Lenders in connection with the administration and management of this Agreement, the other Loan Documents, the Commitments and the Borrowings hereunder. For the purposes of this Section, "Information" means all information received from Holdings or the Borrower relating to Holdings, the Borrower, any Subsidiary or their business, other than any such information that is available to the Administrative Agent or any Lender on a nonconfidential basis prior to disclosure by Holdings or the Borrower. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

(b) EACH LENDER ACKNOWLEDGES THAT INFORMATION AS DEFINED IN SECTION 9.12(a) FURNISHED TO IT PURSUANT TO THIS AGREEMENT MAY INCLUDE MATERIAL NON-PUBLIC INFORMATION CONCERNING HOLDINGS, THE BORROWER, THE LOAN PARTIES AND THEIR RELATED PARTIES OR THEIR RESPECTIVE SECURITIES AND CONFIRMS THAT IT HAS DEVELOPED COMPLIANCE PROCEDURES REGARDING THE USE OF MATERIAL NON-PUBLIC INFORMATION AND THAT IT WILL HANDLE SUCH MATERIAL NON-PUBLIC INFORMATION IN ACCORDANCE WITH THOSE PROCEDURES AND APPLICABLE LAW, INCLUDING FEDERAL AND STATE SECURITIES LAWS.

(c) ALL INFORMATION, INCLUDING REQUESTS FOR WAIVERS AND AMENDMENTS FURNISHED BY THE BORROWER OR THE ADMINISTRATIVE AGENT PURSUANT TO, OR IN THE COURSE OF ADMINISTERING, THIS AGREEMENT, WILL BE SYNDICATE-LEVEL INFORMATION, WHICH MAY CONTAIN MATERIAL NON-PUBLIC INFORMATION ABOUT HOLDINGS, THE BORROWER, THE OTHER LOAN PARTIES AND THEIR RELATED PARTIES OR THEIR RESPECTIVE SECURITIES. ACCORDINGLY, EACH LENDER REPRESENTS TO THE BORROWER AND THE ADMINISTRATIVE AGENT THAT IT HAS IDENTIFIED IN ITS ADMINISTRATIVE QUESTIONNAIRE A CREDIT CONTACT WHO MAY RECEIVE INFORMATION THAT MAY CONTAIN MATERIAL NON-PUBLIC INFORMATION IN ACCORDANCE WITH ITS COMPLIANCE PROCEDURES AND APPLICABLE LAW, INCLUDING FEDERAL AND STATE SECURITIES LAWS.

SECTION 9.13 USA Patriot Act. Each Lender that is subject to the USA Patriot Act and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies each Loan Party that pursuant to the requirements of Title III of the USA Patriot Act, it is required to obtain, verify and record information that identifies each Loan Party, which information includes the name and address of such Loan Party and other information that will allow such Lender or Administrative Agent, as applicable, to identify each Loan Party in accordance with the Title III of the USA Patriot Act.

SECTION 9.14 [Reserved].

SECTION 9.15 Release of Liens and Guarantees. A Loan Party shall automatically be released from its obligations under the Loan Documents, and all security interests created by the Security Documents in Collateral owned by such Subsidiary Loan Party shall be automatically released, (1) upon the consummation of any transaction permitted by this Agreement as a result of which such Subsidiary Loan Party ceases to be a Restricted Subsidiary (including pursuant to a merger with a Subsidiary that is not a Loan Party or a designation as an Unrestricted Subsidiary) or (2) upon the request of the Borrower, in connection with a transaction permitted under this Agreement, as a result of which such Subsidiary Loan Party ceases to be a wholly-owned Subsidiary. Upon (i) any sale or other transfer by any Loan Party (other than to Holdings, the Borrower or any other Subsidiary Loan Party) of any Collateral in a transaction permitted under this Agreement or (ii) the effectiveness of any written consent to the release of the Lien or security interest created under any Security Document in any Collateral or the release of any Loan Party from its Guarantee under the Guarantee Agreement pursuant to Section 9.02, the security interests in such Collateral created by the Security Documents or such guarantee shall be automatically released. Upon the occurrence of the Termination Date, all obligations under the Loan Documents and all security interests created by the Security Documents shall be automatically released. In connection with any termination or release pursuant to this Section, the Administrative Agent shall execute and deliver to any Loan Party, at such Loan Party's expense, all documents that such Loan Party shall reasonably request to evidence such termination or release. Any execution and delivery of documents pursuant to this Section shall be without recourse to or warranty by the Administrative Agent. The Lenders irrevocably authorize the Administrative Agent to release or subordinate any Lien on any property granted to or held by the Administrative Agent or the Collateral Agent under any Loan Document to the holder of any Lien on such property that is permitted by Section 6.02(iv) or Section 6.02(xxii) to the extent required by the terms of the obligations secured by such Liens pursuant to documents reasonably acceptable to the Administrative Agent).

SECTION 9.16 No Fiduciary Relationship. Each of Holdings and the Borrower, on behalf of itself and its Subsidiaries, agrees that in connection with all aspects of the transactions contemplated hereby and any communications in connection therewith, Holdings, the Borrower, the other Subsidiaries and their Affiliates, on the one hand, and the Administrative Agent, the Lenders and their Affiliates, on the other hand, will have a business relationship that does not create, by implication or otherwise, any fiduciary duty on the part of the Administrative Agent, the Lenders or their Affiliates, and no such duty will be deemed to have arisen in connection with any such transactions or communications.

SECTION 9.17 Effectiveness of the Merger. The Target shall have no rights or obligations hereunder until the consummation of the Acquisition and the merger with Merger Sub and any representations and warranties of the Target hereunder shall not become effective until such time. Upon consummation of the Acquisition, the Target shall succeed to all the rights and obligations of Merger Sub under this Agreement and the other Loan Documents to which they are a party and all representations and warranties of the Target shall become effective as of the date hereof, without any further action by any Person.

SECTION 9.18 Interest Rate Limitation. Notwithstanding anything to the contrary contained in any Loan Document, the interest paid or agreed to be paid under the Loan Documents shall not exceed the maximum rate of non-usurious interest permitted by applicable law (the “Maximum Rate”). If the Administrative Agent or any Lender shall receive interest in an amount that exceeds the Maximum Rate, the excess interest shall be applied to the principal of the Loans or, if it exceeds such unpaid principal, refunded to the Borrower. In determining whether the interest contracted for, charged or received by the Administrative Agent or a Lender exceeds the Maximum Rate, such Person may, to the extent permitted by applicable law, (a) characterize any payment that is not principal as an expense, fee or premium rather than interest, (b) exclude voluntary prepayments and the effects thereof and (c) amortize, prorate, allocate and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the obligations hereunder.

SECTION 9.19 Acknowledgement and Consent to Bail-In of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any EEA Resolution Authority

SECTION 9.20 Lender ERISA Representation.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, the Joint Lead Arrangers and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that at least one of the following is and will be true:

(i) such Lender is not using “plan assets” (within the meaning of 29 CFR § 2510.3-101, as modified by Section 3(42) of ERISA) of one or more Benefit Plans in connection with the Loans, the Letters of Credit or the Commitments,

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement,

(iii) (A) such Lender is an investment fund managed by a "Qualified Professional Asset Manager" (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Letters of Credit, the Commitments and this Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement satisfies the requirements of subsections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender's entrance into, participation in, administration of and performance of the Loans, the Letters of Credit, the Commitments and this Agreement, or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or such Lender has not provided another representation, warranty and covenant as provided in sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, the Joint Lead Arrangers and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Loan Party, that none of the Administrative Agent, the Joint Lead Arrangers or any of their respective Affiliates is a fiduciary with respect to the assets of such Lender (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related to hereto or thereto).

(c) The Administrative Agent, the Joint Lead Arrangers hereby informs the Lenders that each such Person is not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the transactions contemplated hereby, and that such Person has a financial interest in the transactions contemplated hereby in that such Person or an Affiliate thereof (i) may receive interest or other payments with respect to the Loans, the Letters of Credit, the Commitments and this Agreement, (ii) may recognize a gain if it extended the Loans, the Letters of Credit or the Commitments for an amount less than the amount being paid for an interest in the Loans, the Letters of Credit or the Commitments by such Lender or (iii) may receive fees or other payments in connection with the transactions contemplated hereby, the Loan Documents or otherwise, including structuring fees, commitment fees, arrangement fees, facility fees, upfront fees, underwriting fees, ticking fees, agency fees, administrative agent or collateral agent fees, utilization fees, minimum usage fees, letter of credit fees, fronting fees, deal-away or alternate transaction fees, amendment fees, processing fees, term out premiums, banker's acceptance fees, breakage or other early termination fees or fees similar to the foregoing.

NOW, THEREFORE, in consideration of the mutual agreements herein contained and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, and subject to the conditions set forth herein, the parties hereto hereby agree as follows:

SECTION 1. Defined Terms. Capitalized terms used herein (including the preamble and preliminary statements hereof) but not defined herein shall have the meanings assigned to such terms in the Amended Credit Agreement. In addition, as used in this Amendment, the following terms have the meanings specified:

**“Delayed Draw Incremental Term Loan Commitment”** shall mean, with respect to each Incremental Term Loan Lender, the commitment of such Delayed Draw Term Loan Lender to make Incremental Term Loans to the Borrower at any time during the Delayed Draw Availability Period. **“Initial Incremental Term Loan Commitment”** shall mean, with respect to each Incremental Term Lender, the commitment of such Incremental Term Lender to make Initial Incremental Term Loans to the Borrower on the Incremental Effective Date. The amount of each Lender’s Initial Incremental Term Loan Commitment as of the Incremental Effective Date is set forth on Schedule 1 hereto. The aggregate amount of the Initial Incremental Term Loan Commitments of all Incremental Term Lenders as of the Incremental Effective Date is \$20,000,000.

**“Incremental Term Loan Commitment”** shall mean any Initial Incremental Term Loan Commitment or Delayed Draw Incremental Term Loan Commitment.

SECTION 2. Incremental Term Loan Commitments, Incremental Term Loans; Delayed Draw Incremental Term Loan Commitments, Delayed Draw Incremental Term Loans.

(a) Subject to the terms and conditions set forth herein, each of the Incremental Term Lenders agrees to make Initial Incremental Term Loans to the Borrower on the Incremental Effective Date in a principal amount not to exceed its Initial Incremental Term Loan Commitment. (b) Subject to the terms and conditions set forth herein, the Delayed Draw Term Loan Lenders agrees to make Delayed Draw Incremental Term Loans to the Borrower at any time during the 2019 Delayed Draw Availability Period (as defined in Annex A) in a principal amount not to exceed its Delayed Draw Incremental Term Loan Commitment.

(c) The Lenders signatory hereto agree that the Initial Incremental Term Loans and the Delayed Draw Incremental Term Loans are permitted without use of clause (a) of the definition of Incremental Cap in the Amended Credit Agreement, and the full amount of the Incremental Cap under clause (a) of the definition thereof remains available as of the Incremental Effective Date, subject to the terms and conditions of the Amended Credit Agreement.

(d) Except as set forth in this Amendment and in the Amended Credit Agreement, the Initial Incremental Term Loans and the Delayed Draw Term Loans (other than with respect to those terms that relate to the delayed draw nature of the Delayed Draw Term Loans) shall have identical terms as the existing Initial Term Loans (as defined in the Amended Credit Agreement) prior to the effectiveness of this Amendment, and shall otherwise be subject to the provisions, including any provisions restricting the rights, or regarding the obligations, of the Loan Parties or any provisions regarding the rights or obligations of the Lenders, of the Credit Agreement and the other Loan Documents.

SECTION 3. Representations of the Loan Parties. Each Loan Party hereby represents and warrants to the other parties hereto as of the Incremental Effective Date that:

(a) this Amendment has been duly authorized, executed and delivered by each Loan Party and constitutes when executed and delivered by such Loan Party a legal, valid and binding obligation of such Loan Party enforceable against each such Loan Party in accordance with its terms, subject to (i) the effects of applicable bankruptcy, insolvency, moratorium, reorganization, fraudulent conveyance or other similar laws affecting creditors' rights generally, and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law);

(b) the representations and warranties of the Borrower and each other Loan Party contained in the Loan Documents shall be true and correct in all material respects (or, if qualified by materiality or material adverse effect, in all respects) on and as of the Incremental Effective Date (both before and after giving effect to all borrowings on the Incremental Effective Date) with the same effect as though made on and as of the date hereof, except to the extent such representations and warranties expressly relate to an earlier date (in which case such representations and warranties shall be true and correct in all material respects (or, if qualified by materiality or material adverse effect, in all respects) as of such earlier date);

(c) after giving effect to this Amendment, the execution, delivery and performance by each Loan Party of this Amendment (i) have been duly authorized by all corporate, stockholder, partnership or limited liability company action required to be obtained by such Loan Party and (ii) will not (x) violate (A) any Requirement of Law applicable to such Loan Party or its property, (B) the Organizational Documents of such Loan Party or (C) any provision of any indenture, agreement or other instrument binding upon such Loan Party or any of their property, (y) result in a breach of or constitute (alone or with due notice or lapse of time or both) a default under, or give rise to a right of or result in any termination, cancellation or acceleration of any right or obligation (including any payment) under any such indenture, agreement or other instrument, where any such conflict, violation, breach or default referred to in clause (x)(A), (x)(C) or (y) of this clause (c), would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, or (z) result in the creation or imposition of any Lien upon or with respect to (1) any property or assets now owned or hereafter acquired by such Loan Party, other than the Liens created or permitted by the Loan Documents; and

(d) at the time of and immediately after giving effect to this Amendment, no Default or Event of Default has occurred or is continuing or shall result from this Amendment including in respect of the Initial Incremental Term Loans and Delayed Draw Incremental Term Loan Commitment or from the application of the proceeds therefrom.

(e) the First Lien Net Leverage Ratio as of the twelve months ended February 23, 2019, after giving pro forma effect to the incurrence of the Initial Incremental Term Loans and the incurrence of the full amount of the Delayed Draw Incremental Term Loans does not exceed 5.25:1.00 (for the avoidance of doubt, calculated with respect to EWC Ventures, LLC, the Borrower and its Restricted Subsidiaries). For the avoidance of doubt, the representation in this Section 3(e) and the certification relating hereto as required by Section 4(i) shall be deemed to be not curable.

SECTION 4. Conditions of Lending. SECTION 5. Consent and Affirmation of Loan Parties. Each of the Loan Parties, in its capacity as a guarantor under the Guarantee Agreement to which it is a party and a pledgor under the Collateral Agreement and other Security Documents to which it is a party, hereby (i) consents to the execution, delivery and performance of this Amendment and agrees that each of the Guarantee Agreement and the Collateral Agreement and the other Loan Documents to which it is a party is, and shall continue to be, in full force and effect and is hereby in all respects ratified, reaffirmed and confirmed on the Incremental Effective Date and shall not be impaired or limited by the execution or effectiveness of this Amendment, except that, on and after the Incremental Effective Date, each reference to “Credit Agreement,” “thereunder,” “thereof” or words of like import shall, unless the context otherwise requires, mean and be a reference to the Amended Credit Agreement and (ii) confirms that the Collateral Agreement to which each of the Loan Parties is a party and all of the Collateral described therein do, and shall continue to, secure the payment and the performance of all of the Secured Obligations now or hereafter existing pursuant to valid and continuing Liens. Although each Loan Party has been informed of the matters set forth herein and has acknowledged and agreed to same, each Loan Party understands that the Administrative Agent and Lenders have no obligation to inform such Loan Party of such matters in the future or to seek such Loan Party’s acknowledgment or agreement to future amendments, waivers or consents except as set forth in the Amended Credit Agreement, and nothing herein creates such a duty.

SECTION 6. Amendment of the Existing Credit Agreement. Effective on and as of the Incremental Effective Date, the Existing Credit Agreement shall be amended to delete the stricken text (indicated textually in the same manner as the following example: ~~stricken text~~) and to add the underlined text (indicated textually in the same manner as the following example: underlined text) as set forth on Annex A hereto (the Existing Credit Agreement, as so amended, the “**Amended Credit Agreement**”).

SECTION 7. Reference to and Effect on the Loan Documents. (a) On and after the Incremental Effective Date, each reference in the Amended Credit Agreement to “hereunder,” “hereof,” “this Amendment” or words of like import and each reference in the other Loan Documents to “Credit Agreement,” “thereunder,” “thereof” or words of like import shall, unless the context otherwise requires, mean and be a reference to the Amended Credit Agreement. From and after the Incremental Effective Date, this Amendment shall be a Loan Document under the Existing Credit Agreement and the Amended Credit Agreement.

(b) The Security Documents and each other Loan Document, as specifically amended by this Amendment, are and shall continue to be in full force and effect and are hereby in all respects ratified and confirmed, and the respective guarantees, pledges, grants of security interests and other agreements, as applicable, under each of the Security Documents, notwithstanding the consummation of the transactions contemplated hereby, shall continue to be in full force and effect and shall accrue to the benefit of the Secured Parties under the Existing Credit Agreement and the Amended Credit Agreement. Without limiting the generality of the foregoing, the Security Documents and all of the Collateral described therein do and shall continue to secure the payment of all Secured Obligations of the Loan Parties, in each case, as amended by this Amendment.

(c) The execution, delivery and effectiveness of this Amendment shall not, except as expressly provided herein, operate as a waiver of any right, power or remedy of any Lender or the Administrative Agent under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents.

(d) (i) This Amendment shall constitute an "Incremental Assumption Agreement", (ii) each of the Incremental Term Loan Lenders and Delayed Draw Term Loan Lenders shall constitute "Lenders," (iii) the Incremental Term Loans shall constitute "Term Loans" and "Loans," and (iv) the Incremental Term Loan Commitments shall constitute "Commitments," in each case, for all purposes of the Amended Credit Agreement and the other Loan Documents.

(e) This Amendment shall constitute notice to the Administrative Agent required under Section 2.20(a) of the Existing Credit Agreement and each Lender party hereto hereby waives any prior notice requirement under the Existing Credit Agreement (and such shorter period(s) are agreed to by the Administrative Agent).

SECTION 8. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement. Delivery of an executed counterpart of a signature page to this Amendment by .pdf or other electronic form shall be effective as delivery of a manually executed original counterpart of this Amendment.

SECTION 9. Amendments; Headings; Severability. This Amendment may not be amended nor may any provision hereof be waived except pursuant to a writing signed by Holdings, the Borrower, the Administrative Agent and the Lenders party hereto. The Section headings used herein are for convenience of reference only, are not part of this Amendment and are not to affect the construction of, or to be taken into consideration in interpreting this Amendment. Any provision of this Amendment held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof, and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction. The parties shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions, the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 10. Governing Law; Etc.

(a) THIS AMENDMENT AND ANY CLAIMS, CONTROVERSY, DISPUTE OR CAUSES OF ACTION (WHETHER IN CONTRACT OR TORT OR OTHERWISE) BASED UPON, ARISING OUT OF OR RELATING TO THIS AMENDMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO ANY PRINCIPLE OF CONFLICTS OF LAW THAT COULD REQUIRE THE APPLICATION OF ANY OTHER LAW.

(b) EACH PARTY HERETO HEREBY AGREES AS SET FORTH IN SECTIONS 9.09 AND 9.10 OF THE EXISTING CREDIT AGREEMENT AS IF SUCH SECTIONS WERE SET FORTH IN FULL HEREIN.

SECTION 11. No Novation. This Amendment shall not extinguish the obligations for the payment of money outstanding under the Existing Credit Agreement or discharge or release the Lien or priority of any Security Document or any other security therefor. Nothing herein contained shall be construed as a substitution or novation of the obligations outstanding under the Existing Credit Agreement or instruments securing the same, which shall remain in full force and effect, except to any extent expressly modified hereby or by instruments executed concurrently herewith and except to the extent repaid as provided herein. Nothing implied in this Amendment or in any other document contemplated hereby shall be construed as a release or other discharge of any of the Loan Parties under any Loan Document from any of its obligations and liabilities as a borrower, guarantor or pledgor under any of the Loan Documents.

SECTION 12. Notices. All notices hereunder shall be given in accordance with the provisions of Section 9.01 of the Amended Credit Agreement.
